HOA BOARD MEETING MARCH 7, 2017

Ed O'Neal resigned his position as Secretary and Randi Sanford was elected to fulfill his term.

Wayne Davis said there is still a need for an FMO resident. Liz Johnson is still looking for help for the resident dinner.

Trash pickup times cannot be changed they provide our service in the most effective way available.

The defibrillator issue is being thoroughly investigated so all issues are addressed.

The next HOA Board Meeting will be held Tuesday, April 4, 2017.....7pm

All residents are invited to attend the HOA meetings. There is a question and answer session after the regular meeting of the board. The meeting is held in the Clubhouse Library.

SOCIAL COMMITTEE MEETING MARCH 8, 2017

Chairperson, Liz Johnson, called the meeting to order. Three Committee Chairs issued reports. The safety committee advised that there has been a real uptick in parking tickets. All residents should inform their visitors of our parking regulations because tickets are issued to the owners, not the visitors.

The Sunshine Chair, Millie Ricci has sent out several cards and Liz asked all of us to keep our dear Millie in our prayers as she is going to have heart surgery.

Sue Ann Suderman reported that there were 4 new residents and one turned over to the park.

Sharon Reed, the new Social Committee Chair, introduced her new Committee Chairs, Barb King, Vice Chair and Entertainment, Secretary and Newsletter, Ann Ohr, Treasurer, Patty Peterman.

Share the wealth drawing (5) \$10 draws. Coach 292 was not present for the draw so prize monies will be rolled over to the next month.

The next Social Committee Meeting will be held Wednesday April 5, 2017.....7pm

This meeting is open to all residents and it goes over the activities that are coming up and include a raffle and Coach Drawing (you must be a member of Amber Glades HOA and be present to win). Held in the Clubhouse.

CHARITY DINNER

We want to thank everyone who helped in making the Charity Dinner such a great success. It takes a lot of people to do this.
Thanks to your generosity we were able to hand over check for \$826.00 to the Safety Harbor Food Bank. This money will be greatly appreciated by many people in our area.

MARDI GRAS PARTY

On Saturday, March 4th we held the Mardi Gras party day. We started out with a parade through the park throwing beads to everyone along the way. Then at 5:00 we gathered for a pot luck supper and at 6:00 the music started for our dance. "Big Daddy" DJ furnished the music.

Thanks to all of you for supporting the different activities of the day. It was great to see the old friends come to join the fun. Thanks everyone, Don and Faye Rahrig, Chairmen

Social Chair

As I close out my year as Social Chair, I would like to recognize the people who chaired all of the events that took place this past year. Millie Ricci, Don Horrigan, Rose Hendershot, Janet and Paul Fether, Hazel & Richard Holliday, Irene Pehl, Gail Downer, Pam Routzon, Linda Fletcher, Brenda Drier, M.L. Faoli, Faye and Don Rahrig, Georgia Chesney, and Randi Sandford.

All of these people have chaired one or more events during my year as Social Chair. They and their committees are the ones we have to thank for all of the dances, dinners, lunches, carport sale and other activities. Thank you all for stepping up and volunteering your time and talents toward making the past year a fun and active one.

I would also like to thank Vice Chair Pam Routzon, Treasurer Patty Peterman, Secretary Arline Horslin, Entertainment Chair Hazel Holliday and Kitchen Manager, Rose Hendershot for helping to plan all of the past years events and most of all for serving as my Social Committee.

Thank you Herb Hendersot for setting up for the Social meetings and taking care of the ticket sales and drawings, and Lucien Rouleau for making sure we have coffee and cookies at the meetings, David Suderman for leading us in prayer before most of our events and Lauri LeGault and Janet Fether for their awesome decorating.

There are several people who have been volunteering for several years and have agreed to continue doing so, such as Diane Nance in the library, Millie Ricci doing memorials and sunshine duties, Sue Ann Suderman welcoming all of our new residents and ML Faiola for chairing the Block Captains. We appreciate you and all our volunteers for being so generous with your time.

A very special thank you to my husband, Greg. Besides helping at the meetings, taking care of the message board at the front entrance and doing odds and ends for me, he has always been there for me offering morale support.

I had a fun time this past year and it's due to all of the above people and many of you for doing what you all do best (just being the nice, caring people you are).

I look forward to seeing what our new Social Chair, Sharon Reed, and her committee have in store for us. My hope is that all of you will continue to help with and participate in whatever events they offer us in the upcoming year.

Liz Johnson
Social Chair 2016-2017

Did you know that April is also...

ASPCA Month. The American Society for the Prevention of Cruelty to Animals was the first humane society established in North America, and today it's one of the largest in the world. The ASPCA's mission, as stated by founder Henry Bergh in 1866, is "to provide effective means for the prevention of cruelty to animals throughout the United States."

Global Child Nutrition Month. Sponsored by the Global Child Nutrition Foundation, whose mission is to expand opportunities for the world's children to receive adequate nutrition for learning and help them achieve their potential. "We envision a future where school meals sustainably nourish all children and help them, their families, communities, and nations to thrive," reads its vision statement.

National Autism Awareness Month. Launched by the Autism Society nearly a quarter-century ago, this event is a nationwide effort to promote autism awareness, inclusion and self-determination for all, and assure that each person with autism spectrum disorder is provided the opportunity to achieve the highest possible quality of life.

National Kite Month. Every year in April, kite enthusiasts across North America celebrate the history and the future of the world's favorite pastime by letting their kites fly. April was chosen as National Kite Month because as the first month in spring, it's when most kite fliers are starting to bring their kites out of the closet and prepare for warm weather and summer fun.

National Youth Violence Prevention Week, April 3-7. A campaign to raise awareness and educate students, teachers, school administrators, counselors, school resource officers, school staff, parents, and the public on effective ways to prevent or reduce youth violence.

National Robotics Week, April 8-16. The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology affects society, advocate for increased funding for robotics technology research and development, and inspire students of all ages to pursue careers in robotics and other science, technology, engineering, and math-related fields.

Animal Care and Control Appreciation Week, April 9-15. A week of appreciation and recognition for the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public as well as animals in need.

Money Smart Week, April 22-29. Money Smart Week began as a coordinated effort of the Money Smart Advisory Council, a diverse group of more than 40 Chicago-area organizations working together to promote personal financial literacy.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

How doctors stay healthy

Doctors are exposed to germs and diseases every day, so how do they avoid getting sick themselves? Follow their rules for staying healthy when surrounded by illness:

- **Wash your hands often.** Use soap and water, and take your time. Try singing “Happy Birthday to You” twice in your head as you wash. Wash your hands before eating, after using the bathroom, and before touching your face and mouth. If washing is inconvenient, use a hand sanitizer.
- **Eat a healthy diet.** A good mix of fruits and vegetables will provide the vitamins your immune system needs to fight off infections early—before they balloon into major health issues.
- **Get sufficient sleep.** Lost sleep can damage your ability to fight off disease. Get seven to nine hours a night to stay healthy and alert.
- **Clean off surfaces.** Wipe down your phone and keyboard often to get rid of germs and bacteria. Wash or sanitize your hands after touching doorknobs or shaking hands. Remember that some viruses and bacteria can live for days on surfaces that haven’t been cleaned.

Be on the lookout for ‘sick building syndrome’

Is your home or workplace making you sick? “Sick building syndrome,” also known as “multiple chemical sensitivity,” is a condition in which people become ill due to prolonged exposure to mold, formaldehyde, or other dangerous substances that can spread through a building’s ventilation system virtually undetected. Everyone should watch for signs that their environment may be hazardous to his or her health. Here are some symptoms:

- Frequent headaches
- Persistent fatigue
- Dizziness and nausea
- Difficulty with concentration
- Problems with memory
- Frequent muscle pain, stiffness, or cramps
- Dry skin or itchiness
- Chest pain or heart palpitations
- Persistent sore throat and/or coughing

Watch for these heart attack symptoms

Hear disease is the leading cause of death for both men and women in the United States. Stay on the lookout for these basic signs of a heart attack:

- Chest pain. The classic signal of a heart attack is an uncomfortable feeling of pressure or squeezing in the chest.
- Jaw or arm pain. This tends to be more common in women, but don't ignore it.
- Heartburn/upset stomach. Don't write off stomach problems as just a minor ailment. Nausea and vomiting can occur during a heart attack.
- Shortness of breath. Again, more common among women, but seek assistance if you're having trouble breathing.
- Dizziness. You may feel lightheaded or on the verge of passing out.
- Sweating. Breaking out in a cold sweat is an additional symptom of a heart attack.

Choosing a doctor? Consider this study

Choosing a doctor is an important decision. Here's one factor to keep in mind: A study by the Harvard School of Public Health has found that patients who are treated by female doctors are less likely to die of the illness they're being treated for, and they're less likely to return to the hospital after discharge.

The study examined records of more than 1.5 million elderly Medicare patients admitted to hospitals for reasons other than surgery from 2011 to 2015. Patients treated by female physicians had a lower 30-day mortality rate than those treated by men, and over the course of four years, approximately 11 percent of patients treated by women died within one month of being hospitalized, compared with slightly more—11.5 percent—of patients treated by men.

Healthy citizens are the greatest asset any country can have.

—Winston S. Churchill

Not Stupid

A boy named Johnny hung out at the local grocery store. The manager noticed that the other boys who hung out in front of the store always teased him, calling him stupid and playing tricks on him.

One of their tricks was to offer Johnny his choice between a shiny nickel and a dusty old dime. Johnny always took the nickel because it was bigger and shinier.

One day the store manager took Johnny off to one side. “Look, son, those boys are making fun of you. They think you don’t know the dime is worth more than the nickel. Don’t you know that?”

“Yeah,” Johnny said, “but if I took the dime, they’d quit doing it!”

Beating the competition

A barber was confident in the knowledge that his was the only barber shop in his small town. One day, though, a new barber shop opened right across the street. A sign out front proclaimed, “EVERYTHING FOR \$10! \$10 haircuts, \$10 perms, everything for \$10.”

Soon all his customers began patronizing the cut-rate shop across the street, and the man’s once profitable business took a nosedive. In desperation, he hired a big-city business consultant, saying to him, “I’m finished. How in the world am I going to compete with that big outfit with all that advertising and with those kind of prices?”

The consultant stood looking at the shop across the street for several minutes. Then he picked up the phone and dialed the town’s only billboard company.

“Yes,” he said, “right on top of our building. In the biggest letters you can find, and do it right away. And make the message read: WE FIX \$10 HAIRCUTS.”

The person who can bring the spirit of laughter into a room is indeed blessed.

—Bennett Cerf

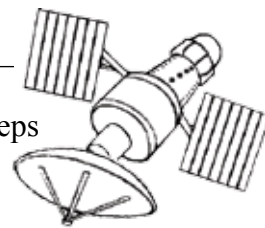

Take these steps to innovation

Innovation is a journey that depends on continuous improvement. Expert James O’Loghlin suggests following these steps to get started:

- Focus on value. Look for inefficiencies in whatever kind of work you do. Challenge assumptions about processes, products, services, and customers. Search for ways to save time or money and increase the value of what your organization does.
- Gather ideas. Brainstorm some possible solutions, and share them with your colleagues. Ask for feedback. Be prepared for criticism, and stay ready to adapt your ideas as necessary, but don’t give in too quickly. Be persistent.
- Present your ideas. Learn how to pitch your innovative ideas without jargon or needless detail. Focus on the story you want to tell—how your idea will help the organization. Anticipate likely questions and objections to show you’ve thought everything through.
- Implement your solution. Be prepared to get to work. Don’t try to do everything yourself; assemble a team to help you with test projects and full implementation.
- Repeat. Follow the same steps for your next project. Once people see your commitment to innovation, they’ll be eager to join in.

Lost in space

Scammers are some of the most creative people around. Finding new and innovative ways of separating fools and their money is what keeps them in business. The famous “Nigerian scam letter” sent by email or fax is perhaps the best known: The sender claims to be a deposed president or king in need of assistance to liberate several million dollars from a foreign bank account. All the recipient has to do is forward some money, and possibly give the sender access to a bank account. The target eventually realizes he or she’s been had, but usually not after losing lots of money.

A new twist on the con game, as reported on the Mother Nature Network website, takes the target into outer space: Victims receive an email from a scientist who claims that in 1989, a Nigerian astronaut went on a mission to a secret Russian space station—and was stranded there when the Soviet Union collapsed. The poor space traveler is still up there, more than 25 years later. He’s been resupplied from the ground all this time, and he’s in good health, but he’d really like to come home. Fortunately, he has back pay coming to him in the amount of about \$15 million dollars. All the target has to do is . . . well, you can probably guess.

No one seems to know if anyone has fallen for this variation of the scam, but it’s certainly a testament to the crooks’ ingenuity—and possibly faith in the gullibility of their victims.
