From the Board of Directors

Penny Gilray President

President's Message

There will be 3 openings for Board of Director positions coming up in February. Please consider running. It is imperative that we have a full Board to conduct the business of the Association. We need more full time residents to share the load. Nomination information will be sent to each homeowner in December at the address currently on file with the Association.

A reminder - if you are returning from up north for the season, please ensure you have put a change of address in the box at the clubhouse.

This is the time of year when we have the most visitors. Our by-laws are very specific about how long a visitor can stay – no more than 30 days in a calendar year. If you are planning to lease out your unit, it must be for at least 3 months and a lease application is required to be submitted to the Association for approval at least 10 business days in advance of the start date. Background checks are required before a lease is approved. As well, it is the homeowner's responsibility to make sure visitors or renters are aware of and follow the rules and regulations of the Association. Your cooperation is appreciated.

The clubhouse can be booked for private use. There are request forms in the slot above the box in the clubhouse. Requests should be put in the box to be reviewed and approved by the Board.

After consultation with Pinellas County the Board will not be making an application to have the easement land along CR90 ceded to the Association. Therefore, it will remain county land. The Association will continue to maintain the area. We ask homeowners who live along Mountain Laurel Drive to NOT plant any trees in the easement area. The Association will be repairing the fence line this month and will trim existing trees as necessary. If there is a problem in that area, please talk to the Board and allow us to contact the County, if necessary..

It has been a busy couple of months for projects – the sidewalk repair/replacement wrapped up mid November; our entrance signs are being repainted along with a new community directory; 2 catch basins have been repaired on Tanglewood; fence repair on the easement is underway; replanting and lighting is underway at the entrance and the stop signs are being repainted. Whew!!

We are lucky to have wonderful volunteers in our community. Thank you all for doing your part to keep our costs down and our park looking great!!!

Hard to believe we are wrapping up on another year. On behalf of the Board of Directors and myself, I would like to wish you all a very Merry Christmas and best wishes for peace, health and happiness in the coming year.

On being a board member –

Have you ever considered becoming a member of the Board of Directors?? There are 5 positions that are elected in two year terms. One year there are 2 openings and the next, there are 3 openings. This is to ensure continuity and that the board is not fully brand new in a given year.

The positions are interesting and challenging and allow volunteers to use their skills for the good of the community. It is said that once you serve on the board, “there will be a special place in heaven for you” – but it is entirely voluntary, no salary.

The job is not without challenges, you need to be able to work as a team, deal with contractors, respect and advocate for residents and make decisions for the good of the Association not your personal viewpoint. Bottom line, you would be part of the team running the business of Blue Jay with a budget of about \$500,000 annually.

Nominations are requested in December and elections are held at the annual meeting in February. Once elected, the Directors choose the President and Vice President. Treasurer and Secretary are appointed positions and those members do not have to be on the board to serve.

So, just what does a board member do???

There are 5 scheduled board meetings in the year and the annual meeting. However lots of work goes on outside of those meetings – with the help of the Management Company, there is an operations meeting every Monday morning with as many directors as are available and any resident that wants to attend. Projects are reviewed and status is given along with handling complaints from homeowners. The Board is responsible to get and review quotes, select contractors and execute the projects in the budget, and supervising the contractors that are hired. The Board relies on volunteers to help with various projects and activities that need to be done to keep the community in good repair.

Board members are governed by the by-laws of the Association and the Florida Statutes. Each Board Member must complete a Board Training session and be certified.

So, are you interested?? Do you need something to keep you busy and stimulate your mind?? Here is an opportunity to get involved with your community. If you want more information before submitting your nomination, you can give me a call – 727-786-2921 or see one of the other Board members.

From the Social Club

Bud Fox, Chairperson

GO CUBS GO!! My bucket list has one fewer items on it. I hope I don't have to wait another 108 years for the next Championship.

December is upon us and of course so is the Christmas season. One Christmas tradition that started from Norse mythology is kissing under the mistletoe. The English serving class perpetuated the tradition. Mistletoe is a plant that attaches to and actually connects to a tree. It receives its water and nutrients from the host tree. I can't find the source of the tradition but it holds that anyone refusing a "mistletoe" kiss will have bad luck. Also, the early tradition held that with each kiss, one of the mistletoe berries had to be removed and once all the berries were gone the power of the plant to generate bad luck was gone.

Another, but less known Christmas tradition are Dutch letters. They are actually a pastry filled with an Almond flavor paste. The tradition comes from the Netherlands, where the dough was originally shaped into the first letter of someone's Surname and given to them as a treat at Christmastime. A bakery in Pella, Iowa continues the tradition here in the U.S.A. They actually ship orders all over the country, although they now only make the letter "S" which they say is for Santa Claus.

Finally, the "Christmas" tree was introduced to the U.S.A. by German immigrants. The earliest traces of bringing a tree into the home goes back to primitive times when the green tree in midwinter was thought to be a good omen. Martin Luther is credited for having put lights on the trees. He reportedly noticed the stars twinkling through the evergreen trees while walking home one night and decided to simulate it with candles on the tree.

Arne and Fran are doing the cooking for the Thanksgiving dinner. Trim a Tree festivities will be the Saturday after Thanksgiving which is also the day when the park will be decorated.

Toys for tots dance will follow on Saturday Dec. 10. Joe Montione is in charge of the Luminaria project again. If you have **clean** empty one gallon water jugs, bring them to his house at 156. For new comers, we put out 3 jugs at each house (7 on corner lots) on Christmas Eve. with a lit candle through out the whole park. The jugs are saved at each house year to year but replacements are always needed. Christmas Eve we will have a pot luck dinner in the club house.

Red Hat Mamas

Paulette Derr, Queen Mother

Twenty Two Red Hat Ladies went to the Olive Garden for the monthly luncheon on Thursday, October 20, 2016. Ronnie Beetle and Carol Violette were the hosts for this occasion. We all enjoyed an Italian lunch and their salad and bread sticks are sooooo good!!!

We held our usual 50/50 and decided to have two winners instead of one. The “winnings” were shared by Lois Morgan and Elaine Fox.

We were all either too full or too tired because I don’t know that anyone went out shopping or made any other stops on the way home.

I must say I am very happy to have so many of you step up and volunteer to be hosts for the luncheons. Thank you all very much!

Don’t forget, gals, the Christmas luncheon is December 8, one week earlier because some of you will be leaving to go north for the holidays. It is going to be at Daddy’s Grill again and then we’ll come back to the clubhouse for our exchange of the \$10.00 gifts and a little “treat”.

AND, don’t forget, the \$3.00 membership fee is due for the new year. You can pay it any time, but please put your \$3.00 in an envelope with your name on it and give it to me or Pat Serletic. It is very hard to remember who hands you \$3.00 when you’re in the middle of something else. Thank you!

Toys for Tots

Duane & Mavis Buckholz

December is the time to get serious about your contribution to Toys for Tots. On Saturday, December 10, 2016, the presentation of toys to the Marine Corp Reserve and the dance will be held at the clubhouse. The Marine representatives will be here to receive the gifts provided.

All un-wrapped new toys will be accepted at the clubhouse or at Unit #111 by noon December 10, 2016. Checks or cash will be received as well. Checks should be made out to Toys for Tots. Please be as generous with your gifts as you have been in the past.

Get in the holiday spirit, come enjoy a great evening at the clubhouse on December 10th.

Halloween Dance

When you get your Monthly Media this dance will have long been over. But I wanted to let everyone know (per chance you were not able to attend) what great fun it was! The costumes were great again. Prizes were awarded to -1st place - May Lee Connolly; second - Isabelle Lane; and 3rd,- Michelle Mysak. Beverly Myles' two daughters and the band served as judges. Most everyone said the band was good for dancing or even just listening.

I need to thank the "committee" for decorating and the grunt job of moving tables. We tried something a little different this time, I asked everyone to bring their own snacks. I hope that worked out well for you, because it helped lower the price of a seat and eliminated issuing tickets. An added thank you to Linda Dingman for bringing a birthday cake to surprise her husband Doug, as it was his birthday, and helping with the "half-time" snack.

Although I haven't named names, you all know who helped and I truly thank you all. And more thanks go to the residents and friends who made the night a success.

Jackie and Committee

Treasures & More

Well, we survived another sale! We had so many beautiful items donated by our generous Blue Jay family that our tables were groaning. Bo Perry and Pat Serletic were our announcers of the special raffles and sales. They encouraged our customers to stay and buy more. Our volunteers worked so hard it was as if they were being paid overtime. By Sunday I'm sure we all suffered sore feet and aching backs.

Our efforts were not in vain! After expenses (ads; tape, etc.) we cleared approximately \$4,000.00 (in round figures), which is about the same as last year. The four \$50.00 each winners of residents only, park raffle in conjunction with our annual Treasures and More bazaar and rummage sale were: Cindy Williams; Kathleen Hurley; Linda Dingman; and Beverly Myles..

If it wasn't for the donations, the people who help throughout the year; all the volunteers who set-up and man the tables; the bakers, and the cooks and servers in the kitchen, this would not have been such a success. We would be lost without you. I can't say thank you enough to all the workers.

Thank you again for all your support.

Sincerely, Joan Addington

Condolences

Helene (Honey) Tomasette (#185) passed away November 2, 2016 . Our sympathies and prayers go out to her family and friends.

Founded in 1916.

Caring Ever Since.

From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2017. Another example of how the community gave back.

You can't miss these December holidays

The celebrations and holidays of December come from many different countries and cultures. Here's a guide to what your friends and neighbors are up to this month:

- Hanukkah, Dec. 24-Jan.1. Hanukkah marks the rededication of the Temple of Jerusalem following the Jews' victory in the Maccabean Revolt in 165 B.C. According to the Talmud, the Jews had only enough olive oil to keep the eternal flame in the Temple burning for a single day—but miraculously, the oil continued to burn for eight days, during which time the Jews were able to produce and consecrate fresh oil for the flame. The eight-day Jewish holiday begins at sundown. Hanukkah is observed by the lighting of a nine-branched candelabrum, called a menorah. One candle is lit each of the eight nights, with a central candle lit each night to light the others.

- Christmas, Dec. 25. This Christian holiday celebrates the birth of Jesus, sometime between the years 7 and 2 B.C. The word “Christmas” comes from “Christ’s Mass,” a phrase first recorded in old English in 1038. Christmas began to be observed with feasts and celebrations in the Middle Ages—the online encyclopedia Wikipedia notes that King Richard II of England hosted a Christmas feast in 1377, with 28 oxen and 300 sheep eaten. The colonial Puritans of New England disapproved of Christmas celebrations, banning them during the 17th century. But other colonists observed the day with Christmas trees and nativity scenes. President Ulysses S. Grant signed the law making Christmas a federal holiday in 1870.

- Kwanzaa, Dec. 26 to Jan. 1. A seven-day celebration of African heritage and culture, Kwanzaa was created in 1966 by activist Maulana Karenga to provide African-Americans with a holiday that emphasized their shared history and experience. The name Kwanzaa derives from “matunda yakwanza,” a Swahili phrase meaning “first fruits.” Houses are decorated with African art and colorful cloth, and seven candles are placed in the kinara, a candleholder. The central candle in the kinara is black, with three red candles on the left and four green candles on the right. The candles represent the Seven Principles of Kwanzaa, which are contemplated each day as one is lit: unity, self-determination, collective work and responsibility, cooperative economics, purpose, creativity, and faith.

Did you know that December is also...

Buckwheat Month. Designated the “December Grain of the Month” by the Whole Grains Council, buckwheat contains higher levels of zinc, copper, and manganese than other cereal grains, along with a very high level of protein. It’s used in soba noodles, crepes, blintzes, pancakes, and other delicious foods.

National Impaired Driving Prevention Month. This holiday season, make sure to plan for a safe way home, especially if your plans involve alcohol. If someone you know is drinking, don’t let that person get behind the wheel. Remember, too, that just because you’re driving sober, others on the road may not be. Always buckle up, drive with caution, and call 911 to report a suspected drunken driver.

Safe Toys and Gifts Month. Prevent Blindness America has declared December Safe Toys and Gifts Awareness Month, encouraging gift-givers to consider whether the toys they plan on giving suit the age and individual skills and abilities of the child who will receive them—especially for children under age 3.

Universal Human Rights Month. This month commemorates the Universal Declaration of Human Rights, adopted by the General Assembly of the United Nations on Dec. 10, 1948. Driven by the human tragedy of World War II, this document represents the first global expression of human rights.

National Handwashing Awareness Week, Dec. 4-10. Remember these four principles of hand awareness to stay healthy: Wash your hands when they’re dirty and before eating; don’t cough into your hands; don’t sneeze into your hands; and avoid putting your fingers into your eyes, nose, or mouth.

Older Driver Safety Awareness Week, Dec. 5-9. Promoting greater understanding of the importance of mobility and transportation so older adults can remain active in the community by shopping, working, or volunteering—with the confidence that lack of transportation options will not strand them at home.

Computer Science Education Week, Dec. 5-11. Computer Science Education Week (CSEdWeek) is an annual program dedicated to inspiring K-12 students to take an interest in computer science. CSEdWeek is held in recognition of the birthday of computing pioneer Adm. Grace Murray Hopper (December 9, 1906).

Kwanzaa, Dec. 26-Jan. 1. A weeklong celebration held in the United States and in other nations honoring African heritage in African-American culture, culminating in feasts and gift giving. Kwanzaa was created by Maulana Karenga and was first celebrated in 1966–67.

Happy Holidays!

The smell of hate

A teacher decided to play a game with her class. She told each child to bring in a plastic bag containing a few potatoes and to give each potato the name of a person that the child didn't like. The number of potatoes that the children put in their plastic bag would depend on the number of people they don't like.

The next day some children had two potatoes, some had three, and some had five potatoes or more. The teacher then told the children to carry the potatoes with them wherever they went for a week.

Days passed, and the children started to complain about the unpleasant smell let out by the rotten potatoes. Also the children with five or more potatoes complained because they had to carry heavier bags. The children were relieved when the game finally ended.

Then the teacher told them the meaning of the game: "This is what happens when you carry hatred for somebody inside your heart. The stench of it spreads everywhere, and you carry it with you wherever you go. If you can't tolerate the smell of rotten potatoes for just one week, can you imagine what is it like to have the stench of hatred in your heart for a lifetime?"

The elephant's teeth

One day a hungry mouse in the jungle found a small nut. He tried to bite into it, but its shell was too hard and thick. Irritated, the mouse said, "Why did the gods give me such tiny teeth?"

Suddenly he heard the voice of a god from far above. "Mouse, go out and look at all the animals in the jungle. If you find one whose teeth you like, I'll give them to you."

Overjoyed, the mouse ran through the jungle, looking for the biggest teeth he could find. He looked at many animals but didn't find any teeth he liked until he spotted an elephant. Envious of the beast's thick tusks, he wandered over and asked, "Sir, are you happy with those big, long teeth?"

The elephant answered: "Friend, these are just for show. I can't use them to chew food as you do. At least you don't have to bear the weight of these huge teeth."

Hearing this, the mouse realized he was better off having tiny teeth and went off to find his nut again.

Rare shark may have lived almost 400 years

Trees can live thousands of years. Animals don't live nearly so long, but scientists have discovered what they believe may be the longest-living vertebrate animal—a Greenland shark. Analyzing carbon in the eye lenses of one Greenland shark after its death, marine biologists at the University of Copenhagen determined that the shark was 392 years old, give or take about 120 years. That beats the previous record holder for vertebrate longevity, a bowhead whale that lived about 211 years.

Little is known about the Greenland shark. It's one of the largest carnivores in the world, and dominates the food chain in northern waters. The scientists studied Greenland sharks accidentally caught by fishing boats, analyzing their eye lenses because sharks don't have the kind of bones that build up calcified rings as they age. Although some scientists disagree that the shark's age is typical, they concede that we know little about the average lifespan of this mysterious predator.
