From the Board of Directors

Penny Gilray, President

The Annual General Members Meeting will be held on February 21, 2017 at 7pm for the purpose of hearing reports of committees and election of new directors for the board.

This is an important meeting and all residents are urged to attend. We need a quorum to conduct this meeting. Please mark your calendar and plan to attend.

The Board conducted a workshop to review the Rules and Regulations on January 10, 2017. Changes will be noticed and passed at the March board meeting.

You will notice the re-striping of the roads and parking spaces has been completed. Directional arrows have been added at the mail boxes. Please comply with the direction indicators when you are getting your mail. This will make it safer for all.

A reminder, the parking spaces at the west side of the clubhouse are to be used for guests and occasional parking. We are finding some cars are being left there for extended periods of time. There are not many spaces around the clubhouse and your cooperation to leave these spaces available for guests or clubhouse functions is appreciated. If you or your guests do park there, please put a note with your unit number on the dash so you can be contacted in an emergency.

In accordance with Florida Statutes a financial review of the Association's 2016 finances will be conducted once the books are closed in January. The Statute requires a review at least every three years. Results will be communicated to all homeowners once the review is complete.

Funded projects for 2017 are underway and include landscaping & lighting for the front entrance and new chairs for the clubhouse.

A special thanks to all the volunteers who donate their time and talent. You help to keep our community in good repair and our maintenance fees reasonable. We are so fortunate to have you!! Our thanks!!

See you all at the meeting!!

From the Social Club

Bud Fox, Past President

Hello one more time. I wanted to thank you all for allowing me a truly unique experience in 2016, that being chair of the social committee. I made some negative comments throughout the year but I really did enjoy the weekly meetings. It was the behind the scenes duties that I felt totally overwhelmed and out of place. It was just not my thing.

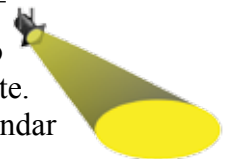

I mentioned some of the many outreach activities we are involved in here at Blue Jay to my pastor. He made a comment to me that I want to share with all of you. He said that the Blue Jay community is more of a Church (in function) than many of the organized Churches in the community. So many are more concerned about raising funds for stain glass windows and bigger, better pipe organs and lose sight of the needs our neighbors and our responsibilities to assist in meeting those needs. There may be others, but I want to acknowledge some of the functions we have here. Used postage stamps – Winnie Renauld collects them and they go to support needy children in Norway. Used greeting cards – Sally Kneller collects them and they go to support local needs. F.E.A.S.T. Ralph and Millie Sparks collect food (at the club house) to feed hungry people in the county. Clothing and toiletries – Norva Bylsma collects and delivers them to the battered women’s shelter. Baby blankets. Norva also delivers them to natal units in local hospitals. (This was started by Jan Hemingway when she had preemie twin grandsons a number of years ago.) Toys for Tots, currently, Duane Buckholz heads this outreach project. Aluminum can tabs. They are accumulated in a jar near the rest rooms at the west end of the club house and are turned into the Shriners for their project. Aluminum soda and beer cans. They are collected Thursday mornings by Elaine and I. The money for these is given to our church’s discretionary fund to help those in need. Christmas cards for people in the military – Marlene Stock collects and distributes to all our military kin. Thanks to everyone who does or contributes to these causes. We can be proud of our projects and maybe lead by example to get other communities to do likewise.

Thanks to Domenic and Louise for a great Western dance and to Tony Ruvolo and his team for another wonderful ice cream social.

Show of Shows!!! Blue Jay No Talent - Talent Show

Phyllis Zaluga, Talent Scout & Coordinator

Hey! Hey! The big Talent Show is February 25th. Lots of great “no talent” acts!! If you haven’t signed up yet to perform it is not too late. Audience admission will be a donation to FEAST...Mark your calendar and come out to support your friends and have a fun evening.

Red Hats

Paulette Derr, Queen Mother

In November, twenty eight of our Red Hat Mamas went to the Thirsty Marlin on Thursday, November 17, 2016 for our monthly luncheon get together. Kathleen Hurley and Elaine Fox were the hosts for this occasion We ate in the back of the restaurant which is sort of the “outside” area. The service and food were very good and everyone enjoyed their meal.

We held our usual 50/50 and the lucky winners were Carol Violette and Pat Miranda.

We were very happy to welcome a “returnee” back into our fold, Louise Berenato. We would like to see more of the new residents join our group and have more of the original members come back to enjoy our monthly “get togethers”.

Please remember that the annual membership fee is \$3.00 and is due in January. Please give your money to either me or Pat Serletic and make sure you put it in an envelope with your name on it. Thank you.

In December, thirty three of our red hatters went to Daddy’s for the annual Christmas luncheon on Thursday, December 8, 2016. We moved the luncheon up a week because some of our gals would be leaving to go north for the holidays.

After lunch we went back to the clubhouse for our Christmas party and to exchange our gifts. After playing “now you have it...now you don’t” for a while, we opened our gifts to show everyone what we got.

Once again, the gals took up a donation and purchased four gift certificates for their Queen Mother. I thank you all for your thoughtfulness and especially since they were four certificates from places I frequent! Thanks again.

We also held our usual 50/50 but this time the money was equally won by four of our Red Hat Mamas and they were Elaine Fox, Louise Berenato, Joan Addington and Marianne Riff. We also raffled off ten \$5.00 bills which were won by Maria Mavrides, Shirley Ellsworth, Madeline Fried, Kathleen Hurley, Marcy McGrath, Pat Hawthorne, Ronnie Beetle, Florrie Breckner, Carol Violette and yours truly.

After all that, we had a little snack of ice cream and cookies. I think everyone had a good time and I asked them to think about where they would like to go next year.

I hope everyone had a very Merry Christmas, that you have a happy and healthy New Year and don’t forget Valentine’s Day is coming up, so be good to your honey!

What chapter was that?

A minister told his congregation, “For next week’s sermon, I would like everyone to read the 17th chapter of Mark from your Bible. This will help you fully understand my topic on an important sin.”

The following Sunday, the minister opened his sermon with, “Now, how many of you have read Mark 17 this week as I asked?” Nearly all the hands went up.

The minister smiled. “Mark has only 16 chapters. I will now proceed with my sermon on the subject of lying.”

How many cats?

Teacher: “If I gave you two cats, and another two cats, and then another two, how many would you have?”

Johnny: “Seven.”

Teacher: “No, listen carefully. If I gave you two cats, and another two cats and another two, how many would you have?”

Johnny: “Seven.”

Teacher: “Let me put it to you differently. If I gave you two apples, and another two apples and another two, how many would you have?”

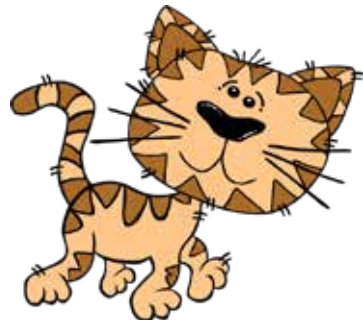

Johnny: “Six.”

Teacher: “Good. Now if I gave you two cats, and another two cats, and another two, how many would you have?”

Johnny: “Seven!”

Teacher: “Johnny, where do you get seven from?”

Johnny: “Because I’ve already got a cat!”

Cities encourage healthy lifestyles

Cities are doing their part to help people stay healthy and physically fit, adding bike paths, parks, public transportation options, and “walkability.” According to Healthways, which uses scientific means to measure and encourage healthy behavior, the cities with the highest “active living environments” are:

- Boston
- San Francisco
- Chicago
- New York
- Washington, D.C.

The lowest scoring cities include Fort Wayne, Indiana; Indianapolis; Oklahoma City; and Tulsa.

Get up and work out

The alarm rings. Do you leap out of bed to head for the gym? Or hit snooze and tell yourself you’ll work out tomorrow? Motivating yourself to get up and start exercising can be tough. If you give in to temptation to skip the health club more than you’d like, try these tips to get moving:

- **Watch what you eat before bedtime.** A heavy snack right before you hit the mattress will make you feel lethargic in the morning. Stick to fruit, vegetables, and lean, protein-rich foods, and don’t eat anything for at least 90 minutes before you go to bed.
- **Go to bed early.** You’ll wake up feeling refreshed and ready to work out if you get enough sleep—seven to eight hours. Limit your TV, computer, and cellphone use before bedtime so you can get to sleep easier.
- **Look forward to something.** Don’t think of exercise as drudgery. Find something you enjoy about it so you wake up excited about hitting the gym, or give yourself a reward for working out once you’re finished.
- **Find a workout buddy.** Exercising alone can be boring. Ask around your neighborhood, workplace, or health club and find someone who works out on the same schedule you do. When you know you’ve got someone waiting for you, you’ll be more motivated to show up.

SAVE TIME AND MONEY BY CALLING US TODAY TO GET YOUR PROJECT STARTED!

Daydreaming can be good for you

Daydreams aren't necessarily a waste of time. We daydream for different reasons, but it can have a positive affect on your life and career. Consider these facts about daydreaming from the LiveScience website:

- Daydreaming can be controlled—up to a point. Most people daydream intentionally because they're bored or working on something simple. When tasks require more concentration, drifting off is less frequent, but still happens.
- Blinking is a clue. Wonder if someone is daydreaming while you're talking? Look closely at their eyes. Studies show that people blink more often and more rapidly when they daydream.
- Daydreaming can help with problem solving. Let your mind wander when you're working on a tough problem. Scientists have observed that the areas of the brain involved in problem solving turn more active when we daydream.

Sharpen your mind with these puzzles

Brainteasers are good for honing your creative thinking. Try these to stretch your mind:

1. You are driving a bus with nine passengers. At the first stop, three people get off and five get on. At the second stop, seven people get off and four get on. At the first stop, six people get off and two get on. How old is the bus driver?
2. You have to choose to enter one of three rooms. Inside the first room is a team of ninjas hired to kill you. Inside the second is a tiger that hasn't eaten for three months. Inside the third is a raging inferno. Which room do you enter?
3. Harry is a butcher. He started his career at age 19. He worked for nine years in Boise, Idaho, and then moved to Duluth, Minnesota, where he's been in the same line of work for 14 years. What does Harry weigh?
4. Imagine you're in a leaky rowboat that's sinking. Great white sharks are circling your boat. How do you get out of this predicament?

Answers:

1. Whatever you own age is, since you are the bus driver.
2. Room No. 2. A tiger that hasn't eaten in three months is dead.
3. Meat.
4. Stop imagining.

Meeting of minds

The famous movie actor/director Charlie Chaplin once met the world-renowned physicist Albert Einstein at a public event. According to the Storypick website, Einstein told the comedian: “What I most admire about your art is your universality. You don’t say a word, yet the world understands you.”

To which Chaplin replied, “True. But your glory is even greater. The whole world admires you, even though they don’t understand a word of what you say.”

Mistaken identity

Even Queen Elizabeth II sometimes goes unrecognized. A story from the Hello magazine website tells of a time when the queen’s car drove up to the Royal Windsor Horse Show in 1991. A guard walked up and told her, “Sorry, love, you can’t come in without a sticker.”

Unfazed, her majesty answered, “I think if you check, I will be allowed to come in.”

He did, and she was. The guard admitted later that he’d thought the queen was just “some old dear” who was lost.

A little praise

As a speechwriter for presidents Ronald Reagan and George H.W. Bush, Peggy Noonan introduced such phrases as “a thousand points of light” into the vernacular. But she derived her greatest personal satisfaction from a simple note of praise.

As recounted in her book, *What I Saw at the Revolution* (Ivy Books), four months into her job as Reagan’s speechwriter, Noonan had yet to meet the boss. Then he returned the draft of one of her speeches bearing the hand-scrawled words “Very Good.”

Noonan was overjoyed—so overjoyed that she cut out the note, taped it to her blouse, and walked the halls beaming with the pride of a schoolgirl who’d suddenly discovered she was teacher’s pet.

Monthly

African American History Month. An annual observance to recognize and commemorate African American culture, African American History Month (or Black History Month) is celebrated annually in the United States and Canada in February, and in the United Kingdom in October.

Dog Training Education Month. Every day of the month, perform one training activity with your dog: jumping, herding, racing, etc. By the end of the month, you'll notice an improvement in your dog's temperament, and you'll share a closer bond.

National Haiku Writing Month. Write one haiku a day throughout February—the shortest month for the world's shortest genre of poetry. Don't think writing a good haiku is easy, though. As French philosopher and literary theorist Roland Barthes once observed, "Haiku has this rather fantasmagorical property: That we always suppose we ourselves can write such things easily."

Teen Dating Violence Awareness Month. A national effort to raise awareness about abuse in teen and 20-something relationships and promote programs that prevent it. One in three teens in the United States will experience physical, sexual, or emotional abuse by a partner in a relationship before they become adults. Spread awareness, and stop dating abuse before it starts.

Weekly

Burn Awareness Week, Feb. 5-11. Observed the first full week in February, Burn Awareness Week is intended to provide an opportunity for burn, fire, and life safety educators to share the message of burn awareness and prevention in communities around the nation.

National School Counseling Week, Feb. 6-10. This year's theme, "School Counseling: Helping Students Realize Their Potential," will focus public attention on the unique contribution of school counselors and highlight the tremendous impact they can have in helping students achieve school success and plan for a career.

Children of Alcoholics Week, Feb. 12-18. A campaign led by the National Association for Children of Alcoholics (NACOA) to raise awareness of children affected by parental alcohol problems. Children of Alcoholics Week is celebrated internationally each year during the week in which Valentine's Day falls.

National Invasive Species Awareness Week, Feb. 19-26. Raise awareness and identify solutions to invasive species issues at local, state, tribal, regional, international, and national levels. Participating organizations include the Association of Fish and Wildlife Agencies, the Environmental Law Institute, and the Nature Conservancy.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$135,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:

An ancient mystery: How old are Saturn's rings?

The rings of Saturn have dazzled humans ever since they were found in the sky, but they contain many unexplained mysteries. One is how old they are. One theory states that they date back approximately 4.6 billion years; another suggests that they're just 100 million years old.

Scientists backing the younger theory contend that the rings should show more evidence of space debris from the Kuiper Belt, which would make them darker than they appear today. Proponents of the older view note that the rings were probably created by a moon or some other icy object falling apart as it passed close by Saturn, an event which doesn't seem to have happened in recent times ("recent" in astronomical terms, at any rate).

Some of the trouble comes from not knowing precisely how massive the rings are—a lighter series of rings could have formed more recently than a heavy-scale one.

The case may be solved by the Cassini space probe, which is scheduled to fly between Saturn and its rings in September 2017 on the last leg of its mission. Inside the rings, researchers can measure the gravitational pull on Cassini from both directions and compare those figures with earlier data from orbits farther out, when Saturn and the rings tugged the probe together from the same direction. Scientists are eager to know—according to the Science News website, researchers have a betting pool on the findings.

One more reason to fear spiders? Their hearing

Spiders can't "hear" exactly, but they can sense and respond to vibrations in the air over relatively long distances. Until recently, scientists believed they were only sensitive to sounds from a few inches away. However, the Sci-News website reports that researchers at Cornell University have found that jumping spiders (*Phidippus audax*) can pick up low-frequency sounds from up to 10 feet away.

The spiders apparently sense vibrations through the hairs on their forelegs, which produce a response in acoustically sensitive neurons. Physically probing a single hair produced the same type of response. The jumping spiders are most sensitive to frequencies produced by the wingbeats of wasps, one of their natural enemies. Scientists plan to examine the brains of fishing spiders and wolf spiders for similar abilities.

Smartphone use across the generation gap

Quick—where’s your smartphone right now? A survey from YouGov Omnibus asked that question of millennials and people in other age groups to determine how connected we are to our devices. The survey found that pants pockets are the most common location across all age ranges—58 percent of millennials, 39 percent of those age 35-54, and 44 percent of people 55 and older.

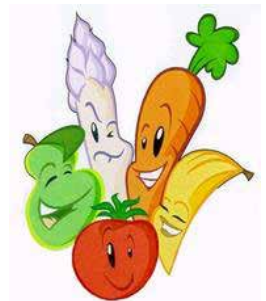

But some people literally can’t let go. The survey found that more than 50 percent of millennials say they carry their phone in their hand all day long. Only 30 percent of those in the 35-54 group said the same, and 16 percent of the 55-and-older crowd joined them.

That makes durability an important issue for millennials. The survey found that 48 percent want their phones to come with shatterproof screens, water resistance, and other protective features, while only 40 percent of the middle were looking for those elements and slightly more than 25 percent of the oldest group had the same worry. For the two older groups, battery life seems to be a more important concern.

Eating healthy: The choices we make

More Americans are trying to make healthier choices about the food they buy and eat these days. A study of 2,000 consumers by health food manufacturer Earth Balance looked at the foods we’re buying and why we choose them. Here’s a look at the top “better for you” selections:

- **Dairy products:** 29 percent
- **Alternative oils and fats (such as avocado, sunflower, or coconut oil):** 28 percent
- **Alternative snacks (gluten-free crackers, Greek yogurt, etc.):** 28 percent
- **“Superfoods” (such as chia, quinoa, and acai):** 28 percent
- **Plant-based proteins (lentils, spirulina, and so forth):** 18 percent
- **Wheat flour alternatives:** 12 percent

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL
