"Thank you for doing a very professional job on my roof. I am not easily pleased with most contractors, ASC is the exception! Your crew was on time, sometimes even early. There are no leaks and it looks great. ASC was not the cheapest, which proves you get what you pay for."

SAVE TIME AND MONEY BY CALLING US TODAY TO GET YOUR PROJECT STARTED!

From the Board of Directors

Penny Gilray President

Here we are, almost summer!!

Each of you that stay in Blue Jay during hurricane season should have an emergency plan that includes – where you will stay if there is an evacuation; supplies for 2-5 days; medications; important papers to take as well as medical and pet accommodations. At the end of May a package was given to all those in residence to help you prepare. A reminder, the clubhouse cannot be used as an emergency shelter. Everyone needs to be ready and hope that we don't have to make use of the plan!!

The State Tie Down program is now complete. All certificates have been distributed to those that participated and the final adjustments have been made by the contractor.

The painting of the clubhouse will be done in August/September. Color selections were shown to residents that attended board and coffee hour meetings. The most popular colors were painted up on sample boards and are in the clubhouse for resident comments. Stay tuned...

Some folks that have gone north for the season turned off the electricity to their irrigation systems. We have identified that because the grass is dying. We have attempted to contact you or the person you designated to look after your home. If you have not heard from someone and you turned off the power then please contact a board member.

A few issues continue to crop up that we need your help with –

1. Debris is being dumped in the RV lot. If you have old bricks, sod or dirt it is your responsibility to properly dispose of it. Volunteers have cleaned up this area on a number of occasions yet we still find people are dumping.
2. Cigarette butts are being tossed in the street. We have talked to our contractors about this but there continues to be some residents and guests that are doing it too. Please take your butts home or put them in your pocket!!
3. A county health rule is that you shower before going into the pool. Many of our residents are not doing that. It is unsanitary and could cause an inspector to close our pool down. There are signs posted and the shower has warm water, so no excuses.
4. 15 MPH is not that fast...when you drive in Blue Jay it should be just like you are driving in a school zone. None of us are in that much of a hurry. Speeding is still an issue. We don't want to have to consider speed bumps so we need everyone to obey the speed limit.

Once again, thanks to our volunteers – they plant and tend, they fix irrigation, they step up to help with emergency preparedness and many other things that make our community so great – Thanks, you are wonderful!!!

...continued on page 6

With that I will remind you that we continue to have an operations meeting every Monday morning at 8:30am. I attend via telephone. Residents are welcome to attend. I can be reached at 905-430-3132 or via e-mail lpgilray@aol.com if you need to get in touch with me.

Stay safe and enjoy the summer!!

From the Social Club

Bud Fox, Chairperson

The social club activities calendar has really dried up. Not much to talk about. The annual picnic was well attended with good participation in the games. We thank Rich and Cindy for providing the music and all who attended for the wonderful array of “eats”.

Tony Ruvalo hosted an ice cream social that was both a fun event and a nice way to visit with fellow BlueJay residents. It seems like each time, he adds additional ways to create new sundae combinations.

Our park’s annual Memorial Day pot-luck dinner and get together, gave us an opportunity to reflect on the many conflicts where brave young Americans sacrificed to provide protection for us and our way of life. All sacrificed their time. Many sacrificed limbs and organs and some made the supreme sacrifice of their lives. We need to keep all our surviving veterans as well as those currently serving in our hearts and minds, not only on the holiday but throughout the year.

Red Hat Mamas

Paulette Derr, Queen Mother

The Red Hat Mamas had their monthly luncheon at Applebee’s on Thursday, April 21, 2016. I’m not sure how many showed up, because yours truly could not attend and some decided not to go after signing up, and other show up without signing up. We always have a good group, though and I think there were about 25 that attended. That’s a good amount of Red Hatters for this time of the year. Fran Ternsten was the hostess with a little help from Norva Bylsma.

The usual 50/50 was held and Carol Violette (Lucky Carol) was the winner. Fran also got five lottery tickets that were raffled off, but I was given only four names of winners. They were Kathleen Hurley, Pat Serletic, Elaine Fox and Lois Morgan. Sorry, fifth winner!

The gals said they had a good time and everyone enjoyed their food.

I don’t know if any shopping was done after lunch or if anyone made any stops on the way home????

Did you know that June is also...

Adopt a Cat Month. Thousands of cute cuddly kittens and mellow older cats are waiting in shelters across the country for someone to take them home. Members of the shelter staff are ready to help you adopt your very first cat or bring home a friend for another beloved cat.

Alzheimer's and Brain Awareness Month. Around the world 47 million people are living with some form of dementia, and that number is expected to climb to 76 million by 2030. Learn how to maintain your brain's health, and help raise awareness and support of research aimed at treating brain illnesses.

National Zoo and Aquarium Month. Explore your local zoo and aquarium as well as the websites of America's great zoos and aquariums. Many of them have excellent educational resources—photographs, videos, facts, lesson plans, and activities for the whole family.

PTSD Awareness Month. Post Traumatic Stress Disorder can affect anyone, and its effects are felt throughout every community. The purpose of PTSD Awareness Month is to encourage everyone to raise public awareness of effective treatments and to help all those affected by PTSD.

Sun Safety Week, June 5-11. Sponsored by The Sun Safety Alliance, which believes that a focus on skin cancer prevention, education, and awareness will improve public knowledge of the importance of sun safety.

Men's Health Week, June 13-19. Celebrated each year during the week leading up to Father's Day to heighten awareness of preventable health problems and encourage early detection and treatment of disease among men and boys.

Superman Week, June 9-12. An event held in Metropolis, Ill., to celebrate the adventures of the Man of Steel in comics, film, and TV.

Animals Rights Awareness Week, June 19-25. An annual event to raise awareness for the care and concern for animals of all varieties and to educate the general public about the humane treatment that all animals deserve whether they're someone's pet, wildlife residents, residents of a zoo, or raised as food sources.

National Running Day, June 3. Put on your running shoes and some sunscreen and go out for a run!

Father's Day, June 19. Remember your dad—and fathers everywhere—on this special day.

Teach children or grandchildren this important skill

Problem solving is a skill that's valuable throughout your children's lives, from school to their adult careers. You can teach your children how to tackle any problem they're facing by sharing these steps:

- Identify the problem. This is the most important step, and often the most overlooked. Your child can't solve a problem until he or she can state what it is.
- Come up with a list of solutions. Brainstorm possible solutions, even ones that initially seem farfetched. Just keep the ideas flowing.
- Assess each idea. Now is the time to evaluate the merits of each idea, weighing the pros and cons thoroughly.
- Pick one or two ideas. Have your child pick the top two solutions and give his or her specific reasons for choosing those possible solutions.
- Put the decision into action. Before going forward, talk about possible outcomes. What are the potential obstacles? What help can you expect? How can you avoid traps?
- Evaluate and learn. How did the solution work? What changes need to be made to make it work better? What would your child try the next time?

The hungry thief

Joe and Sam went into a bakery. When the cashier wasn't looking, Joe quickly slipped three doughnuts into the pocket of his jacket.

"What are you doing?" Sam whispered. "You just stole those!"

"So what?" Joe asked. "Nobody saw a thing."

Sam waved the cashier over. "Give me a doughnut, and I'll show you a magic trick."

Intrigued, the cashier handed over a doughnut. Sam ate it, then asked for a second one, and then a third.

"So what's the trick?" the cashier asked, skeptically.

"You know where those doughnuts are now?"

The cashier frowned. "Where?"

"Look in my friend's pocket."

Coffee may keep you healthy

Is drinking coffee good for you? A recent article on The New York Times website linked to a number of different studies touting the positive effects of caffeine on several different health problems. They include:

- Liver damage. A review of data collected by studies of more than 430,000 people found that coffee may lower the risk of cirrhosis of the liver, a disease associated with overindulgence in alcohol (among other causes).
- Tinnitus. Researchers kept track of more than 65,000 women and found that those who drank more than one 8-ounce cup of coffee a day were less likely to suffer from tinnitus, that persistent ringing or buzzing in your ears.
- Auto crashes. A study of truck drivers who routinely work on long hauls found that coffee drinkers (or consumers of other caffeinated drinks) seem 63 percent less likely to be involved in crashes while driving.
- Melanoma. An analysis of health and dietary data involving more than 400,000 people ages 50-71 found that those who drank four or more cups of coffee a day were 20 percent less likely to develop skin cancer. (The researchers cautioned that avoiding exposure to the sun's ultraviolet rays is still the most important way to avoid melanoma.)

State of health: What's the best place for you to live?

Where you live may affect your health, at least according to the Gallup/Healthways Well-Being Index. Their most recent report (using data from 2014) ranked all 50 states in order of health. The top 10 healthiest states?

- Alaska
- Hawaii
- South Dakota
- Wyoming
- Montana
- Colorado
- Nebraska
- Utah
- New Mexico
- Texas

The least healthy state, according to the Index, was West Virginia. The Index looks at a variety of factors, including purpose, social relationships, financial stability, community, and physical health.
