From the Board of Directors

Penny Gilray President

Hello All

By now many of our seasonal residents have returned and we are glad to have you back!! For those of you returning, please remember to complete a change of address. This is so you receive correspondence from the Association in a timely fashion. Forms are available in the clubhouse and you can leave completed forms in the box.

The next Board of Directors meeting will be held on **Tuesday November 29th** at 7pm in the Clubhouse. The purpose of this meeting is for the Board to approve the 2016 budget. Residents will be asked to vote on the carry-over of any surplus funds and use of reserve funds in a catastrophic event. Material for this meeting is being sent to your mailing address in early November. **Please mark the date in your calendar as it is imperative that we have a quorum. If you are not able to attend, please complete the proxy and put it in the box at the clubhouse before the meeting.**

Over the past few months, the Board has held 2 workshops to prepare the 2017 budget, identify projects for the coming year and to get bids to ensure we are getting the best bang for our buck. We feel we have a solid budget for 2017 and if approved, the maintenance dues will NOT increase in 2017.

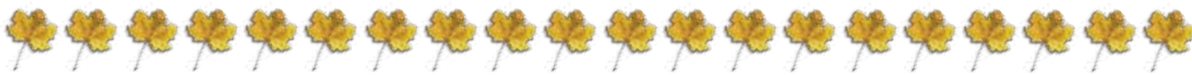

Speeding is still a problem in the park. Please respect the 15 MPH speed limit or the Board will have to consider installing speed bumps.

Over the next few months many of us will be having friends and family come to visit. Please be sure your visitors are aware of and follow the rules of our community and if they are going to the pool to bring along pool tags. Your cooperation is appreciated.

There will be 3 openings for Board of Director positions coming up in February. Please consider running. It is important that we have a full Board to conduct the business of the Association. Without representation the State will appoint someone to run our Association and we do not want that to happen. If you would like more information, please contact any Board Member or Kathy Schafer. Nomination forms will be sent to each homeowner in December.

I will be back at Blue Jay on November 19st and can be reached at Lot 44 or 727-786-2921. Look forward to seeing you.

From the Social Club

Bud Fox, Chairperson

It's Wednesday morning at Blue Jay. What shall we do today? For some it's "hump" day and we're off to work. For some it's another day to just stay in bed 'cause we stayed up all night watching the Late Show, the Late Late Show, and the "this is ridiculous how late it is" show. For some of us it's time for the social club meeting.

We come down to the club house and gather for donuts and coffee. I got to thinking about those two items (donuts and coffee) and found out a few things about them. Coffee has been brewed into a drinkable liquid since the middle of the 15th century in Yemen. Although we call it a coffee bean, it is the seed of the coffee plant that is roasted, crushed and used to make our favorite Wednesday morning drink.

The donut has a much shorter history. There are several different stories about the origin. A deep fried dough pastry thought to have been introduced by the Dutch, had a persistent problem. The thick center never really cooked completely. In the mid-19th century, the idea to cut out and eliminate the center solved the problem. There are raised donuts which have yeast in the dough and the cake donuts which do not. We also serve apple fritters which share the same deep frying preparation.

So if you are sitting at home on Wednesday morning, why not come down to the club house and eat some deep fried dough and drink some plant seed flavored hot water with us.

On another note. Jackie Triplett did an excellent job with our Halloween Party. Many thanks for your creativeness.

Daylight savings time will end on November 6th at 2:00 a.m. Set your clocks back one hour, BUT don't touch your yard watering timer. It should be as it is now and stay on Standard time all year long.

MEMORIES

Our original home owners are slowly dwindling. We who are still here all have memories of things that took place in the early years of Blue Jay. I wish somehow these early happenings and memories could be documented for future generation and residents.

My own head is so full of some of these memories I am not sure where to begin but, here are a few. In the beginning there were no mail boxes, the mail was put in the clubhouse and each of us sorted through the mail claiming our mail. In late 1981 the postal system put in mail boxes. They were the kind that you would find out in a rural area. You know the ones that had no lock just a pulled down handle. Over the years the postal system has updated our mail boxes to our current ones. In the early years we fought the postal system to have individual home delivery. The postal system said "NO" this is a rural carrier route and so we never won that battle.

BILL The CARPET GUY 727-521-4163

We had furniture in the clubhouse, chairs, sofas, coffee and end tables, lamps and even rugs. They were located on the outside walls around the interior of the clubhouse. When we had parties all these things had to be removed and put out side under cover. There is a spot in one of the floor tiles back by the door leading to the pool. It is chip out of the floor tile. This is where the bulletin board went. It went across the full length of the kitchen in front of the opening. Behind the bulletin board was a cold table that could be filled with ice to keep food cold and the steam table. They were used so much that they remained there permanently. There was a washer and dryer and an ice machine, they were back were the handicap bathrooms are now. The washer and dryer were used by the resident on an honor system which proved not to be profitable after time. The ice machine broke and the cold table was disposed of and neither was ever replaced. (According to the Board of Directors serving at that time they weren't needed.)

Our library at that time was a small corner cabinet in the back where a few donated books were kept. Now look at our library!

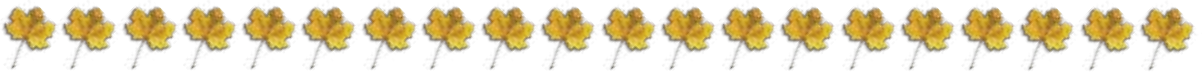

A couple of my favorites stories and memories are about a Jacaranda tree that was by the mail boxes. It had a disease and died. It was to be cut down and removed, but one lady that lived here then said she wasn't going to let that tree be cut down. It can be "saved" she said. She was determined that she could save the tree-----yep, she tied herself to the tree the day it was to be cut down. With a lot of convincing she finally agreed to let them cut the tree down.

I think my favorite memory is the day we were planning a party and were baking pies and cakes in the kitchen. It was beastly hot in the kitchen. The president of the Board of Directors stopped by to see how we were making out and we said "Dick is there a possibility that we could have a fan to keep us cool . He said "sure." When he returned he had this big box window fan and before we knew it he turned the fan on as we were sifting the flour. Well, needless to say the flour flew all over the kitchen and we gals. We all were laughing so hard, and Dick said "guess that is not going to work is it." We replied "guess not".

Over the years our Rules and Regulations and our "Blue Book" have changed. We used to need 75% votes to pass anything in our documents. We worked really hard to change it to 66 and 2/3% and now we have 51%. Imagine 75% is 177 votes to pass a change in our documents. There have been resident and Board of Directors conflicts in the past. Sometimes it caused friendships and neighbors to be at odds with each other. Even went so far as residents moving out of Blue Jay. Some of the earlier past Board of Directors meetings were all "cut and dried,"(as the saying goes) before the meeting, never giving the residents a chance to present their suggestions to the problems or decisions. We are now blessed to have Board of Directors who give us residents a chance to offer our suggestions. As far as friends and neighbors, over time I think these past wounds have "healed."

I'm not sure where my 36 years living in Blue Jay have gone , but I cherish every memory I have, even the nickname "Sarge."

...continued on page 10

I have a lot of old documents, when I am no longer a resident of Blue Jay I will make sure they are given to the Board of Directors for safe keeping for reference to early happenings in "Memories of Blue Jay History.' As Paul Harvey would say "That's all I'm saying."

Peg McConnell # 217

Red Hat Mamas

Paulette Derr, Queen Mother

Twenty four of our Red Hat Mamas went to The Broken Egg in the Northwood Plaza on Thursday, September 15, 2016 for our monthly luncheon.

Norva Bylsma and Fran Ternsten were the hosts and they surprised Marilyn Patton with a cake and card shower for her 90th birthday. The cake was baked by Ronnie Beetle and we all enjoyed it although Marilyn almost knocked it onto the floor before Ronnie cut it.

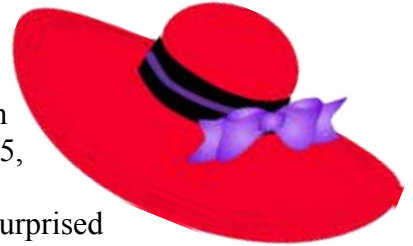

It was a real nice day...the food and service were very good and we were in a room by ourselves so we didn't have to worry about other patrons.

We held our usual 50/50 and the lucky winner was Joan Addington.

A few of us went on to our favorite place for some ice cream, drinks and chit chat.

Please consider hosting one of the lunches in the future. Everyone should really take a turn. All you have to do is call the restaurant of your choice, tell them approximately how many women will attend, make sure we can order from the menu and get separate checks. That's it!

I wish you all a very nice Thanksgiving wherever you'll be celebrating it.

Toys for Tots

Duane & Mavis Buckholz, Co-Ordinators

Toys for Tots has been Blue Jay's charitable contribution organization for many years. Blue Jay residents have been generous participants of the program by contributing both toys and cash.

Toys for Tots collecting and distributing of new unwrapped toys for needy children began in 1947 when the Marine Corp Reserve in Los Angeles collected and distributed 5,000 toys to needy children. Since that time the Marine Corp Reserve across the nation have collected toys for needy children in their communities. Our Toys for Tots campaign will begin in November, more information will be coming at our Wednesday social club coffees.

A Reminder to Remember Our Service Men and Women:

The Blue Jay Social Club supports a Christmas Card campaign for the service men and women who are members and friends of our community. We post pictures of those people in our club house in a picture box by the front door. We encourage people who live in our community to contribute pictures of those loved ones who serve so that they may be included in this campaign at Christmas time. We need their picture, rank and address in order for them to receive the Christmas cards we contribute. Currently, we have three service members serving. So, if there are new members serving, please give me their information.

By December 1, 2016, please prepare Christmas cards for the military members pictured and have them to me at #126 Cedar Drive so that I have time to send them off in time for them to receive the greetings by Christmas.

In this time of trial and trouble throughout the world, it is necessary that we remember those who are sacrificing for our freedom and this is a small thanks we can give them for their time, talents, dedication and sacrifice.

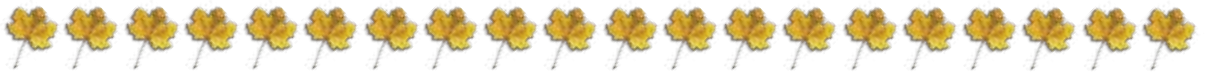

Thank you for taking the time to contribute to this noble cause. If you have questions, please call me: 651-491-8759.

Marlene M. Stock, Coordinator

Condolences.....

Blue Jay has had to recently say goodbye to three (3) residents – Peter Thomsen, husband of Ruth #89 who passed away October 1, 2016 in Minnesota; Delano Myles, husband of Beverly #228 deceased on September 28, 2016; and Jose Lozada husband of Carmelina #62, who passed on October 3, 2016. Our hearts, prayers and sympathies go out to all their families and friends.

Get more creativity with a clear focus

Creativity and innovation aren't always accidental. A consistent focus will produce better results, so you don't have to wait for lightning to strike. Try these techniques to spur your imagination as you work:

- **Start your day with a purpose.** Instead of rushing out the door without a plan, spend a few minutes in the morning thinking about what you want to accomplish that day. Do this before checking your cell phone or email. You'll be less likely to get distracted by other demands.
- **Shake up your routine.** Get out of your comfort zone so you aren't always surrounded by what's familiar. Get up earlier than normal, take a new route to work, do your tasks in a different order, try something new and exciting—anything to shake your mind free of its preconceptions and look at your work in a different light.
- **Be mindful.** Don't go on autopilot. Pay attention to everything around you—the people you work with, the tasks you work on, the environment you work in, and so forth. The more aware you are of what's going on, the more likely you'll see a new connection or find an idea where you least expect it.

Don't be afraid to ask questions

Alyssa Mastro Monaco was deputy chief of staff in the Obama White House until 2014. She told a radio station an important lesson she learned early on about the importance of asking questions:

During an Oval Office meeting on the economic crisis, she was close to panic, worried that the president would ask her a question about issues she knew nothing about, such as quantitative easing. She began quickly writing down key words and phrases to look up later.

Economic adviser Larry Summers noticed and tapped her on the shoulder. "Come to my office later," he said.

Worried that Summers was mad at her, Mastro Monaco went to his office after the meeting. Summers asked about her list.

When she told him what she'd written down and why, Summers said, "I'll tell you anything you need to know." He proceeded to give her a quick lesson on economics. She left the office feeling relieved—and better informed than before. Nowadays she knows that admitting you don't know something is better informed than pretending you do—and she never thinks asking for information is stupid.

A lesson in determination

British runner Derek Redmond was one of the favorites for a gold medal in the 400-meter spring at the 1992 Olympics in Barcelona. But halfway through the race, Redmond—in the lead—collapsed on the track with a hamstring injury.

Medical staff rushed to help him, but Redmond waved them away. He somehow got to his feet and started staggering down the track. With thousands watching, and officials unsure of what to do, Redmond's father ran out to him.

“You don't have to do this, son,” he said.

“Yes, I do,” Redmond replied.

His father helped Redmond down the track, tears streaming down both their faces, waving away anyone who tried to stop them.

The crowd roared when Redmond finally crossed the finish line. The feat is considered by many to be the defining moment of the Barcelona Olympics.

Keep learning at any age

As you and your family members age, you may find you have more difficulty remembering things. Try to help you stay on top of the knowledge game and keep you learning as you age:

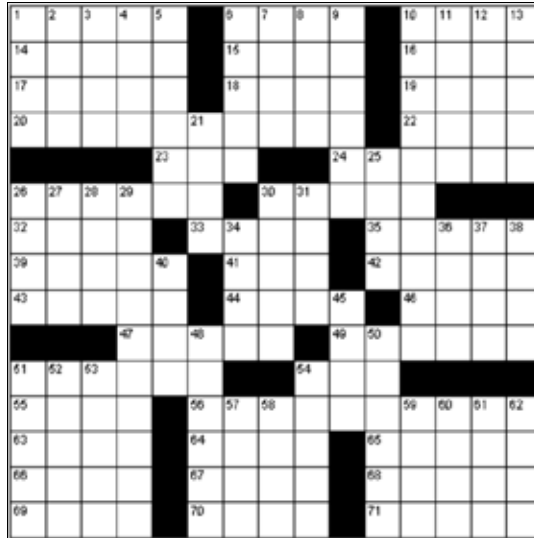

- Visualize. Mentally rehearse an event, conversation or activity before it actually happens. This visualization helps eliminate the stress you may feel over the unknown. Plus, when you're more relaxed, you're better able to learn.
- Take a break and exercise. If you're trying to remember information you're reading, take frequent breaks. Don't just sit around, though. Engage in some kind of activity to keep your mind alert and your blood flowing.
- Focus on concentrating. Distractions are the bane of any learning attempt. If you're attending a class or lecture, sit near the instructor and maintain eye contact with him or her. Try not to fidget; simply relax into the session and let your focused attention do the job.
- Say it out loud. Read aloud the material you're trying to learn and repeat out loud the facts you want to retain. This way, both your mind and your ears are taking in information.
- Tame frustration. If you grow frustrated over material you're trying to learn, remind yourself that getting emotional will only hamper your ability to retain information. If you have to, step back and take a long break.

Did you know that November is also...

National Epilepsy Awareness Month. Learn about the different types of seizures and how to prevent them—or help someone suffering from them. A seizure is a short change in normal brain activity that can cause changes in awareness, behavior, or body movement. Because anyone can have a seizure, recognizing symptoms and knowing how to help is vital.

Native American Heritage Month. Established at the turn of the 20th century as an effort to gain a day of recognition for the significant contributions the first Americans. In 1990 President George H. W. Bush approved a joint resolution designating that November “National American Indian Heritage Month.” Similar proclamations have been issued each year since 1994.

Military Family Appreciation Month. Throughout November, military families serving around the world are honored and recognized for their commitment and the many contributions they make every day in support of the military and our nation.

National Animal Shelter and Rescue Appreciation Week, Nov. 3-9. Approximately 3,500 animal shelters across the United States serve the estimated 6 million to 8 million homeless animals who need refuge each year. Get acquainted with your local shelters and rescuers, and learn how you can assist their lifesaving work.

National Nurse Practitioner Week, Nov. 13-19. Held annually to celebrate these exceptional health care providers and to remind lawmakers of the importance of removing outdated barriers to practice so that NPs will be able to practice to the full extent of their experience and education.

American Education Week, Nov. 14-18. The 2016 theme, “Great Public Schools: A Basic Right and Our Responsibility,” will present all Americans with an opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a high-quality education.

U.S. Election Day, Nov. 8. Get out and vote!

World Diabetes Day, Nov. 14. Celebrated worldwide by the more than 230 member associations of the International Diabetes Federation in more than 160 countries and territories.

International Games Day, Nov. 19. Raising awareness of games and gaming in libraries to publishers and the public around the world.

Thanksgiving, Nov. 24. Turkey, football, pumpkin pie, and family. What could be better?

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Your fish may know what you look like

Dogs and primates can recognize human faces, but can fish? Apparently so. Scientists at the University of Oxford and Australia's University of Queensland have discovered that the archerfish can be trained to differentiate between faces with a high degree of accuracy, even though they don't have the type of brain other animals use for visual recognition.

As reported on the Reuters website, scientists chose the archerfish for their experiment because of its ability to shoot a jet of water from its mouth, usually to hunt down insects above the water's surface. They introduced the images of two human faces and trained the fish to shoot water at a specific one. In later tests, the fish were able to recognize a learned human face from 44 new ones and hit their original target 81 percent of the time—even when the color and shape of the head were changed.

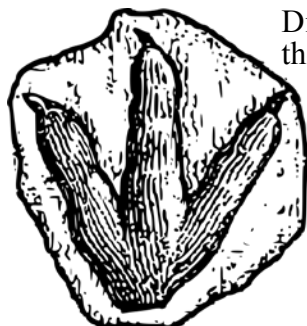

Because fish have no neocortex in their brains, and presumably no evolutionary need to recognize and distinguish between humans, the discovery is unexpected—and interesting to scientists studying brains of all kinds.

How did dinosaurs travel across the oceans?

The remains of similar species of stegosaurus and other dinosaurs have been found on both sides of the Atlantic Ocean, prompting scientists to speculate about how some dinosaurs, along with mammals and other land animals, made their way across oceans after the breakup of the supercontinent Pangaea hundreds of millions of years ago.

The latest theory suggests that North America and Europe were joined together by two strips of land that existed during the late Jurassic period—some 151 million to 154 million years ago—and the early Cretaceous, approximately 129 million to 131 million years ago. One land bridge connected Canada to the Iberian peninsula, and the other provided a route between North America and Scandinavia.

Dinosaurs like the stegosaurus and allosaurus could have moved along the land bridge along with turtles and early mammals. According to the Science News website, tectonic activity could have caused ocean shelves in relatively shallow water to rise above sea level. The bridges would have been narrow strips some 80-160 kilometers across—before they sank back into the sea.
