**G**reetings All!

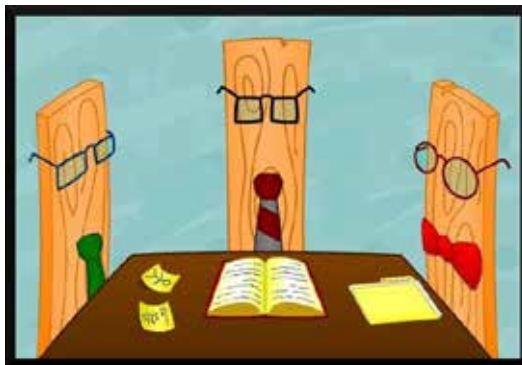

Hope everyone is enjoying the summer. While it may seem like things are quiet as the summer months are quickly moving by, there is a lot going on in the background. This is the time of year that Board members are receiving bids for upcoming projects. Even though the projects will not begin until the new budget goes into effect on January 1st, 2018, all of the information needs to be included in the 2018 budget that will be discussed at the upcoming budget workshops.

By the time you read this article, the first workshop for the 2018 budget will already have been held, on August 24th. If you missed it and want to comment, make sure to attend the second workshop which will be held on Tuesday, September 12, 2017 at 2 pm in the clubhouse. All homeowners are invited to attend.

My understanding as I am writing this, is that there was more than a bit of excitement over the past weekend involving young adults breaking into automobiles in the area of Blue Jay. Three Blue Jay homeowners reported that items had been taken from inside of their automobile. It is important to remember to lock your vehicle, even if it is just outside of your home in your driveway. Most thieves are looking for “easy pickings” and are not likely to break a window to get into a vehicle. The extra few seconds that it takes to secure your vehicle could save you a lot of time and misery if important items are taken. Please keep this in mind.

With Labor Day approaching the flags will be put out over that weekend, but they will be picked up by Monday morning so the grass can be cut, unless we hear from our landscaper that they will not work that day. The turf just grows too fast at this time of year to skip a week. The flags will remain in the flower beds around the clubhouse and entrance on the holiday.

Finally, there will not be an operations meeting on Monday September 4th due to the Labor Day Holiday.

# From The Social Club

*Sally Ericson. Reporter*

**C**an you believe it is September already!? Oh yes, believe it. As a youngster, the summer days always seemed to go by so fast and as a “not-so-youngster” they have gone by even faster!

With the emergence of September, there is good news and bad news. The good news,... some of our “Snow-birds” are returning... As of this date we are now four (4) months into our hurricane season, (only 2 more to go). September is the apex of the hurricane season and so far it has been fairly calm .

The bad news is.....Ha!.....Can’t think of any!..... Except that you might have missed out on some of the fun activities that are listed here. Some have already happened, but some are coming up. You will want to make note of, and “hurry “ back to enjoy them with all your Blue Jay friends.

August 19th - Summer Dance Party with music by Nolan Ray.

September 4th - The annual Labor Day Cook-out..... The Social Club supplied entrées of hamburgers and hot dogs. Attendees were asked to bring a salad or dessert. Music by Rich & Cindy Williams.

October 14 – Pot-Luck Diner..

October 28th – Halloween Dance – So get ready with your costumes (prizes awarded for the adjudged “out- standing” ones)) Music by Ray Curtis.

November 18th – Fabulous 50’s Dance .....Flash Dance is the music.

And that’s not all.....Keep in mind, we are open to any additional suggestions to initiate and include even more fun events!.... And volunteers/helpers are welcome.

Pat , the Social Club and every one of us, are looking forward to all residents returning to BlueJay.....

## Red Hat Mamas

Bonnie Preston, Queen Mother

Our Red Hat Luncheon was hosted by Roxie Swartz & Ronnie Beetle on July 20th. We met at the club house to be checked in and to be sure everyone had a ride. Roxie commented that this works very well.

The restaurant chosen by our hosts was the Bistro, which was new to many of us. There were 20 ladies present. Our 50-50 drawing was held and the lucky winners were Beverly Wood & Alice Golding. An extra drawing has been added with \$5.00 from our treasury and this was won by Marcy McGrath.

Many of us stopped at "A Girlfriend's Touch" boutique afterwards and did a little shopping. I had gotten to know the owner, Lisa, and she was so glad to see my Red Hat friends! She gave us a nice discount too! That was fun!

Hope to see you all next month!

# Gopher Tortoises

*Submitted by Ronald Beardsley*

We have many Gopher Tortoises living in the power line area to the east and along the R.V. lot to the north. There are signs there stating, “Protected Area, Keep Out”. We also flag their burrows with marked stakes. This is to alert people that Gopher Tortoises have burrows in the area and are not to be disturbed.

The state of Florida has declared the Gopher Tortoise as a threatened species and they are protected by Florida state law, (chapter 68-A – 27. 003). It states, “The Gopher Tortoise is hereby declared threatened and shall be afforded the protective provisions specified in this paragraph. “No person shall take, attempt to take, pursue, hunt, harass, capture, possess, sell or transport any gopher tortoise or parts thereof or their eggs or molest, damage or destroy gopher tortoise burrows or habitat.” A violation of this state rule could result in a fine by the Florida Fish and Wildlife Commission.

In short, it is against the law to kill, harass, or destroy gopher tortoises, their eggs, burrows and habitat. Any violation could result in a fine to the individual by the Florida Fish and Wildlife Commission. Violations can be reported to the FWC at 1-888-404fwcc.

We ask that you help protect these ancient and gentle creatures by abiding by the state law protecting them.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

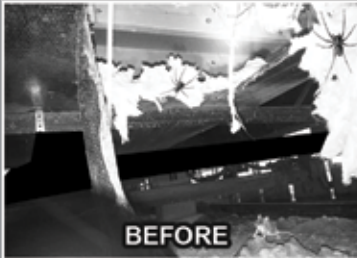

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Chocolate may be good for your heart

In case you're looking for an excuse to eat some chocolate, consider this: It may reduce your risk of irregular heartbeat.

An analysis of some 55,000 adults from Denmark found that eating 2-6 ounces of chocolate a week was associated with a 20 percent decreased risk of atrial fibrillation, or A-fib, otherwise known as an irregular heartbeat. A-fib can compromise blood flow in the upper chambers of the heart—the atria. People with A-fib are five times more likely to suffer a stroke, according to the American Heart Association, and have twice the risk of a heart-related death.

Moderate consumption of chocolate, especially dark chocolate, appears to reduce that risk, although binging on larger amounts can obviously lead to weight gain and associated problems.

## Carbon monoxide safety tips for your home

Carbon monoxide (CO) is a colorless and nearly odorless gas that's created by the incomplete burning of solid, liquid, and gaseous fuels. Appliances that burn LP gas (liquefied petroleum), oil, coal, kerosene, coal or wood may produce carbon monoxide. Carbon monoxide is also poisonous to animals and people. Symptoms of its effects include:

- Headache
- Fatigue
- Shortness of breath
- Nausea
- Dizziness

To prevent CO poisoning, take these precautions:

- Buy and install a CO alarm. Make sure it is listed with Underwriters Laboratories or that there is information on the package that indicates that it meets the requirements of IAS 6-96 standards. Follow the directions for placement and installation.
- Install appliances properly. Most of them should be installed by a professional.
- Practice good maintenance. Have your heating system (furnaces, flues, and chimneys) inspected and serviced by a professional every year.
- Burn charcoal outdoors only. Never burn it in a tent, home, garage, vehicle, etc. Don't use portable fuel-burning camping equipment indoors or inside tents, etc.
- Make sure you turn off fuel-burning engine equipment when you are inside a garage or basement. Just having the doors open does not ensure your safety.
