## President's Corner

Don Fitzsimmons

**H**ello to All,

June is here in all its glory here in Ohio. Had a small tornado drop down briefly in a neighboring shopping center about 1/2 mile north of us. No one hurt but lots of damage to a couple of stores and then some houses on to the north of the center. So much for excitement.

Hope all of you are enjoying good health and out and about enjoying this good weather.

All is well in the park at this time. A minor leak in roof of clubhouse and that is to be repaired. No more word on the permit for the ditch so we continue to pester the contractor to get that project started.

Unit 113 is in the process of being sold so we will have new neighbors in that unit when we return.

Dottie Lokanc is in the process of transferring her property to her granddaughter and will be leaving to live with them back in Indiana I believe. Dottie we wish you well and know you will get lots of loving care with Linda and Eric. We thank you for all you have done for the park over the years, too many to list them all but please know that all your efforts were much appreciated by those of us who were in the park to enjoy the fruits of your labor.

Everything else is going smoothly and the 31 residents left are enjoying their quiet time but are also anxious for their fellow residents to get back to the park.

All for now. So be strong and do a kind deed for somebody today. It will be returned to you multifold.

## Social Committee Tidbits

Ingrid Eby

---

**G**reetings everyone from Bryce Canyon in Utah. Dennis and I are still on our Westward Ho trip. We are four weeks into a six week venture. I am writing this from a campground in Bryce Canyon and the inter net is very iffy so I hope this gets to Byran and Roz in time for the newsletter deadline.

News from the park is all good. Everyone is doing well and the Memorial Day Party was a huge success. Mary Gilmore is writing an article with all the details so I will not repeat. Everyone had a great time and it was the hit of the summer so far.

At this point in time, no news is good news. There have been no unusual happenings in the park which makes for a quiet summer for those who stay year round. We thank those people for keeping an eye on everything and keeping Boca Ciega up and running while all of us snow birds are back home.

## NEWS AND NOTES

---

There have been lots of surgeries to report.

Betty Manis is recovering from gall bladder surgery. We wish her a speedy recovery and we know she will be up and about as soon as possible. Nothing can keep Betty down for long.

Bonnie Nemecek had a knee replacement and from all reports is doing very well.

Butch Persons has had surgery, but I haven't had any reports on his progress.

Whitey Hughes in Unit 96 had bladder cancer and had a tumor removed. He is doing well. Will have to be checked, but at this time will not need chemo or radiation.

We offer up our prayers for continued recovery for each of our friends and ask God to bless them as they continue the healing process.

At this time we need to bid a fond farewell to Dotti Lokanc. Dotti has been ill for quite some time and has had to go North to be with loved ones who can take care of her. She has been a long time resident of Boca Ciega and will be missed. Dotti was the Outside Activities Co-ordinator for many years. Many of the residents enjoyed the many cruises she planned over the years. God speed Dotti.

As always we pray that everyone will have a safe and healthy summer. Until next time, enjoy the summer and warm weather.

## Memorial Day

Mary Gilmore

---

**To all the veterans in our park, we thank you  
for your service.**

**Let us always remember those men and women  
who did not come home.**

**May God bless and keep in his care the men and  
women who are serving our country today.  
We must never take our freedoms for granted.**

**O**n Memorial Day, we had a get-together dinner that was hosted by Mary and Bill Lawrence with help from Betty and Rich Cerny, Shirley Mann, Bobbie Brooker, John Tirschman, Kathleen Kohler, Doris Brookhart, Ginny Tracy, and Mary Gilmore. Nearly all of the park, thirty one of us, sat at two long tables flanked by two round tables and enjoyed our dinner that was catered by KFC. Several girls added dishes of deviled eggs, a pot of baked beans and a tray of cookies. Our meal ended with made to order ice cream sundaes. With music from the years of World War II, the years of the Korean War, and the years of the Vietnam War in the background, we all enjoyed our meal and caught up on the goings on in the park and in our lives. Thanks again to Mary and Bill Lawrence for all the planning and the shopping that they did to make the day special for all of us.

**Eye Injury Prevention Month.** Eye injuries occur at a rate of more than 2,000 per day, with an estimated 1,000 eye injuries occurring in American workplaces alone. In addition to wearing proper safety eyewear, early detection and treatment of eye conditions and diseases are essential to maintaining good vision throughout your life.

**Independent Retailer Month.** Celebrate independent retailers across the country. Support and shop independent merchants all through the year, and use July as a time to unite for the independent retailers in local communities that help build our economy.

**National Hot Dog Month.** What better month to enjoy a delicious hot dog? The National Hot Dog and Sausage Council estimates that Americans eat over 7 billion hot dogs between Memorial Day and Labor Day, with 150 million consumed on the Fourth of July alone. Do your part.

**Parks and Recreation Month.** This year marks 30 years of Parks and Recreation Month, highlighting the enduring importance of parks and recreation for the world. From the start, parks were created to give us a place to appreciate nature, exercise, socialize, and have fun—a mission that lives on into the future.

## Trust in others rises as people grow older

In a cynical world, trust can seem hard to come by. But new research suggests it may grow as we get older. The World Values Survey, collecting data from more than 200,000 people in 83 nations, found that more than a third of people 80 years old or older agreed with that most people can be trusted, although just a quarter of 20-year-olds said the same.

The results were consistent regardless of nationality, gender, education, and income.

A similar study, analyzing data from the General Social Survey of 1,230 U.S. citizens over time, also found that our willingness to trust increases as we grow older.

One possible explanation: As time goes on, most people tend to simplify their lives and spend more time with their families, resulting in a more positive and generous attitude about the world.

## That morning cup of coffee may be really good for you

A lot of us depend on a cup of coffee or two to get going in the morning. But coffee may have even more significant health benefits. Here's a quick look at what it may do to improve your life:

- **Melanoma.** A study by the National Institutes of Health and the AARP found that the more coffee people drink during the day, the lower their chances of developing melanoma over a 10-year period. Four cups of coffee a day was associated to a 20 percent drop in melanoma risk.
- **Multiple sclerosis.** An analysis of two studies of people diagnosed with MS (one in the U.S. and one in Sweden) found that consuming at least four cups of coffee a day appears to delay the onset of symptoms. The caffeine, researchers say, seems to have neuroprotective properties that inhibit MS development.
- **Liver cancer.** Drinkers of three or more alcoholic beverages a day may be able to cut their risk of liver cancer by drinking coffee, according to a recent World Cancer Research Fund report. Coffee and coffee extracts appear to have a preventative effect on the expression of genes involved with inflammation—an effect that's most prevalent in the liver.

## The state of food across the U.S.

---

Every U.S. state is known for something: slogans, state birds, celebrities, etc. If you're hungry, or planning your vacation menu, consider some of these official state foods found across the country:

- Alaska: Salmon (state fish)
- California: Avocado (state fruit)
- Delaware: Peach pie (state pie)
- Georgia: Grits (state prepared food)
- Illinois: Popcorn (state snack food)
- Louisiana: Sweet potato (state vegetable)
- Maryland: Smith Island Cake—a yellow cake of 8-10 layers with chocolate frosting (state dessert)
- New York: Apple muffin (state muffin)

## The creative process—from the artists who know

---

What do professional artists, writers, and performers think about creativity? From The Guardian come these thoughts on the process from people who depend on their imagination to do their jobs:

- Guy Garvey, musician. “Just start scribbling. The first draft is never your last draft. Nothing you write is by accident.”
- Polly Stenham, playwright. “I’m very fidgety, and I seem to work best when my hands are occupied with something other than what I’m thinking about. During rehearsals, I find myself drawing little pictures or symbols that are somehow connected to the play.”
- Tamara Rojo, ballet dancer. “An idea never comes to me suddenly; it sits inside me for a while, and then emerges.”
- Mark-Anthony Turnage, composer. “If you get overexcited by an idea, take a break and come back to it later. It is all about developing a cold eye with which to look over your own work.”
- Fyfe Dangerfield, musician. “For me, the image of the tortured artist is a myth—you don’t need to be miserable to write songs. In fact, if I am feeling down, the last thing I want to do is write; though it’s important sometimes just to sit down and get on with it, however you’re feeling. Your creativity is like a tap: if you don’t use it, it gets clogged up.”

## Support innovation with continuous learning

---

The more you learn, the more material you have for your creative efforts. To master lifelong learning, no matter what your ambitions are, consider these points from the Innovation Excellence website:

- **Laughter is good for the brain.** Find the humor in whatever you do. Laughter will help you remember incidents better, and also generate a sense of security which supports a well-balanced mind.
- **Learn in chunks.** Instead of trying to memorize information in big blocks, concentrate on learning a few individual points at a time. You'll retain more without the mental exhaustion of cramming.
- **Study a foreign language.** Bilingual speakers tend to process information more efficiently than those who speak only one language. People who exercise their brains by learning Spanish, Japanese, or some other tongue frequently find they don't have to work as hard performing other cognitive tasks.

## Keep your mouth shut

---

A turtle was lying on the bank of a river one day when he heard two hunters walk by, talking about how they planned to come back the next day to catch some turtles for soup. He worried all night, because he knew he couldn't outrun the hunters, and in the morning he had a plan.

He saw two birds in the tree overhead. As the hunters approach, the turtle called out, "You up there! Would you help me escape these hunters?"

"What do you want us to do?" the first bird asked.

"I'll hold this stick in my mouth," the turtle said, "and you two pick me up and fly me to the other side of the river."

The birds agreed and flew down to the ground. The turtle clamped a thick stick between its jaws, and the birds slowly lifted him up off the ground.

As the hunters reached the riverbank, they stared in amazement. "Look at those birds! They figured out how to carry a turtle across the river! Those must be the smartest animals in the world!"

Jealous, the turtle cried out: "It was my ideaaaaa ..."
