Presidents Report

Don Bocchinfuso

Just a short note as all of us snowbirds get ready for our return to Boca Ciega. The park is in good shape. The ditch was trimmed in August, and the roads were seal coated and looking good.

Many thanks to PH & Gene Turner for there help in coordinating this for us.

A very sad note on Dan Spitzley, his recovery had a setback, his infection would not heal and it was discovered he had staff infection. He is being treated and it will delay his return. Keep him in your prayers for a speedy recovery. I miss you already Dan.

In closing, I am looking forward to seeing you all soon

Summer News

Ingrid Eby

Summer has ended -- the signs are all around us. School has begun, football has started and the blistering heat has subsided. The Halloween costumes are in the stores along with large bags of candy for the Trick or Treaters. With all of that occurring -- the next step for Snow Birds is thinking about heading South.

Every year the seasons keep coming faster and faster at our age. I don't know the reason but time seems to fly by. Maybe it's because the older we get we want time to slow down so we will be around longer. Whatever the reason we can't make time stand still. So, it's time to look forward to another season of fun down at Boca Ciega and getting together with all our park friends once again.

Last year at this time we were all worried about Hurricane Irma and the devastating effects she could have had on our park. So far this year tropical storm Gordon just dropped more rain on the park than usual. However, now South Carolina, North Carolina and Virginia are closing p their homes and evacuating. Our thoughts and prayers certainly go out to them. We know hurricane season is far from over and we still need to be vigilant.

News and Notes

I know of a few of our Boca Ciega family that need our thought and prayers.

Dave Baldwin needs prayers for healing of the incision on his back so he will be able to have the treatments he needs for complete healing.

Dan Spitzley needs prayers for recovery from the staph infection he contracted after his triple bypass surgery. Dan is going to Michigan State University to get further treatment to clear up the infection.

Tom Logan is on oxygen now and needs our prayers for comfort and for the oxygen to do its job.

There may be others who need our thought and prayers and thankfully God knows all our needs.

The secret of staying young is to live honestly, eat slowly, and lie about your age.

The Summer Adventures of Shirley Mann

As summer approached Shirley began to make plans for her escape from the heat and humidity. First a quick call to New England to see if there would be room at the inn for this Florida escapee, without question her request was granted and plans for her escape began to formulate. Shirley arrived in New Hampshire mid-July on a beautiful yet typical day in New England, one moment it was sunny and bright the next it was dark and rainy. These weather conditions were exchanged several times that day, though we managed to avoid getting

wet as we enjoyed lunch and food shopped before our final arrival at the lake in Massachusetts. After a few days of watching the raindrops come down a hasty call was made to folks at the coast who stated “It’s beautiful here”. Information in hand we jumped into the car we headed east with much anticipation. We arrived in York, Maine 2 hours later to hear roaring thunderous waves crashing on the rocks that make up a great portion of the Maine coastline. Wanting Shirley to have the full coastal experience we parked at Long Sands Beach so she could dip her toes in the brisk and chilly waters of the Atlantic. As anyone who has done so knows the northern waters of the Atlantic are never much more than a balmy 66 degrees all summer.

We next ventured to the historic areas of Lexington and Concord where brave patriots faced off with British Redcoats in the first battle of the American Revolution at the Old North Bridge. From there we headed to the Walden Pond area where author, Henry David Thoreau lived for two years. We also visited the deCordova Museum catching up with Shirley’s family members, one who lived in the Boston area. Discussions with Shirley revealed that she and her husband had traveled extensively abroad and within the United States so finding new adventures would require stepping it up a notch going forward.

One thing that quickly came to light was Shirley’s appreciation of ice cream thus hatching a plan for a trip to the state of Vermont. I plied her interest in the state with a planned picnic at Quechee State Park the site of Quechee Gorge which is situated 165 feet below the bridge you can both walk and drive across. Knowing our lengthy road trip could only be appreciated by the truest ice cream lover, I secretly continued to drive north to the most famous ice cream factory in the world. You know it as Ben and Jerry’s but Shirley had another cute reference

as she shared our combined 10-hour trip with family and friends as her trip to Tom and Jerry's. We chuckled over this the remainder of our time together.

We had knocked off another state # 4 in our adventures, needing to adventure on we grabbed our passports and headed west at a slightly northern angle arriving in Zurich, Ontario, Canada ending facing the shore of Lake Huron at the home of John and Mary Swinkels. We were treated to tours of the Bayfield/Goderich area to the north viewing the largest salt mining facility in North America along with stunning views of the lake, fields of corn and soy beans along with Grand Bend to the south truly an ideal place to spend one's summer months. After several days of sharing their home being treated like family, it was time for Shirley to earn her keep. So, John gassed up the John Deere and Shirley hopped on.

Well our time together was running short; we needed to head home to the states. We would have time for just one more state, the state of Connecticut as Shirley was to fly home from Bradley International Airport in Windsor Locks. CT. I am very happy to announce that Shirley safely navigated 5 states and 2 countries with no broken bones or hearts. We hope everyone has had an adventure this summer this is one Shirley and I will never forget.

Did you know that October is also...

National Apple Month. Because apples are high in fiber and contain no sodium, cholesterol, or fat, they make a great snack. With more than 2,500 varieties grown in North America, it won't be difficult to find one you can enjoy chopped into your morning oatmeal, baked into a pie, or cored and sliced any time of the day when you want a delicious treat.

International Augmentative and Alternative Communication (AAC) Awareness Month. AAC is a set of strategies, tools, and devices used by people to overcome communication challenges. People who rely on AAC might use sign language, text, pictures, symbols, speech-generating devices or a combination of these for their basic communication. This month let's increase our awareness of the possibilities that could develop when everyone has the ability communicate effectively.

National Work and Family Month. In 2003 the U.S. government designated October as a time to promote sensible, flexible, and healthy work environments, as well as the benefits of work/life balance. Don't wait for your employer to create an initiative or perk to combat the daily grind. Take a day or more of PTO to decompress from your busy life and reconnect with your family.

Positive Attitude Month. Researchers believe people who embrace a positive outlook have less stress, an increased sense of well-being, better coping skills, and longer life spans. Purge the negativity from your life: Meditate, pray, practice positive affirmations, and surround yourself with only happy people. Do whatever you must, but always look on the bright side.

Fire Prevention Week, Oct. 7-13. This year's motto is "Look. Listen. Learn. Be aware. Fire can happen anywhere." Look for and eliminate potential fire hazards in your home. Listen for the sound of smoke alarms. Learn two ways of exiting every room in the event of an emergency. Visit the National Fire Protection Association website at <https://www.nfpa.org/Public-Education/Campaigns/Fire-Prevention-Week> to access more information.

Bone and Joint Action Week, Oct. 12-20. It's estimated that more than half of the U.S. population over 18 is dealing with some sort of musculoskeletal issue. This can include arthritis, osteoporosis, back pain, injuries or other conditions causing pain, disability, and a diminished quality of life. There is hope. Visit the website for the U.S. Bone and Joint Initiative at <https://www.usbj.org/> to find out about research, prevention, and initiatives targeting bone and joint issues

National Taco Day, Oct. 4. Have one for breakfast, lunch, dinner, or any time of the day. We celebrate the taco on this day just to give you one more reason to enjoy them.
