BOARD BUSINESS and UPDATES

From the Desk of – Jeff Clark, *President*

Under Florida law, our community is a condominium, albeit a very unique one. When you hear the word “condominium,” what comes to mind? For me, it would be a building 15 or 20 stories tall, or maybe groups of attached townhomes. And in those typical condos, you never have to worry about the exterior of the building, because the association takes care of it for you. Someone tends to all the plants, paints the exterior, and they repair & maintain the doors, windows, and roofs. In a well-managed association, everything always looks well-kept; it's a community you're proud to live in. BUT- the typical condominium owner pays \$400-\$500 per month in maintenance fees. Even at the low end of \$400 per month, that's nearly \$5,000 per year. Ouch.

Now, your Briar Creek Phase 1 maintenance fee of \$162/ month totals LESS than \$2,000 per year, a savings of nearly \$3,000 per year compared to the typical condo. While you do have some expenses to maintain your property (assuming you don't do it yourself), I'm sure you're not spending anywhere near that \$5,000 figure mentioned above. Still, we want to make sure our community is an attractive one, and that's where the Annual Inspection comes in. Using a standardized inspection procedure (which is available on the Briar Creek website), each home is inspected in late January or early February. If the inspectors find any shortcomings, they'll

...continued on page 6

note them on their inspection form, and you'll have 30 days to correct them. This procedure makes sure our community is a neat and tidy one, and may help you find small problems, ones easily fixed before they turn into big and expensive projects.

Most Briar Creek homeowners take pride in their residences, and it shows in how well they maintain them. But some neighbors need a little help in this area, so an annual inspection benefits us all. Now that you know WHY the Annual Inspection is important, I'll be explaining over the next few months our inspection procedures, the appeal process, and what to do if you can't complete necessary repairs within the 30-day allotment. And though six months away and subject to change, I'm currently planning next year's inspections for February 1st through the 10th.

Martin Shapiro, Director

ODE TO THE VOLUNTEERS

By Martin Shapiro, Clubhouse Chairperson, to honor the members of our community who dedicated their time, skills and sweat to the Clubhouse renovations project.

All hail the mighty painting volunteers!

Tape it up; cut it in.

Up the ladder, down the ladder.

Roll the paint, roll the walls.

Up the ladder, down the ladder.

Bend and scrape, reach and roll;

Brush the paint, prime and coat.

Roll, roll, roll, roll.

Up the ladder, down the ladder.

Brush, brush, brush.

Move the ladder, move the cloth, get more paint;

Pour, roll, brush, brush.

Up the ladder, down the ladder.

Change the color, tape, roll, brush.

Cut it in, touch it up, wash the brush, wash the tray.

Up the ladder, down the ladder.

Pull the tape, stock the shelves, wash the brush, wash the hands.

And now... it's done!

Honor now the dead tired, aching, dirty, sweaty, mighty Briar Creek Phase I Volunteer Painting Crew!

Please welcome Phase II residents to our pool while the pool/clubhouse at Phase II undergoes repairs and renovations. The project is expected to take about forty-five days. The pool at Phase II will be closed on and off during that time. Phase I pool will be available for all Briar Creek residents of both phases during that time frame. As of now there are no specific dates.

Director, *John Pickering*

August mowing schedule includes our Friday weekly dates; 3,10,17,24,31. Please remember to protect your plastic skirting with a brick barrier, and stage flags of some sort around specific areas you do not wish to have mowed or weed whipped. Please stop by my driveway at 91 Cedar Elm if you have a chance and check around the galvanized trough where we've successfully birthed over 60 beautiful Monarch Butterflies

this winter. The process here in Florida is essentially year round and we're hopeful that new Monarchs will be emerging all summer long. It's truly a wonderful experience to enjoy.

Weekly lawn mowing is scheduled for AUGUST 3,10,17,24,31.

Blood, Sweat and Tears

Ok, just a couple of drops of blood when Fred Mbiad cut his finger on day one of the BC Phase 1 Clubhouse Makeover. Lots and lots of sweat from the crew of volunteers, who stripped old base board, taped around edges, moved books, emptied closets and storage rooms, and painted. The tears, actually moans, emitted by those of us with arthritic joints from getting into and out of unusual contortions or climbing up and down ladders, to brush and roll paint to beautify the clubhouse.

While the world was tracking the soccer team of boys trapped in the cave in Thailand, Martin Shapiro practically locked us into tight spaces with poor air circulation, whatever water we brought, and an occasional Klondike bar and cake. Although far less precarious and dramatic as the trapped boys, we too, emerged victorious!

The pictures on page 21 are truly worth a thousand words!

?DID YOU KNOW?

Betty Chatigny captured this critter casually crunching on grass. Cute – maybe. Cuddly – definitely not!

In Briar Creek, there is no designated area for armadillos, they go everywhere. It is true that the nine banded armadillo carries leprosy but we are more likely to encounter one of the holes they dig and possibly stumble if we blindly step into one.

There are many suggestions on how to best eradicate the critters from your yard. The question is really which one is most successful. If you have a tried and true technique, please share it with your neighbors!

FREDDIE THE FLAMINGO

Dave Doran

Freddie Flaming strongly suggests: when walking around the house, listen for water running, especially near a toilet. Water is our biggest cost; taking care of water leaks benefits all of us.

Make sure your house numbers are in good condition on your house and mailbox. If there is an emergency it makes it so much easier for those coming to find your house. Not to mention the pizza delivery guy!

Going away? Make sure you call the sheriff's office at (727)582-6177, they will watch the place while you're away! They will want to know appropriate dates that you will be away.

CAUGHT BEING A GOOD NEIGHBOR

Please share if you have been "good neighbored" or if you witness a random act of kindness.

Speaking of Random Acts of Kindness (RAOK)...

Pat Arend and Donna Hartin are resident BC rock painters. They rock their creative energies as part of a recognized movement to plant kindness in random places such as malls, parks, restaurants, outside business establishments, hotels, hospitals, or even hand one to a stranger.

‘When you place a rock out in the wild,
It may be found by an adult or a child.
They may provide it a forever home,
Or play the game and let it roam.
Sometimes a photo on Facebook is shared,
So we can see how the rock has fared.
Sometimes no photograph can be seen
And we just don't know where the rock has been.
But we must remember the reason behind
Why we all began to rock, paint and hide.
To spend time together with friends and family
To embrace the outdoors, relax and get crafty.
To spread love, and joy and all the while
Together we've made somebody smile.’

...continued on page 30

<https://www.thekindnessrocksproject.com/>

The link above and many others will provide you with information and the idea behind the rock movement...or just speak with Pat or Donna. Look for their painted rocks in the BC Mart. Donna and Pat will have a table of their rock work at the upcoming Bazaar. Usually they don't sell their rocks, but within BC, proceeds will fund the Social Club. Be on the lookout for hidden rocks where ever you roam.

VOLUNTEER HIGHLIGHTS

HURRICANE SEASON IS BACK!

Better to be over prepared and safe than to be caught off guard. Buddy up with friends or neighbors to develop an evacuation plan and exchange contact information if we need to leave. Be safe; not sorry!

To assist you in preparing for the season pick up a copy of the Pinellas County 2018 All HAZARDS Preparedness Guide now available in the Book Nook. Feel free to take more than one if you want to share with non-resident friends and family.

Briar Creek Bugle Phase II – August 2018

(Pete Loranger-Editor Phone 421-2321)

(E-Mail: Pete316@Knology.net)

TOM FEELEY-VICE PRESIDENT

As of July 15, 2018 we are still awaiting the metal to be installed on the roof mansards. During the week of July 8 we received an email from the roofing company, Service Works said that the metal for the mansards has been received and is currently at their fabrication shop. The company owner, Jeff Anderson reported the metal for the mansards could be ready for installation within the next couple of weeks. During the roof installation on the clubhouse there were a couple of small leaks that damaged the dropped ceiling tiles. When installing a roof like the one we have on our clubhouse that contains the HVAC systems and mansards there are always issues that develop during the process. Prior to signing off on the roof project, all ceiling tiles will be replaced.

I would like to recommend that all residents check their rain gutters for debris. Rain gutters to include the down spouts that contain debris is an invitation for various crawling insects to nest. If rain water cannot drain out and away from your structure, problems will develop. Please be a good neighbor and keep you home clean, property free and clear of unnecessary storage & weeds.

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

Monthly

American Adventures Month. This is your last chance to get away before summer ends and school starts. Take a road trip, go camping for a weekend, or visit tourist attractions in your home state or a neighboring one. Whatever you do, don't let the season end before you and your family have had an adventure.

Happiness Happens Month. Of all the random things that can happen in your life, choosing happiness can have a powerful influence on your quality of life. Embrace joy, smile more, choose kindness, and let the good vibrations flow.

National Peach Month. Once again peaches are in season. If that's not something to be happy about, then what is? Because some of the best tasting peaches have been grown in western Colorado for over 125 years, consider attending the 50th Palisade Peach Festival this month. To learn more, visit <https://palisadepeachfest.com/>.

National Water Quality Month. How can you reduce pollution and help protect natural sources of water in your community, and the world at large? Use environmentally friendly household cleaners; dispose of waste, pharmaceuticals, and hazardous chemicals properly; and manage the gray water and debris flowing into your storm drains.

Weekly

Simplify Your Life Week, Aug. 1–7. It's not at all complicated. If it doesn't serve a purpose, isn't working, and can't be fixed, get rid of it.

Exercise with Your Child Week, Aug. 5–11. Do your part to prevent obesity, improve bone density, and contribute to the overall health and welfare of younger generations. Help your children develop a habit of regular physical exercise and activity. Walk your talk this week and beyond.

Safe and Sound Week, Aug. 13–19. Workplace and employee safety take center stage this week. Visit <https://www.osha.gov/safeandsoundweek/> for ideas and activities.
