TO: ALL BRIAR CREEK PHASE 1 PROPERTY OWNERS RE: PROXIES FOR ANNUAL MEETING – DECEMBER 7, 2015

You will be receiving in the mail from Progressive Management your General/Limited Proxy. It is important that all owners submit their Proxy for our Annual Meeting scheduled for 10:00 AM, Monday December 7, 2015. Your completed SIGNED Proxy ensures the Board of Directors will be allowed to conduct business during 2016. Unsigned proxies will not be counted.

Be sure you vote for each issue as explained in the Proxy. A quorum of owners (159 of 317) is required to pass the listed issues. Only one Proxy is valid per property. If you own two properties, submit a proxy for each one. Please show your Unit Number, then date and SIGN your Proxy before submitting. The signature must be any owner on the title. If you change, or have changed the title or mailing address since purchasing, you need to let Progressive Management know.

You must submit your Proxy prior to 10:00 AM on December 7, 2015.

There are several ways to submit your Proxy:

1. Drop in mail slot at Clubhouse Directors Office; or
2. Give to Jo Ann Barr any time, or drop off at 106 Cedar Elm Dr, put in black mail box at back door; or
3. Mail to Progressive Management.

It is recommended that your Proxy be dropped at the Directors Office or given to Jo Ann Barr. Mailing slows the tally process. Early submission insures there are enough proxies received to conduct business during the 2016 year.

If you have any questions or need to know your Unit Number, please call Jo Ann Barr (727-669-3820). Thanks for your help.

PLEASE NOTE:

Extra copies of the Proxy voting page will be available. Progressive Management mails your Proxy to the address they have on record for you.

Board Meeting

Owner Service

Be sure to check out the www.mybriarcreek.com website. This is a comprehensive view of Briar Creek community. This month the Owners Services web page has been expanded to include many of the services performed for Briar Creek. While we do not specifically endorse any service, these businesses have shown reliable and dependable service to owners in Briar Creek. If you have a service which you have used in Briar Creek with repeated satisfaction, contact the webmaster at www.webmaster@mybriarcreek.com so we can list the service. We often get calls from residents looking for information for wanted services. These are services that come recommended by fellow residents in Briar Creek.

Thank you, DeWayne Hehl! Welcome to Phil Houpt!

DeWayne has been our "go-to" guy for Briar Creek resident name badges for 14 years! Now he's ready to take a well-earned hiatus. Fortunately, Phil Houpt has volunteered up to take over DeWayne's volunteer duties in that area. Phil can be reached at 754-2881. There will be a new sign-up sheet on the bulletin board with information on how new residents can order a name badge.

Thank you, DeWayne, for your outstanding volunteer work over the years. It is appreciated.

Don't Forget to Change Your Clocks!

It's that time again! We will move our clocks BACK one hour when we go to bed Saturday, October 31st, so when we wake up Sunday morning, November 1st, we will once again be in sync with the correct time. The old saying, "Spring ahead and Fall back," says it all.

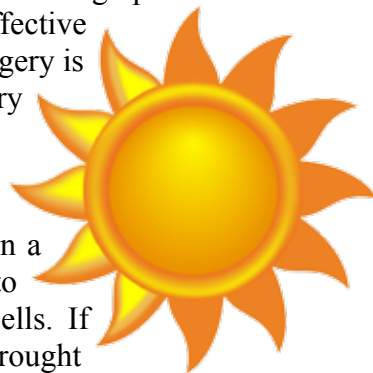

Diagnosed with Skin Cancer?

Living in the "sun belt" area means lots of sun exposure, which many times translates into skin cancer. That's the bad news. The good news is that there are many techniques for treating skin cancers, including one of the most effective treatments, which is Mohs surgery. Mohs, (rhymes with "nose") surgery was developed by Dr. Frederick Mohs in 1938, is a micrographic surgery proved to be highly effective in skin cancer treatment.

Two types of skin cancers, Basal Cell Carcinoma and Squamous Cell Carcinoma, (the most common skin cancers) can be treated with Mohs surgery. This micrographic surgery is accepted by many dermatologists as the single most effective technique for removing these two kinds of skin cancer. The surgery is a 98% (or higher) cure rate, better than most other types of surgery for skin cancer.

To put the Mohs surgical technique in simple terms, the patient (who has been previously diagnosed for skin cancer) is prepared with a local anesthetic in an outpatient facility. Then a small thin tissue section is removed; the patient is then moved to a "holding area," while the skin section is examined for cancer cells. If cancer cells are present in the removed tissue, then the patient is brought back into the operating area, and the procedure is repeated, taking off another thin section of tissue which is examined for cancer cells. When a tissue section comes back totally free of cancer cells, the surgical area is repaired and the patient goes home. Sometimes the entire procedure only takes two tissue examinations; and sometimes more procedures are required. The best news is that when the patient goes home, they have been declared cancer-free in the treated area.

Even better news is that Mohs surgery limits the amount of skin and tissue removed from a cancerous area, which is extremely important in the facial, head or neck area, which relieves many concerns about the cosmetic ramifications of traditional cancer surgery. To put it bluntly, rather than having a big chunk taken out of one's nose to remove a cancerous area, Mohs surgery should be considered to save as much tissue as possible, so that even a minimal amount of reconstructive surgery may not be necessary.

Mary Casola - In the Spotlight

Our In the Spotlight celebrity this month is Mary Casola, who lives at 95 Cypress Drive. Mary, and her husband, Joe, have lived in Briar Creek since December 2007. Mary was born in the Bronx. With an older brother (11 months older) named Dominick (Mimi for short) and a younger brother, Gene, by five years, Mary was a middle child. Her older brother and Mary were very close; so close, in fact they were sometimes referred to as "the twins."

Mary's father Victor was from Calabria, Italy, and a fisherman by trade; he not only fished, but he also functioned as a cook on the boat. Actually, it wasn't a boat ... it was a vessel with a capacity of 100+ men and it was called "The Three Sails." Dad brought home lots of seafood for family dinners, night after night. Unfortunately, seafood wasn't on Mary's list of favorites, but as she got older, seafood became an important part of the dinner menu.

Mary's mother Jean was known to her family as a "saint," by keeping order in the family. Jean was born in Montreal, Canada, and also worked as a shop seamstress, an occupation that she began between Mary's middle school and high school years. Working in the Bronx area meant many families did not even have a family vehicle; they simply walked to work, walked to shop, and walked to the homes of friends and relatives.

Attending Grace H. Dodge Annex Vocational School in the Bronx didn't mean hitting the books or studying for Mary. School days meant fun at lunch, recess, and sharing time in the bathroom with friends. Caught one time smoking in the restroom, even though the other girls got into hot water, Mary's "angel" seemed to watch over her and she escaped punishment. Mary never seemed to get into serious problems in school, even though she was mischievous; she mentioned she was usually the teacher's pet, thanks again to her "angel."

After graduating from high school, Mary entered the work force to work at a bank in the

...continued on page 18

bookkeeping area, along with about 200 other women. When Mary wasn't working, she was always in the midst of family activities, as well as keeping personal friendships alive and well.

When Mary started at the bank working with so many other women, it was in the days before computerization. As a result, a large staff was necessary to conduct banking business. At school, Mary turned out to be the "teacher's pet," and at the bank, she was also the special employee that the bosses treated a little better than the others. In fact, Mary was lucky enough to be able to do shopping for the management staff, especially around Christmas, when she was selected to do their Christmas shopping. No wonder Mary loved her job!

As computers began to be used more extensively in business, the staff at the bank was slowly reduced. Mary's job, rather than being eliminated, was changed to a teller's duties. There were lots of new things to learn, but she was up to the task and ended her bank career after many productive years. In fact, Mary was last of the 200 women to leave the bank.

One evening she was attending an engagement party about four blocks from her home, when her eyes fell on a handsome young soldier. Mary was with three girl friends, so she figured this young soldier could decide which of the four young ladies would pique his interest. Mary introduced herself to the soldier (who -- at least in Mary's eyes -- looked a little thin and could use some "fattening up"), and found out his name, and that he was on leave from the 716th military division of the U.S. Army. Since the soldier's name was Joseph Casola, it's easy to see which young lady caught his eye! In November, Joe and Mary will be married 55 years!

Mary and Joe had a big Italian-style wedding and honeymooned at Mt. Airy Lodge in Pennsylvania. The two of them went back after a few years to re-visit their honeymoon site, and discovered the lodge was now a gambling hall! Of course, they had to try their luck at the slots so their re-visit time wasn't wasted.

With a relative already firmly settled in Lutz, Florida, the couple decided to move south for family ties. Before making any firm commitment to purchasing their retirement home, they moved to an apartment in Eagle's Landing and started looking around the area. Luckily, Joe found Briar Creek and they, like many others before and since, thought this was the place to spend their leisure years. They had looked for homes in Phase 2, but happily ended up in Phase 1 on Cypress Drive. As Mary said, "We loved it from the beginning." Mary was ready to call a moving company, but Joe talked her into just moving a "few things" to the home, just one or two cartons at a time. Well, one thing led to another, and they ended up moving all their items to their new home on Cypress all by themselves.

Shortly after moving in, Mary was standing outside looking at their home, and Mike Foley of Gulfbreeze Vinyl came along. She and Mike started chatting and before long, Mike had the job of installing new windows and new siding for the Casolas.

Mary, with her pleasant demeanor and irrepressible sense of humor, fits right into the ebb and flow of Briar Creek activities. It's with great pleasure that we shine the spotlight on Mary Casola for October 2015!

BAZAAR 2015

Dave Doran

Although December 4th and 5th are down the road, they will sneak up on us very fast. I need to know who will be willing again this year to volunteer for the various departments; the list will be on the bulletin board. The list will show who volunteered last year and I request that you let me know if you will be willing to do so again this year. Everyone did such a great job last year, and I thank you!

If you have a computer, e-mail me as soon as possible at: flamingofarm@yahoo.com, or you can call me at 585-329-3827!

As soon as I return in late October, we will have a quick meeting to discuss new ideas and we will begin the first step for this year's annual bazaar.

SOCIAL CLUB

Dave Doran

It is fair to say that this year has been a frustrating year and as soon as I return, we will be having a Social Club meeting. I apologize to all for any inconvenience due to how things played out this year. I would like to discuss the procedure that is supposedly to take place for nominations and elections, the Social Club Membership, what it really represents and how we can make it more community-friendly.

This year has been a learning experience; volunteers are what makes it work and without them there are bumps in the road. Being 1300 miles away made it difficult.

Upcoming Events

Our Oktoberfest dinner/dance is scheduled for Friday, October 16. Since Ray Farrell was our guiding light for many years, and considering all the hard work he did in conjunction with this affair, it's only right that we call this event "The Farrell Oktoberfest." We will need volunteers to assist with this once-a-year occasion, so consider your strongest abilities, whether it's cooking talent, serving talent, decorating talent, clean-up talent and volunteer to help with Oktoberfest; we can use whatever you can offer.

Oktoberfest began on October 12, 1810 with the marriage celebration of Crown Prince Ludwig to Princess Therese von Sachsen-Hildburghausen in Bavaria. On October 17, five days after the marriage, a large fest was held in front of the Sendlinger Tor, one of the gates leading to Munich. And so began the Oktoberfest tradition.

Women often wear the Dirndl, which a close-fitting bodice combined with an apron in a different color. Sometimes the dirndl is sleeveless and worn with a cotton and lace blouse; sometimes it features sleeves and a high neck. Men's traditional clothing can include Lederhosen, knee-length trousers or short-pants made from leather, normally worn with rustic shoes and wool socks. As with other customs of the country, clothing depends on the occasion and region of Germany.

Halloween is just around the corner, so it's time to get out those old costumes (or think of new ones), and be ready to party on Saturday, October 31. Rich Kelly will be our musical entertainment. More details about this event will follow.

Bowling

Gene Arend

Briar Creek has a bowling league, really. We bowl every Friday at noon at Countryside Lanes on U.S. 19 north of the Mall. It's \$10, it's fun, and it's a great social event. No experience necessary. The bowling ball doesn't weigh much more than the grocery bags you tote from the supermarket. It's a great source of low impact exercise and it's with a bunch of wacky seniors just like us. It's great for dealing with stress, just think of someone who has twisted your noodle lately and then launch that bowling ball down the lane at the pins. We even have a banquet at the end of the season and chances are you'll win a prize at the end of the season, if for nothing else then showing up each week. So save the calories by spending that \$10 each week on bowling instead of Ice Cream and Cake.

Opal is the national gemstone of Australia. Australian opal has often been cited as accounting for 95-97% of the world's supply of precious opal, with the state of South Australia accounting for 80% of the world's supply.

The internal structure of precious opal makes it diffract light; depending on the conditions in which it formed, it can take on many colors. Precious opal ranges from clear through white, gray, red, orange, yellow, green, blue, magenta, rose, pink, slate, olive, brown, and black. Of these hues, the reds against black are the most rare, whereas white and greens are the most common. It varies in optical density from opaque to semitransparent.

Tourmaline

The alternate birthstone for October is the tourmaline, a gemstone that exhibits the broadest spectrum of gemstone colors. Gem-quality forms of this mineral have in the past been misidentified as rubies, emeralds and sapphires. In fact, a famous tourmaline, the size of a pigeon's egg, belonging to the Russian Empress Catherine the Great was long thought to be a ruby.

The name of this gemstone is believed to derive from the Singhalese (Sri Lankan) word "toramalli," a term applied to yellow, green or brown stones, that means "something little out of the earth."

Tourmaline has an unusual property. When it is warmed or rubbed, it attracts small bits of paper, lint and ash. This occurs because the gem becomes charged with static electricity. In fact, Benjamin Franklin used this gem in his studies of electricity. Maintaining tourmaline exhibits at museums requires frequent cleaning of the gemstone because heat from lights of the display case create a charge in the stone that attracts dust.

Thought for the Month

"The irony is that the more we fight age, the more it shows. Paint on a 50-year-old face brings to mind a Gilbert and Sullivan comic figure. Smooth the cheeks, and suddenly the ear lobes and hands look out of place. Do we run around in October, painting the gold leaves green?"

Bingo

Marsha Bowlby

Bingo started in Phase II on Monday night, September 14th. We start selling Bingo cards at 5:15 and begin play at 6:00. The games take about 2 hours, so you would be home around 8:00. Have you tried your luck yet? The deadline for getting this article in is the September 13th, so we haven't had any games yet. Next month I will be able to tell you more about how Bingo is going.

We will have the kitchen open and serving sandwiches before Bingo. Pete Foley is running the kitchen, he will have sandwiches, chips and a soft drink for \$3.00, and this will be served from 4:00 to 5:15. Then he will sell candy, sodas and other snack until we take our break at Bingo. This is open to all, you don't have to play Bingo to come down and have dinner.

So come on down, have dinner, visit with your neighbors and maybe play some Bingo. It can make a night of fun... hey maybe you'll even be able to shout BINGO and win some money.

Social Club

Sandy Watson, President

Hi Neighbors!
Well, maybe the rains will subside for a while now! I think we've had enough to last a while!

I hear that some of our Snowbirds will be returning soon. Can't wait! We miss them all. Our Park will come alive again!

Bingo started on Sept. 14, so come on out and join the fun. Pete Foley will be serving some good food before the playing begins, so come early and enjoy!

There will be plenty of activities this winter, so make sure to avail yourself of them. The best way to make friends and get to know your neighbors is to participate in as many things as possible. Your Committees work hard planning things for your enjoyment, so support them whenever you can.

Please enjoy watching our Alligators, but don't bother them! Jay & I have spent many hours paddling the Florida Rivers and watching the Gators. They won't bother you as long as you

...continued on page 40

leave them alone. They were here long before us, so we owe them a little respect and distance! It just requires a little common sense, keep your distance and NEVER FEED THEM! Live and let Live!

There will be some voting on project expenditures this fall, so keep those Social Club Membership Cards with you and you will be prepared to have your say on where your monies are spent.

See you on Saturday mornings!

*Your friend & neighbor,
Sandy*

All homeowners need to vote and sign their Proxy before the meeting begins. No votes can be submitted after 7:00pm. Please vote early.

Your Proxy gives us the quorum needed to conduct business in 2016. Unsigned Proxies will not be counted.

You can drop off your completed Proxy to the condo office, located behind the Library in the Clubhouse, or give it to Joan Davis or Billie Ann Berry, or you can mail it to Progressive Management.

Pinochle

Ed Ogradowski

We're looking forward to starting Pinochle again the first Wednesday in November. We play from 6:00 to 8:00 pm and hope to have a nice crowd. It's a nice way to meet new friends and renew acquaintances. It's enjoyable for everyone from beginning players to the very experienced. I usually have teaching sessions once all the snowbirds return. Again, we look forward to seeing everyone soon.

Ladies Golf

Jane McKenzie

Ladies Golf at Briar Creek

So I thank you all for your help, donations and over all just being Briar Creek people...

I am happy to announce that Carol Rodrigues has gracefully accepted the new leadership position.

Love, honor, and make your payment

One important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

Be alert to the signs of Alzheimer's disease

More than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

Follow correct procedures whenever you lift a load

Lifting heavy items incorrectly can injure your back and other parts of your body. Whenever you have a heavy object to move, follow these basic rules for staying safe:

- Bend at the knees.
- Keep your head up.
- Keep your back straight.
- Lift with your legs, not your arms or back.
- Keep the object close to your body.
- Don't twist your back as you walk.
- Maintain stable footing.
- Ask for help if the load is too heavy for you to move on your own.

Strengthen your peer relationships

Getting along with your manager is important to success in any workplace, but so is a good relationship with your co-workers. You need everyone's support to get ahead. Forge strong connections by looking at these factors:

- **Expectations.** Clarify what you expect from your colleagues in the way of information, assistance, and results. Get to know each other's goals so you can provide the right kind of support.
- **Mutual trust.** Can you count on each other to follow through on commitments—or at least warn that problems are approaching? This is possible only if you both take responsibility for cooperation and communication.
- **Sociability.** Can you do more than merely tolerate each other? Go beyond common courtesy and show a genuine interest in other people's lives outside the job. Relationships grow through getting to know each other on a personal basis instead of just talking about work.
- **Communication.** This is the acid test of any working relationship: Can you tell each other what's on your mind? This isn't simply a matter of airing complaints. Delivering praise or thanks to a co-worker may feel awkward, but it's the heart of a good relationship. Be honest with the people around you, and listen to their words in the same spirit.
