FROM THE PRESIDENT'S DESK

We have had a long dry spell and we're looking for rain. Well, be careful what you wish for because lately it seems as though we are seeing the famed Florida sun far less often. There's still a few activities going on in our community with a few golf matches for the hardy, fishing for the wishful and pool talk for the bored or uninformed. With that I decided to share a few fun facts with you.

1. You can't wash your eyes with soap.
2. You can't count your hair.
3. You can't breathe through your nose, with your tongue out.
4. You just tried no. 3
6. When you did no. 3 you realized it's possible, only you look like a dog.
7. You're smiling right now, because you were fooled.
8. You skipped no. 5
9. You just checked to see if there is a no. 5.
10. Share this with your friends to have some fun too! :-)

Well I said things are slow this time of the year, but we still have a great event planned for July 4th. We will have a festive Pot Luck event serving traditional fried chicken along with what great summer holiday foods you bring to share with our fellow residents. If you haven't signed up yet in the clubhouse please do so today as we need an accurate count to order the chicken. Also for those of you that play bingo, we will not have Bingo for the month of August or on Labor Day Weekend. This is the slow time of the year and it gives the few volunteers who work bingo a well needed break.

Remember your Sunscreen,
Ray Sears – HOA President

DID'JA KNOW??

San Francisco's Golden Gate Bridge opened in 1937. It's unusual colors (black with yellow stripes) resulted from the U. S. Navy asking architect Irving Morrow to have it painted that way to make it more visible for cargo ships.

MONTHLY REPEAT EVENTS

GOOD TIMES NEWS

The next Good Times meeting will be held on Wednesday, August 2, 2017 at 10:00 am in the Clubhouse. All ladies from the park are encouraged and invited to come and join this group to help prepare and plan events for our community that all residents will enjoy. Any profits from our events go to the Homeowners Association for the betterment of our community and to support ongoing activities for all.

The June 10th Poker Run was cancelled due to only 4 players showing up. Last month we had a record number due to Barb Paul calling several people. Our next run is **Saturday, July 8th at 11AM. Please sign up at the clubhouse.** You can just show up, but it makes things better if we have an idea in advance how many are going to participate. We hope to have a larger crowd so you will have a nice pot to share. If we have 20 carts/trikes/bikes at \$5 per vehicle that means the highest hand would win \$60.00 and the lowest pair would win \$40.00!! Please come join the fun and win. Look for the signs. We hope to see you there on **July 8th**. Any thoughts or questions, please call June Salvato 727-430-4233.

GREETINGS CARIBBEAN ISLES RESIDENTS!! SCOOP HERE!! SPEAKING OF SPORTS.....

July 2017.....

WOW!! Scoop was really excited when the June issue arrived. Remember when our publisher started putting color on the covers and I said I couldn't wait for the "swimsuit issue"? June's copy was it!! The swimsuit models were lovely even though I didn't care much for the suits. I don't think they did much for the girls.

Not only is there a dearth of sports action in our park, but there is NOTHING on TV either. Scoop is relegated to watching baseball, tennis, and golf. We have seen some unusual activity on the sports scene, though. Brawls in baseball, Japanese drivers winning major races, bad breath accusations in hockey, and rises (Nadal) and falls (Djokovic) in tennis. Some of it is entertaining, though.

Scoop took some time to visit Sgt. Mike Delancey, the director of Wounded Warriors Abilities Ranch, which is the recipient of the proceeds of our Charity Golf Tournament. He says in spite of government regulations and delays, they hope to have the Headquarters building completed by the end of this year. They have a pavilion up from which surveys and plans are being formulated. Sgt Mike wishes to thank all of Caribbean Isles participants, donors, and sponsors for all they do for the project. As each piece is completed, he wishes to invite anyone interested to visit the property. For information on the project go to www.wwar.org.

Quotable Quotes:

"According to a new study, cats may have more potential than dogs to sniff out bombs. They just won't bother to tell you" – Seth Meyers (Sorry cat lovers but it is on point)

Answer to Last Month's "Where in the World is "Scoop"?"

Scoop took a jog up I-95 to that cradle of democracy in the Northeast, Boston, Mass. I had to stay awhile since my legs were really tired. Beautiful place but I had to overcome the language barrier. Scoop "Attaboys" to Larry Milobowski (from waaayy up in Michigan), Ray Sears (Lot 207), and Bob McAuliffe (Lot 57). Scoop "Attagirls" to Sue Sears (Lot 207), Catherine Melander (Lot 14), Sammi Bond (Lot 8), Denise Chittle (Lot 274) and Jeanne Muncaster (Lot 184).

...continued on page 24

This month’s Trivia Question:

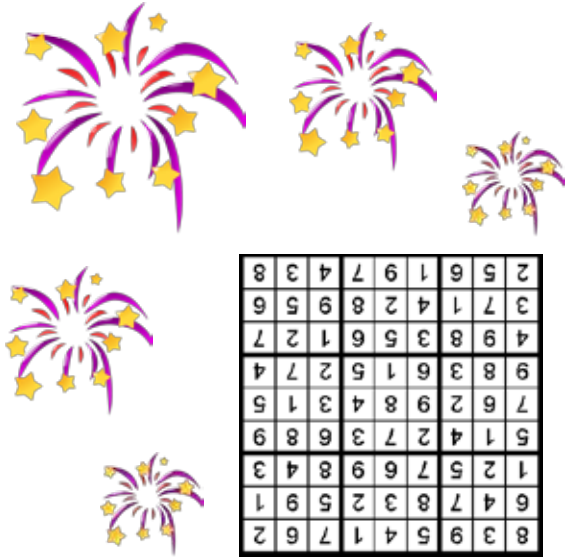

Although there are many theories, what is the most popular one on who started the seventh inning stretch in baseball?

Remember to let me know of stories and/or accomplishments by residents, friends, and/or family and we’ll publish them here. Call me at 727-581-1334 or email me at nilerivers@gmail.com. And remember, you don’t have to play a sport good to be a good sport...

A simple answer

A seeker of spiritual truth decided to visit a very wise sage who lived on top of a mountain. The seeker climbed for weeks to make the painful ascent. When he finally reached the wise man's home, he asked, "What should I do to make my life happier?"

The sage responded, "To begin with, the next time you come to visit me, start on the other side of the mountain and take the train to the top."

The wrong answer

Two applicants, Smith and Jones, applied for work at an organization that had only one open position. The hiring manager sat the two of them side by side to take an aptitude test. When time was up, she found that both applicants missed only one question—the same one. After studying the results, the administrator announced that although both candidates had given the same wrong answer, candidate Smith had won the job.

"Wait a minute," Jones complained. "How can one wrong answer be better than another?"

"Well," the manager said, "on the one question you both missed, Mr. Smith wrote, 'I don't know this answer.' You wrote, 'Neither do I.'"

The best listener

A speaker arrived for his presentation at a high school graduation and immediately became uneasy. The crowd was full of families talking with each other. Their small children ran around the gymnasium, shouting happily. It was not a crowd looking forward to a speech; people just wanted to see their kids graduate.

The crowd paid little attention to the speech. He tried all the attention-getting tricks he knew—changing the volume and pitch of his voice, walking about the stage, telling his funniest stories—but nothing worked.

Then he saw one man looking directly at him, smiling and nodding his head. The speaker remembered the value of focusing on a sympathetic listener. By concentrating on giving that one person the very best speech he could, he made it through the presentation.

Afterward, the principal of the school asked, "Would you like to meet any of the audience?" The speaker, wanted to thank the man on whom he'd relied to finish his speech. "Yes, I'd like to meet that gentleman over there."

"Certainly," said the principal. "But you know, of course, that he's completely deaf."

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

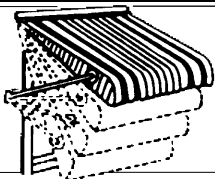

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Did you know that July is also...

National Cell Phone Courtesy Month. As the cell phone has developed into the smartphone, it's become one of the biggest distractions of all time. National Cell Phone Courtesy Month was founded in 2002 with the intent of making cell phone users more respectful of their surroundings.

Eye Injury Prevention Month. According to the American Academy of Ophthalmology, an estimated 90 percent of eye injuries are preventable with the use of proper safety eyewear. Even a minor injury to the cornea from a small particle of dust or debris can be painful and become a lifelong issue, so take the extra precaution and always protect your eyes.

Independent Retailer Month. Independent Retailer Month encourages consumers to shop at independent retailers locally, nationally and globally. Support and shop at independent retailers year round and use July as a time to unite as a celebration for the independent retailers across the country and in your community.

National Farriers Week, July 9-15. Honoring the men and women who care for and maintain the hooves of horses, a highly specialized trade that requires skill in hoof care, blacksmithing, and the care of injured and diseased hooves.

Captive Nations Week, July 16-22. A week aimed at raising public awareness of the oppression of nations under the control of Communist and other nondemocratic governments. It began in 1953 and declared by a congressional resolution and was signed into law by President Dwight D. Eisenhower in 1959.

National Parenting Gifted Children Week, July 16-22. Parents of gifted children need special understanding in order to raise and advocate for the social and emotional needs of their unique children. NPGC Week celebrates the joys and challenges of raising, guiding, and supporting bright young minds.

Canada Day, July 1. A national holiday celebrating the Constitution Act of 1867, which united the separate colonies of Canada, Nova Scotia, and New Brunswick into a single dominion within the British Empire called Canada.

Independence Day, July 4. The date of the Declaration of Independence, formally announcing the separation of the original 13 colonies of the United States from Great Britain.

Official Shark Awareness Day, July 14. Much as we love to fear this predator of the seas, the shark has a key role to play in keeping marine ecosystems in balance.

National Mutt Day, July 31. Also known as National Mixed Breed Dog Day, National Mutt Day is all about embracing, saving, and celebrating mixed-breed dogs. (It's also celebrated on Dec. 2.)

Bumblebees leave ‘footprint’ to mark flowers

Bumblebees may be smarter than you think. According to the LiveScience website, scientists at the University of Bristol have discovered that bumblebees mark the flowers they feed from with “smelly footprints” so they can distinguish between flowers that have been visited by members of their nests and those fed on by strangers. This also allows them to ignore flowers whose food is gone and identify better sources of nutrients.

In one experiment, researchers trained bees to discriminate between flowers marked by their nest mates and those scented by bees from a different nest. In a second experiment, bees were seen learning that flowers with footprints from their nest mates were more rewarding than those marked with their own scent.

In addition, the scientists discovered that bumblebees can tell the difference between their own footprints and those of their nest mates.

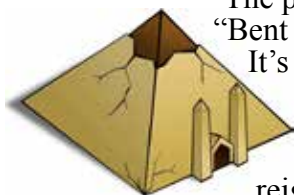

Space probe headed where no one has gone before

The New Horizons space probe made history with its flyby of Pluto in 2015, and now it’s halfway to making history yet again. Its next destination is 2014 MU69, an object in the Kuiper Belt.

New Horizons has gone into hibernation mode for the next 466 million miles of its voyage, slowing down as it gets farther from the sun. The object is only about 1 percent of Pluto’s size, and it’s about 1 billion miles away from Pluto. Scientists at NASA are patiently awaiting another historic rendezvous in 2019.

Egyptians excavate undiscovered pyramid

It’s not a “new” pyramid, exactly—it’s 3,700 years old—but archeologists have unearthed a previously undiscovered pyramid from Egypt’s 13 dynasty. One corridor and a block engraved with ancient hieroglyphics are in good condition, according to the Fox News Science website, and explorers will continue excavating to determine its full size and other details.

The pyramid was discovered 25 miles south of Cairo, north of the so-called “Bent Pyramid” built by King Sneferu, whose angle changes about half up. It’s also near the smooth-sided Red Pyramid, built some 4,600 years ago.

Sneferu’s son Khufu built the Great Pyramid of Giza. The newly discovered structure was probably built about 1,000 years after his reign.
