LETTER FROM THE EDITOR

By Violet Escobar

HAPPY NEW YEAR!

A brand new year! It’s a time of new beginnings and start overs. I like to use this time to set goals like losing weight and getting my life and home in order. Goals can be fun and rewarding but they can be challenging too. I look forward to each and every quest because every one of them deserves a reward of some kind when achieved.

For me, many rewards come in the form of self-satisfaction because I know I have accomplished another one of my goals. Some rewards justify treating yourself to something special; big or small.

I trust this will be a feel-good year for me as I strive to make things better in my life by setting goals. My wish for you my friends, is that you will do the same and make this year a memorable one... for you!

May God Bless you and may you have a wonderful, happy and safe New Year!

MONTHLY HOA MEETING

On Monday night, Terri Brostek a representative from Professional Insurance Systems spoke to about 30 concerned residents about the necessity of having our homes insured and advised us that it is possible to do so. I’ve been told that Mobile homes as old as most of ours can’t be insured but Terri says they can. She said that Professional Insurance

Systems can work with you to find the best rates and the exact coverage you need not only Home Owner's Insurance but other kinds of coverage that you might need including Life Insurance. If invited, she will come to your home and even look at your current policies to be sure you're covered for what you need.

At the end of the meeting, Terri held a drawing and three lucky residents received scratch off tickets.

The material Terri spoke about was informative and interesting and we feel that she can be a good source of information for us in the future.

OUR SECOND SPEAKER

K eith Sabeil who is running for Mayor of Pinallas Park.

Mr. Sabeil wanted us to know about some of his interests and the things that concerned him most about our City.

One of the changes he would like to see is Term Limits for people who hold an office on the City Counsel. He says that some have held a position for over a decade and fresh blood would be an asset.

His interests include a major renovation of the Senior Center as it is very old and needs an upgrade. It also needs some changes so that it could be used for more activities at a time.

He would like to see a Sports Complex for Adults so they no longer have to travel to other cities to participate in sports.

He spoke about how the CRA should be getting competitive bids for the large projects that are funded by our money

There were many of our concerns that he had answers for or knew who to talk to in order to get some things done for us, such as cleaning up the ditch behind 1st Street and getting Night Eyes (Police Department drive through) established in our park.

We plan to invite him back before the election in March to hear more of his plans and ideas. This is really something you won't want to miss.

Our next HOA meeting will be held on Monday January 4th at 7:00 p.m. in the Clubhouse. We're hoping to have the Vice President of the FMO John Salvucci as our Guest Speaker. We're waiting for confirmation and will let you know more as the time nears. We hope to see a large attendance at this meeting. This information will be some that we've been waiting to hear.

And now.....The HOA Board of Directors and the Members of the HOA want to take this opportunity to wish all our friends and neighbors a very happy, healthy and safe New Year!

RENT DAY OFFERING

At this printing Carol doesn't yet know if the office will be open on the 1st so she will provide free Coffee & Donuts in the clubhouse on Monday the 4th for anyone who has paid or is paying rent for the month of January. Thanks Carol.

BINGO & FRIDAY NIGHT EVENTS

There is NO BINGO and NO SNACK BAR scheduled for New Year's Day but we hope to see you every remaining Friday night this month.

As a reminder, the Snack Bar opens at 6:15 p.m. The prices are \$2.50 - \$3.00 for a combo dinner that includes a hotdog, hamburger or cheeseburger with a choice of chips and a soda or bottled water. Single prices are available if you don't want a "combo" meal. We invite everyone to come and have your Friday night meal with friends and neighbors in the Clubhouse.

After the Snack Bar, Bingo will begin promptly at 7:00 p.m. so if you have dinner and want to stay for Bingo, we'd love to have you. If you haven't played for a while there's always someone who will help you along the way. Otherwise, we're just glad to have you join us for a quick no-fuss dinner.

If you choose to stay and play, a pack of 10 games is \$5.00 and there's a special 1-card game for \$1.00 with an even higher pay out; sometimes over \$100.

We have been seeing many new faces at bingo each week and would like to see more. We have a great time and love seeing our winnings grow as more people attend. Come and have fun with us. If you need a ride, call me (Violet 727-278-7310).

ARTICLES:

NEIGHBORHOOD WATCH MEETING

On Thursday the 21st we will welcome back Anna Marie Millett, Investigator and Outreach Coordinator to speak on topics of great concern to our safety and well-being. Her information on SCAMS when she was here earlier this year, not only held our interest, but also educated us to the many ways we can protect ourselves.

We understand that Officer Donna Saxer may be joining her on the 21st. We always enjoy Officer Donna and the wealth of information that she brings to our meetings. Please, mark your calendars now so that you won't miss this event.

NEIGHBORHOOD WATCH

As the weather gets cooler we begin to see more trespassers looking for a place to sleep for the night or for things to take from our properties. Recently we have had reports of people hanging around the dock, going through yards or on carports and even walking up and down the streets very late at night or very early in the morning.

Our NW team circulates throughout the park mostly during the day and into the early evening; it's after that time that many things are happening.

We are appealing to anyone who might be coming home late at night or leaving early in the morning to be vigilant and if you see something suspicious, call the PPPD.

As an example, If you see someone hanging around someone's car or around the lake or dock or clubhouse call the PPPD and ask them to come and check it out. Never, ever approach anyone yourself.

Be safe... never approach but REPORT.

Our PPPD has told us to call when we see something that doesn't look right to us.

The more they know we need their help, the more present they will be. If we don't call them, they think we're doing OK... and judging from the things that have been stolen recently such as the bicycles – we are NOT doing OK.

Don't hesitate to call!

For a **real emergency**: Police, Fire, Medical, please dial 911.

For **non-emergency** situations, call the Pinellas Park Police Department at (727) 541-0758.

ALERT!

The 'meat' truck is coming back into the park. They are attempting to sell meat from a chest freezer in the back of a pick-up truck and have also been selling from a van.

First of all, our park is Private Property and we do not allow people or businesses to solicit in our park. This is for our protection and safety.

Secondly, no one knows how safe that meat is, where it comes from or how long it's been in that truck.

Thirdly, they have been told many, many times that they are not to come in here to peddle this meat or anything else and they continue to come back and knock on doors.

They tell us that they are delivering to regular customers; if that's the case, why are they going from door to door knocking and asking for a sale?

If they come to your door, you are encouraged to turn them away and then immediately call the PPPD or call NW or Management, who will then call the PPPD. Try to get a description of their vehicle and if possible, a license #.

There is NO SOLICITING allowed in our park.

Moving is the best medicine. Keeping active and losing weight are just two of the ways that you can fight osteoarthritis pain. In fact, for every pound you lose, that's four pounds less pressure on each knee. For information on managing pain, go to fightarthritispain.org.

Get to the root of problems

When you can't solve a seemingly impossible problem, do you just throw your hands high in frustration and walk away? Most of the time that's not an option. Try re-framing the problem with these suggestions from Tina Seeling, author of *Inside Out: Get Ideas Out of Your Head and Into the World* (HarperOne):

- **Revise your question.** Turn the problem around by re-examining your real goal. Instead of "What new product will make lots of money?" ask, "What do our customers buy, and what do they avoid?" or "How can we offer more of what already works?"
- **Look for bad ideas.** You can unleash your creativity by flipping the process. Try to identify what doesn't work, what's failed in the past, or what would completely capsize any solution. You may be able to adapt a seemingly impractical solution, or eliminate a factor that's holding you back.
- **Question your assumptions.** Many of us fall into the trap of assuming that the answer we're seeking will look like solutions that have always worked. Take a close look at the problem, your organization, or your industry and identify practices that have never been questioned. Ask, "Why are we doing it this way?" You'll often find a new approach by going against the conventional wisdom.

Play these roles when developing ideas

Thinking creatively requires different mindsets at different stages of your project. If you can shift gears yourself, do that; if not, bring in a colleague to help you sort through the issues. Focus on these key roles as spelled out by Walt Disney:

- **Dreamer.** Don't limit your vision at the outset. Let your mind roam widely as you explore concepts, ideas, and solutions. You don't have to be practical at this stage—just allow yourself to daydream as you think about what you want to achieve.
- **Realist.** Once you've got a plan or idea you want to put to work, start narrowing it down until it's doable. You may end up eliminating the less practical aspects, but if you keep your mind on the core idea, you'll come up with a plan that satisfies your goal while succeeding in the real world.
- **Critic.** Poke holes in your plan so you can patch them up effectively. Run a test or set up a pilot program before rolling your solution out completely. Don't think of obstacles as failures; use what you learn to make your idea viable.

Learn the ABCs of skin cancer

That dark spot on your skin may be a freckle—or it may be skin cancer. How can you tell? The American Academy of Dermatology takes an alphabetical approach to identifying potentially dangerous skin conditions:

- **A: Asymmetry.** Is the spot or mole generally circular, or does one side look different from the other?
- **B: Border.** Is the edge of the item uneven, notched, or blurry?
- **C: Color.** Does the object vary in color in different areas?
- **D: Diameter.** Is the area larger than a pencil eraser?
- **E: Evolving.** Has the object changed its size, shape, or color?

Contact a dermatologist if you answer “yes” to any of these questions.

Just a rash? Check it out

A rash may be nothing to worry about, but sometimes it can be a sign of something serious. Doctors recommend you pay attention if a rash exhibits any of these symptoms:

- The rash spreads quickly across your body, which could indicate a major allergic reaction.
- You have a fever along with the rash. This could be a sign of a serious infection, so get to the hospital immediately.
- Your rash forms blisters or becomes painful.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.

Giant lizards once roamed Australia

Movies like *One Million Years B.C.* show humans battling dinosaurs, but T. Rex and other prehistoric creatures died out long before Raquel Welch's ancestors designed the first fur bikini. Still, recent discoveries suggest that prehistoric could have fought large reptiles, or at least co-existed with them at one time.

Scientists from the University of Queensland have dug up a small bone that they have determined could have come from a gigantic lizard that lived in Australia as recently as 50,000 years ago.

As reported on the eScience News website, the bone is only 1 centimeter long, but scientists are certain that it belonged to a huge creature that may be related to the Komodo Dragon or another species known as *Megalania Prisca*. *Megalania* once roamed eastern Australia, and reached a length of 11 to 16 feet. Its sharp, curved teeth would have been a ferocious challenge for early humans in the territory, but so far no evidence of any terrifying encounters have been unearthed.

How much do you know about science?

We rely on science and technology for many of the necessities and conveniences of modern life, but how well does the average U.S. citizen really understand science? A survey by the Pew Research Center sought the answer to that question. The survey asked a series of basic science questions and received these results:

- The core of the Earth is our world's hottest layer: 86 percent answered this correctly.
- Uranium is needed to create nuclear energy and weapons: 82 percent.
- Comets comprise a core of ice and a tail of gases: 78 percent.
- Tides are created by the moon's gravity: 76 percent.
- The polio vaccine was developed by Dr. Jonas Salk: 74 percent.
- Astrology is different from astronomy: 73 percent.
- Cell phones use radio waves: 72 percent.
- A light-year is a measure of distance: 72 percent.
- Amplitude (height) determines the loudness of sound: 35 percent.
- Water boils at a lower temperature in Denver than in Los Angeles: 34 percent.
