## CALL & TEXT MESSAGING

---

This is a service that we use to inform you of water issues or other park problems and to remind you of important meeting and events. These are things we feel you need to know.

We would like to include all residents in this effort to reach you in case of any emergencies that may arise within our community.

If you are not currently receiving these messages, please call, email or text Kim (727) 320-7854 with your phone # so that we can keep you informed.

## HOA NEWS

### MONTHLY HOA MEETING – Thursday January 2, 2020

6:15 PM Our evening beings with Coffee & Snacks & time to mingle with our friends.

6:45 PM – HOA Business Meeting and discussions.

## FMO: FEDERATION OF MANUFACTURED HOMEOWNERS OF FLORIDA, INC.

---

HOA: The HOA is the local “governing body” of the community. It is a homeowners’ association, created under Chapter 723, Florida Statutes, for the specific purpose of either purchasing the community on behalf of the residents and/or representing the community on behalf of disputes between management and the residents.

FMO: The FMO is the statewide organization that lobbies for and defends your rights as a mobile/manufactured homeowner in Florida. We assist in the training, and offer advice, for the HOA officers and directors in a community. The FMO does not assist with or interfere in the governing of the community. That is left up to the community HOA.

FMO needs your help. If FMO is to continue fighting for your rights and protecting your lifestyle, we must keep our membership numbers high. That is what gives FMO clout with legislators and other government officials.

## UPCOMING EVENTS & ACTIVITIES

---

Saturday, Jan. 18 – Southern Food Potluck

This is the time for all you good southern cooks to show off your culinary skills. Start thinking black eyed peas, collard greens with ham hocks, lima beans, sweet potato pie, peach cobbler, fried chicken, hoppin' john, buttermilk biscuits and cornbread. Are you getting hungry yet? Let's see what you can come up with. Show us what you can do.

## CRYSTAL LAKE HOA FARMER'S MARKET

---

We are sad to report that our Farmer's Market has been suspended due to poor interest. Our first month went well and turnout was good. We were able to buy lots of good fresh vegetables and fruits at a low price so that we could pass the savings on to our residents. We were excited that a lot of people showed up to enjoy what we had to offer.

The second month was less enthusiastic and by last month almost half of what we bought was given out to anyone who would take it so that it wouldn't go to waste. Although the Farmer's Market was something that we thought might go over well it just didn't work out. It was costing us too much in money, time and work to keep it going.

Maybe in the future, if we can offer this as a co-op, we might try it again in; maybe in the Spring to see if there is more interest. But for now, it is suspended.

## ONGOING ACTIVITIES

---

### **FRIDAY NIGHT SNACK BAR WE NEED YOUR HELP!**

Our faithful Friday night cook Ron has changed jobs and we are very happy for him, but his new schedule has left us without a cook on Friday nights. We don't want to stop offering our Snack Bar food on Friday so we are looking for someone who can commit to taking his place on that night. The HOA is willing to pay \$25 for the 1 ½ hours that you will be needed. This does not include clean-up... we have a team for that. Just cook. Contact Ron or Kim if you are willing to step up to help out. Please leave a message if they are not able to answer your call and they will get back to you.

We want to remind everyone that Friday Nights are the greatest for picking up a quick meal and not having to cook at home. Our snack bar is the best place to order and eat some of your favorite foods with us or carry them out.

Remember also, that the kitchen closes for orders promptly at 6:45 p.m. so that our cook can be free to 'call' bingo at 7 p.m. So... come early (around 5:30 p.m. or so) and relax with friends while you eat some of the best cooking you can get on a Friday night.

Thanks to all that came out! It was a thrill to see old faces and new joining us in our fun! We hope you enjoyed being there as much as we enjoyed having you and look forward to seeing you back again each week.

If you are staying to play bingo, we have a BINGO special going on right now ~

Bring someone new and when they buy a pack, you get a pack or a dinner combo free, bring 2 new players and you get a free pack and a free dinner combo.

## **BINGO NEWS**

**I**t's not just your average BINGO anymore! We have new games like DERBY BINGO where you can buy your favorite horse and race against 14 others to big winnings every Friday night.

Another game is our SPEEDY BINGO. You have to be on your toes for this one because numbers are called very quickly, and no letters are given. But if you are a winner, the pot is always good.

You have to come a few minutes early to play these two games because our regular BINGO starts promptly at 7 p.m.

So, if winning money, hanging out with good friends and sometimes laughing until you cry is the kind of entertainment you want, the CL Clubhouse is your place to be on Friday nights.

## **PARKING ON THE GRASS.**

**Y**ou're house-proud, so you have your friends over all the time. But if you let them park on the lawn (your house, your rules, right?), the vehicles will sink into the yard, compact the soil, and crush the grass.

Crushed grass becomes dead grass; weeds sprout in the dead spots; and soon your dying, weedy, tire-rutted yard starts chipping away at your house pride (and your home value).

The bottom line is Never Park on the Grass! It's not good for the grass and your vehicle might get towed.

## Cheddar Scallion Biscuits

### Ingredients:

2 c. all-purpose flour  
2 Tbsp. sugar  
3 tsp. baking powder  
1 ½ tsp. salt  
1 stick butter, cold  
¾ cup buttermilk  
3 oz. cheddar cheese, grated  
3 scallions, chopped.

Preheat oven to 450 degrees

### Directions:

In medium bowl, whisk together flour, sugar, baking powder and salt. Using a pastry blender or fork, cut butter into dry mixture until combined. There should be pea-sized chunks of butter amongst fine crumbs. Using a spatula, stir in buttermilk followed by the cheese and scallions. Fold out onto lightly surface.

Roll dough out until ½ inch thick. Use a 2 ½ inch biscuit cutter to cut into circles. You may need to flour the biscuit cutter to help release biscuits.

Place about one inch apart on a sheet pan and bake 10-12 minutes, until the biscuits have risen, and the tops are golden brown.

## **Words of Wisdom**

There are times when the only solution is to take a break.

May your choices reflect your hopes not your fears.

The tragedy of life doesn't lie in not reaching your goal. The tragedy of life lies in having no goal to reach.

What you get by not achieving your goals is not as important as what you become by achieving your goals.

Be kind to unkind people. They're the ones that need it the most.

Never be afraid to do something new. Amateurs built the ark. Professionals build the Titanic.

## PET OWNERS & LOVERS

I'm writing this as a courtesy to people who have expressed to me (as the Editor of this publication). Please help us control the cat population and damage to plants, yards and gardens by following the rules of the park and keeping your cat's inside. Even though they might be spayed or neutered they still use gardens and yards for their toilets, yowl and fight at night and spray a terrible odor when marking their territories.

Also, concerns that I hear about dogs still have to do with people not picking up after their pets (even in their own yards) and not keeping their pets on a leash. Please be mindful that pet urine is very acidic and will kill grass. With Spring coming and people taking more time to clean up and beautify their yards and carports we can all help by taking better care to follow the rules.

I have spoken to Manager Tom about their concerns; he told me that people have also come to him about these same problems and that he is looking into ways to handle these issues.

## PLEASE SLOW DOWN

**T**he Speed Limit in our community is 10mph! We have a few residents that consistently violate this policy.

Their lack of regard for the safety of the residents and wildlife may lead to a needless tragedy. Many residents have physical handicaps whether it is simply a small problem with mobility or being hearing or visually impaired.

Many of us use our streets to take walks or visit with each other.

Someone could be injured, and it would be a needless tragedy. Please be courteous to everyone, and slow down. There is no reason to use excessive speed inside our community.

## WIN WITH THE VENDORS OF CRYSTAL LAKE PARK

**W**hether you need a Plumber, a Vapor barrier or a new roof, the first and best place to look is in the right here in this Media!

Supporting the vendors in the Media keeps the monthly newsletter available and helpful to each homeowner because sooner or later you are going to need a service that is advertised.

In appreciation of your support, you could be eligible to win \$5.00 to \$100! Once a job has been completed at your home, the Vendor will provide you with a Monthly Media contest entry ticket.

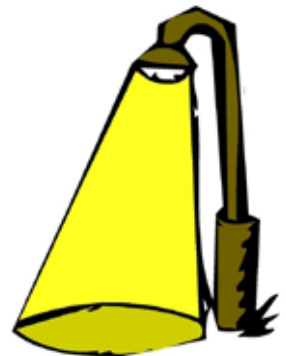

All you need to do is fill out the ticket and deposit it in the Media box that is located in the clubhouse. There is a limit of one entry per month.

## STREETLIGHT OUT

**W**e want to keep all our residents safe especially walking in the park. If you can provide an address to after dark

If you know of a streetlight that is out or not working properly, you can call Duke Energy at (727) 443-2641 with the number on the pole and/or a nearby address. We need to keep our streets well lighted and safe. You can also use the Duke Energy website to make the report.

## Creative thought starts in bed

**C**reativity is a vital skill that can enhance your career success. You can't always summon it out of the blue, so this advice from the Study Finds website should help: A survey of 2,000 British residents commissioned by Microsoft Surface found many of people's best ideas tend to occur as they're dozing off, when they first wake up in the morning, and sometimes in the middle of the night. Pay attention to your thoughts in bed, write them down when ideas and solutions come to you, and keep rolling through problems before and after you sleep. You might discover some surprising answers.

## Got an idea? Run with it

**R**andall Munson studied computer programming in college, then went to work for IBM, where he spent the better part of his career. Yet in his heart of hearts, what he really wanted to be was a clown.

This had been a childhood dream that would take years for him to realize. With his parents' encouragement, young Munson learned ventriloquism, then moved on to magic tricks. It wasn't until his adult years when he actually began to study the art of clowning.

As a program manager for IBM, Munson developed complex operating systems that he trained others to use. He soon realized clowning around was the best way to win over his audience, keep their attention, and explain abstract technical concepts. Following these presentations, he would bring out an old man puppet who would ask the sorts of questions that everyone was thinking about, but too embarrassed to ask.

Since that time, Munson has become a professional speaker. He entertains audiences around the world with humor and magic, imploring them to laugh more and nurture their creativity.

Randall Munson is credited with declaring January International Creativity Month. There's no better time than the present to try something you've been promising yourself you'd get around to but haven't.

Take an art class. Reengage with an old hobby. Finish an abandoned project from long ago. Try anything that will unleash your creative energy, and see where it leads you. Your only limitations are the ones you impose on yourself.

## Haiku to you

Because a little iambic pentameter, verse, and rhyme can be cathartic for the soul and for nurturing your creativity, the second Tuesday in January is devoted to doing just that—in the workplace. Jan. 14 is Poetry at Work Day. What better way to brainstorm or generate ideas than by engaging in a bit of wordplay?

Host an impromptu open-mic reading in the breakroom, hang a whiteboard and encourage your team to collaborate on a poem with each person drafting one line, litter your workplace with poetry to inspire others, or turn your to-do list into a Haiku. Your next big idea may just jump out at you after reading a bit of poetry.

## Thoughts on creativity

Writer Austin Kleon has this advice for those of us trying to tap our creative wells: “Let go of the thing that you’re trying to be (the noun), and focus on the actual work you need to be doing (the verb). Doing the verb will take you someplace further and far more interesting.”

Kleon believes too many of us focus on the titles we aspire to be defined by, instead of concentrating our efforts on the actions and processes that should be getting our attention. He also thinks titles can keep us from exploring and pushing out past our limits.

If your goal is to be more creative, then embrace creativity in everything you do. Creativity is about fun and playfulness and being open to new possibilities. You can inject a bit of creativity into everything you do, from housework to grocery shopping to managing a process that is becoming mundane.

Don’t fall into the habit trap. Use your imagination to push boundaries, explore new options, and gather unlikely resources that will allow you thrive.

*In the world of words, the imagination is one of the forces of nature.*

—Wallace Stevens

## Health benefits of the avocado

**A**vocado toast is a thing, but whether you think it's an overhyped millennial trend or not, research suggests that it's good for you—the avocado part, at least.

A study published in the *Journal of Nutrition* and reported in an article on the Bicycling website found that eating one avocado a day is associated with significantly lower levels of types of LDL—the bad cholesterol—in adults who are overweight or obese. In addition, avocado also improves levels of lutein, an antioxidant associated with heart health, by more than 68%, and one avocado supplies about half of the dietary fiber that fights heart disease you need every day. So go ahead—have another slice of avocado toast.

## Curb your diet just a little to help your heart

**C**utting a modest number of calories from your daily diet could have a significant impact on the health of your heart, according to an article on the NPR website.

In a two-year study, 218 people 21–50 years old who were of normal weight or slightly overweight were placed on different diets. Some were on a diet that reduced their calorie intake by 25%, while others were assigned a normal diet. For four weeks they ate at a clinical center and were counseled on how to cut calories. After that, they adopted an eating plan based on their personal preferences. Although at first most stuck to their diets and reduced calories by about 20%, by the end of the study that figure had dropped to about 12%—just 300 fewer calories per day.

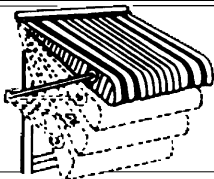

Still, even this modest reduction led to an average weight loss of 16.5 pounds, lower cholesterol and blood pressure, improved insulin resistance and metabolic rates, and other factors associated with heart health.

*Our greatest happiness does not depend on the condition of life in which chance has placed us, but is always the result of a good conscience, good health, occupation, and freedom in all just pursuits.*

—Thomas Jefferson
