SOCIAL CLUB NEWS

Marsha Dixon #314, President, 931-607-1493

Please read the Social Club update about Coffee Hour and communication in this month's media. We will continue to plan events as things relax in Doral. Of course, all activities will have new restrictions and healthy habits as move forward.

We are in the process of purchasing some new projects and will keep you posted as they arrive. Presently, we are working on the big back porch at the Cottage. We just purchased a new dining table with six chairs and Women's Club is helping us with another set arriving soon. We will now be able to host outside card games, meetings, and activities outside!

Please stay safe and well and we are counting the days until we can celebrate together!

Because of Covid -19 and Social Distancing and the concern for our community, Social Club will not host Coffee Hour until Wed., OCTOBER 7th! We understand this is our main way of communication and announcements, so we encourage everyone to watch Channel 801 for updates and scheduled activities, check the Clubhouse hallway for fliers and notices, and view the Information Boards at the Clubhouse or Back gate. We will try our best to get articles in the Monthly Media but because of sudden changes and updates some activities cannot be planned in between publication dates.

We are very sorry about the cancellation, but we know you understand. All other activities are up to each group as to how they want to continue or postpone. We hope everyone stays safe and well and we will continue to plan some fun activities when we feel safe to do so. We will definitely have a huge celebration soon!

*Watch for plans for summer monthly activities, especially July 4th and Labor Day!

BAZAAR BUZZ

Marsha Dixon, Chairman

NEW BAZAAR DONATIONS will be by appointment only until September 1st. We will then accept most donations. If you can't take your donation to our bazaar sheds in the field, please call Marsha (931-607-1493) or Wes (404-401-4139) to discuss pickups or drop offs! We will no longer accept chandeliers, ceiling fans, televisions, hide away beds, futons, day beds, mattresses and box springs, or sofas that have a tear in them. Furniture must be in good condition! Goodwill will not accept these items so we can't take them either. Remember, donations will not be accepted until Sept. 1st unless you make arrangements with Wes or Marsha. Thank you again for everything you do to make our bazaar a huge success!

AN EMERGENCY IS STILL AN EMERGENCY. EVEN DURING THIS EMERGENCY.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.baycareemergencycare.org)**

Joke of the month

Self-Isolation

Day 1 -- I Can Do This! Got enough food and wine to last a month!

Day 2 -- Opening my 8th bottle of Wine. I fear wine supplies might not last!

Day 3 -- Strawberries: Some have 210 seeds, some have 235 seeds. Who knew??

Day 4 -- 8:00 p.m. Removed my Day Pajamas and put on my Night Pajamas.

Day 5 -- Today I tried to make hand sanitizer. It came out as Jell-O Shots!!

Day 6 -- I get to take the garbage out. I'm so excited; I can't decide what to wear!

Day 7 -- Laughing way too much at my own jokes!!

Day 8 -- Went to a new restaurant called "The Kitchen". You have to gather all the ingredients and make your own meal. I have no clue how this place is still in business.

Day 9 -- I put liquor bottles in every room. Tonight I'm getting all dressed up and going bar hopping!

Day 10 -- Struck up a conversation with a spider today. Seems nice. He's a Web Designer.

Day 11 -- Isolation is hard. I swear my fridge just said, "What the hell do you want now?"

Day 12 -- I realized why dogs get so excited about something moving outside, going for walks or car rides. I think I just barked at a squirrel.

Day 13 -- If you keep a glass of wine in each hand you can't accidentally touch your face.

Day 14 -- Watched the birds fight over a worm. The Cardinals lead the Blue Jays 3 - 1.

Day 15 -- Anybody else feel like they've cooked dinner about 395 times this month?

Day 16 -- I've eaten 22 times and had 3 naps---and it's still today!

Manager's Corner, June 2020

Jeff Hahn, LCAM

- Some of you may already be aware of this, but for those who don't, it is with sadness that I inform you that Gail Phillips, has retired as the Doral Office Administrator. For those who have been here for any length of time, you recognize that Gail has been the face of this organization. In the past 21 years, you have had many Property Managers, (I think 12 or 13 in all), and many different Board members. However, the one constant and usually the first point of contact when you walked into the Office would be Gail. As such, she treated you with a positive attitude, and provided excellent service, expertise and knowledge to you and everyone visiting or doing business in the Doral Office. She was a dedicated and committed employee who I never saw angry or who ever said a negative word about anyone. She was a stickler for details, and that was of extreme importance in the transactions and daily work and projects that she was involved in. She was a firm believer of the old saying, "a place for everything, and everything in its place". I found this out when I used pens from her desk and didn't put them back where they belonged. When I went into the Office the next day, she let me know of my indiscretion. I never did that again!!...LOL. As we all know Gail has been such a major asset to Doral and someone who will be truly missed.
- Just one other note regarding Gail if anyone would like to send her best wishes on her retirement or thank her for her years of excellent service to Doral, feel free to put a card or note in the black mailbox outside the Office door and I will make sure she gets it.
- The other topic and still of huge concern are the coronavirus. As of this date (May 5th) Phase 1 of the Economic Recovery stage is in place. This means that some businesses have opened and there has been a relaxing of the restrictions placed by the Federal Government, the State of Florida, and Pinellas County. I can't foretell where we will be when you receive this at the end of May, but I sure hope that things are better here and everywhere. No matter what the case may be, it is of paramount importance that everyone adheres strictly to the regulations and CDC recommendations that are in place. Even when this virus is contained and a vaccine has been developed, please continue to do everything you can to stay safe from this dreadful disease. We all need to work together to make it past this historic time in our world.
- I will end by wishing all the fathers out there a very Happy Father's Day on June 21st and hope that all the mothers had a Happy Mother's Day on May 10th. My apologies for not stating this in May's Media.
- Happy beginning of summer be well and enjoy!!

KNOW YOUR NEIGHBOR

Interviews by Julie Green # 564

MATT AND GRACIE SMITH #638

There are very few families left in Doral Village who were there in the beginning when we became a resident owned village.

Doral Village transitioned from being a village owned by one man, Gordon Marsden, to one owned by the people who live in it. This change happened in 1986. It was a huge undertaking for the residents back then and I'm sure we are all thankful for the work they put in. Matt's family is one of these founding fathers. In fact, Matt has been visiting Doral Village since 1973 when he was a teenager. He remembers the transition days. He remembers US19 being a 2-lane road, not the fast and furious 8 lane highway it is now. Matt's maternal grandparents, Ed and Myrtle Baker first moved into Doral Village in 1972. They bought # 319. Back then Doral as we know it didn't exist. It was owned by a real estate company owned by Mr. Marsden, and it was called Doral Mobile Home Villas. In fact, Matt has some wonderful photos of Doral being developed. Back then Sections 6,7 & 8 didn't exist. His grandparents came originally from Detroit, Michigan. They had one daughter, Marie who was born and raised in Detroit MI. She was also related to Marsha Dixon. Marie was in her late 40s when her parents moved to Doral Village. She was a regular visitor from then on with her husband and children. Marie was married to Bernard Smith. They snow birded for several years after her father passed, and they always stayed with her mother. In 1999, after her mother had passed Marie and Bernard sold #319 (to Betty McNeill) and purchased # 638. This is the home Matt and Gracie now live in. Bernard passed away in 2007. Marie, who was well known in Doral Village, served her time on the RO board and was a very active member of the Doral community until her death in 2018.

Matt is now the 3rd Generation of his family to live in Doral Village. Matt was born in Detroit, Michigan in 1958. He was raised and went to school there and as soon as he left school he went straight to work at General Motors. He started his career as an auto worker in 1976 in Detroit. He worked there for 15 years at Fisher Body Livonia. He then transferred to GM in Tennessee where he met his wife Gracie. He worked there another for another 15 years. He retired early at 48 years old. Matt has 2 children from a previous marriage.

Gracie was born in 1957 in Erie, PA and moved to Bowling Green, Kentucky when she was very young. She grew up there and her family still lives there. Bowling Green is a historic town, once the Provisional Capital of Confederate Kentucky in the American Civil war. It boasts a famous Corvette Museum, right next door to the factory where these iconic cars are made. Does anyone remember the song Bowling Green by the Everly Bros released in the late 1960s? She worked for GM in Spring Hill, Tennessee. She worked at the Saturn car factory. That's where she and Matt met. She retired in August 2009 after working in the auto industry for 22 years. Once they both retired, they spent 2 months at a time snow birding to Doral and

June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father's Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father's Day gift

Father's Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years' War. The word cravat derives from a combination of the French "Croate" and the Croatians' own name for themselves, "Hrvati."

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie's elasticity, which allowed it to revert more easily to its original shape. The "Langsdorf" became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father's Day

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

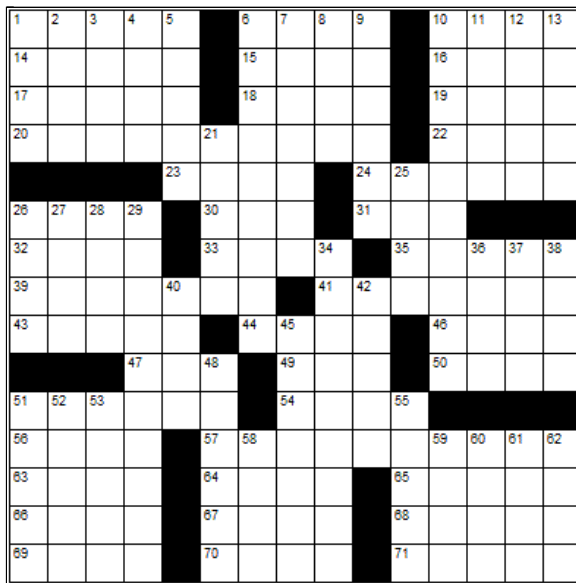

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

A few one-liners

Funny or dumb? You decide:

What's the best thing about Switzerland? I don't know, but the flag is a huge plus.

- I submitted 10 puns to a joke-writing competition to see if any of them made the finals. Sadly, no pun in ten did.
- What's the difference between a hippo and a Zippo? One is really heavy, and the other is a little lighter.
- Can a kangaroo jump higher than the Empire State Building? Of course! The Empire State Building can't jump.
- If you have 10 apples in one hand and 14 oranges in the other, what do you have? Really, really big hands.
- I took part in the suntanning Olympics, but I only got bronze.
- What do Alexander the Great and Winnie-the-Pooh have in common? Same middle name.
- Not only is my new thesaurus terrible, it's also terrible.

A miracle?

Sister Mary was a devoutly religious woman. Besides her duties as a nun, she was very active in various hospitals visiting sick patients and taking care of all their needs.

One day she found her car was out of gas in the hospital parking lot, and the only container she could find to put any gas into was a bedpan.

Sister Mary walked two blocks to the closest gas station, filled up the bedpan with gas, and headed back to her car.

As Sister Mary started tipping the gas into the fuel tank, a man walked out of the hospital. He stopped and watched her. Just when she finished pouring in the last drops of gas, he said, "I promise, if that car starts, I'm going to church this Sunday!"
