Sunshine Committee

Another month gone by of our lock down. As far as I know everyone is well. Please stay that way. Only heard of one death from the Virus and that is from a past resident. Jean Lasner was one of the first at Freedom Square to pass away from the Virus. Plus the sister of a former resident passed away also. Joan and Vic Guerra . Barbara spent many winters with them. . Jean was very active in the park . Ladies Auxiliary and many other things, Pool exercise. Nice lady. All these ladies will be missed so much. Please everyone take care and be safe.

Marlene

WOW! These sure are very different times for all of us. Hopefully everyone is safe and healthy in Down Yonder.

The Ladies Auxiliary first meeting of the year won't be till October but we are still here and hoping to be able to do some events during the summer, only time will tell if we can.

Just an idea but while we're all staying safe at home take some time to do some crafts and We will plan a crafts and bake sale in the fall. There's been interest in one for a few years and we could make it great!

I really miss seeing everyone and all our meetings, ladies lunches, dinners, bingo etc! It will take some time and planning but we will get to a new normal and make it work.

If anyone has ideas or suggestions for the ladies auxiliary projects and functions let us know and at least we can make some plans for the future. I've been thinking too much so have some ideas of things we can do to support and help our community! Maybe by the next media we will be able to put something on the calendar.

Most important, everyone stay healthy and safe. Check in on your neighbors, help when you can and ask if you need help! We're all in this together and going through the same things.

Golf Cart Identification

Please fill out this form and return it to the office, so they can keep track of your golf cart in case it gets stolen. Without this form, Largo Police Dept will have no way of tracking you cart. Golf Cart Identification Form

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergencyCare.org](https://www.BayCareEmergencyCare.org)

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father’s Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father’s Day gift

Father’s Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years’ War. The word cravat derives from a combination of the French “Croate” and the Croatians’ own name for themselves, “Hrvati.”

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie’s elasticity, which allowed it to revert more easily to its original shape. The “Langsdorf” became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father’s Day

Some businesses thrive in these troubled times

Many businesses are encountering challenges amid the COVID-19 pandemic, but a few industries are seeing sales rise. The Criteo website reports that these sectors are apparently thriving during the lockdown:

- **Webcams.** Naturally, people are buying webcams in order to Skype and Zoom with friends, relatives, co-workers, and more. In early April, sales of webcams in the United States jumped 458% in a one-week period.
- **Sleepwear and loungewear.** When people aren't going out, they're likely to wear comfy clothes all day around the house. In Australia, for example, such sales soared 184%
- **Shaving and grooming equipment.** Can't get to the barbershop or hair salon? No problem. Around the world people are ordering shavers and other cosmetic gear to manage their hair and appearance.
- **Pet supplies.** Pet adoption rates are climbing in the U.S. as people seek companionship at home, leading to a 274% surge of sales of pet food, bedding, cages, and treats.
- **Baking items.** What could be better when you're stuck at home than baking something tasty? Google Trends reports that searches for "banana bread" skyrocketed 54% around the world during March. Items purchased online include batter and cocoa mixes, breadcrumbs, pie and pastry fillings, and cookie decorating kits.
- **Gaming equipment.** You can go virtual to get out of your home. Video game use rose 75% in the U.S. one week after the World Health Organization declared the outbreak a pandemic. Purchases of consoles, controllers, and other gaming hardware went up 338% in early April.
- **Outdoor furniture.** If you're fortunate enough to have a balcony, back yard, deck, or porch, you probably want some comfortable furniture to relax on while you're social distancing from your neighbors. Folding chairs, stools, outdoor tables, and more shot up 428%.
- **Exercise bands.** These stretchy pieces of rubber used for muscle resistance training in confined spaces are a useful substitute for heading out to the gym. Sales have gone up 86% since stay-at-home guidelines have been in place.

Thousands volunteer for space missions

Feel like getting off the world for a while? You've got company. As the U.S. News & World Report states, some 12,000 people have applied to become astronauts following a call from NASA for volunteers. It's the second-largest group of would-be spacefarers in the agency's history.

The hopefuls come from all 50 states, as well as the District of Columbia and four U.S. territories. Those selected will probably travel to the International Space Station and pave the way for exploration of the moon and Mars.

The previous call for recruits drew a record 18,300 candidates, of which 12 were ultimately chosen. This time around NASA tightened its qualifications, requiring a master's degree in science, technology, engineering, or math. The current active astronaut corps numbers 48.

Ghost ship mystery solved

Every 20 years or so, the remains of a 50-foot shipwreck are exposed on a Maine beach in the wake of strong storms, only to be buried again by more harsh weather. It's a mystery that has frustrated locals wanting to know more about the ghost ship.

According to the CNN website, the ship was first spotted in 1958, then reappeared in 1978, 2007, 2013, and 2018. Some pieces of the ship were saved, and now the mystery has been cleared up.

A marine archeologist sent pieces of the wreck to the Cornell University Tree-Ring Laboratory. There, the timber was matched in a tree-ring index to a probable date of 1753. With that data, the archeologist studied historical records and linked it to a sloop called *Defiance*, built in 1754 and wrecked near the Maine location in 1769.

Defiance sailed out of Salem, Massachusetts, with a cargo of flour, pork, and other goods. Crewed by four men, *Defiance* hit a fierce storm and was forced onto the beach. Although the sloop was a total loss, all four men survived.

The identification is significant because *Defiance* is one of the few examples of a pre-Revolutionary War ship built in New England. Scientists also hope to use the information to measure the impact of sea level rise and storm activity.

The patient mother

A woman walked in the grocery store with a three-year-old girl in the seat of her shopping cart. As they passed the cookie section, the little girl asked for cookies, and her mother told her no.

The little girl immediately began to whine and fuss. The mother said quietly, “Now, Monica, we just have half of the aisles left to go through; don’t be upset. It won’t be long.”

Soon they came to the candy aisle, and the little girl began to beg for candy. When her mother said she couldn’t have any, the little girl began to cry. The mother said, “There, there, Monica—only two more aisles to go, and then we’ll be checking out.”

When they got to the checkout, the little girl immediately started clamoring for gum, and she threw a loud tantrum when her mother refused. The mother patiently said, “Monica, we’ll be through this checkout lane in five minutes, and then you can go home and have a nice nap.”

A man followed them out to the parking lot and stopped the woman. “I couldn’t help noticing how patient you were with little Monica,” he said.

The mother laughed. “My little girl’s name is Tammy. I’m Monica.”

Smarter than you thought

At the bar, Joe made a bet with the man sitting next to him, Bill. Joe said, “Hey, idiot, every question I ask you that you don’t know the answer, you have to give me five dollars. And if you ask me a question and I can’t answer yours, I will give you \$100.”

Bill shrugged. “OK.”

Joe asked, “How many continents are there in the world?”

Bill wasn’t all that smart, so he didn’t know. He handed over a five-dollar bill. Then Bill said, “Now you tell me: What animal stands with four legs but sleeps with three?”

Joe thought long and hard, but in the end he gave up and handed over the \$100. Then he said, “By the way, what was the answer to your question?”

Bill shrugged and handed over five dollars.

Elephants never forget

An elephant drinking from a stream spotted a tortoise lounging on the shore. He grabbed it with his trunk and flung it into the jungle.

A passing zebra asked, “Why did you do that?”

“Forty years ago, that tortoise nipped my tail just for fun,” the elephant said.

“Wow, 40 years ago! How did you remember that?”

“I have turtle recall,” replied the elephant.

Laughter is a sunbeam of the soul.

Precision Vapor Barriers

Have You Looked UNDER Your Home Lately? **PROTECT YOUR HOME**

Fix Small Problems Today Before They Cause Serious Damage!

We will inspect and photograph any issues, showing you pictures of the underside of your home. Damaged & worn vapor barriers can create high energy costs and allow mold & mildew to grow and weaken your sub floor creating "Soft Spots". Keep Mold, Moisture & Animals out of your Home.

Repairs will be made quickly and include a **20 Year Transferable Warranty!**
