## Home Owner's Association

Linda Thoma

---

**O**ctober is already here and our first meeting for the HOA is Tuesday, October 10th at 7p.m in the Manor House. I know many of our members are still up north, but I hope to see everyone who is in the park present. If you are not a member you may join that night, but you must bring your title or electronic title from the DMV with you. If you have any questions please feel free to call me at 330-6059.

Hurricane Irma spared most of us with no damage, and only a couple with light damage while one or two suffered severe damage. Thankfully there were no injuries to any of our residents during this disaster.

I want to put a shout out to all of those that came together in what could have been catastrophic. It only goes to show that we are a community that can work and support one another. Our community is one of the best ones in Pinellas County and we need to show that, not just during emergency situations, but year- round. It is understandable that our residents who are still working just don't have the time to participate in our activities all of the time, but we would like

you to know that your participation in the HOA and other activities shows we are one community. Sure, every one of us thinks differently and we as individuals are different in our own way, but as one, we can contribute more to the community and keep it as the best in Pinellas. Our ages are spread apart considerably, but that doesn't mean we can't come together united. The HOA, DYCA and the Ladies Auxiliary all need volunteers and the younger generation needs to try to get involved in some manner. This is your community also and the time will come when the "younger" generation will need to step up and take over. I am sure there are many talented people from all walks of life that would be great in the positions that are filled/empty now. I remember being one of the "younger" generation when I moved here and slowly learned the workings of the HOA and the Ladies Auxiliary and worked with others so those that had worked so diligently over the years could sit back and enjoy the community. Please consider joining the HOA (it is only \$10 a year) and volunteering with any one of the organizations.

Diane, our Community Manager is working hard in learning the ins and outs of the community. She also was out there the day after the storm with a blower backpack on helping to clean up the front of the park. So please continue to be patient and courteous with her.

*...continued on page 6*

## DOGS:

I have received many calls regarding this subject.

**It is a Pinellas County Law that all dogs must be leashed.** It is not fair to those who are walking their dogs while leashed to have another dog come running at them. It makes it harder for the owner to control their pet. If the owner of a dog who is on the leash is not holding the leash, then this is not a dog on a leash.

In November, we will have an open meeting for all owners (no renters). If you join in November for January you will be able to attend our December meeting. **Our December 9th meeting will be the last day that nominations can be taken for the Board Elections in January.** Anyone running for the Board (this includes Board members rerunning) must present their title to show ownership.

**You will need to be a member by December 26th in order to be eligible to vote in January's election for Board Members.** If you will not be back to Down Yonder before December 26th, please let me know and I will send you an application, either by email or regular mail. All NEW members must present their title at time of application. There are no proxies for the election of the Board of Directors.

**Our first HOA meeting for the season will be October 10, 2017 at 7 p.m. in the Manor House.** Dues for membership are \$10.

Looking forward to seeing everyone returning to Down Yonder in the next few months.

## **Media Deadline**

*Elaine Handrigan*

---

### **Deadline for November is October 12th. (This is a must) Due to the Holiday**

I need everyone's help. It is very hard for one person to keep track of birthday's and anniversaries, especially with the New Resident program. If you should see any name of a resident who has either passed, or moved away, please let me know either by e-mail (ehandrigan@hotmail.com) or drop off a note at my coach #348. Your help will be greatly appreciated.

## **Down Yonder Community Association**

*Anita Hermann*

---

We are gearing up for our season of events. We have volunteers for the Halloween dance and the November dance. I am happy that people are interested in making our events memorable.

We have been extremely lucky, so far, that we have a place to hold our events and also that we still have a community. We survived Irma and hopefully it will be a very long time before we are faced with another horrible storm. I am proud to say that people in the community worked together to help others that we not as fortunate. We did have power off for a time and it was nice to see that some were sharing their time, efforts and food supplies with everyone. It was also wonderful of residents to share their electricity with those that did not get their power back as quickly as others.

We will be holding elections on November 18th for a new president and vice president of the Down Yonder Community Association. There is a flyer on the bulletin board in the library for nominations for those two positions. Please place the name of your nominee on that flyer before the 18th. You will also be able to nominate an individual on that morning at Koffee Klutch if you so desire.

Again I want to thank everyone for helping others during our time of crisis, the sharing of your time and food.

Be safe and be well,

Anita

# DOWN YONDER NEIGHBORHOOD WATCH PROGRAM

Dave Lipp

---

**W**hether it be watching out for suspicious activity, making sure each other's homes are secure when we are away, or making sure all of our neighbors have a place to go in case of an emergency evacuation, our purpose is to help our neighbors. We need to make sure that all of our neighbors can count on others when they need help. Our residents have a part in what happens to the entire park.

You can help by keep your eyes open to anything that does not seem right. Keep an eye on any suspicious activity but if it is a crime DO NOT try to stop it. Contact the Largo Police Department.

If you call the police you should report it to management as soon as possible. When calling the Largo Police you will be asked:

Name, lot# and street, Phone #, location of incident, incident in progress, description of vehicle and tag number.

Down Yonder Village is identified as Location #376B on the Largo Police and Fire Department grid map.

## Three activities to ward off Alzheimer's

# October Sudoku

**A**lzheimer's disease may not have a cure, but experts believe some practices can help delay memory loss. Here's what you can do:

- Cognitive training. Crossword puzzles and other games can help, but try some different techniques. Do simple arithmetic in your head instead of relying on a calculator. Develop a new method for remembering what's on your shopping list. Train your brain to remember things in new ways and you'll keep it sharper.
- Control your blood pressure. Reducing high blood pressure with medication and weight loss not only cuts your risk of heart disease, but it can also ease stress on the delicate blood vessels in your brain—stress that can exacerbate memory loss and dementia.
- Exercise. Moderate aerobic exercise has many health benefits, including heading off symptoms associated with Alzheimer's. Try exercising for 30 minutes five days a week, or 50 minutes three times a week. You'll feel better and extend your cognitive health.

## Scientists search for life on the toughest planets

**W**e think of life as viable only on planets orbiting stars like our sun, but scientists now speculate that it could evolve on worlds circling very different types of stars.

Stars called M dwarfs are the most common stars in our galaxy. Their harsh flares and gravitational grip on their innermost planets could interfere with the formation of liquid water, which is necessary for life. However, astronomers have spotted approximately 200 planets circling M dwarfs, and dozens are in the so-called habitable zone where liquid water could exist and temperatures aren't too extreme for the development of life.

Scientists are studying these strange new worlds in hopes of detecting conditions that might lead to life—although it will probably be very different from any life found on Earth.

## Lost and found: Seeking owner of ancient sword

**S**cientists are trying to determine the identity of the owner of a 14th-century sword found in a bog in Poland. The four-foot-long sword, which according to the Fox News website is remarkably well preserved, was discovered by a worker using an excavator to drain a peat bog. The worker donated his find to a local museum.

Museum officials speculate that the sword was lost by a medieval knight, or that perhaps the knight perished in the bog. Researchers are examining an engraving on the sword's hilt that may identify the knight or his family. Meanwhile, archeologists are searching the bog for other artifacts.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"
