FROM THE MANAGER'S DESK

Marilyn Sisti

I want to thank you for your understanding during the Hurricane Dorian scare. ELS is the one that owns the properties and they are the ones that make the decisions whether we close down or not. All the properties in Florida had the same direction as to when and what would be closed and when to reopen.

I hope everyone will sign up for the Robo Call Service, this will give notice to all if we are closing, emergencies or have a water main break.

I am rescheduling the luncheon that we as the staff here at Down Yonder which includes Fran, Joe and myself will have to meet and greet our residents. I would like to get this scheduled for Wednesday October 16th at noon, I hope everyone will join us.

My door is always open if you have any questions or concerns.

Media Deadline

Elaine Handrigan

Deadline for November is October 12th. (This is a must) Due to the Holiday

I need everyone's help. It is very hard for one person to keep track of birthday's and anniversaries, especially with the New Resident program. If you should see any name of a resident who has either passed, or moved away, please let me know either by e-mail (ehandrigan@hotmail.com) or drop off a note at my coach #348. Your help will be greatly appreciated.

Home Owner's Association

Suzanne Arquette

It's Fall already! The weather should start cooling down and getting rid of this humidity; but still remember this is Florida (always humid/hot). To me, best place to live.

Not much news for the Media this month. We are in Rent Negotiations trying to keep our rent percentage down for the next three-year contract. We have lost a lot of our amenities, within the last three years; that are gone and need to be returned to the residents. The new Down Yonder sign, at the entrance to the village park, is still not complete. The sign was put in on June 28th, three months ago. The wiring for the sign was cut when they removed the old sign. It is going to cost about \$4,000 to complete the new wiring. ELS is so slow in

...continued on page 6

completing any job in the village park.

Our By-laws revisions are being completed and the revisions will be going to the membership for their vote on these changes to our By-Laws. All other parts of the By-laws are part of the Florida Statutes 723. These By-laws should have been completed in 2016 when the committee made the revisions; but they were put on the back burner to be completed later and it was never done. Just pushed aside.

The new Lights at the pool have been completed and they look great. We still need our security cameras put up. HOA bought them in 2015 and they have never been installed because ELS says **NO WAY.** As residents, we need these security cameras all over the park because it would help with vandalism and theft.

OUR NEXT HOA MEETING WILL BE HELD ON TUESDAY, OCTOBER 8TH AT 7:00 P.M. AT THE MANOR HOUSE.

See you there!!!! Stay safe and have fun!!!

Koffee Klatch

We need volunteers for Koffee Klatch. This is not a hard job and we have people who will help you.

DOWN YONDER NEIGHBORHOOD WATCH PROGRAM

Whether it be watching out for suspicious activity, making sure each other's homes are secure when we are away, or making sure all of our neighbors have a place to go in case of an emergency evacuation, our purpose is to help our neighbors. We need to make sure that all of our neighbors can count on others when they need help. Our residents have a part in what happens to the entire park.

You can help by keep your eyes open to anything that does not seem right. Keep an eye on any suspicious activity but if it is a crime **DO NOT** try to stop it. Contact the Largo Police Department.

If you call the police you should report it to management as soon as possible. When calling the Largo Police you will be asked:

Name, lot# and street, Phone #, location of incident, incident in progress, description of vehicle and tag number.

Down Yonder Village is identified as Location #376B on the Largo Police and Fire Department grid map.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

Welcome back to the cooling weather, Oh, and the snowbirds. Let me start by thanking everyone that helped out, throughout the summer and look forward to a great upcoming season. I would like to recognize Karen Lynn DeSocio and her husband Carmen for their humanitarian effort after the hurricane in the Bahama's, they collected much needed items and made the effort to see that they wound up in good hands. Thank You.

We are starting the Coffee Klutch back up October 5th 8:30 am, it comes from the German word, "kaffeeklatsch", which translates to coffee+gossip. It refers to a group of friends getting together over a cup of coffee and danish, it's held in the manor house, and at 9:00 we have the DYCA version of a meeting to inform everyone of the up and coming activities. Not all residents have internet so this is a great way for them to get out and enjoy residents and find out what's going on, a lot gets accomplished, I hope to see many new faces and old, it runs the first and third Saturday of the month.

The pancake breakfast will start back up on October 12th at 8:30, please stand by for more information.

The Halloween dance is October 26th at 7:00 pm, Music by Ryan Mosley and tickets are \$5, prizes for various costumes, It's Halloween; everyone's entitled to one good scare.

Thank You, remember, help those that can't help them self. 'Work isn't to make money; you work to justify life'.

ARTICLE FROM ONE OF OUR DY MEMBER

Neal Desch

Two months ago my friend Suki and I decided to give something back to Mother Earth. We had planted a single Lime seed last year and it grew so this year, so we planted 18 more Lime seeds and they all grew. From that we launched 1001 Tree Project's on Facebook.

I get various seeds, mostly citrus seeds of course and germinate them, once they are a few inches tall I give them away in groups of 6 to Mom and Pop shops that are environmentally conscientious for them to give to their customers for them to grow and eventually replant into our planet.

My current batch has over 100 seeds germinating and almost ready to go out. I give them all away for FREE. If anyone in the park wants a tree, just come by unit 358 on Pinewood in Down Yonder and I'd be happy to give a tree or two.

Thank you,

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Ancient human skulls hint at early European arrival

Two skulls unearthed in Greece suggest that *Homo sapiens* arrived in Europe from Africa much earlier than previously thought. The Sci-News website reports that the partial skulls were discovered decades ago, in 1978, but a recent re-examination allowed scientists to virtually reconstruct them.

One skull, 170,000 years old, belonged to a Neanderthal, but the other is 210,000 years old and appears to be an early modern human. This means that *Homo sapiens* spread out to Europe some 150,000 years earlier than believed. Scientists speculate that Neanderthals originally displaced *Homo sapiens*, but over time they died out as more early modern humans made their way to southern Europe.

Giant squid sighted off New Orleans coast

For the first time, a giant squid has been sighted and captured on video in U.S. waters, the *Popular Mechanics* website reports. A research vessel grabbed video of the squid, *Architeuthis dux*, 100 miles from the New Orleans coast. It's only the second footage of a giant squid in the wild; the first was captured on video in 2012 off Japan's Ogasawara archipelago.

The video was taken with a camera called Medusa, designed to resemble bioluminescent prey in the deep sea and attract predators like the giant squid to obtain a close-up look that can be recorded and studied.

Three myths about creativity

People have lots of misconceptions about the nature and practice of being creative. Here are some common myths to ignore (from the Livemint website):

- **Creativity is serendipitous.** Don't wait for the proverbial light bulb to go off inside your head. Enhance your imagination by talking to people, immersing yourself in information, and focusing on the problem you want to solve instead of hoping you'll get an idea out of the blue.

- **Creativity is lonely.** We imagine the painter alone in a studio, or a poet shivering in a chilly garret. You won't get ideas, though, unless you get out into the world and explore. The more perspectives you can get from other people, the more fuel your imagination has.

- **Creativity requires a team.** Organizations rely on R&D teams for creative ideas. Although seeking input from others is useful—even essential—many great ideas come from people who weren't actively seeking solutions at the time. Teamwork is great, but don't ignore ideas from offbeat sources. They may be the most innovative.

Don't cancel that credit card yet

Canceling a credit card can seem a fast and easy solution to your debt woes. In a Bankrate survey of 2,582 adults, of whom 2,301 have credit cards, 61% reported that they've canceled at least one credit card, and 37% said they've canceled more.

The older you are, the more likely you've done it: Seventy-two percent of baby boomers have canceled a card or two, more than the 61% of Gen Xers and 50% of millennials.

What reasons do cardholders give? Here are some answers:

- No longer needed after paying off debt 40%
- Didn't use it enough to keep it 36%
- Interest rate too high 36%
- Worries about overspending and debt 18%
- Insufficient rewards 17%
- Improve credit score 12%
- Other 11%

However, canceling a credit card doesn't automatically boost your credit score. Experts advise keeping an account open, even if you don't use it, because longstanding accounts with available credit typically have a positive impact on your overall credit score.

Eat blueberries to help your heart, says study

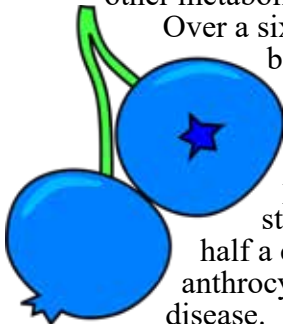

Blueberries are delicious, but can they aid your heart? Maybe, according to the Medical News Today website.

A study by a team of re-searchers from the University of East Anglia in the United Kingdom and Harvard University in the United States (at least partially funded, it should be noted, by the United States Highbush Blueberry Council), found that blueberries may indeed help with high blood pressure, high blood sugar, and other metabolic conditions affecting heart health.

Specifically, the team gathered 155 participants age 70–75 who were overweight or had other metabolic symptoms and split them into three groups.

Over a six-month period, one group consumed a cup of freeze-dried powdered blueberries per day, and another group had half a cup. The third group, used as a control, consumed a powder with dextrose, maltodextrin, and fructose.

The scientists found that those eating a full cup of blueberry powder showed improvement in vascular function and arterial stiffness. They saw no improvement in those who consumed just half a cup. They credit the improvement to the presence in blueberries of anthocyanins, which have been linked to a reduced risk of cardiovascular disease.
