Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

## Media Editor

Dick Hambley ([richwham@aol.com](mailto:richwham@aol.com))

---

Fall is here and although we won't see leaves turning color, I did see on Facebook that a sure sign of fall in Florida is a changing colors of the automobile license plates. We have had some new residents join us here in Eldorado and to them we say welcome. We consider ourselves a friendly welcoming community and hope that you feel that warmth as you meet and greet your new neighbors. There are many activities that go on here in Eldorado and you are welcome to join in on some or all. Things will pick up as far as activities are concerned as our snowbirds return from the north. So, come out and join in and you will find that we have some great folks living here and you just might meet a new best friend. I welcome any submissions to the media as long as they are not controversial, so send me your thoughts or story and we will be glad to add it to the media.

## Homeowners Association

Dorisanne Gibson

---

Welcome to autumn and maybe some cooler weather. Things will be starting to get a little busier for everyone. The HOA's first general membership meeting will be November 21st at 7 p.m. We will have much to discuss so please plan to attend.

Assessments for 2020 will be taken starting October 1st. \$10.00 per coach.

In 2016, the FDA finalized a rule covering all tobacco products, including electronic nicotine delivery systems that meet the definition of a tobacco product. Which means that vaping is now included in banned smoking areas. No member of the public shall smoke any tobacco product inside a public building, or in an outdoor area within 20 feet of a main exit, entrance, or operable window. We have 2 designated smoking areas around the pool deck. Please confine your smoking to those areas and refrain from smoking while in the pool and/or hot tub, or in any other area of the pool deck.

Remember to stop in the office and get your guest parking permits. They are yellow tags with your name on them, registered at the office, for you to keep at your home for your guests to use when parking up at the clubhouse overnight. And also remember, if you have guests coming, you are to let management know.

## Spilbeler's Bucket List Vacation

---

I have often heard folks say that their bucket list vacation would be to travel to Alaska. I now know why. We were fortunate enough to travel to Alaska on a 7-day Island Princess Cruise July 31 – August 7. We cruised from Vancouver to Whittier traveling 1,566 nautical miles. Ports were Vancouver-Icy Strait Point-Juneau-Skagway-Glacier Bay-College Fjord-Whittier. We experienced whales, big brown bear, sea lions, moose, reindeer, and the salmon run. We then spent 2 days at the Mt. McKinley Princess Wilderness Lodge and 2 days at the Denali Princess Wilderness Lodge and spent a few days in Seattle before heading back to Indiana. We were most fortunate in seeing the third most prominent peak on Earth on a beautiful clear and sunny 70 degrees day with an elevation of 20,156 feet. Mount McKinley Denali is a sight to see. This is the picture we took that day.

## Eldorado Facebook Page

*Dick Hambley*

---

For those who were unaware, I am the administrator for the Eldorado Village Facebook Page. I would like to remind everyone that in order to join the page you must make a request and answer the two questions that are required. The main reason for the questions is that membership is limited to residents or former residents of Eldorado or EBO. When you list your lot number, it would be helpful if you listed which park so that it is easier to research. If we get a request from someone who has not answered the questions, I automatically decline the request. We do not mean to exclude folks who have a perfect right to join, but you would be surprised at the number of requests that we get that, when I research a bit, they have no affiliation with either park. We want to include any residents who wish to join and welcome their requests; however, we need to follow the above procedure to assure that the original intention of the page is followed.

## Library

Linda Stayer

The Eldorado Village Library is very nice, clean, and well kept. I understand that Joanne Gallivan volunteers to keep it maintained during her winter season visits in Largo.

I am a new year-round resident and on June 25th attended the Social Club meeting where it was announced that a volunteer is needed to care for the library while Joanne is away. I volunteered and thought everyone might like to know the modifications that have been made to enhance our special library.

1. There is a Welcome sign on the library bulletin board along with instructional information on the library usage.
  1. Borrow – Donate – Participate.
2. Written on the book spines are the first two letters of the authors last name which should make the filing process easier and faster.
3. Clip-on shelf labels and Velcro material have been added. Reason: some labels were coming off and the alphabet letters can be moved when the book quantities increase, and shelf space adjustment is required.
4. A “**Drop-off**” box was added for books returned or, donated items. The new items will be marked and placed on the shelves.
5. The entertainment book shelves which contain movies, puzzles, board games and playing cards are just waiting for attention. Fun note: there were over 70 sets of playing cards to be verified for accuracy.
6. If you didn’t know, there are Eldorado Village notebooks and scrapbooks (with photos) on our rich and interesting history dating back to 1969 when the park was established. Take a few minutes, sit on the love seat or comfortable chair and enjoy a “blast from the past”.

Please STOP by our library and maybe you’ll notice a few other little fun things that have been added for everyone’s enjoyment.

Thank You

## New Bulletin Board

We have a new Bulletin Board by the Mailboxes. We realize that many folks do not go to the club house on a regular basis, so this is a way for all to see “coming events”, hopefully you will find something you might enjoy attending. Thank you, Debbie, for getting them installed, we appreciate this.

## Coming Activities

Your Co-Social Director,  
Tammy Heffron

Hi neighbors, our upcoming October schedule begins with pizza night on the 12th. The Flyers are posted at the clubhouse and at the mailboxes. We also have a friendship luncheon - free for all Eldorado Village residents only. This will be on the 26th, so please mark your calendar's and come, have a good afternoon. At the end of November we have a breakfast and a corn hole tournament scheduled on the 24th and on the 28th is our Thanksgiving dinner that will be homemade so will be looking for some help with that event... info to be posted also on the EV website. As our summer is winding down, we look forward to seeing all of our northern friends and neighbors as they join us once again!

Our Christmas Trolley Ride still has openings! \$18.00 each from 7-10 pm on Dec.13th... please contact me if your interested. We were able to reserved all 3 trolleys with the participating number of people from both EV and EBO. This is a new event we decided to try, so come along and give it a whirl.

## New Scrap Books

We have a new addition to our Library thanks to Pam Spilbeler. Pam has spent many hours going through old medias and pictures and picking out items of interest that she has put into three scrap books. They are a wonderful glimpse into Eldorado in the past and show that the previous residents (and some who are still here) laid a groundwork of fellowship and camaraderie that we continue to try to adhere to today. She also plans to have all the past medias stored in the library as well for us to look back at the past. These items are not to be removed from the library, but we have comfortable seating in the library and if you have an afternoon with nothing else to do, I can assure you that you will enjoy perusing Pam's efforts.

## For Your Information

The clubhouse is opened by the maintenance staff Mon-Fri at 7:00am. Evenings and weekends, (including holidays), Tammy Heffron at #188 has been volunteering since Feb of 2017 to lock up at 9:00. Please cooperate with this. I am sure minor adjustments can be made for special occasions.

To the Eldorado Residents and guests....I, along with other walkers have noticed an increase of cigarette butts littering the streets and sidewalks of our community. As a wife of a smoker, I know a lot of you are so careful and considerate of where you throw out the butts of your cigarettes. I encourage all of those who smoke, to please refrain from leaving them along our streets. It would be graciously appreciated.

## Information about water shutoff's

As most residents know, there are times that the water in Eldorado must be turned off to make repairs. There is nothing we can do about that, but there are some things that we can do to avoid trouble. We have adopted a new system to notify residents in the event water is turned off. This system will generate a phone call to the residents alerting them to the fact that the water is off or will be shortly. We suggest that you turn off your hot water heater if you are concerned about it. Also, when you want to check if the water has come back on, use the cold water for this purpose to not let air into your hot water heater. You can also turn off the water coming into your home, which will prevent water from draining out of your home and into the water system. Some folks keep a few gallons of water on hand just for such emergencies.

**PLEASE DO NOT CALL THE OFFICE TO ASK ABOUT THE WATER. SHUTOFF'S**  
There is nothing they can do, to help you.

## Birthdays and Anniversaries

*Dick Hambley*

**F**or those residents who are not aware of it, I would like to remind everyone that we maintain a book with the resident's birthdays and anniversaries in it. I do my best to keep it up to date, but I need your help with writing in your birthday or anniversary if it is not already in there. The book is in the library and I go through the book periodically to see if there are additions and add them and reprint the necessary pages. This record is also used to put the birthdays and anniversaries in the media. So, thank you for helping us to keep our records up to date.

## RECYCLE

## RECYCLE

## RECYCLE

---

**R**ecycling is a way that we can all help to save on our trash bills. The city of Largo charges by weight for garbage and trash, so the more recyclables that we can put into the recycle bin in the “salad bowl” in East Bay Oaks, the more we can save on our trash bills. The new recycle plan in Largo is great in that we do not have to separate our recyclables. Everything that is recyclable goes into the one bin. This certainly makes it much easier to “do the right thing” and we not only save money for ourselves, but we are helping with the environment as well. The things we can put in the bin is as follows: Glass (colored bottles and jars) Cartons (milk and juice containers) Mixed Paper (Newspapers, flattened cardboard boxes and office paper) Plastic Containers (food and beverage) Aluminum and Metal (cans and containers).

The things we should not put in are as follows: plastic bags and wrap, Styrofoam containers/ packaging, food waste/household garbage or chemicals/electronics (which includes, paint, light bulbs, batteries, computers etc.)

So fellow residents, please consider all of the above and let’s work to help save ourselves a few bucks and at the same time, work toward a greener environment

## **Coffee and Donuts**

---

It has been brought to my attention that many people do not know that you can donate the coffee and donuts in memory of a loved one, birthday, anniversary, or any occasion you like. The donation fee is \$25.00. Please see the Social Club treasurer if you would like to donate a day.

## **OFFICE ADDRESS**

---

For those who were not aware that although our street address is 2505 East Bay Drive, the address of the office is different, therefore we are listing the office address so that you do not get any late fees when your check does not arrive on time. More information will be coming about where you are to send your rent check in the future.

Eldorado Village Office  
601 Starkey Road Lot # 78  
Largo, Florida 33771

## **SPEED LIMIT IN ELDORADO**

---

The speed limit in this park is 10 miles per hour. People are not stopping at the four way corners; they just seem to drive right on thru. Keep this in mind when driving thru the park; you could be the guilty one. Please think of your neighbors before someone gets hurt.

## **SOLICITATION IN THE PARK**

---

I have been told by the office that they do not give anyone permission to solicit in the park so if anyone comes to your door notify the office or call the police department. It has been brought to our attention that if you have someone soliciting at your door and the office has not approved him or her and you call the office to bring it to their attention the office will not do anything about it. Their answer is to call the police. The Largo police number is listed as follows: 727-587-6730. Please call them at any time to register any complaints you might have.

## Ancient human skulls hint at early European arrival

---

Two skulls unearthed in Greece suggest that *Homo sapiens* arrived in Europe from Africa much earlier than previously thought. The Sci-News website reports that the partial skulls were discovered decades ago, in 1978, but a recent re-examination allowed scientists to virtually reconstruct them.

One skull, 170,000 years old, belonged to a Neanderthal, but the other is 210,000 years old and appears to be an early modern human. This means that *Homo sapiens* spread out to Europe some 150,000 years earlier than believed. Scientists speculate that Neanderthals originally displaced *Homo sapiens*, but over time they died out as more early modern humans made their way to southern Europe.

## Giant squid sighted off New Orleans coast

---

For the first time, a giant squid has been sighted and captured on video in U.S. waters, the *Popular Mechanics* website reports. A research vessel grabbed video of the squid, *Architeuthis dux*, 100 miles from the New Orleans coast. It's only the second footage of a giant squid in the wild; the first was captured on video in 2012 off Japan's Ogasawara archipelago.

The video was taken with a camera called Medusa, designed to resemble bioluminescent prey in the deep sea and attract predators like the giant squid to obtain a close-up look that can be recorded and studied.

## Three myths about creativity

---

People have lots of misconceptions about the nature and practice of being creative. Here are some common myths to ignore (from the Livemint website):

- **Creativity is serendipitous.** Don't wait for the proverbial light bulb to go off inside your head. Enhance your imagination by talking to people, immersing yourself in information, and focusing on the problem you want to solve instead of hoping you'll get an idea out of the blue.

- **Creativity is lonely.** We imagine the painter alone in a studio, or a poet shivering in a chilly garret. You won't get ideas, though, unless you get out into the world and explore. The more perspectives you can get from other people, the more fuel your imagination has.

- **Creativity requires a team.** Organizations rely on R&D teams for creative ideas. Although seeking input from others is useful—even essential—many great ideas come from people who weren't actively seeking solutions at the time. Teamwork is great, but don't ignore ideas from offbeat sources. They may be the most innovative.

## Don't cancel that credit card yet

Canceling a credit card can seem a fast and easy solution to your debt woes. In a Bankrate survey of 2,582 adults, of whom 2,301 have credit cards, 61% reported that they've canceled at least one credit card, and 37% said they've canceled more.

The older you are, the more likely you've done it: Seventy-two percent of baby boomers have canceled a card or two, more than the 61% of Gen Xers and 50% of millennials.

What reasons do cardholders give? Here are some answers:

- No longer needed after paying off debt 40%
- Didn't use it enough to keep it 36%
- Interest rate too high 36%
- Worries about overspending and debt 18%
- Insufficient rewards 17%
- Improve credit score 12%
- Other 11%

However, canceling a credit card doesn't automatically boost your credit score. Experts advise keeping an account open, even if you don't use it, because longstanding accounts with available credit typically have a positive impact on your overall credit score.

## Eat blueberries to help your heart, says study

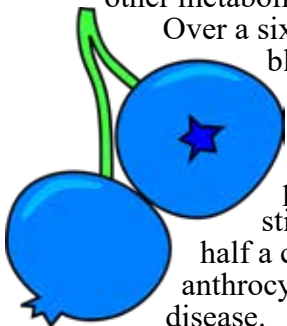

Blueberries are delicious, but can they aid your heart? Maybe, according to the Medical News Today website.

A study by a team of re- searchers from the University of East Anglia in the United Kingdom and Harvard University in the United States (at least partially funded, it should be noted, by the United States Highbush Blueberry Council), found that blueberries may indeed help with high blood pressure, high blood sugar, and other metabolic conditions affecting heart health.

Specifically, the team gathered 155 participants age 70–75 who were overweight or had other metabolic symptoms and split them into three groups.

Over a six-month period, one group consumed a cup of freeze-dried powdered blueberries per day, and another group had half a cup. The third group, used as a control, consumed a powder with dextrose, maltodextrin, and fructose.

The scientists found that those eating a full cup of blueberry powder showed improvement in vascular function and arterial stiffness. They saw no improvement in those who consumed just half a cup. They credit the improvement to the presence in blueberries of anthocyanins, which have been linked to a reduced risk of cardiovascular disease.
