*News & Views*

N. & V. Editor ..... Kim Troop ..... Lot# 1322 ..... 810-391-1623  
E-Mail Address: [Embassynewsviews@gmail.com](mailto:Embassynewsviews@gmail.com)  
Sunshine Lady ..... Marilyn Libby ..... Lot #1217 ..... 727-536-2971

I would like to take this time to thank everyone, who said that they enjoy the New & Views last month. Remember if there are any articles, recipes or information you would like to see in the paper just send me an Email @ [Embassynewsviews@gmail.com](mailto:Embassynewsviews@gmail.com).

For the awesome people that deliver the New & Views, I made the mistake by releasing the News & Views early and there were a few people that were confused by some of the articles. So, I will call and let everyone know by the 1St of every month when to pick-up.

Thanks,  
Kim

**NOTES:**

Each street light has a number on it. If any of the lights are out, inform Jessie as to which number it is.

If you use the Hobby House for a function, be sure to clean it up and empty the trash after you are finished.

There will not be a Manager’s meeting in June and August.

Root Killer can be purchased at Lowe’s or Home Depot

Spray for grubs

## DID YOU MISS FUN NIGHT THIS YEAR?

By: Elaine Pepper

---

**I**F so, you missed a great show! Everything from singing, dancing and comedy skits was performed - a wide variety of acts for all to enjoy! The show is a fund raiser for the social club - an umbrella club that sponsors many activities throughout the year and pays for your bi-weekly bulletins. The show netted a profit of \$592.00.

Thanks to all who participated in making it a fun, profitable performance.

---

## 97 WAYS TO MAKE A CAT LIKE YOU BY CAROL KAUFMANN

---

### #2

#### The great hunt

Simulate a chase. Tie a small object—a small stuffed animal, a feather—on a long string and drag it slowly across the room. Cats are programmed to hunt, even if they’ve never put a paw outdoors and wouldn’t know a robin from a rat.

Note: Be sure the object is safe for her to ingest if she decides to eat her “victim”

## Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

**14,492 manufactured home residents have won over \$130,374** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**

Clearwater, Florida.

**Revelation:** In 1996, workers chopped down a palm tree in the front the Seminole Finance Company building. Not long afterward, a customer noticed a discoloration in the building's tinted windows that resembled the Madonna. The discovery was reported on the afternoon news. By the end of the weeks, and estimated 100,000 people visited the site...including a Baptist minister who was ejected after he "condemned the crowd for worshipping an image on glass."

**Impact:** The city set up a "Miracle Management Task Force" to install portable toilets at the site, arrange police patrols, and erect a pedestrian walkway over the adjacent road (Route 19) to stop the faithful from dodging in and out of traffic. "That's the busiest highway in Florida," one policeman told reporters. "You want to know the real miracle? Half a million people have crossed that intersection and nobody's been injured or killed?"

## WALK YOURSELF HEALTHY

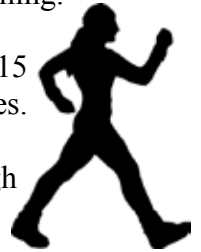

---

**A** brisk walk can burn nearly as many calories as jogging. But there are many additional scientifically proven benefits of walking, say the experts at the UC Berkeley Wellness Letter:

**HEALTHY ARTERIES** Sitting for long periods can make the arteries stiff. Over time, this can increase your risk of heart attack and stroke. According to one study, taking short (five-minute) walking breaks every hour may help to prevent this arterial stiffening.

**BETTER BLOOD SUGAR CONTROL** Research suggest that walking for 15 minutes after meals may help control blood sugar in older adults with pre diabetes.

**ARTHRITIS PREVENTION** A large 2014 study of older adults at high risk for knee osteoarthritis found that those who took at least 6,000 steps daily (as recorded by a digital fitness tracker) were less likely to develop mobility problems two years later than sedentary adults.

(BONE HEALTH)

### **DRINK TEA FOR STRONG BONES**

Women who drank three or more cups of black tea a day over the course of several years were 30 percent less likely to break a bone from osteoporosis than those who rarely drank black tea, according to a recent study. It is believed that plant compounds called flavonoids, found in black tea, may help build bone density.

Difference? It's all about our Service!"

# GETTING STARTED WITH GARDENING

Florida's unique features--such as sandy soil, numerous insects and other pests, and four different growing zones--can make gardening a challenge for new residents and first-time gardeners.

These topics cover the information you need to get started with your Florida garden.

## Gardening Basics

Every garden has to start somewhere. Here are some of the basic things to know when you're just starting out.

### UF/IFAS Sites

### May

#### What to Plant

- **Annuals:** Plants that can take summer heat include coleus, salvia, torenia, wax begonia, and ornamental pepper.
- **Bulbs:** Some lilies do better when their roots are crowded. Try planting Amazon, Aztec, and Clivia lilies in containers to increase blooming.
- **Herbs:** Plant heat loving herbs, including basil, Mexican tarragon, ginger, cumin, summer savory, and rosemary.
- **Vegetables:** Southern favorites to plant now are okra, southern pea, and sweet potato.

#### What to Do

**Pests:** Harmful insects become more active as the weather warms. Watch for thrips, scale, and mites on ornamental plants

**Gardenias and Ixora:** While some yellowing of older leaves is normal, yellowing of new growth usually indicates a micronutrient deficiency

**Oleanders:** Chewed or ragged leaves indicate oleander caterpillars at work.

**Lawn insects:** Watch for damage from chinch bugs in St. Augustine and begin scouting for newly hatched mole crickets in Bahia lawns

**Tomatoes:** Watch for pests, disease, and nutritional disorders on tomato plants.

**Trees:** Prepare for hurricane season by checking trees for damaged or weak branches and prune if needed.

**More gardening info to come in June**

## From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.*

## THE MIDWEST CLUB DISBANDS

*Submitted by Bobbie Faulkner - Lot 1016 - 253.4302*

The Midwest Club held their last meeting March 17th with entertainment by Rick Miller, from Washington, MI, singing Elvis' songs followed by our annual picnic lunch. Fried chicken, many salads and desserts were consumed.

We thank Elaine Pepper for her years of service as the Midwest Club president. We also want to thank all the prior presidents and officers who have served over the years. We will no longer will be meeting monthly as a club, but starting January 2017 we will meet the fourth **Thursday** of the month for breakfast at the Country Skillet restaurant. For now our new name will be the "Midwest Breakfast Club".

## DID YOU KNOW:

Gatorade was named for the University of Florida Gators where it was first developed. Flamingos get their pink color from the shrimp they eat. The more shrimp they eat the deeper pink they become.

Tampa's Bayshore Boulevard is touted as the world's longest continuous sidewalk. It is a popular waterfront gathering place for joggers and in-line skate enthusiasts.

The Everglades National Park encompasses 2,100 square miles and contains the largest mangrove forest and the slowest moving river in the world.

The Seven Mile Bridge, part of the Overseas Highway, which crosses between Marathon and the Lower Keys, was built in 1982 – in pieces – then shipped to the Keys to be assembled.

There is a bed & breakfast, Wildlife on Easy Street, on the outskirts of Tampa that allows you to cuddle with an endangered cat of your choice for just a \$100 donation to the refuge. You can choose baby bobcats, cougars, and leopards.

## FLORIDA FACTS & TRIVIA

1. Greater Miami is the sole metropolitan area in USA whose borders include two national parks - Biscayne National Park and Everglades National Park.
2. Sunshine Skyway Bridge opened in 1987 and is 190 feet above the water.
3. 80% of the sweet Atlantic white shrimp eaten in Florida is grown in Amelia Island.
4. Punta Gorda means fat point in Spanish. The city was given this name because a major chunk of the land cuts into Charlotte Harbor.
5. Among amusement park destinations in USA, Orlando draws most visitors.
6. DeFuniak Springs has a naturally round lake - one of the two in the world.
7. Rollins College, which is the oldest college in Florida, was established in 1885 in Winter Park by New England Congregationalists.
8. Cape Canaveral serves one of the most important space flight launch pad in USA.
9. Fort Lauderdale is also called Venice of America as it has 185 miles of waterways.
10. In Polk County, Fort Meade is the oldest settlement.
11. A museum at Sanibel possesses 2 million shells and is admittedly the only museum that is dedicated to mollusks.

**W**e would like to give a Big Thanks to our Pool Committee President, Mary Ann Casey, on the great job she and her co-workers do. The support from everyone else made it possible for our, Pool BBQ 2016, to be a great success. We are proud to be a member of the Embassy Mobile Home Park. Proceeds go to the Pool Improvement Program.

Pictured is Mary Ann with some of her co-workers. Back row left to right Steve, Elaine, Peter and Richard Front row left to right Mary Ann, Kelly and Cindy

## JOYCE'S BINGO BARK RECIPE

- 1 Stick of butter (or Margarine)
- 1/2 Cup of Sugar
- 1 Sleeve of Saltine Crackers
- 1 12 oz. Milk Chocolate Chips
- 1 8 oz. Pkg. Heath Bits

Place crackers in a single layer on a cookie sheet.  
(Approx. 10"x 15" works well)

Melt butter and sugar over low heat until sugar is dissolved.

Pour on top of crackers, spread so all are covered.

Bake @ 350 until crackers are golden  
(Approx. 5-10 minutes depending on the oven)

Pour the milk chocolate chips evenly on top of crackers and as they melt spread them around with a knife.

Pour the Heath Toffee Bits on top.

Refrigerate until chilled and then crack apart.

Enjoy

Submitted by Elaine M

Thank you Elaine for submitting the recipe, cant wait to try and thank you Joyce for the recipe everyone said it was great. If anyone has a recipe that they would like to share please send me an email I would love to put it in the Embassy New & Views for everyone to enjoy.

**I** was in the restaurant yesterday when I suddenly realized I desperately needed to pass gas. The music was really, really loud, so I timed my gas with the beat of the music.

After a couple of songs, I started to feel better. I finished my coffee, and noticed that everybody was staring at me....

Then I suddenly remembered that I was listening to my iPod.

## HELPFUL HINTS

**T**ake your bananas apart when you get home from the store. If you leave them connected at the stem, they ripen faster.

**Newspaper weeds away:** Plant your plants in the ground; work the nutrients in your soil. Then wet newspapers, put layers around the plants overlapping as you go, cover with mulch, and forget about weeds. Weeds will get through some gardening plastic they will not get through wet newspapers.

**To keep squirrels from eating your plants, sprinkle your plants with cayenne pepper.** The cayenne pepper doesn't hurt the plant: squirrels won't come near it.

**Goodbye Fruit Flies:** To get rid of pesky fruit flies, take a small glass, fill it 1/2" with Apple Cider Vinegar and 2 drops of dish washing liquid; mix well. You will find those flies drawn to the cup and gone forever!

**Get Rid of Ants:** Put small piles of cornmeal where you see ants. They eat it, take it 'home,' can't digest it so it kills them. It may take a week or so, especially if it rains, but it works and you don't have the worry about pets or small children being harmed!

**Drop a small object on the carpet and can't find it.** Place panty hose over the end of the vacuum hose and start vacuuming. The panty hose will keep it from getting sucked into the vacuum.

## The Nightingale by Kristen Hannah

French sisters Vianne and Isabelle have to forge their own paths after their lives are upended by World War II. As Vianne works to keep her daughter safe, and Isabelle risks all to join the Resistance, the women must make difficult choices that ultimately prove not even war can sever the bonds between sisters.

## RECIPE FOR RED HATTERS!!

---

**R**uby Red hat you can choose to live life in a glum or a glad way. To be crabby or whiny or joyful and gay. Smile just because there is good in this life or grumble and whine and concentrate on the strife. Clapp a hat on your head and go out and behold or sit in the house by yourself and grow old. Each of us choose her own view of things. We sit down and mope or choose to have wings! So gather with friends who are happy and merry and top off the sundae of life with a Cherry!!

**N**ancy Castelli wishes to thank all that sent cards, prayers and love you all have sent out to her and our family regarding my dad's passing. Please know how much this means to her and my family and extend our thank you, appreciation and love.

God Bless  
Danielle

## BUCK EUCHRE

---

**C**het Reel of Parkwood Estates is starting a new card game, I believe you will enjoy. If you know how to play Euchre.

If interested there will be a sign-up sheet at the Embassy Club House. Date and time to be determined and will be held at Parkwood Estates.

Thank you

## Space Station experiment points to possible life on Mars

---

Fungi from the dry, frigid environment of Antarctica took a trip to the International Space Station to determine their ability to survive under the harsh conditions of the planet Mars. Their endurance suggests that primitive life may indeed be viable on the red planet's surface.

As reported by the NBC News website, scientists took samples of the fungus from the McMurdo Dry Valleys in Antarctica, then had them sent up to the ISS, where the crew placed them on a sealed platform outside and exposed them to various types of conditions, including one which simulated the sparse atmosphere and the exposure to radiation present on Mars.

After a year and a half, the fungi had retained 60 percent of their cells, providing evidence that simple forms of life can survive under the toughest conditions in space and on distant planets.

## Robot cockroaches could save lives

---

Few animals are as maligned as the lowly cockroach. But scientists have found something worth emulating about them—their ability to squeeze into even the tightest spaces. Cockroaches on the run are about ½ inch tall, but they're able to compress their bodies to a 10th of an inch when they're trying to hide. Scientists at the University of California-Berkeley have been able to adapt that flexibility in a small, soft, multi-legged robot dubbed CRAM (Compressible Robot with Articulated Mechanisms). Constructed with an "origami-like" manufacturing technique, CRAM is seven inches long, three inches tall, and 1.6 ounces, and it's able to compress itself just like a cockroach to get inside tiny spaces. The scientists hope that CRAMs could be deployed in swarms to search for survivors inside collapsed buildings.

## Did you know that May is also...

---

**ALS Awareness Month.** ALS, also known as Lou Gehrig's disease, is caused by the death of neurons, leading to stiff muscles, twitching, and gradually worsening weakness. No cure is known, but this month is an opportunity to spotlight and support research to fight this deadly disease.

**Better Hearing Month.** Approximately 36 million Americans suffer from some form of hearing loss—and more than half are under 65. Visit an audiologist today to learn how to protect your hearing and ensure that your ears stay healthy throughout your life.

**National Military Appreciation Month.** As designated by Congress, National Military Appreciation Month celebrates the history of our armed forces and recognizes the brave people who have served in every branch of military service. It also allows Americans to educate each generation on the historical impact of our military through community participation.

**National Bike Month.** Sponsored by the League of American Bicyclists and celebrated in communities from coast to coast, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more folks to giving biking a try.

**Children's Mental Health Awareness Week, May 1-7.** A yearly event aimed at raising awareness of the issues and causes integral to the children's mental health field nationwide. Sponsored by the National Federation of Families for Children's Mental Health, this year's theme is "Healthy Families, ResilientChildren: Mental Health is a Family Affair."

**National Nurses Week, May 6-12.** One of the nation's largest health care events, National Nurses Week ends on the birthday of Florence Nightingale, the mother of modern nursing, and recognizes the contributions nurses make. It also educates the public about the significant work they perform.

**American Craft Beer Week, May 16-22.** American craft brewers are small, independent, and traditional. The average American lives within 10 miles of a brewery, and the United States now has more beer styles and brands to choose from than any other market in the world. Enjoy a cold one (responsibly) all month long.

**May Day, May 1.** An ancient northern hemisphere spring festival celebrated in many cultures. Dances, singing, and cake are usually part of the activities.

**Mother's Day, May 8.** Don't forget to tell your mother (and mothers everywhere) how much she means to you.

**Memorial Day, May 30.** A U.S. federal holiday honoring those who have given their lives while serving in the armed forces.

## Caregiving has its rewards

**A**s Americans live longer, families are feeling a heavier burden in the caregiving area. The Bureau of Labor Statistics estimates that some 40.5 million Americans are acting as unpaid caregivers for older family members. Most just help one person, but 22 percent are responsible for two people and 7 percent provide help to three or more. Most caregivers are between the ages of 45 and 64 (23 percent), but 17 percent of people older than 65 act as caregivers as well.

The demands may be high, but many Americans find the work worthwhile. Yes, 32 percent describe caregiving as stressful, but 88 percent say helping out an elderly loved one is a rewarding experience.

## Try these year-round common cold remedies

**Y**ou can catch a cold any time of the year, no matter what the weather is. Although you can't cure it, you can relieve its symptoms with some simple remedies. Try these:

- Honey. Honey mixed with tea or warm lemon water can relieve coughing and sore throat.
- Zinc. Zinc supplements taken within the first few days of having a cold can shorten your illness and could prevent a cold in the first place.
- Hot liquids. Hot tea or water can loosen up congestion in your chest and sinuses.
- Salt water. Evidence suggests that rinsing your mouth with salty water can clear up nasal congestion and unclog your sinuses.
- Vitamin C. Evidence that vitamin C can help you avoid or shorten colds is mixed, although research does hint that it may be effective for those with a vitamin C deficiency.

We must respect the past, and mistrust the present, if we wish to provide for the safety of the future.

—Joseph Joubert
