## AUTHOR OF THE MONTH

**J**ames Rollins, a writer of adventure thrillers, mysteries and techno thrillers, was born James Paul Czajkowski. He also wrote fantasy under the name of James Clemens. He gave up a veterinary practice to be a full time author.

In *Seventh Plague*, Professor McCabe heads an archeological expedition in the Sudan Desert. He disappears. And turns up two years later alive and semi mummified. He dies. An autopsy is done and all who participated in the autopsy die. Did they release a plague? Seeking answers, Commander Gray Pierce and Sigma Force travel from the plague ridden streets of Cairo to an ancient tomb buried under the sands of the Sudan Desert to Ellesmere Island Canada.

**NEW fundraiser mailboxes:** As many of you know, the Florida sun is extremely brutal; it destroyed the original Embassy mailboxes in about 6 months. The new ones are made out of wire so they are much sturdier; the price is \$10 with a dollar discount if you bring in your old one. They are available in the Office, come in soon and get your pick of colors!!!!

Visit our Library. We are open daily 10-6. We have Wifi, which is provided by the fundraisers and donations we receive. Pool cover-ups are still available in the Office.

The Library is planning a Fundraiser lunch/dinner/BBQ in October, details to follow.

## MORE TRAVEL ADVENTURES WITH ELAINE PEPPER

**O**n Thursday morning, August 8th, my sister Bonnie, her husband Dan, my brother Terry and I drove to New Philadelphia, OH to meet 39 other people for a bus trip. We left @ 7 a.m, for Lancaster, PA. After several stops along the way, we arrived at a Comfort Inn in Lancaster. We had an hour to refresh ourselves and change clothes and then headed to Miller's Smorgasbord for dinner. The show "Jesus" at Sight and Sound Theatre began at 7 p.m. and was the story of Jesus' love for all of humanity. It was a wonderful production with music, singing, dancing and live animals.

The next day after breakfast at the hotel we continued on to Washington D.C. We arrived at the Museum of the Bible about 10:30 a.m. The Museum was 6 floors with movies and exhibits on each floor. We had lunch in the Manna restaurant at the museum. We left the Museum at 5 p.m. and headed to Tony and Joe's Seafood restaurant downtown. Our bus driver got a little lost on the way and then had nowhere to stop to unload the bus. We were a little late for dinner. After dinner a guide stepped on the bus with us and we did a night tour of the monuments. We got to Doubletree in Silver Spring, MD about 10:30 p.m. We were all pretty tired!

On Saturday morning we had breakfast at the hotel and then headed to the Coal Miner's Café in Jennerstown, PA for lunch. After lunch we went to the Quocreek Mine Rescue, the site where 9 coal miners were trapped underground and the series of miracles that rescued them. (2002) When we left there we were only 20 minutes away from the Flight 93 memorial and Visitors Center so we voted to make a side trip there before heading home. We got back to New Philly about 7:45 p.m., tired, but inspired by all we had seen and heard and with a whole new group of friends.

## A RARE PRIVILEGE BY MARG AND DAVE BURRIS

**M**arg and I live a rather uneventful life, which is fine. But a few weeks ago we had the privilege of taking part in an event that not many people will witness or live to see. It was not anything we earned, or maybe even deserved, but we were there.

A friend of ours, Brenda, who we have known for many years, was kind enough to invite us to her mother, Elsie's, birthday party. On July 11th Elsie celebrated her 110th birthday; we were there, it was held in Elsie's nursing home, in a common room, and it was nicely done. We had birthday cake, sandwiches and punch, etc. We met the family and some of their friends, and had a really nice time.

Elsie held court for about an hour and a half, dressed to the nines, before she asked to go back to her room. She enjoyed seeing old friends, and recognized most everyone. She needs a wheelchair now, but still carries on. Her mind is sharp, and she looks much younger than her years, she really is quite amazing.

We had also been to her 100th birthday party. The family had a reception and meal, and after the meal Elsie took herself downstairs and played the piano for the guests. not too shabby.

So a bit of Elsie's life story. She was born in 1909, 5 years before the FIRST World War, in England. Her family survived the war but her father couldn't get work in England, so they emigrated to Canada, I think in the early 1920's. They settled in Toronto, and Elsie grew up and went to work in Eaton's Dept. store. She met her future husband, John Evans, in Toronto. They got married and moved to Moncton, New Brunswick. They had two girls, identical twins, Brenda and Karen, in Moncton, in the early 1940s. Then the family moved to Windsor, Nova Scotia, and John owned and managed a jewelry store. Brenda and Karen grew up and went to University where Marg met Brenda in the early 1960s, and Elsie has lived in Windsor ever since.

The rest, as they say, is history.

## FROM THE OFFICE

---

This month I am going to review several new Park rules that have to do with bringing the appearance and standards in Embassy Mobile Park Inc. up a few notches.

Rule #13, **PARK STANDARDS FOR HOMES AND HOME SITES**. It is on page 14. Per section 13A, I will be reviewing all mobile homes as to the following: “Broken windows, peeling paint, dull exterior of a manufactured home, or dirt, grime or mildew visible from a Park roadway or an adjacent lot must be corrected”, which means the complete exterior of all mobiles except those on the perimeter of the Park. It also states that “**Manufactured homes must be washed at least annually.**” Having your mobile washed should be less than \$100 so don’t hire anyone who charges more than this!

Per **section 13B**, Obsolescence--it is saying that even if the discoloration or fading of your mobile is due to age, you are still obligated to bring it up to acceptable appearance. I can already hear people saying “I can’t afford to do that”. In reality, only about 10% of the park residents are in a financial position where it could be a hardship--these are long time, elderly, often widows, on a low fixed income. Generally, maintenance is all about making choices; paint is cheap. Although the Office does not endorse any handy “persons” in the Park, there are several.

Park **Rule 4B**, page 3, states that “*All applicants are required to have verifiable income which equals at least 2 ½ times the monthly housing costs*”, which include lot rent, utilities and any payment they are making on the mobile home upon purchase. The reason behind this rule is so tenants have enough discretionary income to maintain their mobile home as required by the rules. I understand that some current residents do not have that much income, so I will work with them on getting their repairs/maintenance completed. BUT AGAIN, this is only a small portion of the residents.

Rule **9G**, page 11, states that “*No a/c units shall be located in the front window of the manufactured home or front wall of any manufactured home.*” I will grandfather in all of the existing, but no new ones will be allowed. It goes on to say “*Window coverings visible from the street shall be limited to blinds, shutters, drapes, curtains or similar standard window treatments. No aluminum foil, sheets, towels, blankets, mattresses or similar materials may be placed in windows and doors.* **THESE ITEMS WILL NOT** be grandfathered in, so please remove them.

In keeping with improving the overall appearance of Embassy Mobile Park Inc, Rule 27, Page 26, states “*Only standard lawn or patio furniture, will be permitted on patio, lawn or driveway. The patio and driveway are not to be used for storage of any items including household furniture and appliances*”. If you currently have these items in the wrong place, please remove them.

On another note, you may have noticed that the Pool is being locked up overnight. There are people using it overnight; not sure if it is park residents or homeless people, this is the only way to put a stop to it.

The next Manager’s meeting is Wednesday, September 11th, 9:30 a.m. in the Clubhouse. Everyone is welcome to attend.

## Bait and switch

---

A little girl walked into her Sunday school class half an hour late. When the teacher asked why she was so tardy, the young girl replied, “I wanted to go fishing with my daddy, but he said I had to come to Sunday school.”

Pleased with the father’s spiritual dedication, the teacher asked, “And did he tell you why he wanted you to come here?”

“He said he didn’t have enough bait for the two of us.”

## How to tell you’re not in college anymore

---

You’re not a kid anymore. Here’s the proof:

- Your refrigerator has more food than beer in it.
- 6 a.m. is when you get up, not when you go to bed.
- You hear your favorite song—on the elevator.
- You make plans to watch the Weather Channel.
- A clean sweater and jeans are no longer considered “dressing up.”
- You have no idea how late the pizza place delivers.
- Your older relatives feel comfortable telling dirty jokes around you.
- You feed your dog Science Diet instead of cold pizza.
- A \$7 bottle of wine is no longer “the good stuff.”

## Where did you start?

---

A child and his father were helping out an elderly neighbor. They raked the neighbor’s leaves, organized his garage, put the trash out, and did other small jobs around the neighbor’s house.

When they finished their work, the child and his father went up to the front door. The old man thanked them for their help, and then the child impulsively asked, “How old are you?”

The embarrassed father apologized for his son’s question, but the neighbor laughed.

“That’s OK. He’s just curious. Young man, I’m 92 years old.”

The child stared at him. “Did you start at number one?”

## How much coffee can you safely drink? A lot

Coffee lovers can be understandably confused by the mixed messages they're getting about the health risks/ benefits of their favorite beverage. Some studies have suggested that drinking too much coffee can cause stiffening of the arteries, increasing the chance of suffering a heart attack or stroke. On the other hand ...

A new study from the British Heart Association, reported on the CNN website, suggests that drinking three cups of coffee or more a day is no worse for arteries than drinking a single cup. Researchers studied more than 8,000 people in the United Kingdom, some of whom drank one coffee or less a day, others who drank one to three cups, and a third group who reported consuming up to 25 cups of coffee a day. All participants were given MRI heart scans and infrared pulse wave tests, and scientists corrected the data for such factors as age, weight, diet, tobacco and alcohol use, and other factors.

The findings appear to show that drinking three cups or more a day doesn't significantly increase artery stiffness compared with consuming just one cup. No one is recommending binging on 20 cups or more per day, but you can rest easier knowing your arteries apparently aren't in danger.

## Cold or the flu? How to tell

You're coughing, sniffing, feeling achy. Is it a cold—or the flu? It can be hard to tell, but the NPR website offers this advice for telling the difference so you can be prepared when flu season takes hold:

- The flu strikes fast. If you suddenly feel flattened, chances are it's the flu. A cold will usually take several days to build up.
- Take your temperature. Colds generally cause a mild fever of 99–100 degrees Fahrenheit. The flu's fever is typically higher—101 degrees or more—and accompanied by chills and body aches.
- Listen to your cough. You'll be congested with a cold, and postnasal drip can make you cough. Flu's coughing is more severe, and can lead to trouble breathing.

In most cases, people can ride out the cold or the flu with the help of antiviral medications. However, many health factors can increase the danger—pregnancy, asthma, heart disease, and other conditions. Contact your doctor to determine whether more aggressive treatment is called for.

*All the money in the world can't buy you back good health.*

**All-American Breakfast Month.** There are amazing brain benefits for kids who eat breakfast regularly. The University of Pennsylvania School of Nursing revealed that children achieve higher IQ scores if they eat breakfast. Brain scans of children who eat the most important meal of the day show more activity than the scans of children who skip it. Make sure your kids—and you—start the day right.

**National Bourbon Heritage Month.** This is an observance in the United States that calls for celebration of bourbon as America’s “Native Spirit,” celebrating the family heritage, tradition, and deep-rooted legacy that the bourbon industry contributes to the United States. Please enjoy your bourbon responsibly.

**National Campus Safety Month.** As students start or return to college, Clery Center emphasizes campus safety by partnering with institutions of higher education to develop programs and resources that promote campus safety, working with college and university officials to spread awareness, inform institutional policy, and effect change. For more information, go to the Clery Center website at [https:// clerycenter.org](https://clerycenter.org).

**World Alzheimer’s Month.** Dementia is often hidden away, not spoken about, or ignored at a time when the person living with dementia and their family caregivers are most in need of support within their families, friendship groups, and communities. World Alzheimer’s Month is an international campaign every September to raise awareness and challenge the stigma that surrounds dementia.
