## Fairway Village Social Committee Message

*Chairperson Jan Wallace*

---

One of the great features that Fairway Village offers, besides a beautiful golf course, an awesome shuffleboard court, are the varied and fun activities available for our enjoyment. However, these events and activities don't happen by themselves. It takes people like yourselves, volunteering to work together. People bond in lasting friendships by working together for such event. Please consider volunteering when the opportunity presents itself.

We didn't let the rain stop our celebration of Labor Day! We had some really great grilled hot dogs, thanks to Rod Blythe and Bob Wilson. The rest of the crew did a great job of serving all the food and drinks. Thanks to Pat Trefry, Stephanie Herdman, Linda Miller, Mary Marks, Ricky DeGolyer, Ann & Steve Taber, Anne Marie & Nunzio Cucinotta, Mary Blythe, Warren Bostwick, Norma Kenton, Jim Ebert, Jean Osgood, Jama Beach, Ron Wallace for all their time and effort which made it a fun time of fellowship. As always we thank Rev. Vern Thompson for the blessing before the meal. I must mention one thing about signing up for FSC events. If you sign up a friend, PLEASE let them know or check to see if someone else has done the same. We had several duplications. We also had several no shows.

We will have a Lite Supper on Thursday, Oct. 1st in the Clubhouse at 4:30. The menu will be hot dogs, chips, cookies and soda water for \$2.00! If you would like to be part of the team serving this meal, contact Jan Wallace or Linda Miller. This will be 1st come, 1st serve until we run out of food.

Just an FYI for those people in charge of an activity, when you are wanting to have your activity listed on the calendar, please contact Carol Miller. When writing an article for the Flier we have a format you may get from me and turn in your article to the office or to Roxy Marsh. Thanks for your participation.

September 29th is the Executive Committee meeting in the clubhouse conference room at 7:00 pm. Everyone is invited to attend. The General FSC meeting is October 6th in the clubhouse at 7:00 p.m. Wear your name tag and get a ticket for the prize drawing.

## FSC October Meeting

*Chris Clark*

---

Rayshall Poinsette, senior service officer for the Largo Police Department will be the speaker of our first FSC meeting, October 6. She will address some of our interests and problems as seniors. Bring your questions and don't forget to wear your nametags!

## Fairway Dances Team

*Team Leaders: Al Hillier & Ron Stafford*

Welcome to another winter season of FSC dances. A calendar of all dances for November thru April will be placed on the Information Kiosk in the Clubhouse soon. Reminder, please complete the “Ticket Info” Forms located in a container on the Kiosk in the Clubhouse and bring to Thursday ticket sales dates at the Clubhouse. If you plan to use an old ticket from a prior dance or a door prize ticket, please turn it in on the ticket sale night for the dance you want to attend and exchange it for a new ticket and table number. Old tickers can be exchanged for all dances except the Poppy Dance and New Years Dance.

Please continue to contact Ron or Al with your suggestions on how we can improve our dances.

**Our first dance for the winter season is Saturday, November 14 from 7:30 p.m. - 10:30 p.m. This is our annual “Poppy Dance” in support of our Fairway Village VFW chapter. Remember to wear a poppy and have fun. We will have a new entertainer for this dance, “Gene Cannon.” He provides a great mix of live and recorded music.**

**Tickets are still \$5.00 and go on sale at 5:15 p.m. on Thursday, November 5 and 12 in the Clubhouse.**

**Please also support the annual Octoberfest Dinner and Dance on Saturday, October 31, sponsored by the Summer Entertainment Team.**

## Library News

*Gail Vandesande*

The library has been running very smoothly with our fabulous volunteer team. Thank you all for “making me look good.” I have however, decided to step down from the head librarian duties and have handed over the reigns to Linda Laros. Please join me in welcoming her to the position. Linda brings a lot of enthusiasm and surely some new ideas.

# Multiply Your Monthly Mania!

**A**s you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. **We pay out \$400 every month to residents** who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

## Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.  
*(To qualify each resident can only suggest a business once)*

The puzzles were really piling up so approximately 60 (we really didn't count) of them were sent to the Veterans Hospital via a kind Dolly Lipson who graciously delivered them. Thank you Dolly! A table with a community puzzle has not been set up in the library for all who care to contribute to its assembly, a great suggestion from Beverly Timpf.

For any questions, please contact Linda Laros at 252-4346 or adnil0507@yahoo.com.

**C**OME JOIN US! Beginners Welcome!

Despite the inclement weather in August we had four or five of our eight courts in use. Sixteen to twenty participants and many were beginners. Thanks to Roger and Jackie Breault this event is a success. They instruct the beginners and Roger maintains the equipment and the courts.

Mark your calendar for our October dates.

The program was started to take advantage of the improvements made to the court. The roof over keeps the sun and in most cases the rain out of the area. We encourage you to attend and learn this game. Once you learn rules and how to keep score residents and their guests can play and enjoy the game anytime the court has not been reserved.

## State Flags at Half Moon Lake

Rod Blythe and Ron Wallace

---

This will finish the current list of state flag sponsors.

**TENNESSEE** – Trish and Pete Tallant

**VERMONT** – Carol and Harry Moulton, Rose Pelchat, Elaine Bicknell, Monique LeFevre, Peg and Tom Ryan, Karen and Bill Davignon

**VIRGINIA** – Anna and Jim Martin

**WASHINGTON** – Leslee and Bob Lunman

**WISCONSIN** – Arnold and Janet Bardill, George and Ann Brackenbury, Rosalie and Herman Caschi, Carl and Elsie Hermack

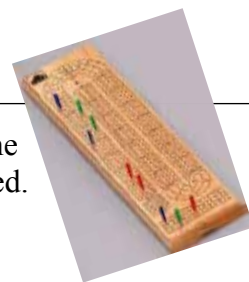

This is the time of year when we have to buy new state flags for flag poles on Fairway Blvd. and Half Moon Lake. They only last about 6 months before they begin to show wear, fade, and fray. The price of sponsoring a flag will be \$28.00 for each flag. We need 2 flags per year in order to keep them in good shape. If you would like to continue as a sponsor or be a new sponsor please let us know or call us at 533-9712 or 507-9046. We will need to know what flags to buy by October 10th.

**MANY THANKS TO ALL OF THE STATE FLAG SPONSORS**

## September Golf Scramble

Joanne Thueneman

---

Overcast skies and a gentle breeze made for a comfortable morning for our scramble this month. No threat of rain till the afternoon. We had 48 energetic golfers to enjoy this great weather and came in with very good scores. We had 2 with 25, 1 with 26, 4 with 27, 4 with 29 and the highest with a 30. All had a good time. I want to thank Bill Keen and Rick Moser for the beautiful course they keep so well for us here at Fairway. I do believe we are second to none. They do a great job. Thanks again fellas.

Next scramble will be October 3rd, starting at 8:00 a.m.

## Ladies Golf League News

*Sue Reed*

---

**A**s of September 7, we have 87 ladies who have paid their memberships of \$14.00 for the 2015-2016 winter league. This includes 9 honorary and 2 new members. They will be scheduled to play our first league day on Wednesday, November 4th. If you plan to join the league and want to play the first week, you need to get your money to the treasurer, Carole Fairchild or to Carol Kreible by Friday, October 30. Put your dues in an envelope with your name, house number, and phone number on it. If paying by check, make your check payable to Fairway Village FSC. Memberships are open to both owners and renters. Pairings Chairman, Carol Kriebel, will post your tee times prior to that first Wednesday.

The first General Meeting, chaired by President Hazel Nunnenmacher will be held on Monday, November 16 at 10:00 a.m. In the clubhouse. Plans for the year will be outlined. All members should attend this very important meeting. A very informative Rules Meeting will immediately follow. Prior to the General Meeting will be a Coordinator's meeting on Monday, November 9th in the clubhouse conference room at 10:00 a.m. All chairpersons are expected to attend.

## Follow correct procedures whenever you lift a load

---

**L**ifting heavy items incorrectly can injure your back and other parts of your body. Whenever you have a heavy object to move, follow these basic rules for staying safe:

- Bend at the knees.
- Keep your head up.
- Keep your back straight.
- Lift with your legs, not your arms or back.
- Keep the object close to your body.
- Don't twist your back as you walk.
- Maintain stable footing.
- Ask for help if the load is too heavy for you to move on your own.

## Strengthen your peer relationships

---

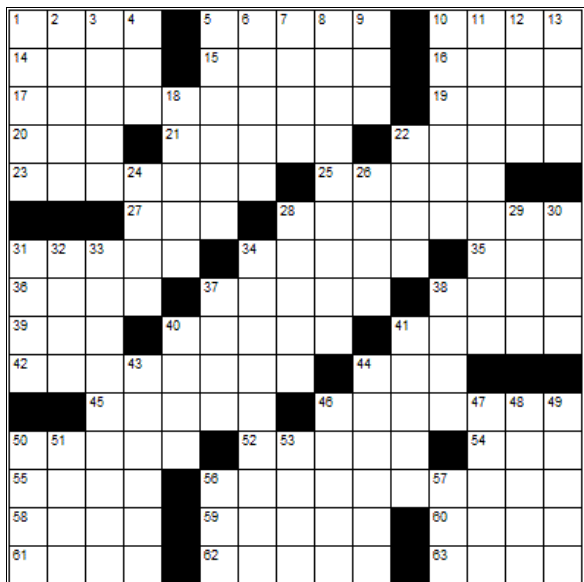

**G**etting along with your manager is important to success in any workplace, but so is a good relationship with your co-workers. You need everyone's support to get ahead. Forge strong connections by looking at these factors:

- **Expectations.** Clarify what you expect from your colleagues in the way of information, assistance, and results. Get to know each other's goals so you can provide the right kind of support.
- **Mutual trust.** Can you count on each other to follow through on commitments—or at least warn that problems are approaching? This is possible only if you both take responsibility for cooperation and communication.
- **Sociability.** Can you do more than merely tolerate each other? Go beyond common courtesy and show a genuine interest in other people's lives outside the job. Relationships grow through getting to know each other on a personal basis instead of just talking about work.
- **Communication.** This is the acid test of any working relationship: Can you tell each other what's on your mind? This isn't simply a matter of airing complaints. Delivering praise or thanks to a co-worker may feel awkward, but it's the heart of a good relationship. Be honest with the people around you, and listen to their words in the same spirit.

## Love, honor, and make your payment

---

**O**ne important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

## Be alert to the signs of Alzheimer's disease

---

**M**ore than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

## Spiders On The Move: Land, Air, And Water

---

If you're afraid of spiders, this may not be good news: Scientists have discovered that some spiders can actually walk or sail across water, allowing them to travel great distances and colonize new areas of the world.

Spiders have long been known to travel by “ballooning”—climbing to the top of a plant or tree and shooting out a strand of web that catches the breeze, pulling them through the air. But what happens when they land on water? Some species of spiders have water-resistant legs that prevent them from sinking beneath the surface. With specialized “dance” routines, the spiders are able to make their way across the water. In addition, they're able to lift their legs to catch the wind, sliding on the surface as if sailing. Some spiders are also able to lift their abdomens like sails and take advantage of air currents to transport themselves.

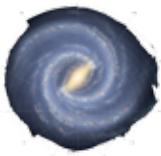

All this helps spiders move about, allowing them to take their place as predators keeping insect populations in check. How far they can actually travel is still unclear, as is the question of whether salt water affects their mobility. Scientists are continuing to study the spiders to find out if they can literally sail across the ocean.

## Black Holes: The Truth Is Out There (Just Hidden)

---

The universe is full of supermassive black holes, according to findings from NASA's Nuclear Spectroscopic Telescope Array (NuSTAR). But they're not always easy to locate because they're typically found at the center of galaxies, and hidden by clouds of dust and gas.

Astronomers found several of them recently them by analyzing high-energy X-rays at nine locations throughout the universe. The NuSTAR confirmed the existence of five black holes and determined that they're much more active than previously was known, consuming huge amounts of interstellar material and emitting large doses of radiation.

The NuSTAR's readings confirm theories of the presence of black holes throughout the cosmos and help to explain why many of them are obscured from view.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

## Thought-controlled robots offer freedom and mobility

Humans can now control robots remotely with their thoughts, thanks to a team of scientists who have developed technology to help people with disabilities regain some independence in their lives.

The robots are equipped with wheels and a video camera. The scientists tested them with a group of 19 subjects, nine with disabilities and 10 without. Each subject wore a helmet studded with electrodes that analyzed with brain signals for several weeks. Then they were told to direct the movements of a robot in Switzerland via the Internet. After less than 10 days of training, all of the nine participants with disabilities were able to control the robot easily, as did those with no disability.

In addition, the robot is able to avoid obstacles on its own without direction from its human controller, allowing people to take a break when they become tired. Such robots could become part of the daily life of people with mobility issues, giving them the opportunity to interact with others outside their homes.

## Solar panel promises hope for clean fuel

A new type of solar panel could allow us to split water into hydrogen and oxygen atoms and create a clean hydrogen fuel, according to the NBC News website.

The panel, developed by scientists in Switzerland, looks like the common solar panels found on rooftops. Sunlight passes through a layer of water, and the non-toxic chemical tungsten diselenide works as a catalyst to break the water into its separate hydrogen and oxygen atoms. The scientists hope to commercialize the process to create a cheap source of hydrogen fuel, but a practical version won't be available for at least 10 years.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.
