## FROM THE DESK OF THE PRESIDENT

*Shirley Roslan*

---

The Board of Directors had the first Workshop in some time. We want to thank everyone for their response and courtesy at the Workshop. We had good questions and hope to be able to have an answer for everything. We also plan on a Neighborhood Watch meeting scheduled for some time in April.

---

## BEAUTIFICATION COMMITTEE

*Shirley Roslan, Chairperson*

---

The Spring Beautification walk-thru is underway. We have, and always have had, a few residents who seem to think we're picking on them. Usually, after a cooling off period, they realize their place does need some attention. Please, try to work with us. Some residents seem to think they do not have to correct problems at their unit until someone else corrects problems at theirs. Leave this to The Beautification Committee. We all need to concern ourselves with our own places. If you are tagged by the committee and are on a list to have a particular issue addressed, call the office and let us know.

---

## FROM THE BOARD OF DIRECTORS

---

**W**hen the guards are on duty, please, notify them if you expecting a guest or delivery. The phone number is the same as the office. It actually rings in both places all the time. During the day the office answers it and at night the guards answer it. It is each residents responsibility to notify the guards of any scheduled visitor or delivery. If you fail to do so the guest will not be allowed in or your pizza will be returned from whence it came. Since we are back on Daylight Savings Time the guards hours are 7:30 P.M. - 5:30 A.M.

## SINGLES LUNCHEON

*Doris Roche*

---

**T**he singles luncheon will be on Friday, April 14th at 12:00 P.M. Our Hostess for this month is Karen Creamer and we are going to Cheddar's Scratch Kitchen located at 2655 Rosevelt Blvd. in Clearwater. If you need a ride call Doris 595-2849.

A special thank you goes to Mary Estridge our Hostess for March. We had a great time at Soney Bar.

## TOURS & TRAVEL

*Carol Smerker and Joyce Herbort*

---

**I** think that you all will be happy to browse our postings on the bulletin board or take a brochure from one of the bins on the table to see what is offered by Travel is Fun Tours. If anything interests you, let Joyce or I know and we can call to make reservations for you. We give them your name and phone number so that they will call you to confirm and give you pick up times. You will be responsible to send your own check to them. When in doubt call one of us. We will continue going to the meetings and post new and updated trips for you to consider. As always travel is fun!

## Did you know that April is also...

**ASPCA Month.** The American Society for the Prevention of Cruelty to Animals was the first humane society established in North America, and today it's one of the largest in the world. The ASPCA's mission, as stated by founder Henry Bergh in 1866, is "to provide effective means for the prevention of cruelty to animals throughout the United States."

**Global Child Nutrition Month.** Sponsored by the Global Child Nutrition Foundation, whose mission is to expand opportunities for the world's children to receive adequate nutrition for learning and help them achieve their potential. "We envision a future where school meals sustainably nourish all children and help them, their families, communities, and nations to thrive," reads its vision statement.

**National Autism Awareness Month.** Launched by the Autism Society nearly a quarter-century ago, this event is a nationwide effort to promote autism awareness, inclusion and self-determination for all, and assure that each person with autism spectrum disorder is provided the opportunity to achieve the highest possible quality of life.

**National Kite Month.** Every year in April, kite enthusiasts across North America celebrate the history and the future of the world's favorite pastime by letting their kites fly. April was chosen as National Kite Month because as the first month in spring, it's when most kite fliers are starting to bring their kites out of the closet and prepare for warm weather and summer fun.

**National Youth Violence Prevention Week, April 3-7.** A campaign to raise awareness and educate students, teachers, school administrators, counselors, school resource officers, school staff, parents, and the public on effective ways to prevent or reduce youth violence.

**National Robotics Week, April 8-16.** The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology affects society, advocate for increased funding for robotics technology research and development, and inspire students of all ages to pursue careers in robotics and other science, technology, engineering, and math-related fields.

**Animal Care and Control Appreciation Week, April 9-15.** A week of appreciation and recognition for the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public as well as animals in need.

**Money Smart Week, April 22-29.** Money Smart Week began as a coordinated effort of the Money Smart Advisory Council, a diverse group of more than 40 Chicago-area organizations working together to promote personal financial literacy.

# Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **[MortonPlantValveTrial.org](http://MortonPlantValveTrial.org)**.

## Watch for these heart attack symptoms

---

**H**eart disease is the leading cause of death for both men and women in the United States. Stay on the lookout for these basic signs of a heart attack:

- Chest pain. The classic signal of a heart attack is an uncomfortable feeling of pressure or squeezing in the chest.
- Jaw or arm pain. This tends to be more common in women, but don't ignore it.
- Heartburn/upset stomach. Don't write off stomach problems as just a minor ailment. Nausea and vomiting can occur during a heart attack.
- Shortness of breath. Again, more common among women, but seek assistance if you're having trouble breathing.
- Dizziness. You may feel lightheaded or on the verge of passing out.
- Sweating. Breaking out in a cold sweat is an additional symptom of a heart attack.

## Choosing a doctor? Consider this study

---

**C**hoosing a doctor is an important decision. Here's one factor to keep in mind: A study by the Harvard School of Public Health has found that patients who are treated by female doctors are less likely to die of the illness they're being treated for, and they're less likely to return to the hospital after discharge.

The study examined records of more than 1.5 million elderly Medicare patients admitted to hospitals for reasons other than surgery from 2011 to 2015. Patients treated by female physicians had a lower 30-day mortality rate than those treated by men, and over the course of four years, approximately 11 percent of patients treated by women died within one month of being hospitalized, compared with slightly more—11.5 percent—of patients treated by men.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Not Stupid

---

A boy named Johnny hung out at the local grocery store. The manager noticed that the other boys who hung out in front of the store always teased him, calling him stupid and playing tricks on him.

One of their tricks was to offer Johnny his choice between a shiny nickel and a dusty old dime. Johnny always took the nickel because it was bigger and shinier.

One day the store manager took Johnny off to one side. “Look, son, those boys are making fun of you. They think you don’t know the dime is worth more than the nickel. Don’t you know that?”

“Yeah,” Johnny said, “but if I took the dime, they’d quit doing it!”

## Beating the competition

---

A barber was confident in the knowledge that his was the only barber shop in his small town. One day, though, a new barber shop opened right across the street. A sign out front proclaimed, “EVERYTHING FOR \$10! \$10 haircuts, \$10 perms, everything for \$10.”

Soon all his customers began patronizing the cut-rate shop across the street, and the man’s once profitable business took a nosedive. In desperation, he hired a big-city business consultant, saying to him, “I’m finished. How in the world am I going to compete with that big outfit with all that advertising and with those kind of prices?”

The consultant stood looking at the shop across the street for several minutes. Then he picked up the phone and dialed the town’s only billboard company.

“Yes,” he said, “right on top of our building. In the biggest letters you can find, and do it right away. And make the message read: WE FIX \$10 HAIRCUTS.”

The person who can bring the spirit of laughter into a room is indeed blessed.

## Americans nervous about biometric security

Technologies that can read your fingerprint, recognize your voice, or scan your retina are becoming more reliable, but many of us don't trust them. As reported on the Digital Trends website, a study of more than 1,000 Americans over 18 found that 58 percent prefer standard written passwords to biometric security measures for their smartphones and other devices.

Reasons? Among the survey respondents, 42 percent worried about organizations saving their biometric data, and fewer than 1 in 10 considered the technology to be free of risk. Also, 42 percent expressed concerns that malfunctions would leave them unable to access their accounts.

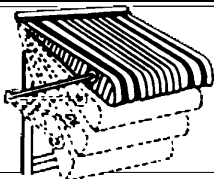

## 'Superfoods' will be big in 2017

The most recent "What's Trending in Nutrition" national survey of more than 1,700 dietitians has found that Americans are putting more emphasis on eating healthier foods. Here's a list of the top 10 "superfoods" this year:

- Seeds, like chia and hemp
- Avocado
- Nuts, like almonds and walnuts
- Fermented foods like yogurt
- Ancient grains
- Kale
- Green tea
- Coconut products
- Exotic fruits
- Salmon
