FROM THE BOARD OF DIRECTORS

The Board of Directors receives information on a daily basis of residents who are not following rules in the community. In response to a request for Board intervention, please see the listing below:

*** Quoted from Rules & Regulations***

- Dogs and cats shall be leashed and under the control of the owner/handler at all times when outside the home. The leash should not exceed six feet in length.
- Overnight parking on streets is NOT permitted. Use of parking spaces at the garage area require a permit issued by the Condo office.
- Residents and guests are expected to abide by the **15 miles per hour speed limit** in the community.
- Residents are NOT permitted to work on vehicle repairs in their carports.
- Children under the age of 16 are **NOT** permitted to operate golf carts in the neighborhood.
- Garbage should be secured in the appropriate containers for pick-up.

Quoted from the By-Laws

- 15.18 **FEEDING OF WILD ANIMALS AND BIRDS.** The feeding of all wild animals and birds, including but not limited to pigeons, egrets, rabbits, opossums, feral cats, and squirrels are prohibited. Bird feeders on common ground, limited common ground, or Units is prohibited.

Any person who violates this Rule may be subject to a fine.

The only pets which are permitted are cats, dogs, fish and small birds.

The total number of dogs and cats allowed in any Unit shall be limited to two (2). Birds are also limited to (2). Birds should be caged when taken outside the home.

In addition, our community has a serious problem with feral cats. Residents are feeding these animals and they are multiplying. They are causing considerable damage to the community. There are also issues with raccoons causing damage to the roof of the clubhouse. It is difficult to trap these animals because they being fed by residents on a regular basis. If any resident witnesses someone putting food out for wild animals (this includes bird feeders), please contact the office.

We are finishing up our bunnies and baby chicks to be donated to the Kimberly House in Clearwater for Easter. I'm setting every one to the task of prayer shawls for the Christmas season to be donated to Oak Manor. We are always in need of any extra yarn you may not be using. It doesn't have to be a full skein or ball. We make many small things, and use many colors in our shawls. We welcome everyone to join us. We meet at 10 am on Monday in the Glenwood clubhouse.

SHUFFLEBOARD.

Joyce Herbort

The weather is getting better, and the shufflers are coming out to play. Come and play on Mondays at 2:45. We start playing at 3, and need to know how many courts to set up. Be sure to bring a quarter for our prizes. Low score gets their quarter back and the high score gets the rest. Come have fun with us!

Dunedin Community Chorus news

Judy Lee

How music from Broadway productions were the theme of the concert of February 24. Many of Glenwood's music lovers were present and twelve households supported the chorus with a total donation of \$150 continuing our record as Golden Angel supporters. The next concert on April 7th opens with a patriotic tribute to our active duty and veteran soldiers followed by music of American composers Cole Porter and Aaron Copland. An early arrival before the 3:00 o'clock concert is recommended as parking is a challenge. Jerry Archambault and Jan Kearney have already begun double weekly rehearsals to prepare for this concert..

THANKS TO OUR VOLUNTEERS

Have you noticed? The Glenwood entry bed and the palm bed at the Clubhouse have been cleaned, leveled, raked, mulched, and planted with three pots of flowers. When you see these volunteers, give them a thank you for their time and effort: Marty Roslan, Rick Geary, Don Fariel, Dan Pysson, Jim Wildes, Jim Swanner, Dave Rutledge, Tony Altieri, and Nonza Neale. Shirley Roslan and Joadee Edwards also have helped at different times and in different roles. Loren, our grounds employee, also helped by furnishing trash bags, getting trash to the trash truck, and delivering the mulch with the golf cart. We hope that our families and friends who visit for spring break appreciate our improved look!

Bereavement

The Glenwood flag was lowered for Ed Craun of Unit 231, who passed on March 4th. May he Rest In Peace. A catered memorial lunch was held on Friday March 15th at the Glenwood clubhouse. Thanks to the ladies who helped set up, and clean up.

The Glenwood Flag was lowered again for Jerry Herbort of Unit 21 who passed on March 13th. May he Rest In Peace. A sunset tribute is planned for March 22nd at the pool.

The 'state' of retirement

It's never too early to start thinking of retirement—specifically, where to retire when the time is right. WalletHub analyzed states by various factors, including affordability, health care, and overall quality of life. Here are the 10 best places to retire (so start saving now):

1. Florida
2. South Dakota
3. Colorado
4. New Hampshire
5. Virginia
6. Utah
7. Iowa
8. Wyoming
9. Pennsylvania
10. Minnesota

You might want to avoid these states, which WalletHub found to be the least desirable retirement spots:

1. Kentucky
2. Rhode Island
3. West Virginia
4. Vermont
5. New Jersey
6. New Mexico
7. Arkansas
8. Mississippi
9. Louisiana
10. Maryland

Life is born, then dies, on the moon

Excitement was high when China announced that it had successfully grown cotton on the lunar surface—cotton seeds planted in a “mini-biosphere,” according to the Newsweek website, using a sealed container filled with water, soil, and air, that was carried to the far side of the moon in its Chang’e 4 lander. Scientists also added yeast, fruit fly eggs, and seeds including cotton, rapeseed, and potato.

The Chinese National Space Administration reported that the cotton seeds had sprouted—a significant achievement. However, the next day the CNSA reported that the sprouts had died over the lunar night. The deaths weren’t unexpected—the seeds require natural light from the sun.

It’s not considered a failure, though. Controlled growth of plant life on the moon increases hopes that someday humans will be able to build a sustainable base on Earth’s lunar partner.

Fast radio bursts are a puzzle to scientists

Fast radio bursts (FRBs) have been a puzzle to astronomers since they were first detected. An FRB consists of a brief, bright signal of radio energy emanating from distant galaxies. Although most FRBs last only a few milliseconds, two repeating FRBs have been detected—one in 2016, and a second one today in 2019, according to the Science News website.

The 2016 repeating FRB was tracked to a black hole in a far-off galaxy. The new one is about 1.6 billion light-years away. Theories about what causes repeating FRBs include spinning neutron stars, black holes, and even—possibly—alien life.

Science means constantly walking a tightrope between blind faith and curiosity; between expertise and creativity; between bias and openness; between experience and epiphany; between ambition and passion; and between arrogance and conviction—in short, between an old today and a new tomorrow.

—Heinrich Rohrer

Monthly

National Cancer Control Month. Health agencies and nonprofits across the country have a singular focus this month: to raise awareness of the risk factors and prevention measures associated with many forms of cancer. Go to <http://www.cancer.org> to find information and resources.

National Lawn Care Month. It's the time of year when some of us get obsessed about the best way to mow, fertilize, and irrigate the grass. Find a neighbor to mentor so that the grass will remain green on both sides of the fence.

Occupational Therapy Month. People recovering from a debilitating injury/illness have probably benefited from the services of an occupational therapist. Yet these professionals also work with children, the disabled, and aging populations to assist them in developing skills that allow them to live more independent lives. Learn more at <https://www.aota.org/Conference-Events/OTMonth/what-is-OT.aspx>

National Straw Hat Month. The warmer temps this time of year are the perfect reminder to change our headgear to something more fun, fashionable, and lightweight. Remember to wear a wide brim during springtime gardening projects to protect sensitive skin of the scalp, face, and neck from harmful UV rays.

Weekly

National Public Health Week, April 1–7. The American Public Health Association is using each day of this week to focus on topics such as healthy communities, violence prevention, rural health, and more. Go to <http://www.nphw.org/nphw-2019> to learn more.

National Work Zone Safety Awareness Week, April 8–12. The arrival of spring marks the beginning of road construction season on many of our nation's roadways. Reduce your speed, heed warnings, and exercise caution when driving through work zones.

National Park Week, April 20–28. There are at least 418 national parks in the United States. Take time this week to explore one of these beautiful places. Park admissions are free on Saturday, April 20, 2019. To learn about the National Park System or to find a park near you at <https://www.nps.gov/>

Preservation Week, April 21–27. Libraries across the country will be working in partnership with communities and organizations to highlight efforts to preserve books, art, photographs, and other items of cultural significance

How to help a friend with depression

One in six people will experience serious depression during their lifetime, and knowing what to say and how to act around them can help them cope with the condition better. From the HuffPost website come these suggestions for helping friends and family deal with their depression:

- **Listen.** Don't offer solutions nor try to "fix" things. Most people with depression have heard suggestions. They mostly just want someone to listen to them.
- **Help out.** Many people with depression find themselves unable to perform everyday, routine tasks. Offer to do some household chores that they can't handle.
- **Make specific offers.** Don't just say, "Is there anything I can do?" Instead, volunteer with specific suggestions: "Can I do your laundry?" or, "Would you like me to take you grocery shopping?"
- **Be patient.** Try to remember what they're going through. If they're sad, frustrated, or lethargic, don't insist that they feel better. Reassure them that you still care about them.
- **Send a quick text.** A joke or cartoon can brighten your friend's day and signal that you're thinking of him or her.
- **Don't take things personally.** Depressed people sometimes resist efforts to help. They may withdraw into themselves and shut others out. Don't abandon them. Remember that it's the depression talking, not the person inside.
- **Offer reassurance.** Don't be a Pollyanna, but remind them that they're good people and strong enough to get over this. Even if they don't respond, hearing such reassuring words will help.

- **Tell them it's all right.** Don't blame them for their depression, nor let them blame themselves. Tell them that it's OK not to feel OK all the time.
- **Share small gifts.** Bring a treat or some flowers, or send a card letting them know you're thinking of them. A small gesture can mean a lot to someone who's depressed.

Avoid Alzheimer's with these tips

Alzheimer's disease is the sixth-leading cause of death in the United States and the only one in the top 10 that cannot be prevented, treated, or cured. However, growing evidence indicates that people can reduce their risk of cognitive decline by making key lifestyle changes. From the Alzheimer's Association come these tips for keeping your mind healthy as you age:

- **Break a sweat.** Engage in regular cardiovascular exercise that elevates your heart rate and increases blood flow to the brain and body. Several studies have found an association between physical activity and reduced risk of cognitive decline.
- **Hit the books.** Formal education in any stage of life will help reduce your risk of cognitive decline and dementia. For example, take a class at a local college, a community center, or online.
- **Fuel up right.** Eat a healthy and balanced diet that is lower in fat and higher in vegetables and fruit to help reduce the risk of cognitive decline. Although research on diet and cognitive function is limited, certain diets, including Mediterranean and Mediterranean-DASH (Dietary Approaches to Stop Hypertension), may contribute to risk reduction.
- **Catch some z's.** Not getting enough sleep due to conditions like insomnia or sleep apnea may result in problems with memory and thinking.

Questions when you select assisted care

When you're choosing an assisted care facility for an elderly relative—or for yourself—you've got a lot of factors to consider. The U.S. News & World Report website offers this list of questions to ask before making your selection:

- What are your medical needs?
- How much does the facility cost?
- Is it conveniently located for you and your family?
- What activities and amenities are available?
- How is medical care delivered?
- Is the community open to questions from would-be residents and family?
- What makes this facility different or better than others?
