## FEBRUARY ANNIVERSARIES

---

2/25	Carol & Bill Enboden	#202
------	----------------------	------

## THE SUNSHINE FUND

---

The Sunshine Fund is a designated fund within the Social Committee treasury and is managed by the elected treasurer of the Social Committee. Each of us resident-owners is a member of the Social Committee. The Social Committee acknowledges the death of any resident-owner in good standing with a gift of \$50 given to the family or a charity of their choice. This practice originated in Glenwood's early days when it became difficult to send floral tributes for funerals in distant places and family decisions about funerals changed. When the balance of the Sunshine Fund drops to about \$200 the treasurer notifies the community and provides a donation envelope in the next Gazette issue. Donors may return the envelope to the treasurer or the office with whatever donation they choose with a suggestion of a \$5 minimum per resident. Formal records of donors or donations are not kept or publicized.

**A Complete Listing of Resident Services  
can be found on the page before your calendar**

## **FROM THE DESK OF THE PRESIDENT**

*Shirley Roslan*

---

I would like this opportunity to thank those who served on the previous Board. Kitty Wagner who did not seek re-election. Bob Green who also did not seek re-election. Jan Troke who resigned for health reasons, and John Cutting and Hugo Herrera. Thank you all for your service!

The new Board was not complete by this copy due date. We have a meeting scheduled for Monday, January 23rd where we will seat three (3) new Board Members as Charli Werth will resign on January 22nd for personal reasons. The result of the election on January 9th is as follows:

Shirley Roslan, President  
Dave Schultz, Vice President  
Tom Mackey, Secretary  
Charli Werth, Treasurer  
Jim Wildes, Director

We are all committed to keeping Glenwood's best interest at the forefront and upholding the high standard of this community. We welcome any constructive suggestions from residents as well as any concerns. As always, they must be presented to the office in typed or hand written form. The Board does not respond to emails or anonymous correspondence in any form.

## **THE BEREAVEMENT COMMITTEE**

---

This sub-committee is appointed by the Social Committee President for the purpose of serving the survivor(s) of a resident-owner's death with a reception or luncheon when requested. It is a posted event held in the Clubhouse for the family, neighbors, and friends of the deceased. Some of the expenses of such an event are born by the Social Committee treasury and includes paper goods, drinks, ice, table linens, microphones, and display tables. Preparation, serving, and clean up are provided. Expenses of catered food are born by the family. Donations to this committee are accepted.

This committee began service in 1990 and has been warmly received by many families who have traveled many miles, have limited knowledge of local possibilities for their needs, and have suffered personal loss. It is a pleasure to assist them.

## FROM THE OFFICE

---

If you do not see your birthday listed in the Gazette and you would like it to be, please, call the office 727-596 2040. Please, read the back page of this Gazette. There are a couple of Social Committee positions that need to be filled. If you are interested in filling one of those positions call Catherine Cutting 727-437-7925.

## FROM THE SOCIAL COMMITTEE

*Catherine Cutting, President*

---

Now that the holidays are over, we look forward to a fun-filled social calendar for 2017 here at Glenwood. Please look to the bulletin board for additional information. As always, volunteers are needed to assist in presenting the best at these fun events. A listing of areas the Social Committee oversees, and the contact person for each area will be posted on the bulletin board in the clubhouse. There is definitely something for everyone, whether you are interested in serving as a volunteer, or you are interested in participating in these events. We are always welcome to suggestions!

During the month of February, we will host the annual Valentine's Day Party on Saturday, February 11th, and a Pot Luck Dinner on February 24th. Additional information regarding these events will be posted in the clubhouse. Let's work together to make 2017 as meaningful and fun as past years. Thank you to all who have been a part of these events.

## GLENWOOD THURSDAY NIGHT BINGO

*Jeanne Burket*

---

Breaking News! Our bingo has now gone all paper with all new games. There will be regular bingo games, and special games (speedy, triangle, and bonanza). A book with three (3) cards on a sheet with six (6) sheets for the regular game is \$3.00. A book with six (6) cards on a sheet with six (6) sheets is \$6.00. Speedy card is \$1.00. Bonanza game is \$1.00. Triangle game is \$1.00. Cookie jar lucky number is \$.25 (Good on all games). Daubers will be on sale for just \$1.00. Come join us and bring a friend. The more people we have the more we can pay out. Snacks will be served intermission. Donation are always welcome. Card sales start at 6:45 P.M. Bingo starts at 7:00. Please, bring small bills, we cannot break large bills.

## Monthly

---

**African American History Month.** An annual observance to recognize and commemorate African American culture, African American History Month (or Black History Month) is celebrated annually in the United States and Canada in February, and in the United Kingdom in October.

**Dog Training Education Month.** Every day of the month, perform one training activity with your dog: jumping, herding, racing, etc. By the end of the month, you'll notice an improvement in your dog's temperament, and you'll share a closer bond.

**National Haiku Writing Month.** Write one haiku a day throughout February—the shortest month for the world's shortest genre of poetry. Don't think writing a good haiku is easy, though. As French philosopher and literary theorist Roland Barthes once observed, "Haiku has this rather fantasmagorical property: That we always suppose we ourselves can write such things easily."

**Teen Dating Violence Awareness Month.** A national effort to raise awareness about abuse in teen and 20-something relationships and promote programs that prevent it. One in three teens in the United States will experience physical, sexual, or emotional abuse by a partner in a relationship before they become adults. Spread awareness, and stop dating abuse before it starts.

## Weekly

---

**Burn Awareness Week, Feb. 5-11.** Observed the first full week in February, Burn Awareness Week is intended to provide an opportunity for burn, fire, and life safety educators to share the message of burn awareness and prevention in communities around the nation.

**National School Counseling Week, Feb. 6-10.** This year's theme, "School Counseling: Helping Students Realize Their Potential," will focus public attention on the unique contribution of school counselors and highlight the tremendous impact they can have in helping students achieve school success and plan for a career.

**Children of Alcoholics Week, Feb. 12-18.** A campaign led by the National Association for Children of Alcoholics (NACOA) to raise awareness of children affected by parental alcohol problems. Children of Alcoholics Week is celebrated internationally each year during the week in which Valentine's Day falls.

**National Invasive Species Awareness Week, Feb. 19-26.** Raise awareness and identify solutions to invasive species issues at local, state, tribal, regional, international, and national levels. Participating organizations include the Association of Fish and Wildlife Agencies, the Environmental Law Institute, and the Nature Conservancy.

## What chapter was that?

---

A minister told his congregation, “For next week’s sermon, I would like everyone to read the 17th chapter of Mark from your Bible. This will help you fully understand my topic on an important sin.”

The following Sunday, the minister opened his sermon with, “Now, how many of you have read Mark 17 this week as I asked?” Nearly all the hands went up.

The minister smiled. “Mark has only 16 chapters. I will now proceed with my sermon on the subject of lying.”

## How many cats?

---

Teacher: “If I gave you two cats, and another two cats, and then another two, how many would you have?”

Johnny: “Seven.”

Teacher: “No, listen carefully. If I gave you two cats, and another two cats and another two, how many would you have?”

Johnny: “Seven.”

Teacher: “Let me put it to you differently. If I gave you two apples, and another two apples and another two, how many would you have?”

Johnny: “Six.”

Teacher: “Good. Now if I gave you two cats, and another two cats, and another two, how many would you have?”

Johnny: “Seven!”

Teacher: “Johnny, where do you get seven from?”

Johnny: “Because I’ve already got a cat!”

## Cities encourage healthy lifestyles

---

Cities are doing their part to help people stay healthy and physically fit, adding bike paths, parks, public transportation options, and “walkability.” According to Healthways, which uses scientific means to measure and encourage healthy behavior, the cities with the highest “active living environments” are:

- Boston
- San Francisco
- Chicago
- New York
- Washington, D.C.

The lowest scoring cities include Fort Wayne, Indiana; Indianapolis; Oklahoma City; and Tulsa.

## Get up and work out

---

The alarm rings. Do you leap out of bed to head for the gym? Or hit snooze and tell yourself you’ll work out tomorrow? Motivating yourself to get up and start exercising can be tough. If you give in to temptation to skip the health club more than you’d like, try these tips to get moving:

- **Watch what you eat before bedtime.** A heavy snack right before you hit the mattress will make you feel lethargic in the morning. Stick to fruit, vegetables, and lean, protein-rich foods, and don’t eat anything for at least 90 minutes before you go to bed.
- **Go to bed early.** You’ll wake up feeling refreshed and ready to work out if you get enough sleep—seven to eight hours. Limit your TV, computer, and cellphone use before bedtime so you can get to sleep easier.
- **Look forward to something.** Don’t think of exercise as drudgery. Find something you enjoy about it so you wake up excited about hitting the gym, or give yourself a reward for working out once you’re finished.
- **Find a workout buddy.** Exercising alone can be boring. Ask around your neighborhood, workplace, or health club and find someone who works out on the same schedule you do. When you know you’ve got someone waiting for you, you’ll be more motivated to show up.

## Daydreaming can be good for you

**D**aydreams aren't necessarily a waste of time. We daydream for different reasons, but it can have a positive affect on your life and career. Consider these facts about daydreaming from the LiveScience website:

- Daydreaming can be controlled—up to a point. Most people daydream intentionally because they're bored or working on something simple. When tasks require more concentration, drifting off is less frequent, but still happens.
- Blinking is a clue. Wonder if someone is daydreaming while you're talking? Look closely at their eyes. Studies show that people blink more often and more rapidly when they daydream.
- Daydreaming can help with problem solving. Let your mind wander when you're working on a tough problem. Scientists have observed that the areas of the brain involved in problem solving turn more active when we daydream.

## Sharpen your mind with these puzzles

**B**rainteasers are good for honing your creative thinking. Try these to stretch your mind:

1. You are driving a bus with nine passengers. At the first stop, three people get off and five get on. At the second stop, seven people get off and four get on. At the first stop, six people get off and two get on. How old is the bus driver?
2. You have to choose to enter one of three rooms. Inside the first room is a team of ninjas hired to kill you. Inside the second is a tiger that hasn't eaten for three months. Inside the third is a raging inferno. Which room do you enter?
3. Harry is a butcher. He started his career at age 19. He worked for nine years in Boise, Idaho, and then moved to Duluth, Minnesota, where he's been in the same line of work for 14 years. What does Harry weigh?
4. Imagine you're in a leaky rowboat that's sinking. Great white sharks are circling your boat. How do you get out of this predicament?

Answers:

1. Whatever you own age is, since you are the bus driver.
2. Room No. 2. A tiger that hasn't eaten in three months is dead.
3. Meat.
4. Stop imagining.

## Meeting of minds

---

The famous movie actor/director Charlie Chaplin once met the world-renowned physicist Albert Einstein at a public event. According to the Storypick website, Einstein told the comedian: “What I most admire about your art is your universality. You don’t say a word, yet the world understands you.”

To which Chaplin replied, “True. But your glory is even greater. The whole world admires you, even though they don’t understand a word of what you say.”

## Mistaken identity

---

Even Queen Elizabeth II sometimes goes unrecognized. A story from the Hello magazine website tells of a time when the queen’s car drove up to the Royal Windsor Horse Show in 1991. A guard walked up and told her, “Sorry, love, you can’t come in without a sticker.”

Unfazed, her majesty answered, “I think if you check, I will be allowed to come in.”

He did, and she was. The guard admitted later that he’d thought the queen was just “some old dear” who was lost.

## A little praise

---

As a speechwriter for presidents Ronald Reagan and George H.W. Bush, Peggy Noonan introduced such phrases as “a thousand points of light” into the vernacular. But she derived her greatest personal satisfaction from a simple note of praise.

As recounted in her book, *What I Saw at the Revolution* (Ivy Books), four months into her job as Reagan’s speechwriter, Noonan had yet to meet the boss. Then he returned the draft of one of her speeches bearing the hand-scrawled words “Very Good.”

Noonan was overjoyed—so overjoyed that she cut out the note, taped it to her blouse, and walked the halls beaming with the pride of a schoolgirl who’d suddenly discovered she was teacher’s pet.

## An ancient mystery: How old are Saturn's rings?

---

The rings of Saturn have dazzled humans ever since they were found in the sky, but they contain many unexplained mysteries. One is how old they are. One theory states that they date back approximately 4.6 billion years; another suggests that they're just 100 million years old.

Scientists backing the younger theory contend that the rings should show more evidence of space debris from the Kuiper Belt, which would make them darker than they appear today. Proponents of the older view note that the rings were probably created by a moon or some other icy object falling apart as it passed close by Saturn, an event which doesn't seem to have happened in recent times ("recent" in astronomical terms, at any rate).

Some of the trouble comes from not knowing precisely how massive the rings are—a lighter series of rings could have formed more recently than a heavy-scale one.

The case may be solved by the Cassini space probe, which is scheduled to fly between Saturn and its rings in September 2017 on the last leg of its mission. Inside the rings, researchers can measure the gravitational pull on Cassini from both directions and compare those figures with earlier data from orbits farther out, when Saturn and the rings tugged the probe together from the same direction. Scientists are eager to know—according to the Science News website, researchers have a betting pool on the findings.

## One more reason to fear spiders? Their hearing

---

Spiders can't "hear" exactly, but they can sense and respond to vibrations in the air over relatively long distances. Until recently, scientists believed they were only sensitive to sounds from a few inches away. However, the Sci-News website reports that researchers at Cornell University have found that jumping spiders (*Phidippus audax*) can pick up low-frequency sounds from up to 10 feet away.

The spiders apparently sense vibrations through the hairs on their forelegs, which produce a response in acoustically sensitive neurons. Physically probing a single hair produced the same type of response. The jumping spiders are most sensitive to frequencies produced by the wingbeats of wasps, one of their natural enemies. Scientists plan to examine the brains of fishing spiders and wolf spiders for similar abilities.
