## FROM THE DESK OF THE PRESIDENT

*Shirley Roslan*

---

**T**hanks to all of our awesome residents for the clean-up efforts in the wake of hurricane Irma. We had a lot of vegetation debris and several residents lost car ports, siding, etc. We ask your continued cooperation in repairing any damage your unit might have sustained.

## BEAUTIFICATION COMMITTEE

---

**T**his committee composed of Directors and their volunteers walk the units and common grounds of our community in October and April. Page 4 of our Rules & Regulations document this committee's work. Residents are reminded that care for the exterior of their home and yard are a responsibility. A copy of the check list used for the walk-through is available from the office. Violations will be written to the unit's owner with a 30 day period to make improvements before a follow up will occur. If you are new to our community, these items will be observed: appearance of your black mailbox and post, pruning of plants, bushes, and trees, weeding of plant beds, safety of your electrical box as it attaches to your home, clean gutters, clean siding of your home, and maintenance of painted surfaces. A reminder for all of us: most units have access to a hose stand with lake water availability. The residents of units around the hose stand should take turns removing weeds from that area and notice if there is a leak needing repair. Many units have wood or plastic lattice work around their foundations. If they show algae, mold, or dirt, please include those in your home cleaning. Greg and other unit caretakers have a list of their customers in the office and the listed caretaker will be notified if there is a problem.

As the real estate personnel who show our units to potential buyers always say, Glenwood has an enviable reputation in its great appearance and maintenance. We want it to continue with that reputation! Thank you all for your cooperation and good humor in our effort!

## FROM THE SOCIAL COMMITTEE

*Jan Kearney, Secretary*

---

**O**ur Labor Day Picnic was a great success with approximately 60 attending. A good turn out with lots of food and surprise entertainment. Scott Kindrick who happens to be MG's new husband brought music and he even sang a few songs for us. Very nice and everyone enjoyed it.

The pool finally reopened and we were enjoying that until IRMA came to visit and we had to leave our homes. We all survived "Thank the Lord" but most of us were very inconvenienced with the extra work it caused us, but we all survived.

On Friday, September 22, 2017 we had a party with everyone bringing a dish to share and we discussed what we went thru and learned from each other's experiences. We called it "We Survived Irma" We had this instead of the Mexican Night we were going to do.

We will have a Meet and Greet on October 7th. We hope people will begin coming back. We will look forward to our Halloween Party, so get your costume and come join us on October 28th.

Looking forward to seeing all of our residents as well renters returning soon. See you around the park.

## SINGLES LUNCHEON

Largo (535-7858)

Our Hostess this month is: Jan Tetrault

Jan Kearney, who was our hostess for September, had to cancel our luncheon at JD's because of Hurricane Irma.

## MAD HATTER'S LUNCHEON

Mary Cronin

**M**ad Hatter's will meet on October 3rd at noon. Our Hostess this month is Mary Cronin and we're going to The Pub Waterfront Restaurant. It's location is 20025 Gulf Blvd in Indian Shores. If you need a ride call Mary 596-7488.

A special thank you goes to Jan Kearney our Hostess for September we had a great time at The Columbia. Jan substituted for JoAnne Pumphrey who was in the hospital. Also, Janet Green brought in a cake as a goodbye to Mary Estridge who is returning up north to her family.

## A RECIPE TO SHARE

Jim Wildes

### Ingredient:

- 1 tbsp. butter
- 5 medium onions (a mix of yellow and red is ideal), sliced
- 1/2 tsp. salt
- 2 bay leaves
- 6 cups low-sodium beef broth
- 1/2 cup dry red wine
- 4 or 5 sprigs fresh thyme (optional)
- Freshly cracked pepper
- 4 slices of baguette or sourdough bread
- 1/2 cup shredded swiss cheese

Heat the butter in a large pot over low heat. Add the onions and salt. Cover the pot and cook the onions over low heat until very soft and caramelized, about 30 minutes. (Most of this is unsupervised. Check on the onions every 10 minutes or so and stir.)

Add the bay leaves, broth, wine, and thyme (if using). Simmer on low for 15 minutes. Season with pepper and discard the bay leaves.

Preheat the broiler. Divide the soup among 4 oven proof bowls. Top each with a slice of baguette and some cheese. Broil until cheese is melted and bubbling, about 3 minutes.

Bon Appetit'

## Dog Policy

---

There is a Pinellas County ordinance that states dogs must be on a leash when they leave owners home. No exceptions, even voice commands do not make a difference. Animal Control can come and pick up animal if they are out without a leash. Accidents happens, sometime the get out but owners are the responsible party and can be fined. Let's all try to do our best to keep our animals under our control and not cause problems for our neighbors by keeping them on a leash and picking up after them.

## Three activities to ward off Alzheimer's

---

Alzheimer's disease may not have a cure, but experts believe some practices can help delay memory loss. Here's what you can do:

- Cognitive training. Crossword puzzles and other games can help, but try some different techniques. Do simple arithmetic in your head instead of relying on a calculator. Develop a new method for remembering what's on your shopping list. Train your brain to remember things in new ways and you'll keep it sharper.
- Control your blood pressure. Reducing high blood pressure with medication and weight loss not only cuts your risk of heart disease, but it can also ease stress on the delicate blood vessels in your brain— stress that can exacerbate memory loss and dementia.
- Exercise. Moderate aerobic exercise has many health benefits, including heading off symptoms associated with Alzheimer's. Try exercising for 30 minutes five days a week, or 50 minutes three times a week. You'll feel better and extend your cognitive health.

## Scientists search for life on the toughest planets

---

We think of life as viable only on planets orbiting stars like our sun, but scientists now speculate that it could evolve on worlds circling very different types of stars.

Stars called M dwarfs are the most common stars in our galaxy. Their harsh flares and gravitational grip on their innermost planets could interfere with the formation of liquid water, which is necessary for life. However, astronomers have spotted approximately 200 planets circling M dwarfs, and dozens are in the so-called habitable zone where liquid water could exist and temperatures aren't too extreme for the development of life.

Scientists are studying these strange new worlds in hopes of detecting conditions that might lead to life—although it will probably be very different from any life found on Earth.

## Find your creative style

---

Whatever you want to achieve on the job or in your life, you need creativity to do it. That doesn't mean you have to have the scientific genius of Einstein or the artistic vision of Georgia O'Keeffe. You can unleash your creative mind by finding your own creative style. Here's how entrepreneurial expert Esther de Charon de Saint Germain describes styles on The Huffington Post website:

- **Watchmakers.** Some people are highly structured and detail oriented. They like to polish their ideas until they're as close to perfect as possible.
- **Wave makers.** These folks are more intuitive. They don't dive into details, but think in big-picture concepts. They're apt to lose interest, though, once the hard work of hammering down their ideas starts.
- **Acrobats.** These thinkers can go both ways. They think outside of the box, but they're also able to hone their ideas into something practical. Try to be this kind of creator.

## Improve your brain with these tips

---

Do you want to think more clearly, experience more insight, and have more creative breakthroughs? Take a look at a few tasks (from the Inc. website) that you can put into practice today for a more productive and imaginative brain:

- Seek out new environments. Don't stay in your rut. Go to a concert by a band you've never heard of. Visit a museum you've never been to. Travel somewhere completely new. You'll shake up your mind and nudge it in new directions.
- Let your mind wander. Don't focus all the time. Give your mind permission to soar from time to time, just exploring anything that pops in. A relaxed mind is more open to new ideas and different ways of thinking.
- Have more fun. All work and no play makes ... well, you know the rest. Take time for fun. Play a new game, take up a fresh hobby, meet new people who share your interests and can introduce you to new ones. Playfulness can lead to great ideas.
- Stop multi-tasking. When you're working on a problem or an idea, put away all distractions and focus. If you're constantly shifting from one task to another, your brain will get tired, and you won't have the perspective you need to zero in on what you're looking for.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."  
Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Did you know that October is also...

---

**Adopt a Dog Month.** Each year an estimated 3 million to 4 million animals waiting in shelters never find someone to give them a safe, loving home and are euthanized. If you're thinking about getting a dog, be a hero and consider adopting from your local shelter.

**Down Syndrome Awareness Month.** Approximately one in every 700 babies in the United States is born with Down syndrome, making it the most common chromosomal condition. During October you can celebrate people with Down syndrome and make others aware of their abilities and accomplishments.

**National Cyber Security Awareness Month.** The internet touches almost all aspects of our daily life. National Cyber Security Awareness Month is designed to engage and educate public and private sector partners through events and initiatives to raise awareness about the importance of cyber security, provide them with tools and resources needed to stay safe online, and increase the resiliency of the nation in the event of a cyber incident.

**National Protect Your Hearing Month.** Hearing loss is a growing health issue among young adults and older Americans alike. Forty-eight million people nationwide suffer from hearing loss. National Protect Your Hearing Month is an important reminder to take steps to preserve your hearing health.

**Mental Illness Awareness Week, Oct. 1-7.** During Mental Illness Awareness Week, join the National Alliance on Mental Illness in shining a light on mental illness and replacing stigma with hope.

**World Space Week, Oct. 4-10.** More than 2,700 events in 86 countries celebrated the benefits of space and excitement about space exploration in 2016. This year's theme, "Exploring New Worlds In Space," aims to inspire even more events around the world.

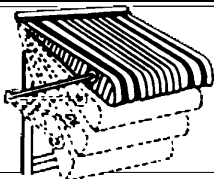

**National Business Women's Week, Oct. 15-21.** The purpose of this observance is "to recognize women who have been the cornerstone of working in business in the United States in the past and to examine how far women in business have come."

**International Music Day, Oct. 1.** Initiated in 1975 to encourage the promotion of musical art among all sections of society.
