Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

DUNNEDIN COMMUNITY CHOIR

Rehearsals begin soon for preparation of the Christmas concert in early December. Glenwood has many residents who begin their Christmas season enjoying this concert. We have many new residents that also might enjoy participation in the chorus. If you have interest in singing with this talented group, question our present participants, Jan Kearney and Jerry Archambault, about the rehearsal schedule, concert dates, and responsibilities of members. Residents who want to support the financial needs of the chorus make a group contribution at the February concert under the title: Glenwood Gang. We are appreciated! Details about this year's schedule will follow in future Gazettes.

GLENWOOD'S ENTRY

As you have entered Glenwood either on short errands or returning from a lengthy visit, have you noticed the area's appearance? It is very hot to work there, but several willing volunteers have continued to weed, prune, water, and sweep that area. Please take a moment to thank those volunteers: Joadee Edwards, Jackie Rouette, Nonza Neal, and Paul Giroux.

THE Gazette Editor

Barbara Strachan

I would appreciate receiving all articles that you would like to see in the Gazette via email. All articles are to go to me at sbarscan@gmail.com before October 15th for the November issue. The 15th is the regular cutoff date for every month. Please if you don't see your birthday or anniversary listed let me know. I haven't gotten all of them from the office.

HORSESHOES

Come join in the fun and play horseshoes near the lake pavilion on Fridays at 10:00 am. Any questions contact Wayne Neville at (727) 474-2616.

BEAUTIFICATION COMMITTEE

The Beautification Committee of our community will be making its fall walk-through in October. The Committee's work is authorized on pages 4 & 8 of our Rules and Regs. A copy of the checklist used by the committee was provided to each unit owner last winter and also to new owners during their interview. The committee suggests that all owners do their own walk around to identify and correct any issues before the official walk-through. Some issues to consider include, but are not limited to, dirt or algae on siding, weeds, overgrown trees or shrubs, gutters, mailboxes, or clutter in the driveway. Each unit has access to a hose stand to share with other units. Keeping that area free of grass and weeds is the responsibility of the resident. Please share that upkeep with your neighbor who also has access to that stand. It is because of the support of all residents that Glenwood continues to enjoy a great real estate reputation.

SINGLES LUNCHEON

Jan Troke

Jan Kearney will be our hostess for the Singles Luncheon on Friday, October 11, 2019 at **12:30 PM.**

We will be going to **O'Keefe's Restaurant, 1219 Fort Harrison Avenue, Clearwater Phone: 422-9034.**

Ancient human skulls hint at early European arrival

Two skulls unearthed in Greece suggest that *Homo sapiens* arrived in Europe from Africa much earlier than previously thought. The Sci-News website reports that the partial skulls were discovered decades ago, in 1978, but a recent re-examination allowed scientists to virtually reconstruct them.

One skull, 170,000 years old, belonged to a Neanderthal, but the other is 210,000 years old and appears to be an early modern human. This means that *Homo sapiens* spread out to Europe some 150,000 years earlier than believed. Scientists speculate that Neanderthals originally displaced *Homo sapiens*, but over time they died out as more early modern humans made their way to southern Europe.

Giant squid sighted off New Orleans coast

For the first time, a giant squid has been sighted and captured on video in U.S. waters, the *Popular Mechanics* website reports. A research vessel grabbed video of the squid, *Architeuthis dux*, 100 miles from the New Orleans coast. It's only the second footage of a giant squid in the wild; the first was captured on video in 2012 off Japan's Ogasawara archipelago.

The video was taken with a camera called Medusa, designed to resemble bioluminescent prey in the deep sea and attract predators like the giant squid to obtain a close-up look that can be recorded and studied.

Three myths about creativity

People have lots of misconceptions about the nature and practice of being creative. Here are some common myths to ignore (from the Livemint website):

- **Creativity is serendipitous.** Don't wait for the proverbial light bulb to go off inside your head. Enhance your imagination by talking to people, immersing yourself in information, and focusing on the problem you want to solve instead of hoping you'll get an idea out of the blue.

- **Creativity is lonely.** We imagine the painter alone in a studio, or a poet shivering in a chilly garret. You won't get ideas, though, unless you get out into the world and explore. The more perspectives you can get from other people, the more fuel your imagination has.

- **Creativity requires a team.** Organizations rely on R&D teams for creative ideas. Although seeking input from others is useful—even essential—many great ideas come from people who weren't actively seeking solutions at the time. Teamwork is great, but don't ignore ideas from offbeat sources. They may be the most innovative.
