Our Glenwood Estates Water Sources – Explained

Hi Glenwood Family!

I thought I'd take a few minutes and explain our water sources here at Glenwood, and point out how they should and should not be used. If used **incorrectly**, our costs will increase. Used correctly, our costs will rise only with inflation, not usage.

Did you know that Glenwood provides each residence two different types of water? Did you know that they are meant for two totally different uses? Let me explain.... Our community has city water, (potable drinking water) and lake water. It should be pretty obvious how and what city water should be used for, but I'm noticing some misuse of it. City water should only be used for inside the house uses. Use it for drinking, cooking, bathing, toilets. The only exception to this is you can, by county standards, use it to wash your car once a week. You are not supposed to be using city water for watering flowers or plants outside with a garden hose.

Let me explain this further. The other type of water that is provided to Glenwood residents is Lake water. **This is the water that should be used for lawn irrigation and plant hand watering.** Chances are, on your house in one or two spots, you may have a hose spigot to hook up a garden hose to. If these spigots are hooked to your house, for example under the carport is a typical spot to find one, this is city water and is not for watering plants. The lake water is provide to every two to four homes in most cases, via a white PVC pipe in the back yards, for two or four units to share. You can hook up garden hoses to these spigots and water plants. Please remember, this water usage is also regulated by Pinellas County. See rules and regs posted in the Clubhouse. It does not matter that we have our own lake, and draw water from this for our park's irrigation needs. Pinellas county still holds authority of its usage.

Lastly, I want to point out that as I've walked around Glenwood, I've noticed a few homes here and there that the sprinklers in the yard was still working, even though the entire irrigation pump system was down for repairs for one particular week. No one's irrigation should have worked at all with the entire pump system down,.....unless.....some people are using city water for their irrigation system.

Please take a look at your system. You may not even haverealized it when you purchased your place. It may have been this way for many years, and was just overlooked and never hooked up to the lake water system. I just want to point out the rising costs of treated potable water we purchase from Pinellas County. As an example, for every **one** gallon of city water we each use, we are charged for the equivalent of **three** gallons! 1st, we are charged for the actual gallon of water you use, 2nd we are charged the equivalent of two gallons for treatment costs. So in reality, we pay three times the gallon usage each month. I'm hoping by taking the time to explain the water supplies and how to properly use them, with the communities cooperation and participation, we can as a community hold our water costs as low as possible for as long as possible.

If you have any questions on this, call someone on the board and we can assist you.

Thanks for taking the time to read this and caring.

Glenwood Treasurer Report

Hello Glenwood Community,
As your Treasurer, it is my duty to conduct business to the best of my abilities and to always have Glenwood Estates best interest as my guide, also known as my fiduciary duties.

One thing you may not be aware of is that I have been struggling with the present financial software we have to work with. The version of QuickBooks that we have to work with is considered ancient by today's standards, being of a 2009 vintage that is not supported any longer. It's approaching 10 years old!

Along with this issue, I also have inherited inaccurate bookkeeping. Because of these inaccuracies, these errors in the bookkeeping software won't let me reconcile at month's end thus not able to generate reports. Until this is resolved, I am not able to print proper reports with any kind of accuracy. I apologize to everyone if you find this frustrating, but so do I and I'm the one trying to fix the issues.

On this note, I have reached out to Glenwood's CPA Firm for assistance with this issue. With this software being as old as it is, even our CPA firm has had extreme difficulties in diagnosing the issues. We together are working hard to resolve these issues as fast as we can. This isn't a quick fix issue.

Once the bookkeeping issues are resolved, the plan is as follows;

1. Purchase a new desktop computer that can run the newest QuickBooks software, and be isolated from general use and lessen the probabilities of software corruption.
 - a. COMPLETED
2. Purchase and install the newest version of QuickBooks.
 - a. COMPLETED
3. Purchase and install anti-virus/malware/internet encryption, software.
 - a. COMPLETED
4. Have the CPA transfer relevant data files of QuickBooks over to the new computer.
 - a. Not ready to be completed yet. All issues not resolved yet.
5. Print out month end reports.
 - a. When all other tasks have been completed.

Thanks for your support and understanding!

Philip LaPlante

ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"
