President's Report

By Ray Lamoureux #9

The hot days of summer have come to Florida. Rain almost every day and high humidity to make it very uncomfortable. But the work in our park keeps going on through the summer.

The storm grates on several streets have been repaired. The areas around the grates have been collapsing over time and becoming a hazard to walking and driving. The areas around the grates (about a foot wide) were removed and replaced with new stronger cement.

The pool heater that was only three months old was finally replaced with a new heater and we hope it will last a longer time than the last one. We are still trying to get our money back on the last heater but are having trouble with the company that installed it.

We had a request to change the rail going down in the pool to two hand rails for easier access in and out of the pool. Some of our residences need more support to navigate the stairs in and out of the pool.

Last spring when replacing a section of sidewalk by Robert's work shop we encountered a hole that dropped four foot in the ground. At first, we thought it was a sink hole. We called the insurance company to look at the hole. They concluded it was caused by water. We hired an engineer and tested for water leaking but no leaks were found. He thought that a drain line from the washers caused the hole. We called in the drain team and they recommended having the area excavated. We had the excavation done and the only thing found was a rotten tree root that was buried years ago caused a void in the ground. The area was refilled, and the area was cemented over again.

Don Webb has been working with the city about installing a fence from the hobby shop to San Christopher.

We had a request from the resident on the end of Fourth Street to finish the last section of fence. We only own the land to the center of the culvert. We asked if we could install the fence next to their chain link fence. We are waiting till we get something in writing from the city before going forward with the fence.

We are scheduling road repair and street sealing for October first. We are having 862 feet of road repairs and the whole park sealed.

Have a safe summer.

From the Editor's Desk

By Sue Bailey #188

suebail@tampabay.rr.com

Although there aren't any national holidays in Canada or the USA in the month of August, there is an observance in the US on August 21st called National Senior Citizens Day. It was established to honor senior citizens who made contributions in their communities and to also bring awareness of social, health, and economic issues that affect senior citizens.

Here at Golden Acres we are now in the dog days of summer. That hot sultry period of summer when Sirius the dog star rises and sets with the sun between early July and early September. August is the last full month of summer. Most of us at Golden Acres remain indoors unless it's very early in the morning or late in the evening. Even our pool water is warm.

In this edition you will read about our Potluck Salad Luncheon, our Fourth of July picnic, GA friends meeting up over the summer, and Bingo.

I hope you are enjoying your summer wherever your journey takes you.

Until next time,

May God bless and keep you well and safe...

A List of Reminders from our Board of Directors

By Timmie Strader #129

1. Correction to last month's reminder about "No sunscreen in the pool". We encourage everyone to use sunscreen, but we are asking that you please wait at least 15 minutes before entering the pool.
2. Trash cans are to be put out the day before after 5:00 PM. After trash cans have been emptied, please return trash cans to your residence as soon as possible.
3. NO Dumping in the back dumpster.
4. Sign waiver to use power tools in the hobby shop.
5. All sales must go through the office.
6. Requests must be in writing and approved by a Board member.
7. Do not feed stray animals.
8. Our park is a "NO PET" community. Please let your guests know this. It is your responsibility if a pet is brought into the park.

Potluck Salad Luncheon

By Timmie Strader #129

Pictures by Cindy Hubbard #114

On Wednesday, June 12th we had a salad luncheon where everyone brought a salad. It was a success!! There were many varieties of salads and no two salads were the same. It was attended by about nineteen residents. In addition, there was a desert table to top off the luncheon. All left stuffed and there was still plenty of food to take home. Fun was had by all. "Thank You" Cindy for being the hostess.

Bologna Sandwiches

By Deb & Jim Whitney #176

Pictures by Nancy & Eric Duling #67

Florida friends Nancy and Eric Duling #67 met up with Jim and Deb Whitney #176 in their home state of Ohio for the famous bologna sandwich in Waldo Ohio.

We each drove equidistant from each other for the great, thick sliced, fried, coronary blocking delicacy. We had great conversations about missing our Florida home, friends, and getting caught up on current happenings. A good time was had by all.

We topped off our lunch with a slice of homemade pie that weighed about a pound for each slice. Wish we had a picture of the pie.

We'll see all our Florida friends soon!

Niagara-on-the-Lake

By Pat & Tony Vanderheyden #23

Charlie Nadjiwon of Brantford ON (former resident of #57) and Janice Garvey #93 from Philadelphia, PA visited Pat and Tony Vanderheyden #23 in Niagara-on-The-Lake. We spent two days with them visiting the local wineries and attending the strawberry festival. Charlie also came to lawn bowling with us here at our club in Niagara. Had a lovely weekend and hope to get Charlie back to visit us at Golden Acres.

Highly Processed Foods Linked to Weight Gain

From NIH (News in Health) newsinhealth.nih.gov

A study found that when people consumed a diet of highly processed foods, they took in more calories and gained more weight than when on a diet of minimally processed foods. Researchers compared the effects of a highly processed and a minimally processed diet in 10 men and 10 women residing for four weeks at the NIH Clinical Center. Each diet lasted for two weeks.

People received three meals per day plus snacks. They could eat as much or as little as they wanted. Processed foods usually have a lot of calories, salt, sugar, and fat and are low in fiber, but the researchers matched the meals for these nutrients. The highly processed diet had foods like canned ravioli, hot dogs, chicken nuggets, pork sausage, and tater tots. The minimally processed diet had foods like salad, grilled beef roast and vegetables, and baked fish. People noted that the diets both tasted good and were satisfying. On the highly processed diet, people ate more calories and gained an average of 2 pounds. On the unprocessed diet, they ate fewer calories and lost about 2 pounds.

The results support the benefits of unprocessed foods. But the researchers note that processed foods can be difficult to avoid. "Just telling people to eat healthier may not be effective for some people without improved access to healthy foods," says NIH obesity expert Dr. Kevin Hall, who led the study. More studies are needed to better understand how processed food affects weight.

Active Duty Soldiers to Remember

Please take a moment to offer a prayer of thanks and remembrance to all those who help to protect our way of life. Keep them in your prayers until they return safely to their loved ones.

Monthly

Children's Eye Health and Safety Month. It's time to schedule eye exams for your children as you make plans for the coming school year. Find information and resources on vision care at the American Academy of Ophthalmology website: <https://www.aao.org/eye-health/resources/articles>

Immunization Awareness Month. This is a topic sure to bring about spirited debates. No matter what side of the issue you are on, take the time to get information from credible sources and speak with your physician regarding any concerns you might have.

National Read a Romance Month. Since 2013, freelance writer and book reviewer Bobbi Dumas has been celebrating the romance genre. She believes that as the summer nears its end, August is the best time to try a light read. Add a romance novel to your reading list this month, or select one to read with your book club.

National Win with Civility Month. Take the high road this month in your dispute resolutions, mediations, and negotiations anytime you are faced with conflict.

Weekly

National Farmers' Market Week, Aug. 4–10. Buy and eat local. Support the farmers in your area and the tireless efforts of the folks selling all sorts of good stuff this season.

U.S. Amateur Golf Week, Aug. 12–18. The Pinehurst Resort and Country Club in North Carolina will host the week's events on two of its legendary courses. Let's hope for good weather.

Little League World Series, Aug. 15–25. There are no underdogs, upsets, or losers—just kids with a lot of heart, playing their favorite sport. Let's root for all of them.

World Water Week, Aug. 25–30. In an effort to develop a water-wise world, individuals and organizations from around the globe meet in Sweden annually to brainstorm sustainability issues and preserve access to our planet's most valuable natural resource. This year's theme is "Water for society—including all." Learn more at <http://www.worldwaterweek.org/>

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Hey, bartender

A duck walks into a bar and asks, “Got any grapes?”

The bartender says no, and the duck thanks him and leaves.

The next day the duck returns to the bar and asks, “Hey, got any grapes?”

The bartender says, “No. We don’t serve grapes here.”

The duck thanks him and leaves, only to return the next day. The bartender sees him walking through the door and says, “Look buddy, I’m not sure why you keep coming in here. We don’t have any grapes, never did, and never will, and if you ask me about grapes one more time, I’m going to nail your beak to the bar.”

The duck is quiet for a few moments, and then asks, “You got any nails?”

“No,” the bartender replies.

“OK,” the duck says. “Got any grapes?”

Know the difference

A guide took a group of people for a hike in the woods. They soon encountered a snake on their path. One of the hikers said to the guide, “Look there’s a snake. Do you think it’s poisonous?”

The guide looked over at the snake and replied, “No. That snake isn’t poisonous.”

Upon hearing this, the hiker walked closer to the snake to take a picture of it. The snake bit the hiker and slithered away. The hiker fell to the ground and began to moan in pain as the others in the group came to his aid.

“I thought you said that snake wasn’t poisonous,” someone said to the guide.

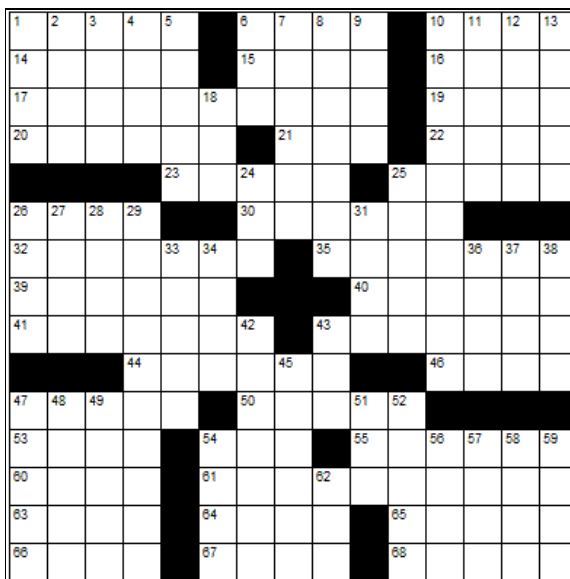

“That snake wasn’t poisonous,” the guide replied. “Poison is ingested or absorbed. That snake was venomous. Venom is injected.”

Know the two types of creative thought

Creativity comes in two types of thinking—divergent and convergent. You'll get more out of your brain by recognizing the two so you can deploy them appropriately. Here's how the London Business School website defines both:

Divergent thinking

Imagining
Creating
Challenging
Dreaming

Convergent thinking

Testing
Judging
Deciding
Evaluating

Use divergent thinking for generating ideas; practice convergent thinking to implement them.

Get back into the creative habit

All of us are born with creative minds, but some of us lose the habit. The Entrepreneur magazine website offers these tips for getting your creative mojo back:

- **Practice mindful observation.** You look, but do you really see? Make a practice of observing and appreciating the details of your surroundings. You may see, hear, smell, or feel things you never noticed before, which can give you new ideas and insights.
- **Rev up your curiosity.** Make a point of asking questions about everything you see and do, even if you think you already know the answers. Exploring situations more deeply can yield fresh insights into everyday problems.
- **Free your mind.** Forget limitations. When you brainstorm, think beyond boundaries and the conventional wisdom. Don't accept the tried and true—instead, teach yourself to look at what seems impossible. You could find a way to make the impossible come true.
- **Practice being creative.** Don't wait until a problem erupts to flex your creative muscles. Your mind will be in better shape if you look for opportunities to be creative every day. Set yourself a small problem, and spend a few minutes thinking of new and different ways to solve it. You'll be ready when you really need a spark of inspiration.

A creative man is motivated by the desire to achieve, not by the desire to beat others.
—Ayn Rand
