President's Report

By Ray Lamoureux

Fall is coming fast and it will be time to head south for the winter. Florida has been getting record amounts of rain this summer. The culvert running from Second Avenue to Third Avenue needed to be cleaned out again to handle the large amount of water going through it. We had it cleaned two years ago and it refilled with dirt from the storm water runoff.

We have been having work done on our water piping. We had six valves replaced in the system. We had a problem with the new valves they were the wrong valves installed. We did not realize they were the wrong valves and had them replaced as soon as we were told. I am very sorry about this mistake and hope we are more aware of what we are buying to be installed in our park. They were only in a couple of weeks so we hired a water testing company to check out our water.

The board received the proposed budget from Progressive Management for 2016. PMI and most of the board proposed a five dollar increase in maintenance fees for next year. We think it is easier on everyone if these increases are small ones every two or three years than having large increases all at once. Since I have lived in the park we have always voted to partially fund our reserves. The difference between fully funded and partially funded is eighty nine dollars a month in maintenance fees per unit. We are still very well off financially but we are trying to stay ahead because our income keeps dropping every year. The board looks at everything we can to lower our cost for basic services like water, sewer, lawn, gas, and other fixed cost. You will be receiving a copy of the proposed budget next month to go over before the meeting on November 18th.

The last time I talked with Jo Ellen we still only have two places for sale. The selling season will start in the next month or so and these two places will sell fast.

I hope everyone is having a safe and happy summer and will see you soon in Golden Acres our winter home.

From the Editor's Desk

By Sue Bailey

suebail@tampabay.rr.com

Autumn was my favorite time of the year when I lived in the north. Those beautiful tree covered hills full of vibrant colors. In Florida it's also my favorite time of the year because it represents cooler weather from the summer heat and humidity and also because our northern residents will be preparing to come back to Golden Acres and we will be reunited again!

Within this newsletter are articles and pictures from some of our residents and a couple of Mobile Collection schedules from our county. Not too much has been happening here at Golden Acres recreation-wise since we have had so much heat and so many thunderstorms. We've just been staying indoors to keep cool and dry.

October comes from the Latin word Octo (meaning eight) because in ancient Rome October was the eighth month of the year. Although it's now the tenth month, it retained its original name. The birthstones of October are opal and tourmaline. Both come in a variety of colors and are known for displaying multiple colors in one stone. The flower is the calendula (pot marigold), symbolizing sorrow or sympathy.

As everyone knows, on October 31st we celebrate Halloween with haunts, scares, ghouls, costumes and of course trick or treating.

If you are traveling to Golden Acres this month, have a safe and enjoyable journey.

Until next time,
May God bless and keep you well and safe...

Thanksgiving Dinner

By Joe & Paula Bunevith

Just a little note that the recreation committee will once again provide Turkeys for our annual Club House Thanksgiving Dinner in November.

Joe and Paula Bunevith will be in charge of the dinner and a notice and sign up will be posted on the bulletin board. Hope to see you there.

October Return

By Kurt Nova

My sweetheart Gail and I will be returning in October and will begin a redo to modernize inside coach 177. We are grateful to all that have expressed friendship in the very short time we have had a chance to meet. Bev and Gary Collins, Don Webb, and Brenda and Pat Neafsey are at the top of the list, along with Ron Winders for introducing us over a four year timeframe convincing us Golden Acres is the place to be. Back North it was sweet seeing Roz Frabotta at an Elvis and Orbison Show in Cleveland.

Gail and I will be enjoying some Shuffleboard and the swimming pool on hot days and I have a list of jokes to tell so be prepared for a few laughs. See you soon, unless you see me first. LOL

Multiply Your Monthly Mania!

As you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. We pay out \$400 every month to residents who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.
(To qualify each resident can only suggest a business once)

What businesses would you like to see advertising?

End of Summer in Cape Cod, MA

By Paula & Joe Bunevith

Well summer is coming to an end here at Cape Cod, Massachusetts. Joe and I live in a fishing club, along with Ginny and Ray (unit 9), Tom and Elaine (unit 189), and Paul and Janet (unit 74). The summer started off a wee bit on the cold side. In fact sweatshirts were the item most of us were wearing back in May. Then summer finally arrived and here it is September and Temperatures are still in the high 80's.

The pictures are of the Railroad Bridge which crosses the Cape Cod Canal along with the Bourne Bridge. The Railroad runs 4 to 6 times a day and boats in the canal have to go into idle mode when the bridge is down. No one is allowed to go under while a train crosses. Most of the time the bridge is up. The Bourne Bridge is one of two bridges that cross the canal. The Sagamore Bridge is the second one and they look alike.

Fishing this summer had its ups and downs. Some nice Black Bass, and Striped Bass were caught.

A seagull had found a crab and was trying to open it by walking back and forth into the canal road to crack it open. He would drop the crab and if anything or anyone got close to him he would grab it and run. The canal road is a walking, bike riding road, no motorized vehicles, except anyone in a motorized wheel chair and the Corp. of Engineers who control the canal. The paved Canal road runs approx. 7 miles on both sides. Nice area for bike riding and walking.

The Osprey was squawking her head off as we approached her in our boat as we circled around to take a picture, she took off. And gave us a great picture.

Joe and I spent 3 weeks visiting family in California and Nevada. The month of August was gone when we got back and so was the summer heat for at least 2 weeks.

Hope all of you enjoyed your summer as much as we have. See all of you in Golden Acres in October.

Love to All...

October Is...

Adopt A Dog Month. Millions of animals are waiting for someone to give them a safe, loving home. Be a hero and consider adopting a rescue animal or a dog from your local shelter. You'll be saving a life and adding joy to yours.

Eye Injury Prevention Month. Protecting your eyes from injury is one of the most basic things you can do to keep your vision healthy throughout your life. The American Academy of Ophthalmology reminds everyone to wear protective eyewear when performing home repairs or maintenance, and while playing sports.

National Bullying Prevention Month. A campaign to unite communities nationwide in educating and raising awareness of bullying prevention. National Bullying Prevention Month is recognized across the United States, with organizations like Facebook, Disney, CNN, Yahoo Kids, and other partners supporting the effort through media outreach and dissemination.

National Cyber Security Awareness Month. National Cyber Security Awareness Month is designed to engage and educate public and private sector partners with events and initiatives aimed at raising awareness about cyber security and increasing the resiliency of the nation in the event of a cyber incident.

Week to Week

Emergency Nurses Week, Oct. 11-17. Sponsored by the Emergency Nurses Association, which represents the approximately 180,000 emergency nurses in the U.S. who save lives and render aid on a 24/7 basis.

Earth Science Week, Oct. 11-17. An international event to help the public gain a better understanding and appreciation for the Earth sciences and to encourage stewardship of the Earth.

Nuclear Science Week, Oct. 19-23. A national celebration to focus local, regional, and national attention on all aspects of nuclear science. The 2015 theme: "Get to Know Nuclear."

Respiratory Care Week, Oct. 25-31. An annual event that recognizes the respiratory care profession and promotes awareness of lung health issues and practices.

Spiders On The Move: Land, Air, And Water

If you're afraid of spiders, this may not be good news: Scientists have discovered that some spiders can actually walk or sail across water, allowing them to travel great distances and colonize new areas of the world.

Spiders have long been known to travel by “ballooning”—climbing to the top of a plant or tree and shooting out a strand of web that catches the breeze, pulling them through the air. But what happens when they land on water? Some species of spiders have water-resistant legs that prevent them from sinking beneath the surface. With specialized “dance” routines, the spiders are able to make their way across the water. In addition, they're able to lift their legs to catch the wind, sliding on the surface as if sailing. Some spiders are also able to lift their abdomens like sails and take advantage of air currents to transport themselves.

All this helps spiders move about, allowing them to take their place as predators keeping insect populations in check. How far they can actually travel is still unclear, as is the question of whether salt water affects their mobility. Scientists are continuing to study the spiders to find out if they can literally sail across the ocean.

Black Holes: The Truth Is Out There (Just Hidden)

The universe is full of supermassive black holes, according to findings from NASA's Nuclear Spectroscopic Telescope Array (NuSTAR). But they're not always easy to locate because they're typically found at the center of galaxies, and hidden by clouds of dust and gas.

Astronomers found several of them recently them by analyzing high-energy X-rays at nine locations throughout the universe. The NuSTAR confirmed the existence of five black holes and determined that they're much more active than previously was known, consuming huge amounts of interstellar material and emitting large doses of radiation.

The NuSTAR's readings confirm theories of the presence of black holes throughout the cosmos and help to explain why many of them are obscured from view.

We can judge our progress by the courage of our questions and the depth of our answers, our willingness to embrace what is true rather than what feels good.

Love, honor, and make your payment

One important factor that can unbalance a marriage or romantic relationship is debt. A survey conducted by Harris Poll for NerdWallet determined that 35 percent of adults have brought at least some credit card debt into their romantic relationships—more than student loans, car payments, medical loans, and mortgage debt.

More men than women bring it, with 42 percent of adult men coming into relationships with credit card debt, as opposed to 29 percent of women. Whoever's behind it, though, such debt can have costs beyond interest payments: 25 percent of couples with at least one partner dealing with credit card debt reported that it had a negative impact on their relationship.

Be alert to the signs of Alzheimer's disease

More than 5 million people live with Alzheimer's disease in the U.S. It's an affliction that can't be diagnosed with a blood test or a brain scan, so doctors and patients depend on behavioral clues to determine whether someone is suffering from it. An early diagnosis can help with treatment and care, so pay attention to these warning signs from the Alzheimer's Association:

- Changes in memory that disrupt daily activities
- Difficulty solving problems or making plans
- Problems performing familiar tasks at work or at home
- Confusion over places and times
- Problems processing visual images and spatial relationships
- Growing difficulties with writing and speaking
- Losing items/getting lost outside

If you or a loved one begins exhibiting a number of these symptoms, consult with your doctor. Although Alzheimer's has no cure, many treatments can delay its onset and provide a meaningful quality of life for years.

Follow correct procedures whenever you lift a load

Lifting heavy items incorrectly can injure your back and other parts of your body. Whenever you have a heavy object to move, follow these basic rules for staying safe:

- Bend at the knees.
- Keep your head up.
- Keep your back straight.
- Lift with your legs, not your arms or back.
- Keep the object close to your body.
- Don't twist your back as you walk.
- Maintain stable footing.
- Ask for help if the load is too heavy for you to move on your own.

Strengthen your peer relationships

Getting along with your manager is important to success in any workplace, but so is a good relationship with your co-workers. You need everyone's support to get ahead. Forge strong connections by looking at these factors:

- **Expectations.** Clarify what you expect from your colleagues in the way of information, assistance, and results. Get to know each other's goals so you can provide the right kind of support.
- **Mutual trust.** Can you count on each other to follow through on commitments—or at least warn that problems are approaching? This is possible only if you both take responsibility for cooperation and communication.
- **Sociability.** Can you do more than merely tolerate each other? Go beyond common courtesy and show a genuine interest in other people's lives outside the job. Relationships grow through getting to know each other on a personal basis instead of just talking about work.
- **Communication.** This is the acid test of any working relationship: Can you tell each other what's on your mind? This isn't simply a matter of airing complaints. Delivering praise or thanks to a co-worker may feel awkward, but it's the heart of a good relationship. Be honest with the people around you, and listen to their words in the same spirit.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
