## President's Report

By Ray Lamoureux #9

The summer is flying by and it is almost time to return to Golden Acres. It has been a quiet summer for most this year. Not many projects going on except the pool.

Karin sent us pictures of the pool and it looks great. The pool was a mess with twenty-five pieces of the liner coming off. The pool should be good for at least ten years or more now.

The palm trees have had the dead fronds removed and one palm that was struck by lightning removed also. They will need to be fully trimmed in October, so they are not hanging down near the sidewalk.

Budget time is fast approaching, and the board needs to get together to refine the budget before it goes out to the residents for approval. We will do this at PMI so they can make the changes as the meeting goes on. We know there will be another increase in maintenance fees due to the lack of income coming into the association because we cannot write any more mortgages. We have been telling residents at budget meetings for over ten years that there was going to come a time when we need more income. The budget meeting will be held on December 2nd and the budget will be mailed out to all owners on November 2nd.

Two new units we installed over the summer. This is a great upgrade to our community and makes our park more desirable to purchase homes.

We have four units up for sale in the park. That is the most units we have had for sale at one time in a few years.

The board hopes everyone has had a safe and happy summer and virus free. We will see what this virus does to us in the fall as far as normal operations.

## Greetings from the Office

By Karin Desmone #1

Please welcome Doug Walsh #192, and Steve & Dorene Robertson #213 to the park. Congratulations and may you find lots of happiness, fun, and laughter in your new home.

## From the Editor's Desk

By Sue Bailey #188 [suebail@tampabay.rr.com](mailto:suebail@tampabay.rr.com)

**From the Editor**

Greetings,

All activities for the month of August were also canceled due to the COVID-19 pandemic. However, our pool is now open as of August 6th and it looks great! Pool Works did a fantastic job and in record time of exactly one month. The clubhouse will also be open Mondays through Fridays but will continue to be closed on the weekends since no one is here to sanitize the bathrooms.

September, the ninth month of the year, is when a well-known holiday is observed. Labor (Labour) Day will be celebrated on September 7th. I am also looking forward to the autumn equinox (beginning of fall) on September 22nd when hopefully we will have some cooler weather here at Golden Acres.

I want to thank everyone who contributed articles for this newsletter. It is very much appreciated. Read about a monthly article from the Fraud Watch Network; an article from News in Health; beautiful pictures of the Mayflower going through the Cape Cod Canal; and a reminder of our 50th Anniversary Celebration.

Wherever you are located, please keep in touch with all of us by sending articles and pictures for the monthly newsletter. We love to read about what's going on. Not everyone has Internet access. So, if you want those without Facebook to see what you have been up to, just send me an email with the same posting and I will include it in the Newsletter.

I hope you are enjoying your summer wherever your journey takes you.

Until next time,

May God bless and keep you well and safe...

## "Lucy" the Ugly Duck

By Susan Bailey #188

At the beginning of July, my granddaughters (Brooklynn and Madelynn) were visiting us from North Carolina for two weeks. They discovered that a duck had decided to take temporary residence at the home of Bill and Karen Obermark #125 to lay her eggs. They became so infatuated with her that they decided to name her "Lucy", visit her every morning and evening to bring her some water.

The girls and I were hoping that Lucy would hatch her eggs

before they left, but she didn't. I searched online to see how long the incubation period was and discovered that it is 30 – 31 days and that Lucy is a Muscovy Duck (a.k.a. Ugly Duck), is domesticated (making her less wary of humans), and believe that she lives at the pond on the west end of San Christopher.

Since the girls are back in North Carolina, Jack and I have been keeping an eye on Lucy and found that others in our park have taken over with the water since there is a large blue bowl containing water by her nest. I would love to get a picture of her and her ducklings waddling down the road to the pond when they're ready to leave and send it to my granddaughters and to share in the next newsletter.

# Diet & Weight-Loss Scams May Lead to Fatter Wallets for Scammers

By Sue Bailey #188 as an AARP Fraud Watch Fighter

Free Helpline at (877) 908-3360 or

<https://www.aarp.org/benefits-discounts/all/aarp-fraud-helpline/>

Nearly half of Americans say they are trying to lose weight, and with more and more people worried about weight gain while stuck at home during the pandemic, that number may very well rise. Unfortunately, scammers know this and are trying to take advantage for their own financial gain. In fact, diet scams are the most common types of health care fraud reported to the Federal Trade Commission.

## How It Works

- Scammers feature products on websites that appear to be affiliated with legitimate news sites and some products have fake celebrity endorsements.
- Many products promise breakthrough or miracle results — often in only a few days or weeks.
- They may even promise weight loss regardless of what you eat.

## What You Should Know

- These products often lure people in with free trials. You could find yourself with an expensive subscription after the free trial period ends.
- It can be difficult to cancel these plans and even harder to seek refunds.
- Some products advertised today contain banned substances. Sibutramine is one such ingredient. The FDA took it off the market a decade ago because it can raise the risk of heart attack or stroke.

## What You Should Do

- Before buying a weight-loss product, ask a trusted medical professional to help you figure out if it's safe and effective.
- Check out the company on the Better Business Bureau database ([bbb.org](http://bbb.org)).
- When signing up for a free trial, read the terms and conditions closely. Make sure you are not signing up for an expensive subscription.

When it comes to fraud, vigilance is our number one weapon. You have the power to protect yourself and your loved ones from scams.

## Chronic Disease in Uncertain Times

*Be Prepared and Plan Ahead*

*From NIH (News in Health) [newsinahealth.nih.gov](https://www.newsinahealth.nih.gov)*

---

**C**oping with emergencies is challenging in the best of situations. During the coronavirus pandemic, many of us are just trying to get by each day. For people with chronic (long-term) health conditions—like diabetes and chronic kidney disease—the challenges can be even greater. But with planning, you can prepare what you'll need to make things more manageable.

Preparing for the unexpected will help you manage a chronic health condition during a crisis. Consider packing a specialized “go-kit” for emergencies. See these Wise Choices:

- At least one week’s worth of medical supplies and equipment.
- Contact information for health care providers and emergency contacts.
- A medication list with doses and dosing schedules.
- A list of your allergies.
- Information about any medical devices you use.
- At least a three-day supply of any foods needed to manage your condition.
- Copies of your insurance card and photo ID.
- Copies of recent lab work you might need.

# WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

## Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are isolated from other patients. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.baycare.org/emergency)**

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."
