President's Report

By Ray Lamoureux

No Board news submitted this month.

From the Editor's Desk

By Sue Bailey, suebail@tampabay.rr.com

Greetings Fellow Residents:

Things are quiet here at Golden Acres, but we're looking forward to our annual Summer Picnic to be held at the Clubhouse on July 5th, after all July is National Picnic Month! It is going to be a spectacular picnic cuisine, so please come out so we can all enjoy it together. Looking forward to seeing everyone who lives in our park year-round or visiting at that time. The more the merrier.

Many thanks to all of you that provided articles and pictures for this month's newsletter. This month you will read articles about "What a Blessing" from Kurt Novakowski, a Beautiful Prayer, and pictures of some fun on the course.

As July approaches, here are some notable events to remember:

Monday, July 3rd is Canada Day (observed)

Tuesday, July 4th is Independence Day for the USA

So Happy Canada Day and Happy Fourth of July to all our friends and neighbors. Celebrate and enjoy!

Until next time,

May God bless and keep you well and safe...

Greetings from the Office

By Karin Desmone

Please welcome Manfred and Deborah Grasser, Unit #178 to the neighborhood. Congratulations and may you find great happiness at your new address.

City of Dunedin trash pickup - I had a couple of residents ask as to why an individual coach is charged an additional fee from the City for bulk waste pick-ups (mattresses, T.V's, etc.) but surrounding neighborhoods get these items picked up at no additional cost. Per the City of Dunedin, residential homes are charged \$17.37 monthly (\$208.44 annually) and manufactured home parks are charged \$8.69 monthly (\$104.28 annually). The park pays 50% less than residential homes for trash removal annually, hence the additional fee for the pickup of large items.

Free Mobile Collection Site for Household Electronics & Chemicals located at 29582 US 19 N. on the west side of US 19, behind the North County Government Center, south of Curlew Road. Site is open on Saturday's from 9:00 AM to 2:00 PM on the following dates through 2017: July 22, August 26, September 23, October 28, November 18, and December 16.

Hurricane season is here and if you must evacuate the park the closest public shelters are Dunedin Community Center at 1920 Pinehurst Road and Dunedin Highland Middle School at 70 Patricia Ave. Please note that the Clubhouse is not a shelter.

What a Blessing

By Kurt Novakowski (Unit 177)

Upon our return to GA in October 2016, Gail had been cleared of her Stage 3B Lung Cancer. On the bad side of things she had cancer in three lymph nodes called adenocarcinoma.

I am pleased to report that on May 9th, 2017, as the Doctor reviewed her recent CT Scan her cancer has disappeared from the radar! Gail will remain on Chemo once per month until the next CT scan in August. Then if still clear of cancer she will be given an immunotherapy every two weeks.

Thanks to everyone who said a prayer
God Bless, Kurt and Gail

Editor's Note: This is a true blessing! Very happy for Kurt and Gail.

A Beautiful Prayer

By Bob & Rita Sheire

Editor's Note: This prayer was written and given to Bob & Rita Sheire by a woman in their church. They gave me a copy of it and I decided to share it in the newsletter.

Heavenly Father, I call on You right now in a special way.

It is through Your power that I was created.

Every breath I take, every morning I wake,

every moment of every hour,

I live under your power.

Father, I ask you now, to touch me with that same power.

For if you created me from nothing,

You can certainly recreate me.

Fill me with the healing power of Your Spirit.

Cast out anything that should not be in me.

Mend what is broken. Root out any unproductive cells.

Open any blocked arteries or veins and rebuild any damaged areas.

Remove all inflammation and cleanse any infection.

Let the warmth of Your healing love pass through my body

to make new any unhealthy areas,

so that my body will function the way You created it to function.

Father, restore me to full health in mind and body

so that I may serve You the rest of my life.

I ask this through Christ our Lord. Amen.

Soldiers to Remember

Please take a moment to offer a prayer of thanks and remembrance to all those who help to protect our way of life. Keep them in your prayers until they return safely to their loved ones.

- Jim Beulow (Navy Seal) friend of Ray and Mina Krumsieg, Lot #60.
- Joshua L. Buzzard (Army Ranger) Grandson of Ron and Marsha Baylor, Lot #196.
- Adam Coburn (British Army) serving in Afghanistan, Nephew of Mildred and David Todd, Lot #2.

Artificial intelligence is coming

Artificial intelligence sounds scary in science fiction stories and movies, but it's becoming a big factor in business success, according to a report from Tata Consultancy Services. Its survey of 834 executives across 13 global industry sectors found that 84 percent of organizations see AI as essential, and 50 percent believe it will transform their businesses.

AI doesn't appear to be cheap, though. Seven percent of business survey said they invested more than \$250 million on AI in 2016, and 2 percent expect to spend a billion dollars by the year 2020.

Energy drink and vodka? Think again

Energy drinks like Red Bull or Monster Energy are all the rage, and so is mixing them with alcohol for a more potent cocktail, especially among young people. But is it safe? In research reported on the WebMD website, the answer looks like "no."

Canadian researchers analyzed 13 studies involving alcohol mixed with highly caffeinated energy drinks. They found a higher rate of injury among people indulging in such cocktails compared with simply drinking alcohol by itself. Injuries included car accidents, falls, violence, and suicidal behavior.

The authors point out that the stimulant effects of energy-drink caffeine can mask the impact of alcohol, even though alcohol still has an impairing effect on the body and the brain.

Watch your waist in your 40s to avoid dementia later

Carrying belly weight during the 40s appears to increase the risk for dementia in the 70s, whereas carrying extra midsection weight later in life isn't as accurate an indicator. Researchers say these findings are disturbing because 50 percent of adults in the United States are considered abdominally obese.

Researchers at Kaiser Permanente studied 6,583 people who were between the ages of 40 and 45. An average of 36 years later, 16 percent of the participants—who had been measured for abdominal density—were diagnosed with dementia. Abdominal obesity increased the risk of dementia regardless of whether people had normal overall weight or were overweight or obese overall—and regardless of the health conditions including diabetes, cardiovascular disease, and stroke.

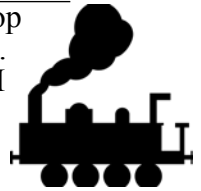

A simple answer

A seeker of spiritual truth decided to visit a very wise sage who lived on top of a mountain. The seeker climbed for weeks to make the painful ascent. When he finally reached the wise man's home, he asked, "What should I do to make my life happier?"

The sage responded, "To begin with, the next time you come to visit me, start on the other side of the mountain and take the train to the top."

The wrong answer

Two applicants, Smith and Jones, applied for work at an organization that had only one open position. The hiring manager sat the two of them side by side to take an aptitude test. When time was up, she found that both applicants missed only one question—the same one. After studying the results, the administrator announced that although both candidates had given the same wrong answer, candidate Smith had won the job.

"Wait a minute," Jones complained. "How can one wrong answer be better than another?"

"Well," the manager said, "on the one question you both missed, Mr. Smith wrote, 'I don't know this answer.' You wrote, 'Neither do I.'"

The best listener

A speaker arrived for his presentation at a high school graduation and immediately became uneasy. The crowd was full of families talking with each other. Their small children ran around the gymnasium, shouting happily. It was not a crowd looking forward to a speech; people just wanted to see their kids graduate.

The crowd paid little attention to the speech. He tried all the attention-getting tricks he knew—changing the volume and pitch of his voice, walking about the stage, telling his funniest stories—but nothing worked.

Then he saw one man looking directly at him, smiling and nodding his head. The speaker remembered the value of focusing on a sympathetic listener. By concentrating on giving that one person the very best speech he could, he made it through the presentation.

Afterward, the principal of the school asked, "Would you like to meet any of the audience?" The speaker, wanted to thank the man on whom he'd relied to finish his speech. "Yes, I'd like to meet that gentleman over there."

"Certainly," said the principal. "But you know, of course, that he's completely deaf."

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

Bumblebees leave ‘footprint’ to mark flowers

Bumblebees may be smarter than you think. According to the LiveScience website, scientists at the University of Bristol have discovered that bumblebees mark the flowers they feed from with “smelly footprints” so they can distinguish between flowers that have been visited by members of their nests and those fed on by strangers. This also allows them to ignore flowers whose food is gone and identify better sources of nutrients.

In one experiment, researchers trained bees to discriminate between flowers marked by their nest mates and those scented by bees from a different nest. In a second experiment, bees were seen learning that flowers with footprints from their nest mates were more rewarding than those marked with their own scent.

In addition, the scientists discovered that bumblebees can tell the difference between their own footprints and those of their nest mates.

Space probe headed where no one has gone before

The New Horizons space probe made history with its flyby of Pluto in 2015, and now it’s halfway to making history yet again. Its next destination is 2014 MU69, an object in the Kuiper Belt.

New Horizons has gone into hibernation mode for the next 466 million miles of its voyage, slowing down as it gets farther from the sun. The object is only about 1 percent of Pluto’s size, and it’s about 1 billion miles away from Pluto. Scientists at NASA are patiently awaiting another historic rendezvous in 2019.

Egyptians excavate undiscovered pyramid

It’s not a “new” pyramid, exactly—it’s 3,700 years old—but archeologists have unearthed a previously undiscovered pyramid from Egypt’s 13 dynasty. One corridor and a block engraved with ancient hieroglyphics are in good condition, according to the Fox News Science website, and explorers will continue excavating to determine its full size and other details.

The pyramid was discovered 25 miles south of Cairo, north of the so-called “Bent Pyramid” built by King Sneferu, whose angle changes about half up. It’s also near the smooth-sided Red Pyramid, built some 4,600 years ago.

Sneferu’s son Khufu built the Great Pyramid of Giza. The newly discovered structure was probably built about 1,000 years after his reign.

Credit card debt on the rise

Financial counselors usually advise consumers to pay off their credit cards every month, but more Americans are carrying credit card debt from month to month since the most recent recession, according to the National Foundation for Credit Counseling.

A survey of more than 1,600 U.S. adults conducted in March found that 39 percent carry debt from month to month, up from 35 percent in 2016. Sixteen percent are carrying more than \$2,500 monthly, compared with 14 percent last year.

Other results from the survey: Younger adults were more likely than older adults to be denied a credit card (11 percent vs. 6 percent). They were also more likely to make a late credit card payment (11 percent vs. 5 percent), miss a payment (12 percent vs. 4 percent) or pay less than the minimum amount required (13 percent vs. 3 percent).

Online shopping: The latest stats

Shopping online is big business these days. A survey of more than 1,000 U.S. consumers by e-commerce platform provider Big commerce found that 96 percent of Americans shop online, accounting for 36 percent of their purchases.

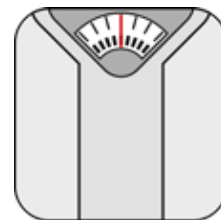

The survey found that 80 percent of consumers make online purchases at least once a month, and 30 percent buy something at least once a week. Forty-eight percent reported spending more than they had originally intended.

Millennials do half their shopping online. Sixty-seven percent of them, along with 56 percent of Generation Xers, would rather shop via the internet, a preference shared by 41 percent of Baby Boomers but only 28 percent of senior citizens.

Giving up on losing weight?

The obesity trend in the United States continues, with the number of adults who are either overweight or obese expanding from 53 percent to 66 percent over a 26-year period from 1998 to 2014. Apparently many of us have given up trying to fight it. According to the Journal of the American Medical Association (JAMA), the number of people actively trying to lose weight in the past year dropped from 56 percent to 48 percent over the same period.

Researchers theorize that the decline is due to changing perceptions about acceptable body weight.

Did you know that July is also...

National Cell Phone Courtesy Month. As the cell phone has developed into the smartphone, it's become one of the biggest distractions of all time. National Cell Phone Courtesy Month was founded in 2002 with the intent of making cell phone users more respectful of their surroundings.

Eye Injury Prevention Month. According to the American Academy of Ophthalmology, an estimated 90 percent of eye injuries are preventable with the use of proper safety eyewear. Even a minor injury to the cornea from a small particle of dust or debris can be painful and become a lifelong issue, so take the extra precaution and always protect your eyes.

Independent Retailer Month. Independent Retailer Month encourages consumers to shop at independent retailers locally, nationally and globally. Support and shop at independent retailers year round and use July as a time to unite as a celebration for the independent retailers across the country and in your community.

National Farriers Week, July 9-15. Honoring the men and women who care for and maintain the hooves of horses, a highly specialized trade that requires skill in hoof care, blacksmithing, and the care of injured and diseased hooves.

Captive Nations Week, July 16-22. A week aimed at raising public awareness of the oppression of nations under the control of Communist and other nondemocratic governments. It began in 1953 and declared by a congressional resolution and was signed into law by President Dwight D. Eisenhower in 1959.

National Parenting Gifted Children Week, July 16-22. Parents of gifted children need special understanding in order to raise and advocate for the social and emotional needs of their unique children. NPGC Week celebrates the joys and challenges of raising, guiding, and supporting bright young minds.

Canada Day, July 1. A national holiday celebrating the Constitution Act of 1867, which united the separate colonies of Canada, Nova Scotia, and New Brunswick into a single dominion within the British Empire called Canada.

Independence Day, July 4. The date of the Declaration of Independence, formally announcing the separation of the original 13 colonies of the United States from Great Britain.

Official Shark Awareness Day, July 14. Much as we love to fear this predator of the seas, the shark has a key role to play in keeping marine ecosystems in balance.

National Mutt Day, July 31. Also known as National Mixed Breed Dog Day, National Mutt Day is all about embracing, saving, and celebrating mixed-breed dogs. (It's also celebrated on Dec. 2.)

Underwater cave fish is first found in Europe

The first cave fish in Europe has been discovered by a German underwater cave explorer, according to the U.S. News & World Report website.

Cave fish have been discovered in other parts of the world, but the German discovery is the first time one has been found as far north as Europe. Scientists believe it arose some 20,000 years ago and has evolved to live in an underground environment.

The diving spelunker encountered the fish while exploring an underwater cave in southern Germany. The fish is almost colorless and resembles the stone loach found in rivers close by, although it has smaller eyes and larger nostrils.

Enhance your success with kindness

Nice people can finish first, insist Lisa Kaplan Thaler and Robin Koval in *The Power of Nice: How to Conquer the Business World with Kindness* (Currency). The book's core tenets remain worthy of consideration. Improve your "NiceQ" with these exercises:

- Be kind to yourself so it's easier to be nice to others.
- Share credit and treat everyone with respect instead of "kissing up and kicking down."
- Say no when necessary—but present it in a positive light. When turning down an assignment, help find someone else who can take it.
- Plant seeds of kindness by doing five nice things every day that have no quick payoff.
- Complete the statement "If I were a kinder person I would ..." and then act on it.

Don't let these get in your way

Often the biggest obstacle to our success lies in our way of thinking. Self-help guru Tony Robbins points out three mistakes you may be making that undermine your progress:

- Confirmation bias. When looking for data or advice, do you have a truly open mind or are you just looking for information that confirms what you already believe? If the latter, you could miss important facts.

- Recency bias. Everything changes, but if you ignore this fact of life you may end up repeating the same steps without making real progress. Just because something worked once doesn't mean it will continue to be successful. Review your strategies on a regular basis and be ready to change if they're no longer applicable.

- Loss aversion. Some of us tend to dwell more on our failures than our success, leading us to avoid risks at all costs. Anticipate failures so you can prevent them. Learn to accept and learn from your failures so you can move forward.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$135,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
