President's Report

By Ray Lamoureux

We are home now and the weather has been rainy and cool. The day we left Florida it was 95 and humid. It was a big change from Florida.

The park was very quiet when we left only a couple of coaches with someone living in them on First Street. The last coffee hour that we attended had only about twenty residents. The park still needs a lot of rain to turn green again. We have had few rain storms this winter and everything has dried out from lack of rain. The rules and regulations state you must maintain your site from being over grown in the summer. So please make sure you are having someone look after your flower gardens during the summer.

The sidewalk repairs were started this month. We had the worse ones that two board members found and received bids to replace them this month. Over the last several years we are slowly getting these sidewalks in better shape.

We had one place go up for sale after I left the park. It was #178 and it sold within hours of being put on the market. The units don't last long on the market because we have over 100 people on the waiting list to buy in our park. They are sent an e-mail when anything comes up for sale.

We as a board are looking into the speeding problem in the park. The problem was discussed at the last board meeting in April. Some of the suggestions that received from residents were implemented to see if they help with the problem. We also had speed bump debated pros & cons were talked about. All the proposals suggested we will bring up at another board meeting in the fall. If everyone paid a little attention to their speed and stop signs in the park this problem would go away. Bikes in the park are not obeying the stop sign also and it was talked at the same meeting.

The board hopes everyone has a safe trip home and a safe and happy summer.

Happy Summer

This month summer will be upon us! For all of you snow birds, June is a wonderful month of graduations, weddings, boating, fishing, gardening and even just spending time outdoors in the sunshine; getting a high dose of Vitamin D, but please don't forget the sunscreen and please don't forget to keep us posted with any activities you encounter over the summer along with pictures. As far as all of us permanent GA residents, it is a time that we usually stay inside, staying cool and avoid being in the sun, especially during noon until three.

I keep a box of accumulated dead batteries to drop off at a hazardous material drop off site when available so as not to pollute our garbage refill sites. I happened to mention it at coffee and discovered from Dave Merriam (the fountain of knowledge that he is), that I can drop them off at Lowes and they take care of it. I didn't know and was quite pleased to learn this so I wanted to pass it along. Thanks Dave!

Many thanks to all of you that provided articles and pictures for this month's newsletter. This month you will read articles about a trip home on the Auto -Train, the Golf Hall of Fame, a very heartfelt thank you from Kurt Nova, a lineup of GA activities for the summer, and a Recreation Committee Farewell to past committee members.

As June approaches, here are some notable events to remember:

Wednesday, June 14th is Flag Day (Honoring the Flag of the USA)

Sunday, June 18th is Father's Day

Wednesday, June 21st is Summer Solstice (First Day of Summer)

Have a joyous and bountiful summer no matter where it takes you.

Until next time,

May God bless and keep you well and safe...

Our Trip Home on the Auto -Train

By Sheila Blinoff and Ed Treadway, Unit 145.

For those who wondered how our trip home on the auto-train went, this is our story:

It's not the Orient Express or the Rocky Mountaineer, but it is unique. It runs between Orlando and Washington DC, and is the only train in North America transporting cars and their owners at the same time.

We dropped off our car at the Sanford terminal, east of Orlando, where it joined 377 others being loaded into two-tiered carriers which, we estimated, held ten vehicles each. We confirmed our reservations, selected our coach and seats, and chose which of the three dining and breakfast seating we preferred.

The terminal was filled with almost 600 tanned snowbirds with their two small pieces of luggage and a pillow, plus a few walkers and wheelchairs. We were due to depart at 4 pm. The auto-train arriving from Washington DC was delayed, so we didn't leave until 6 pm.

When the car carriers were hitched to the back of passenger coaches and engines, the train was one and a quarter miles long. This was not one of those faster-than-a-speeding-bullet Japanese trains. It moved along at a steady pace until it suddenly stopped due to an electrical malfunction and the air conditioning and lights failed. One of the engines was not working at full power and had to be replaced. Amtrak rents use of the rails from various freight carriers, and the delays meant we had missed our time to use the track. We had to wait for other trains to pass before we could continue on to Lorton Station near Washington DC.

Our journey was advertised as lasting 16 hours, but because of the mishaps, instead of arriving at 9 am on Friday morning, we arrived about 1 pm. Fifty passengers had been allowed to upgrade to be the first to get their cars or motorbikes unloaded. For the rest of us it was at random, and waiting to hear our number called was even more tense than Bingo night at Golden Acres. At 4 pm we drove off into the Washington DC rush hour traffic and the rain, something we vow never to repeat. This was the stressful part of the trip, so we found a motel and continued the final 450 miles home the next day.

We were so thankful that we were returning to Toronto, and not going an extra 900 miles further on to Thunder Bay.

Would we do it again? Certainly, if the auto-train went from Buffalo to Orlando. Despite the hold-ups, it was a much more relaxing trip than flying. There was plenty of leg room

...continued on page 10

around the reclining seats and the aisles were wide. The two meals in the dining car were good and graciously served. Our seats were on the upper level. The dining room, bar, rest rooms (plenty of them and no line-ups) were down a dozen or more winding steps on the main floor, so anyone with mobility issues would book a seat or sleeper on the main floor. The staff were friendly and helpful. The fare was \$790 which included the meals. Prices vary, so you could probably pay less if you booked early or chose an off peak time.

One way or another, we'll be back in the fall and hope to see you all again.

Golf Hall of Fame

By Gil & Gail Callingham

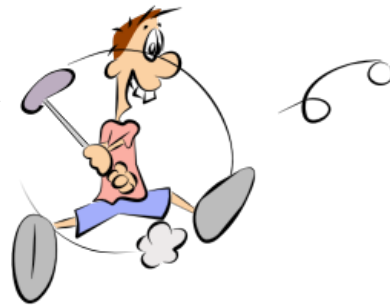

Thought our visit to the Golf Hall of Fame outside St. Augustine might be worth passing along.

On our way back north we visited the Golf Hall of Fame. It was not what Gail expected and she was pleasantly surprised. The first floor was dedicated to Bob Hope. The display was introduced by Arnold Palmer and contained videos, pictures, posters and personal items covering Bob Hope's life. His movies, visits to the troops with his shows, visits with Presidents, visits to hospitals and of course his golf interests were well displayed.

The second floor took us through the history of golf. First, you putt on a green designed a century ago with a putter and ball of that era. Then displays of the development of the various clubs. Then you're putting on a modern putting green with modern equipment. Next you see how your swing works on a simulator. This leads you to displays and videos from LPGA and PGA tournaments. Locker displays were provided by players, etc. Time to get a bite to eat. Then Outside to the Island Green Challenge where you hit 146yds into the wind. Close but no cigar.

On to the 18 hole putting course. All in all, a good time for \$20.00 plus your food. We would recommend it to golfers and non golfers alike.

Have a great summer everyone!

A Heartfelt Thank You

By Kurt Novakowski

The 2017 winter has passed and proven the best weather we have ever encountered for the snowbird season. Gail and I Love the GA Community and want to say thank you to the many that came to the show I performed at the American Legion on March 24th.

As I coast through the Park on my bicycle. Every time I come to a stop sign I pause to reflect on last month's newsletter article about speeders and violators who go through our Stop signs. Being conscious of such I share counsel to Mary Heffernan to slow down and observe those big red hexagons as I always do (I am sure to no avail). Mary has gone North to Guelph, Canada so I am safe that she can't pop me in the nose until we meet again. I hope sooner than later.

Judy Fitz and Peg Slapak have given our Corner a wonderful gathering place to the many they have comforted at Wine Thirty and we are all grateful. Looking forward to next season.

Gail is holding her own against her cancer in three lymph nodes and we pray for Norma Miller as she encounters her struggle with it.

Thank You Ray for the immediate response to getting a plumber to clear tree roots when my coach had a backup recently. I can't offer enough praise to both you and Georgina for enduring each and every distress call within our community.

Robert has been spectacular in maintaining our pool and grounds, helping to make Golden Acres the desire of many potential buyers waiting for a seller from our park .Our Park is beautiful and the Sealer on our roads added great value to the aesthetics which thankfully everyone in our park takes pride in maintaining. I love my Life and Golden Acres is now a big part of it.

In closing, thinking of Roz Frabotta whom went home to Cleveland to be with her sister early in the season for a surgery which went well. She was a schoolteacher and she introduced me to fellow teachers as they traveled through my community last summer in Erie, PA. This is for her: An Art teacher asked her 1st graders to draw on paper anything they would like and she would have their drawing posted on the entrance Bulletin Board. Coming to 6 year old Suzie the teacher asked what are you drawing a picture of? Her reply was "God". The teacher then counseled her saying "nobody knows what God looks like" then following a short pause Suzie responded " Well! They will in a minute!...

Soldiers to Remember

Please take a moment to offer a prayer of thanks and remembrance to all those who help to protect our way of life. Keep them in your prayers until they return safely to their loved ones.

Flying in the face of disaster

In the 1980s and early '90s, Continental Airlines was a disaster. The organization had gone bankrupt twice and was on its way to a third (and final) catastrophe. It had gone through 10 presidents in 10 years, and employees mistrusted management.

Then in 1994 Gordon Bethune stepped in. Instead of running around willy-nilly trying to stamp out the various raging fires, Bethune took a step back to return to the basics. He identified Continental's key goals so that employees' efforts would be concentrated on them rather than diffused by the disaster of the moment. One of his areas of focus was creating a corporate culture. Without the commitment of the employees, the other goals would be impossible.

Drawing on the organization's history of excellence in service, he rallied the workforce. Bethune discovered that the employees weren't bad—they just worked in a dysfunctional organization. So they were quick to get behind his new leadership.

Senior management was a different story. Bethune knew he had to make wholesale changes, and that meant getting rid of the bureaucracy. In a couple of months, Bethune and his top executives replaced 50 of the company's 61 officers with 20 top-notch people.

The changes were dramatic. In one year's time, Continental went from being ranked the worst in customer satisfaction among major airlines to first.

The birth of 'excellence'

Tom Peters didn't exactly give birth to excellence, but he did establish the idea that companies can achieve excellence under the inspiration of a management guru—like himself.

It all began in the spring of 1978. John Larson of McKinsey's San Francisco office was set to give a presentation to a client. But his computer crashed and took with it his notes. He turned to another consultant, Tom Peters, to throw together a presentation that would satisfy the client.

Peters had just returned from traveling the world to compile research on best practices in business. Up until then, his research had been collecting dust after he had presented it to the McKinsey powers that be. With an opportunity to present his findings again, Peters gathered his data. In search of a sexy title to give his presentation, Peters came up with "Excellence." It was a hit.

Eventually, Peters edited the material into a manuscript. Continuing with the idea of excellence, he titled the book *The Secrets of Excellence*. But the title didn't fly with the McKinsey folks, who feared that clients would think the company was selling the secrets of client operations. In 1982, Peters and co-author Robert Waterman renamed it the more politically astute *In Search of Excellence*. And thus was excellence born.

At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.
