President's Report

By Ray Lamoureux

The snowbirds have returned to their northern homes for the summer but the work is never done in Golden Acres. Dave Merriam is holding down the park in the absence of the other six board members.

Dave is working on a number of projects starting with a new electronic key system for the work shop. He is trying to eliminate having to turn in the keys every year before you depart the park. Also we seem to lose a great number of these keys over the course of the year.

Dave is also working on the storm water culvert to get the water to flow out of the park at a faster rate. He is having cement work done to repair washed out areas of the culvert. The cement on C Court is being under mined by the rain water also the cement in the rear laundry area needs attention also. Thanks for all your help Dave.

We will have the final updates to the rules and regulations completed by July and mailed out to all shareholders. The new rules will take effect ninety days after the mailing.

We have an important vote on sprinklers for the clubhouse that will be mailed out in August. The board recommends a no vote on installation of sprinklers in the clubhouse. Florida passed a law that requires us to have a vote on the sprinkler system. We need a majority of the shareholders to vote against the sprinkler system that is not needed.

We, as most of you know, have a new girl in the office. Her name is Karin Desmone. If you get a chance in the future please stop in and introduce yourself to her. She is a good asset to our office staff.

The oak trees were trimmed before I left the park also a tree was planted to replace the oak we cut down. The city of Dunedin required us to plant a certain type of tree to replace the oak.

The board hopes everyone had a safe trip home and an enjoyable summer.

From the Editor's Desk

By Sue Bailey, suebail@tampabay.rr.com

It has become very quiet here at Golden Acres. The only people left in the park now are all of us year-round residents (sun-birds). At last count that's about 76 of us!

Besides being hot and muggy, there are some perks to living in Florida in the summer. It's the only time that we can go to Clearwater Beach and find a parking spot! There are still things you can do to combat the heat too. Like mall shopping, taking in a good movie, going out to eat without the long wait times, going for a nice drive in your air-conditioned car (since the roads are less congested).

Let's not forget the summer thunderstorms. They come fast and furious and then they're gone (just like that). There's nothing better than sitting in your comfortable chair, in your air-conditioned room, reading a good book while the rain is pelting on the aluminum roof of your coach. It is such a comforting sound.

It's a slower pace during the summer months. We get a good respite from it and then we're ready to welcome all of the snow birds back for another year of fun and friendship!

Wherever you are located, please keep in touch with all of us by sending articles and pictures for the monthly newsletter. We love to read about what's going on.

As June approaches, here are some notable events to remember:

- June 14th is Flag Day in the US.
- Father's Day is June 19th, so Happy Father's Day to all you Dads out there. I hope you have a very relaxing and memorable day!
- June 20th is the first day of summer (Summer Solstice).
- June is graduations in the northern climates and the promise of some time off for the summer for all students attending school.
- June is also the month of weddings, so if your anniversary is this month, Happy Anniversary!

Until next time,
May God bless and keep you well and safe...

Welcome to our new Administrative Assistant: Karin Desmone

By Jo Ellen Bryant

The next time you visit the office you are going to meet Karin Desmone who is our new Administrative Assistant. This gal is full of spunk, energy, and vitality ready to take on any task. In fact in her spare time she loves projects and will roll up her sleeves in a moment's notice to take care of something. There's an air of independence and confidence, which will make her perfect for the job. She's friendly yet professional, and enjoys people, which are all prerequisites for working in the park.

Karin was born and raised in Langhorne, Pa (suburbs of Philadelphia). She also lived in Vestal, NY, Rochester, NY, and San Antonio, TX. She met her husband Phil in Rochester and they settled in Palm Harbor in 1985. They recently celebrated their 25th wedding Anniversary.

Also, Karin is the proud aunt of 5 nieces and nephews and soon to be a Great Aunt this August. She comes to Golden Acres with 19 years of administrative experience in both retail and manufacturing environments.

There is a lot to learn about our park, but she is eager, quick, and sharp; and it is quite obvious that she is going to be a terrific asset to our park. When you see or speak to Karin, please do offer her a warm welcome to our park and community.

Condolences

By Sue Bailey

Joe Corbeil (Lot 160) passed away on Thursday, April 21st. Our prayers go out to his family and friends for their loss. Especially to Henry Boursier (Lot 182) for his genuine friendship to Joe for many years and to his total unselfish and loyal commitment to helping Joe when he needed it the most!

Did you know that June is also...

Adopt a Cat Month. Thousands of cute cuddly kittens and mellow older cats are waiting in shelters across the country for someone to take them home. Members of the shelter staff are ready to help you adopt your very first cat or bring home a friend for another beloved cat.

Alzheimer's and Brain Awareness Month. Around the world 47 million people are living with some form of dementia, and that number is expected to climb to 76 million by 2030. Learn how to maintain your brain's health, and help raise awareness and support of research aimed at treating brain illnesses.

National Zoo and Aquarium Month. Explore your local zoo and aquarium as well as the websites of America's great zoos and aquariums. Many of them have excellent educational resources—photographs, videos, facts, lesson plans, and activities for the whole family.

PTSD Awareness Month. Post Traumatic Stress Disorder can affect anyone, and its effects are felt throughout every community. The purpose of PTSD Awareness Month is to encourage everyone to raise public awareness of effective treatments and to help all those affected by PTSD.

Sun Safety Week, June 5-11. Sponsored by The Sun Safety Alliance, which believes that a focus on skin cancer prevention, education, and awareness will improve public knowledge of the importance of sun safety.

Men's Health Week, June 13-19. Celebrated each year during the week leading up to Father's Day to heighten awareness of preventable health problems and encourage early detection and treatment of disease among men and boys.

Superman Week, June 9-12. An event held in Metropolis, Ill., to celebrate the adventures of the Man of Steel in comics, film, and TV.

Animals Rights Awareness Week, June 19-25. An annual event to raise awareness for the care and concern for animals of all varieties and to educate the general public about the humane treatment that all animals deserve whether they're someone's pet, wildlife residents, residents of a zoo, or raised as food sources.

National Running Day, June 3. Put on your running shoes and some sunscreen and go out for a run!

Father's Day, June 19. Remember your dad—and fathers everywhere—on this special day.

Teach children or grandchildren this important skill

Problem solving is a skill that's valuable throughout your children's lives, from school to their adult careers. You can teach your children how to tackle any problem they're facing by sharing these steps:

- Identify the problem. This is the most important step, and often the most overlooked. Your child can't solve a problem until he or she can state what it is.
- Come up with a list of solutions. Brainstorm possible solutions, even ones that initially seem farfetched. Just keep the ideas flowing.
- Assess each idea. Now is the time to evaluate the merits of each idea, weighing the pros and cons thoroughly.
- Pick one or two ideas. Have your child pick the top two solutions and give his or her specific reasons for choosing those possible solutions.
- Put the decision into action. Before going forward, talk about possible outcomes. What are the potential obstacles? What help can you expect? How can you avoid traps?
- Evaluate and learn. How did the solution work? What changes need to be made to make it work better? What would your child try the next time?

The hungry thief

Joe and Sam went into a bakery. When the cashier wasn't looking, Joe quickly slipped three doughnuts into the pocket of his jacket.

"What are you doing?" Sam whispered. "You just stole those!"

"So what?" Joe asked. "Nobody saw a thing."

Sam waved the cashier over. "Give me a doughnut, and I'll show you a magic trick."

Intrigued, the cashier handed over a doughnut. Sam ate it, then asked for a second one, and then a third.

"So what's the trick?" the cashier asked, skeptically.

"You know where those doughnuts are now?"

The cashier frowned. "Where?"

"Look in my friend's pocket."

Coffee may keep you healthy

Is drinking coffee good for you? A recent article on The New York Times website linked to a number of different studies touting the positive effects of caffeine on several different health problems. They include:

- Liver damage. A review of data collected by studies of more than 430,000 people found that coffee may lower the risk of cirrhosis of the liver, a disease associated with overindulgence in alcohol (among other causes).
- Tinnitus. Researchers kept track of more than 65,000 women and found that those who drank more than one 8-ounce cup of coffee a day were less likely to suffer from tinnitus, that persistent ringing or buzzing in your ears.
- Auto crashes. A study of truck drivers who routinely work on long hauls found that coffee drinkers (or consumers of other caffeinated drinks) seem 63 percent less likely to be involved in crashes while driving.
- Melanoma. An analysis of health and dietary data involving more than 400,000 people ages 50-71 found that those who drank four or more cups of coffee a day were 20 percent less likely to develop skin cancer. (The researchers cautioned that avoiding exposure to the sun's ultraviolet rays is still the most important way to avoid melanoma.)

State of health: What's the best place for you to live?

Where you live may affect your health, at least according to the Gallup/Healthways Well-Being Index. Their most recent report (using data from 2014) ranked all 50 states in order of health. The top 10 healthiest states?

- Alaska
- Hawaii
- South Dakota
- Wyoming
- Montana
- Colorado
- Nebraska
- Utah
- New Mexico
- Texas

The least healthy state, according to the Index, was West Virginia. The Index looks at a variety of factors, including purpose, social relationships, financial stability, community, and physical health.

Get more from your to-do list

A to-do list can help you organize your time and energy effectively, but successful people know that it's just a start, not an end in itself. Get the greatest impact from your list by following this advice:

- **Start the night before.** Instead of making your list in the morning, finish your day by planning tomorrow's work. You'll arrive fresh and ready to tackle your most important tasks right away.
- **Keep it short.** A list of 100 items is intimidating. Limit your to-do lists to tasks that add maximum value to your organization, not routine busywork.
- **Prioritize your tasks.** Don't list items at random. Decide which job to tackle first, second, and third so you don't waste time on less important tasks.
- **Categorize your tasks.** After you've identified your two or three most important jobs for the day, go through your list and group similar tasks together—answering phone calls and emails, meeting with co-workers, organizing various projects. You'll get more done by not switching between different kinds of tasks all day.
- **Get specific.** Include the results you want, not just the name of the task. "Work on Johnson report" doesn't give you a goal; "Finish Johnson report by 3:30" will help you focus on what you want to achieve.
- **Expect the unexpected.** No matter how organized you are, interruptions will occur. Build in enough time to deal with them so you're not thrown off by the day-to-day demands of the workplace.

Quick Thinking

A stockboy in the produce section of the supermarket one day had a customer who asked to buy half a head of lettuce. The stockboy told him that they sold only whole heads of lettuce.

The man insisted that he didn't need the whole head and wouldn't pay for a whole head if he wanted half of it. Finally the stockboy said he had to ask his manager about the situation. As he walked into the back room, the stockboy blurted out: "Some jerk out there wants to buy only a half a head of lettuce."

The manager's eyes grew wide in shock. The stockboy turned around to find the customer standing right behind him

He quickly said, "And this gentleman here wants to buy the other half."

How fast do you want that package?

Americans tend to be an impatient bunch. A study by fulfillment software vendor Temando found that 80 percent of U.S. consumers want same-day shipping from retailers, and 61 percent want their purchases shipped out even faster, within three hours.

Retailers haven't responded, at least not yet. The study noted that only 53 percent offer same-day shipping even though 55 percent of buyers indicated they'd be willing to pay for it, and only 20 percent send products within three hours, although 31 percent said they'd be ready to pay for that.

Watch your words when talking to doctors

Communicating with your doctor is important, but you can overdo it. From the Prevention.com website comes this lists of things doctors don't want to hear from their patients:

- "I'm sure I have ____." Researching your symptoms online is fine, but most doctors want to diagnose illnesses themselves. Don't walk into the doctor's office insisting you know what's wrong.
- "It's probably just stress." Writing off your problems to stress might keep you from fully describing what's going on. Be ready to tell your doctor all your symptoms so he or she can get a clear idea of your illness.
- "I'm sorry for wasting your time." You may feel that your illness isn't important, but doctors would prefer that you come in before a minor ailment turns into a serious one. You don't have to apologize for taking care of your health.
- "Haven't you heard of this new drug?" Doctors are busy people who don't have time to keep up with every new medication, no matter how hard they try. Don't insist that your doctor prescribe something you saw on TV, but do print out articles that might be helpful in treating your illness.
- "You're supposed to be the expert." Again, doctors are human, and they sometimes miss things. Have realistic expectations, and talk openly about your needs so the doctor can make an informed decision.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$130,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or [mail your paid receipt](#) to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**
