President's Report

By Ray Lamoureux

The end of winter is here and the park is emptying fast. By the end of this week more than half the sites will be gone. I walked around the park in the morning and most places are empty of outdoor furniture and closed up tight.

The spring trimming of the oak trees are completed and the contractor will be starting on sidewalk repairs on Monday April 24th. The coffee meeting on Wednesday looked empty compared to the weeks before with less people attending coffee.

A second letter went out this week to the units that have not responded to the violation letters. If you receive one could you call the office and let Karin know when the violations will be corrected. We need to keep our park looking great.

We had a board meeting to address two complaints and two suggestions and the board felt that input from the residents was needed on the matters.

The first one is the purchase of an Automatic External Defibrillator (AED). The board checked with the insurance company to make sure we are not violating our insurance. They sent a signed letter approving the purchase. The unit would be used to get the heart back in its normal beating.

The second suggestion was to have phone numbers and email addresses on the Golden Acres web site. The addresses would be password protected and you can opt out of having yours put on the web site.

The rules and regulation on page 5 items 7 & 8 state all flower beds be maintained year round and that the association has the right to have them maintained and charge the owner the cost to have it done. We will be enforcing this rule this summer due to a complaint received last summer. If you receive a violation letter about your flower beds please respond to the office and let them know when it will be corrected or someone will be hired to weed and trim the beds.

The other complaint we received was for speeding in the park and stop signs not being used. The board members have observed park residents guilty of the speeding and stop signs. We also know that some of the problem is delivery trucks and people cutting

...continued on page 6

thru the park. Before we get carried away and installing speed bumps and other means we are trying to make all residents aware of the stop signs and the speed of 15 miles per hour. We are also installing signs at both entrances to the park stating no thru traffic and private property. We will also send out letters in the fall to each resident stating about speed and stop signs. At the meeting it was also brought up that the residents riding bikes in the park don't follow the rules either. The board will try these suggestions from our board meeting from the residents that attended first before going forward with any other suggestions that were voiced at the meeting.

The board hopes everyone has a safe trip home so we can see you in the fall.

Progressive Cards

By Eleanor & Gerald Saunders

Saturday March 18th was the last evening for progressive cards.

It was hard for Gerald and I to tell whom was laughing the loudest or who was doing the dancing around the tables. It was certainly an evening of laughter and great fellowship.

Door prize went to Bill Obermark (#125) and high score to Donna Mindex (#213).

New players for evening were:

Bob & Gizelle Gionet (#80)

Anita (friend of Gizelle)

Anna Lisa DeLuca (#186)

Kathleen (friend of Linda St. Peter)

Janice Garvey sat in as a spare.

Gerald and I would like to thank everyone for coming to progressive cards. This event is an activity where one doesn't require a partner. So come on out next January and try your hand at being a CARD SHARK

From the Editor's Desk

By Sue Bailey

suebail@tampabay.rr.com

Greetings:

All of our snow birds have left us and the park is very quiet. Just because we don't really have many events, since the winter season is over, doesn't mean that there isn't any news. Whether it's in the park or at your summer homes, please keep those articles and pictures coming for the newsletter.

Some things to look forward to in the Fall 2017. Sheila Blinoff (Unit 145) has volunteered to provide an article and picture of a new resident and/or featured resident in the monthly newsletter starting in November 2017! Thanks Sheila, I am very grateful to you. Also, over the summer I will be preparing a welcome package to distribute to new residents so that they will know more about our park. I'm talking about where to look for activities, the Golden List, phone directory, newsletter, etc. I want to thank Steve Swann for coming up with the idea. We have had a lot of new residents purchase within our lovely park this year and past years and these things will be a great way to guide and welcome them.

Many thanks to all of you that provided articles and pictures for this month's newsletter. This month you will read articles about Progressive Cards, the GA Paddle Club, St. Patrick's Day Dance, upcoming events for the summer months, and bowling.

As May approaches, here are some notable events to remember:

Friday, May 5th Cinco de Mayo

Sunday, May 14th Mother's Day

Saturday, May 20th Armed Forces Day

Monday, May 29th Memorial Day

I wish you good weather, good times with friends and family, and good health during this summer season, wherever you might be.

Until next time,

May God bless and keep you well and safe...

GA Paddle Club

By Gil Callingham & Lorne Taylor

In April we visited the Anclote River for a gentle cruise and picnic.

The winds and tide decided to make the trip a little more interesting, but we all made it back and had a story to tell.

We wish you a healthy, safe, and happy summer.
See you next season. Keep the paddling.

The Admiral and the Rear Admiral

Upcoming Summer Fun

By Timmie Strader

Hi everyone,

First I want to update you about my health. My first chemo treatment is over and other than a few days in bed or the bathroom I think I'm doing OK. This is thanks to all of you for the good wishes and most important the prayers. I want to take this opportunity to thank all of you. By June I'll almost be back in good shape.

I'm planning at least one function each month and thanks to Donna, Norma, Cindi and Della, we will most likely add extra fun times. Look for our first "Summer Fun" event in the June issue of the newsletter. We welcome any suggestions for fun things to do.

Call me any time (I have an answering machine) and I'll see what we can do. Timmie Strader - 727-386-4493.

Your "Summer Fun Girls" are: - - Donna Delf - Norma Miller - Cindi Spooner Hubbard and Della (I don't know her last name).

PS - try to come to coffee every Wednesday at 9:00 am.

St. Patrick's Day Dance

By Steve & Linda Swann (Hosts)

The St. Patrick's Day Dance was held on March 16, 2017. Irish eyes were smiling and their feet were dancing too! Ninety-one residents and guests were treated to the familiar tunes of Bandstand. The music was great because you can't go wrong with the 60's, 70's, and 80's tunes! We all recognized our favorite songs.

We have some quality dancers as noticed on the dance floor! Line dance, waltz, and free-style dancers graced our hall. Also, St. Pat's Day is a fun day to dress the part. Green was in full swing with some fun costumes. The dance was hosted by Steve and Linda Swann. Thank you to volunteers who helped with decorating, set-up, clean-up, and ticket sales. Our hall looked great with green all around. Also, thank you to Julian's Italian Restaurant and Country Boy Restaurant for their generous gift card donations.

With St. Pat's Day over, we can retire our green until next March. Thanks for supporting our fun dance and Golden Acres!

As Requested

By Sue Bailey

Many have asked me for the recipe for this appetizer and here it is:

Spicy Sausage Queso Dip

- 8 oz Package of Philadelphia Cream Cheese
- 16 oz Bar of Velveeta Cheese
- 1 Pound Package of Johnsonville Hot Italian Sausage (casing removed)
- 1/4 Cup Whole Milk
- 1/2 teaspoon Garlic Powder
- 1 (15oz) Can of Roasted Corn Blend (I used a can of sweet corn with no salt added).
- 2 (10oz) Cans Rotel Original (or fire roasted Rotel if you can find it, I couldn't)

Cut cheeses into small cubes.

Remove sausage casing by cutting almost in half lengthwise (butterfly); turn sausage over and peel casing away.

Preheat large saucepan on medium-high for 2-3 minutes.

Place sausage in pan and brown for 5-6 minutes, stirring to crumble meat, and until no pink remains. Drain well.

Reduce heat to medium and return sausage in pan to heat. Add cheeses, milk, drained corn, Rotel, and garlic powder; cook and stir for 8-10 minutes or until hot and blended.

Serve hot with tortilla chips. (Scoops will hold more dip).

Monthly

ALS Awareness Month. Sponsored by the ALS Association to focus the public spotlight on ALS—amyotrophic lateral sclerosis, commonly known as Lou Gehrig’s Disease. ALS is a progressive neurodegenerative disease that affects nerve cells in the brain and the spinal cord. It usually strikes people ages 40 to 70 and afflicts about 20,000 Americans.

Clean Air Month. Supported by the American Lung Association, Clean Air Month educates people about the importance of clean air in their lives. It’s also a time to celebrate the Clean Air Act of 1970 and its impact on the way people think about the environment and on the overall health of everyone.

Mental Health Awareness Month. One in five Americans lives with a mental disorder, with depression topping the list of health-related productivity costs in the workplace, responsible for more than \$51 billion in absenteeism. Strive to make mental health at work a top priority for employers.

National Bike Month. Sponsored by the League of American Bicyclists and celebrated in communities from coast to coast. Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling—and encourage more folks to give biking a try.

Weekly

Children’s Book Week, May 1-7. Established in 1919, Children’s Book Week is an annual celebration of books for young people. Every year, commemorative events are held nationwide at schools, libraries, bookstores, homes—wherever young readers and books connect.

Drinking Water Week, May 7-13. For more than 35 years the American Water Works Association and its members have celebrated Drinking Water Week—an opportunity for water professionals and the communities they serve to join together in recognizing the vital role that water plays in our daily lives.

National Women’s Health Week, May 14-20. National Women’s Health Week is an observance led by the U.S. Department of Health and Human Services Office on Women’s Health. The goal: to empower women to make their health a priority.

Hurricane Preparedness Week, May 21-27. Tropical cyclones are among nature’s most powerful and destructive phenomena. If you live in an area prone to tropical cyclones, you have to be ready. The National Hurricane Center and the Central Pacific Hurricane Center issue watches, warnings, forecasts, and analyses of hazardous tropical weather.

A solemn tradition: Memorial Day

Memorial Day began in the 19th century as “Decoration Day,” when citizens were encouraged to decorate the graves of soldiers who’d died in the Civil War. After World War I, Decoration Day expanded to include ceremonies honoring the dead in all of America’s wars.

Decoration Day officially became Memorial Day in 1967. In 1968 the Uniform Holidays Act established it as one of three holidays (including Veteran’s Day and George Washington’s birthday, now called Presidents Day) celebrated on a Monday to create a convenient three-day weekend. Memorial Day is now observed on the last Monday in May.

Wearing poppies is a popular Memorial Day tradition. The custom is generally credited to Moina Michael, a former teacher at the University of Georgia, who was working for the YMCA Overseas War Secretaries at the end of World War I.

She was inspired by reading the poem “In Flanders Fields,” by Canadian poet and doctor John McCrae. The poem’s opening lines read:

In Flanders Fields, the poppies blow
Between the crosses, row on row . . .

During the Overseas War Secretaries’ annual conference held in New York City in 1918, shortly before the signing of the armistice that ended the war, grateful delegates gave Michael \$10 in recognition of her help with the conference. She spent the money on 25 red silk poppies to hand out to participants (or she may have used the money on materials to make the poppies herself).

The poppy became a national symbol of remembrance, and two years later the American Legion adopted it at its own conference. Poppies have symbolized the day ever since.

Getting into Heaven

A woman died and found herself at the Pearly Gates. St. Peter approached her with a smile. “To enter, you need only pass a simple spelling test. Can you spell the word ‘love’?”

“L-O-V-E,” the woman replied, and St. Peter stepped aside and allowed her to enter Heaven.

Several years later, St. Peter found her on a cloud and said, “I have a big meeting today with the Boss, and I can’t watch the gates. Would you mind taking my spot?”

The woman agreed. The morning passed uneventfully, and then she looked up and saw her husband approaching. “It’s so nice to see you!” she exclaimed. “How have you been?”

“Just great,” her husband replied. “I married the beautiful young nurse who took care of you while you were sick, and we had three more children. I won the lottery. We lived in a huge mansion. We had matching BMWs. My wife and I were taking our yacht on a second honeymoon cruise when I fell overboard and drowned.” He looked around. “So, how do I get into Heaven?”

“You just have to spell one word.

He smiled. “Great! What word?”

She stared at him. “Kyrgyzstan.”

Feeling the heat

A man in Dublin went in for a serious operation. The surgery took some time and the man was returned to his room to recover. As he came out of the anesthetic he looked around his room and saw that all the shades had been drawn, even though it was early afternoon.

When the surgeon walked into the room to check on his patient, the man asked why all the blinds were pulled down.

“The house across the street is on fire,” the surgeon told him. “I was afraid that if you saw the flames when you woke up you might have concluded that the operation was not a success.”

A SMILE IS A CURVE THAT SETS EVERYTHING STRAIGHT.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Eating more fish may help prevent Alzheimer's

Alzheimer's, a disease that afflicts some 5.1 million Americans, is a type of dementia that affects a person's memory, thinking, and behavior. Although at this point no cure exists, you can take measures to reduce your chances of suffering from this debilitating condition.

New evidence suggests that eating more fish—as long as it's not fried—may help to protect your brain from the shrinkage and decline associated with Alzheimer's. Researchers from the University of Pittsburgh Medical Center tracked the diets of 260 people with normal cognitive function for more than 10 years. Using magnetic resonance imaging (MRI), they measured the brain volume and function of each participant at the beginning of the study, and again at the end. The results: The 163 subjects who ate fish on a weekly basis (the majority consuming it one to four times a week) had a larger orbital frontal cortex and hippocampus (two areas of the brain that are known to shrink in Alzheimer's patients) and better memory function than those who ate less fish.

The researchers determined that the risk for Alzheimer's and mild cognitive impairment was lowered fivefold within the five years following the brain scans. So start eating more fish today.

Follow this 'Golden Rule' to reduce cancer risk

Want to cut your risk of developing cancer? Check the color of your food—particularly your toast and potatoes. Scientists in the United Kingdom say that cooking those two items too long can increase levels of a naturally occurring chemical called acrylamide, which has been linked to cancer in rats.

Acrylamide is formed when starchy foods like potatoes and root vegetables are cooked at over 120 degrees. To reduce it in your foods, follow these guidelines:

- **Cook until golden.** Whether you're making toast, roasting potatoes, or baking vegetables, cook until the food is gold-colored, not brown.
- **Check the instructions.** Follow instructions for baking or frying packaged vegetables like fries or parsnips.
- **Keep raw potatoes fresh.** Don't put them in the refrigerator if you're going to roast or fry them. Colder temperatures can increase acrylamide levels.

Leading by example

Bill Gates, co-founder of Microsoft, has his own private jet now, but he didn't always. On the Business Insider website, former senior vice president Brad Silverberg recalls that in the 1990s, all Microsoft employees were required to travel by commercial airline—in coach, despite the fact that by that time Microsoft was a thriving organization. On one flight from Seattle to New York, Silverberg flew with Gates and some other members of the Windows team:

“And there was Bill, sitting in coach, in a middle seat. It didn't matter to him; he spent the whole flight reading. He wasn't as universally recognized then so it wasn't such an issue for him to fly commercial. It made a big impression on me, a new Microsoft employee, seeing Bill lead by example.”

Different priorities

During a Little League game, one of the batters hit a fly ball to right field that the right fielder made no attempt to catch. After the inning was over, the coach pulled his right fielder aside and asked him why he didn't even try to catch the ball.

“If I had caught that ball,” replied the boy, “I would have killed my new friend.” And with that, he opened up his glove to show the coach a caterpillar he had found in the field.

Remember this story to remind yourself that everyone's priorities are different.

Rules apply to everyone

During the Civil War, Ulysses S. Grant, commander of the Union forces, had to reprimand a guard who had deserted his post. “Orders must be strictly and promptly obeyed always,” Grant told the young soldier.

A week later, the same soldier was told to guard a steamboat loaded with ammunition. His assignment: to make sure that nobody with a lighted pipe or cigar came near the boat. On the guard's first day at his new post, General Grant started walking toward the boat, puffing away on one of his famous cigars.

“Halt!” called the guard. “I have been taught to obey orders strictly and promptly, and my orders are to allow no one to approach this boat with a lighted cigar.”

With a smile at hearing his own words repeated back to him, Grant threw the cigar in the river.
