June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father’s Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father’s Day gift

Father’s Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years’ War. The word cravat derives from a combination of the French “Croate” and the Croatians’ own name for themselves, “Hrvati.”

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie’s elasticity, which allowed it to revert more easily to its original shape. The “Langsdorf” became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father’s Day

As we journey together through the uncharted territory of COVID-19, remember these words of strength:

Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid.

John 14:27

Our prayers are with those affected by the corona virus, all health care workers, first responders, and those on the frontlines. Please use sound judgment and follow the guidelines set for us so that you may stay safe and stay healthy.

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

AN EMERGENCY IS STILL AN EMERGENCY. EVEN DURING THIS EMERGENCY.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.baycareemergencycare.org)**

A few one-liners

Funny or dumb? You decide:

What's the best thing about Switzerland? I don't know, but the flag is a huge plus.

- I submitted 10 puns to a joke-writing competition to see if any of them made the finals. Sadly, no pun in ten did.
- What's the difference between a hippo and a Zippo? One is really heavy, and the other is a little lighter.
- Can a kangaroo jump higher than the Empire State Building? Of course! The Empire State Building can't jump.
- If you have 10 apples in one hand and 14 oranges in the other, what do you have? Really, really big hands.
- I took part in the suntanning Olympics, but I only got bronze.
- What do Alexander the Great and Winnie-the-Pooh have in common? Same middle name.
- Not only is my new thesaurus terrible, it's also terrible.

A miracle?

Sister Mary was a devoutly religious woman. Besides her duties as a nun, she was very active in various hospitals visiting sick patients and taking care of all their needs.

One day she found her car was out of gas in the hospital parking lot, and the only container she could find to put any gas into was a bedpan.

Sister Mary walked two blocks to the closest gas station, filled up the bedpan with gas, and headed back to her car.

As Sister Mary started tipping the gas into the fuel tank, a man walked out of the hospital. He stopped and watched her. Just when she finished pouring in the last drops of gas, he said, "I promise, if that car starts, I'm going to church this Sunday!"

Some businesses thrive in these troubled times

Many businesses are encountering challenges amid the COVID-19 pandemic, but a few industries are seeing sales rise. The Criteo website reports that these sectors are apparently thriving during the lockdown:

- **Webcams.** Naturally, people are buying webcams in order to Skype and Zoom with friends, relatives, co-workers, and more. In early April, sales of webcams in the United States jumped 458% in a one-week period.
- **Sleepwear and loungewear.** When people aren't going out, they're likely to wear comfy clothes all day around the house. In Australia, for example, such sales soared 184%
- **Shaving and grooming equipment.** Can't get to the barbershop or hair salon? No problem. Around the world people are ordering shavers and other cosmetic gear to manage their hair and appearance.
- **Pet supplies.** Pet adoption rates are climbing in the U.S. as people seek companionship at home, leading to a 274% surge of sales of pet food, bedding, cages, and treats.
- **Baking items.** What could be better when you're stuck at home than baking something tasty? Google Trends reports that searches for "banana bread" skyrocketed 54% around the world during March. Items purchased online include batter and cocoa mixes, breadcrumbs, pie and pastry fillings, and cookie decorating kits.
- **Gaming equipment.** You can go virtual to get out of your home. Video game use rose 75% in the U.S. one week after the World Health Organization declared the outbreak a pandemic. Purchases of consoles, controllers, and other gaming hardware went up 338% in early April.
- **Outdoor furniture.** If you're fortunate enough to have a balcony, back yard, deck, or porch, you probably want some comfortable furniture to relax on while you're social distancing from your neighbors. Folding chairs, stools, outdoor tables, and more shot up 428%.
- **Exercise bands.** These stretchy pieces of rubber used for muscle resistance training in confined spaces are a useful substitute for heading out to the gym. Sales have gone up 86% since stay-at-home guidelines have been in place.

Coronavirus spurs creative solutions

The COVID-19 pandemic is scary, but if it has any upside, it's in the way the crisis has sparked innovation and creativity in business.

The BBC website reports that the Washington, D.C., public library hosts a virtual book club for readers, and chef Massimo Bottura of Italy has launched an Instagram series to teach basic recipes to homebound cooks. An art teacher in Tennessee is livestreaming classes for children who want to be creative.

Speaking of art, museums such as the Louvre in Paris have been offering virtual tours, and art lovers can view classic sculptures from the Vatican.

Small-business owners are thinking outside the box and taking steps to address the crisis, the U.S. Chamber of Commerce website reports. Cycling apparel company Kitsbow in North Carolina has shifted from making jerseys to manufacturing personal protective equipment (PPE), and it plans to produce 26,000 face shields and face masks. Similarly, Sweaty Bands, a maker of no-slip headbands for activewear, is repurposing materials into facemasks for local hospitals.

On another front, cosmetics maker Garb2Art has found a new market for a hand sanitizer it developed three years ago. Revamping the production process, the company has expanded its staff from five people to 25 and recouped its \$25,000 investment in bottles and alcohol in a single day.

Focus on mental health while in quarantine

Staying indoors for an extended period—days, weeks, or even months—can be hard, especially when you're already stressed about COVID-19. While staying physically healthy, don't neglect your mental health. The Verywell Mind website shares these tips:

- **Stick to (or create) routines.** If you're working at home, start the day at your regular time. Shower and dress, and focus on your job. Eat meals at your usual time.
- **Stay active.** Don't sit on the couch all day. Fitness apps can remind you that it's time to get moving. Search YouTube for exercise and yoga videos. Jog through your home a couple of times.
- **Communicate.** Don't cut yourself off from the rest of the world. Spend time with family or friends who are staying with you. Reach out through social media and Skype and Zoom. Even if you're isolated physically, it doesn't mean you should withdraw entirely.
