A Change in the Waste Pickup Day for the Returning Snowbirds

The Dunedin Waste and Re-Cycle pickup is now on Wednesday of each week. Please ensure your waste and re-cycle bins are not placed at the curb until the night before the pickup day.

Dunedin & Golden Crest Recycle Program:

As we start another winter season at Golden Crest, a reminder for all Full Time and Snowbirds returning to the Park:

- Items placed in the Blue Re-cycle Bin **should be cleaned prior to placing in the bin.** A sticker on top of the re-cycle bin details what items can be re-cycled. It has been noted on numerous occasions, re-cycle items are not being rinsed prior to placing in the Blue Bin, the City of Dunedin would appreciate this being completed.

- Also remember on Wednesday, the Blue Bins are placed at the curb for pick-up, place the Blue Bin at least 5 feet from the Green Waste (Garbage) Bin. This makes it easier for the trucks to pick up the Bins.

It would be very much appreciated if the above procedures could be followed by everyone this winter. The City of Dunedin thanks you and Golden Crest Park, thanks you.

January 2019 Park Rummage and Bake Sale:

To donate to our once a year sale, please go through your coach and sort out gently used items you no longer require. The Rummage and Bake Sale is Saturday January 12, 2019 from 8:00am – 1:00pm and all money raised goes towards funding events at Golden Crest. Park residents get first choice on all items at our pre-sale on Friday January 11, 2019 from 11:00am – 12 Noon.

Our Golden Crest Penny Auction is Thursday January 17, 2019 after coffee hour. Please contact businesses in our area for a donation of a gift certificate for sales or services to be auctioned off to Park residents after coffee.

Thanks.

IMPORTANT REMINDER -

Christmas related items will no longer be received at the Rummage Sale at Golden Crest on Saturday, January 12, 2019.

Thank you for donating these items to the Goodwill Store of your choice.

Eloise Blanchard and Carole Seely

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

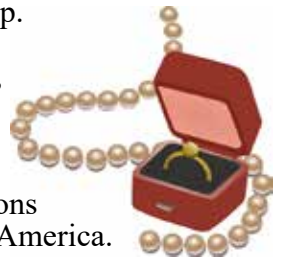

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

BOB NEEDS OUR HELP!

Our delivery driver, Bob Davis (whom many of you know and have liked over the years), had a **SERIOUS FALL** while trimming a tree for a needy person on Sunday, August 5th.

He broke bones in his neck plus other injuries. He has NO insurance and he is the sole provider for his family. ANY donation you may be able to help with will be GREATLY APPRECIATED!!!

Credit card donations gratefully accepted over the phone. For more info call 727-548-8460.

THANK YOU SO MUCH for anything you may be able to do!

Dining out by age groups

How much do you spend dining out every month? Acosta and Technomic’s “The Why? Behind The Dine™” survey looked at trends among different demographics. Here’s what it found:

- **Diners with children 17 and under** spend an average of \$544 on food a month, with 38 percent spent on food prepared outside the home.
- **Generation Z diners ages 18–21** spend \$360, 29 percent on food from outside.
- **Millennials, ages 22–36**, spend \$513, of which 40 percent is prepared outside the home.
- **Gen X diners, ages 37–52**, spend \$469, with 32 percent spent on food from outside.

Why we do—and don’t—go to church

Americans go to church for many reasons—and some avoid church for reasons of their own. The Pew Research Center looked into what draws people to religious services and what keeps them away. Here’s what it found:

Reasons for going to church

To become closer to God	81 percent
To give children a moral foundation	69 percent
To be a better person	68 percent
For comfort in times of grief or sorrow	66 percent
Reasons for rarely or never attending services	
Practice faith in other ways	37 percent
No religious belief	28 percent
No church/religion they like	23 percent

Sharpen your mind to learn better

As we grow older, learning and remembering new information can grow more difficult. Here are some tips to help you stay on top of the knowledge game and keep you learning as you age:

- Focus on concentrating. Distractions are the bane of any learning attempt. If you're attending a seminar or training session, for example, sit near the instructor and maintain eye contact with him or her. Try not to fidget; simply relax into the session and let your focused attention do the job.
- Say it out loud. Read aloud the material you're trying to learn and repeat out loud the facts you want to retain. This way, both your eyes and your ears are delivering information to your brain.
- Tame frustration. If you're getting frustrated over material you're trying to learn, remind yourself that getting emotional will only hamper your ability to retain information. If you have to, step back and take a break.

Rich folks share their advice

Want to get rich? There's no guaranteed path to wealth, but these billionaires have shared on the Cheat Sheet website some of their thoughts on achieving financial success:

- Mark Cuban, owner of the Dallas Mavericks: "Save your money. Save as much money as you possibly can. Every penny you can. Instead of coffee, drink water. Instead of going to McDonald's, eat mac and cheese. Cut up your credit cards. If you use a credit card, you don't want to be rich. The first step to getting rich requires discipline. If you really want to be rich, you need to find the discipline. Can you?"
- Warren Buffett, CEO of Berkshire Hathaway: "I will tell you the secret of getting rich on Wall Street. Close the doors. You try to be greedy when others are fearful, and you try to be very fearful when others are greedy."
- Eli Broad, founder of KB Home: "No one ever made a million bucks by being cautious or timid or reasonable. I was 22 years old and recently married when I had the crazy idea that I should give up my career as a CPA and become a homebuilder. I didn't know anything about building houses. Sometimes the craziest ideas are the ones that yield the greatest payoffs."

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"
