Director on Call

For the Month of August – Jim Alaimo

In case of a “Park Emergency” – Dial (727) 578-2891.

For emergency crime or health issues dial 911.

For non-emergency crime issues you should call the Police dispatch number 541-0758.

From The Office

The Office will be closed on Fridays, starting Friday, June 7, 2019 through Friday, August 30, 2019. Please plan to conduct any office business you may have from Monday through Thursday during this time period. Don't forget, there is a self-serve copy machine in the hall near the entrance to the Patio for your use. If you have an emergency and need something from the Office on a Friday during this time-frame, you can call the out-of-hours number ((727)-578-2891) and the Director on call will assist you. Thank you and have a GREAT Summer.

REMINDERS

Deposit Checks for Use of Hall

Going forward, upon satisfactory clean-up, any check supplied as deposit for the use of the Hall for a personal function will be shredded 3 days after the event if not retrieved. Thank you.

Shut off water valves

If you are using the water outdoors, please remember to shut off the valve at the house instead of just turn the nozzle on the hose.

Maintenance Staff Assistance

If you identify a maintenance item around the Community, please ask someone in the office (Jane or a member of the board) to complete a work order for Lam. This allows them to track, prioritize and complete their daily work load. Thank you!

Parking

Whenever you, your guests, or contractors need to park out on the street, please follow Community Rules!

- No parking on the sidewalks. Your maintenance fees pay for all repairs.
- Please use common sense and do not park near or on corners or close to intersections. We would encourage parking on the same side of the street to avoid traffic having to “zig-zag” to get by. This causes obstructions and creates a dangerous situation for cars, golf carts and bicycles trying to proceed by the vehicles.

continued on page 6

Soliciting

Soliciting of any kind is not allowed in Golden Gate. If anyone comes to your door trying to sell anything, please be safe and just say no thank you; close your door and call the police non-emergency number (on page 2 of the Golden Gate Telephone Directory (727) 369-7864. Do not confront the solicitors.

Articles for the Newsletter

Any article submitted to the Golden Gate Newsletter should have the author identified. If you have a computer with an email connection, articles may be emailed to ggmedia@tampabay.rr.com, preferably by the Monday before the third Tuesday of the month. The Board of Directors' Meeting is the third Tuesday of the month and the agreement with the publisher gives us up to the day after the meeting to deliver copy to be published. If you don't have a computer you may continue to deliver a double-spaced paper copy, again, preferably by the Monday before the third Tuesday of the month.

Light up at Night

If you are riding a bike or driving a golf car at night you should have lights on so others can see you.

Open Door Policy

The Board of Directors at Golden Gate have always had an "open door policy". There are a number of ways for you to discuss any Community issue with them either during the summer months or during the peak season. At least one Director is in the office between the hours of 9:00 AM and 11:00 AM that you can request to speak to; you can write a letter or email, or there are intake forms to submit issues that will be kept confidential and responded to, and they conduct Director's Workshops on Thursday mornings at 9:30 AM to discuss, plan and schedule work programs on items as they arise. A notice of these workshops is posted on the bulletin board by the Tuesday of the week they are scheduled (if required).

As you know, being on the Board is a volunteer job. Please utilize any way listed above to bring issues to their attention. Please respect that outside of these venues, they are retired citizens just like you and enjoy their "free" time with their spouses in this beautiful Community you all enjoy.

Something to think about...

Everyone gossips about something or someone. It's human nature, it always happens. We don't necessarily mean to be harmful, but there are some bad effects of gossip we all should know. Probably if you think about what you're doing before sharing stories, or spreading gossips, you can realize that it's coming from a place of jealousy, unreliability, or maybe pain in yourselves. Please consider what you are spreading; is it helpful or hurtful? This is also applicable to FACEBOOK posts regarding community activities. Consider the source of the post and verify with the Board of Directors if necessary.

WEED PROGRAM

As most of you are aware, we have a problem with the growth of weeds during the summer months, typically May through September. The weed problem we are concerned about is in the planter boxes and the front of the homes. Even those homes that have mulch or stones in the planter boxes will have weed growth.

The board does send "friendly reminders" to alert residents as stated in rule #16..."Each shareholder is responsible for the neat and orderly appearance of his or her premises at all times. However, the general response to the friendly reminders has been less than satisfactory.

We would like to aid in solving this problem by having our maintenance staff spray weed killer in the planter boxes or in front of the home for any resident that desires to participate. There will be a \$40.00 per year fee to cover the cost of the material for spraying from May through September. If you wish to participate in this program, send a check or pay cash to Jane in the office. If you choose to participate in this program, our maintenance staff will spray, beginning in May and ending in September. However, if you have ornamental plants that could be harmed by the spraying, you will have to make other arrangements, since we will not be responsible for any damages. If you choose not to participate, the weed issue for planters and the front of your home will continue to be your responsibility, and be subject to the terms of rule #16 concerning work done in your absence.

No Wake Zones in Golden Gate ...

Now that we are in our rainy season it is not unusual for us to get rain every day and all-day long. It is also not unusual for the rain to completely cover our streets going side-walk to side-walk. Please be considerate when driving through our community and observe our speed limits (15 MPH) or drive even slower as not to cause 'wakes' of water to go up into resident's lawns, driveways and even their flowerboxes. Your consideration on this will be greatly appreciated by your neighbors.

Club News

Women's Club

July 4th is my favorite holiday here at Golden Gate because the 5 main clubs each chip in money to hold the event and people from all clubs help. I had a few questions about 50/50 money and who gets it, so I thought I would explain. Each club donates \$50, so we have \$250 to spend on July 4th. Our day usually costs well over \$300, and the Women's club absorbs any extra costs. The 50/50 that we keep goes towards the day's costs. If there is any money made, we donate it to the Labor of Love group.

It was an amazingly fun day- Thank you to our grillers, it was a hot day and we appreciate your cooking on the grill. Thank you to all 20 or so residents who helped make the day organized and run smoothly. Our parade winners received gift certificates. 1st place Don and Marianne Kuzmickas, 2nd place Ken Anderson, 3rd place Toots Bradley.

Thank you to the people who volunteered to play games. It was as fun to watch as it was to play.

Next was happy hour which is the 3rd Friday of each month. We have turned the tables so we can all sit together and not at separate tables. We also had 3 or 4 games to play like jenga and cornhole. Come join us Fri Aug 16th, 4 pm bring whatever you would like to drink and a snack to share and mingle with your neighbors.

We had a great time at the ICE CREAM SOCIAL July 20th- is there a better way to cool down? Sundaes, floats, apple pie and friends- it doesn't get better

Look for a flier for August's salad bar luncheon and school supplies for kids in need.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Hey, bartender

A duck walks into a bar and asks, “Got any grapes?”

The bartender says no, and the duck thanks him and leaves.

The next day the duck returns to the bar and asks, “Hey, got any grapes?”

The bartender says, “No. We don’t serve grapes here.”

The duck thanks him and leaves, only to return the next day. The bartender sees him walking through the door and says, “Look buddy, I’m not sure why you keep coming in here. We don’t have any grapes, never did, and never will, and if you ask me about grapes one more time, I’m going to nail your beak to the bar.”

The duck is quiet for a few moments, and then asks, “You got any nails?”

“No,” the bartender replies.

“OK,” the duck says. “Got any grapes?”

Know the difference

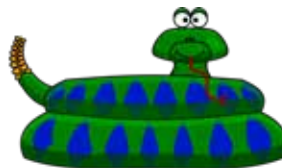

A guide took a group of people for a hike in the woods. They soon encountered a snake on their path. One of the hikers said to the guide, “Look there’s a snake. Do you think it’s poisonous?”

The guide looked over at the snake and replied, “No. That snake isn’t poisonous.”

Upon hearing this, the hiker walked closer to the snake to take a picture of it. The snake bit the hiker and slithered away. The hiker fell to the ground and began to moan in pain as the others in the group came to his aid.

“I thought you said that snake wasn’t poisonous,” someone said to the guide.

“That snake wasn’t poisonous,” the guide replied. “Poison is ingested or absorbed. That snake was venomous. Venom is injected.”

Skepticism about electric cars

Are you ready for self-driving cars? How about vehicles powered by electricity, not gasoline? The AAA took a look at public sentiment about both possible transportation futures.

As the Green Car Reports website reports, 50% of survey participants said they expect most cars will drive themselves by 2029, but only 40% thought most vehicles will be electric by that year.

AAA explains the lower figure for electric cars by citing other survey results indicating that 59% of drivers aren’t sure that their range on the highway and in the city is as good or better than that of gas-powered vehicles, although Green Car Reports says that EVs are more efficient and have more range in the city. Consumers said gasoline would have to reach \$5 gallon before they’d consider buying an electric car.

Parents risk retirement to help kids

Most parents want to help their children financially when they’re just starting out, but the costs can be substantial: A Bankrate survey found that many U.S. parents are risking their retirement savings to support their children as they begin their careers.

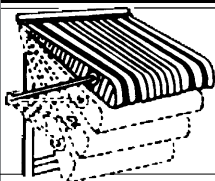

Asked, “Would you say you have sacrificed/are sacrificing your own retirement savings in order to help your adult children?” 17% of respondents answered, “Yes, a lot,” and 34% answered, “Yes, somewhat.” On the other hand, 41 percent responded, “No, not at all.” (For 9%, the questions didn’t apply because they hadn’t started or aren’t saving money for retirement.)

At what age should parents stop footing their kids’ bills? Here’s what they said:

Know the two types of creative thought

Creativity comes in two types of thinking—divergent and convergent. You'll get more out of your brain by recognizing the two so you can deploy them appropriately. Here's how the London Business School website defines both:

Divergent thinking

Imagining
Creating
Challenging
Dreaming

Convergent thinking

Testing
Judging
Deciding
Evaluating

Use divergent thinking for generating ideas; practice convergent thinking to implement them.

Get back into the creative habit

All of us are born with creative minds, but some of us lose the habit. The Entrepreneur magazine website offers these tips for getting your creative mojo back:

- **Practice mindful observation.** You look, but do you really see? Make a practice of observing and appreciating the details of your surroundings. You may see, hear, smell, or feel things you never noticed before, which can give you new ideas and insights.
- **Rev up your curiosity.** Make a point of asking questions about everything you see and do, even if you think you already know the answers. Exploring situations more deeply can yield fresh insights into everyday problems.
- **Free your mind.** Forget limitations. When you brainstorm, think beyond boundaries and the conventional wisdom. Don't accept the tried and true—instead, teach yourself to look at what seems impossible. You could find a way to make the impossible come true.
- **Practice being creative.** Don't wait until a problem erupts to flex your creative muscles. Your mind will be in better shape if you look for opportunities to be creative every day. Set yourself a small problem, and spend a few minutes thinking of new and different ways to solve it. You'll be ready when you really need a spark of inspiration.

A creative man is motivated by the desire to achieve, not by the desire to beat others.
—Ayn Rand

Growing like a weed

It's drought-resistant and thrives in poor soil conditions. Though it is considered ground-cover, it has been known to overtake trees, utility poles, and buildings, and it grows at a rate of a foot a day. What is it? Kudzu.

This non-native plant species first arrived in the U.S. in the 1870s from subtropical regions of Asia. At the time, it was believed that the plant could help farmers prevent soil erosion. People also began growing it on garden structures and even their homes to provide shade and ornamentation. By the 1940s, government subsidies helped farmers plant about 3 million acres of kudzu.

During the years that followed, people began to realize the impact to the ecosystem this transplant caused. Without native insects and other flora and fauna around, kudzu became impossible to contain. In 1970 the USDA declared Kudzu a weed. Today, it is estimated more than 7 million acres of kudzu are spread across the U.S.

Next year that figure will be higher—but there is hope. Kudzu is edible. Not the vine, but the roots, flowers, and leaves are packed with nutrients. Some folks swear you can use the leaves in a salad or cook them like collard greens. As long as the plant hasn't been exposed to any chemicals or herbicides, you might want to give it a try.

I spy an empty coffee pot

Before Facebook Live videos, Skype, and videoconferencing, there was sometimes an empty coffee pot outside a computer lab at Cambridge University. Because necessity is the mother of invention, that empty pot led to the creation of what we know as the webcam.

In 1991, computer scientists at Cambridge found a way to connect a camera to a computer and transmit images across their lab's network. They decided to focus the camera on the coffee pot in the break area, because most of them had felt the sting of disappointment that occurs each time you enter a break room only to find the pot empty.

The camera was dismantled in August 2001. By then we were already sharing images and video online. We're guessing there was also a strong coffee culture in place at Cambridge, and that coffee pots were never left empty for long.

Unless commitment is made, there are only promises and hopes, but no plans.
