The financial statement for each month is posted on the bulletin board at the rear of the hall for everyone to review.

## From The Office

---

**C**autation! Driving on roads when we have a large volume of rain.  
Slow Down water waves could flow into residents' sheds as a result of your driving fast!!!

## Maintenance Staff Assistance

---

**I**f you identify a maintenance item around the Community, please ask someone in the office (Jane or a member of the board) to complete a work order for Lam or Les. This allows them to track, prioritize and complete their daily work load. Thank you!

## Parking

---

**W**henever you, your guests, or contractors need to park out on the street, please follow Community Rules!

- No parking on the sidewalks. Your maintenance fees pay for all repairs.
- Please use common sense and do not park near or on corners or close to intersections. We would encourage parking on the same side of the street to avoid traffic having to "zig-zag" to get by. This causes obstructions and creates a dangerous situation for cars, golf carts and bicycles trying to proceed by the vehicles.
- If your vehicle has an oil leak PLEASE DO NOT PARK ON THE STREET or around the Club House, as doing so will break down the asphalt resulting in high cost repairs. In conversations with Pinellas County Code Enforcement we were informed that Vehicle owners may be in violation of EPA ordinances and subject to fines.

## Soliciting

---

Soliciting of any kind is not allowed in Golden Gate. If anyone comes to your door trying to sell anything, please be safe and just say no thank you; close your door and call the police non-emergency number (on page 2 of the Golden Gate Telephone Directory (727) 369-7864. Do not confront the solicitors.

## Articles for the Newsletter

---

Any article submitted to the Golden Gate Newsletter should have the author identified. If you have a computer with an email connection, articles may be emailed to [ggmedia@tampabay.rr.com](mailto:ggmedia@tampabay.rr.com), preferably by the Monday before the third Tuesday of the month. The Board of Directors' Meeting is the third Tuesday of the month and the agreement with the publisher gives us up to the day after the meeting to deliver copy to be published. If you don't have a computer you may continue to deliver a double-spaced paper copy, again, preferably by the Monday before the third Tuesday of the month.

## Bicycles

---

Please remember that bicycles are vehicles and must obey all traffic laws including stopping at all stop signs. This applies to residents and visitors.

## Friendly Reminders

---

Weeds are growing at a rapid pace due to the amount of rain. "Friendly Reminders" were sent to remind residents to keep homes as weed free as possible and to check homes for mold.

## Community Rules Reminder

---

Rule 8: SELLING UNIT: "Your unit may be sold only to persons who have first been approved by the Board of Directors. No more than two for sale signs per unit not to exceed 24"x 24", are permitted and if not in the window of the unit the signs must not interfere with law maintenance. Shareholders may sell their units or may utilize any outside brokerage service. "

# THE GOLDEN GATE THEATER CLUB NEWS

By Charlene Whitehead, Secretary

It is a cool, sunny, autumn day here in Halifax, Nova Scotia as I sit to write this newsletter. Although we are having a wonderful fall so far, I know that it will be short lived. Soon the cold snow and winds of winter will arrive. I get a chill in my bones just thinking about it.

Recently I find myself day dreaming about this seasons Theater Club productions. Speaking with our President Marie Avitabile, she assures me this season is shaping up to be another fantastic one. Our first event of the season was **“THE HALLOWEEN HORROR COSTUME & DANCE PARTY” on Sunday October 29th**. The skits were fabulous and all the attendees had a great time.

Our next and final show for 2017 will be your Golden Gate **“CHRISTMAS SHOW” on December 3rd at 7:00 p.m.** Rehearsals and costume fittings are well underway. There will not be any ticket sales, as traditionally our Christmas Shows are complimentary for residents and their guests, of our Golden Gate Community. Welcome to all of our friends old and new.

Flyers will arrive in your mailbox the third week of November.

## Golden Gate Church The Church in The Park

Non-denominational Services: 8:45 AM - Sunday - Golden Gate Hall

Paul Carter - (Lot 87)

Please feel free to join us for services at 8:45 am every Sunday. Rev. Bowers’ enthusiasm is contagious. We, as all Churches, have a prayer list. If you know of anyone who needs to be Included please contact Paul Carter at 406-5079 or Don Kuzmickas at 579-9089. We have come to the time of year that our snow birds have left for the season. But we are working to continue the special music. Don’t forget your swords (bible) so you can follow Pastor John.

# Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **[MortonPlantValveTrial.org](http://MortonPlantValveTrial.org)**.

# Golden Gate Women's Club

Pat Stephenson

**W**elcome back to many of our seasonal residents. All clubs, including the Women's Club, are up and running. Our next event is our Bake sale held during the Men's Club Breakfast, November 11th, 8AM to 10AM. Come and enjoy your favorite goodies. If you wish to donate any baked goods, there is a sign-up sheet in the clubhouse. We accept anything sweet, savory or sugar free. We usually have a wide variety of cookies, breads, candy, fudge, pies and cakes.

Our Happy Hour will be November 11th on the patio 4-6PM. Please bring a shareable appetizer and your drink of choice. It is a wonderful time to visit with friends and neighbors, and meet new people. Come and enjoy!

Even though January 2018 seems so far away we need to remind you our club will be doing the flea market January 19th and 20th. Start now sorting through your items to contribute to this event. If you need articles picked up or stored until January, please call Paul Carter and he will make arrangements to accommodate you.

Our next meeting is Nov. 15th at 7PM. Please come and join if you are not already a member. Our meetings are the 3rd Wednesday of the month. Our club sponsors many activities throughout the year allowing residents to remain active and involved all year.

## Did you know that November is also...

---

**Family Stories Month.** Celebrate the histories and experiences that make families unique. Gather your clan together and grow the bonds of kinship this month by sharing tales across the generations.

**Movember.** Grow a moustache or take on a “Move” challenge to raise awareness and funds for men’s health issues. Visit <https://movember.com> to learn more.

**National Aviation History Month.** Recognizing man’s quest to conquer the skies and the aircrafts that have been developed along the way. Find an exhibit at a museum in your area.

**Inspirational Role Model Month.** Honor those who inspire you to do your very best and lead by example. Use #InspirationalRoleModelsMonth on social media when you do.

**American Education Week, Nov. 13-17.** The spotlight is on the accomplishments and requirements of public schools and the many dedicated people who devote their lives to teaching.

**International Fraud Awareness Week, Nov. 12-18.** Keeping the public aware of the latest scams that make us vulnerable to crime. Get informed.

**National Farm City Week, Nov. 17-23.** Ending on Thanksgiving Day, this week allows us to pay homage to farmers in locations across the country for their contributions to our communities and economy. Bring the farm to your table this week.

**Daylight Savings Time, Nov. 5.** Get an extra hour of sleep or partying when you dial back the clock in the wee hours of the morning on this first Sunday in November.

**Color The World Orange, Nov. 6.** The first Monday in November helps to raise awareness for those diagnosed with Complex Regional Pain Syndrome/Reflex Sympathetic Dystrophy (CRPS/RSD). Wear your favorite orange scarf or shirt to show your support. Look for orange decorations and lights on landmarks and buildings around town.

**Take A Hike Day, Nov. 17.** Head to the nearest state park or nature preserve and follow the path to wherever it may lead.

**Thanksgiving, Nov. 23.** Whatever you eat, this day is all about gratitude, togetherness and sharing.

## VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Driverless cars coming to a street near you?

---

**D**riverless cars can't wait for self-driving cars, according to a survey by Bosch Mobility Solutions. Out of 1,000 U.S.-based new car buyers 18 years or older, 52 percent said they expect to own a self-driving vehicle within the next 10 years. Only 14 percent said they'd never buy a self-driving car, and 14 percent were undecided.

Although 72 percent of survey participants signaled worries about lack of control in a vehicle they don't drive themselves, 61 percent said they believe self-driving cars could lead to a decrease in traffic accidents, and 55 percent highlighted more free time and less stress as a benefit to driverless cars.

## Why kids stay home longer

---

**I**t's not just a stereotype: More and more young Americans are living with their parents, the U.S. Census Bureau reports. According to a recent study, one in three Americans age 18-34 were living in their parents' home in 2015—some 24 million people. In 1975, the figure was closer to one in five.

One reason: Young people are delaying marriage longer than their older counterparts did. Eighty percent of Americans were married by age 30 in 1975, but nowadays that 80 percent figure isn't reached until age 45.

Younger Americans are also dealing with high student loan debt, which makes staying at home a convenient way for them to pay bills and save to rent an apartment or buy a house.

## Coffee + nap = more energy

---

**W**ant to take a nap that will leave you refreshed and ready to go again? Try drinking a cup of coffee first.

It sounds counterintuitive, but that's the advice from the Health.com website. The reason why it works: The caffeine in a cup of coffee takes about 30 minutes to kick in. After a 30-minute nap, you'll wake up just as the caffeine takes effect.

Research backs the idea up. In 1997 the journal *Psychophysiology* reported that sleepy adults who drank 200 mg of caffeine (twice the amount in 8 ounces of brewed coffee) and then took a short nap performed better on a simulated driving test than people who got only the caffeine.

Keep your naps short—15-30 minutes—and take them at least six hours before your regular bedtime so the caffeine doesn't keep you up at night. If you're sensitive to caffeine, try green tea instead.

## Overcome the power of negative thinking

---

**B**eing creative calls for positive thinking, but optimism isn't always easy. Negative thoughts can creep into your mind when you least expect them. The trick isn't to fight them, but to manage them so they don't paralyze you. Here's what to do:

- **Identify the triggers.** When you have a negative thought, stop and ask yourself what's bringing it on. You may be tired or stressed out, or you may be affected by someone else's perspective. If you can locate the cause, the thought itself won't have as much power over you.

- **Focus on the now.** Worrying about the past or the future isn't productive. When you start chastising yourself for prior mistakes or seeing disaster around every corner, stop and take a breath. Ask yourself what you can do at that moment to succeed. Giving yourself something to do will distract you from destructive thoughts.

- **Replace the negative.** If you find yourself plagued by a recurrent worry, train yourself to think of something else. Memorize a short poem, phrase, or meditation that you can repeat to yourself when you have negative thoughts. Your conscious mind can concentrate on only one thought at a time, and driving the negativity away will free you up to move forward again.

## Get past the obstacles when you paint

---

**J**ust because you're not Picasso doesn't mean you can't find satisfaction and enjoyment in art. A course in drawing or painting can get you started, but when you're searching for ideas or subjects to work on, consider some of these approaches:

- **Seek inspiration.** Spend time looking at art—paintings, sculpture, drawings—for ideas. Listen to music to stimulate your creative juices.

- **Start small.** If you're hesitant, or blocked, don't tackle a big art project. Start with something small and easy. Work on one section of your painting, and don't think about the rest of the project. You'll make progress and your success may give you the momentum you need to continue.

- **Switch things around.** If you usually paint or draw horizontally, switch to vertical. Instead of painting what you see, paint what you feel. If you draw with your right hand, try switching to your left. A small change can make a big difference.

- **Try an exercise.** Find inspiration in a common phrase such as, "Once in a blue moon." Draw or paint your interpretation of that saying. What kind of rare occurrence springs to your mind? How would the world look under blue moonlight? Choose other clichés and catchphrases to illustrate, and you'll keep your perceptions sharper.

## One minute a day may lead to stronger bones

**K**eeping your bones in good shape is vital to your health as you grow older, especially for women. Research reported on the Medical News Today website suggests that women may be able to keep their bones strong by running just one minute a day.

Examining data from more than 2,500 women, researchers found that women who participated in high-intensity, weight-bearing physical activity like running 60-120 seconds a day had 4 percent better bone health than women who took part in less than a minute of physical activity. Women who performed more than two minutes of exercise had 6 percent better bone health.

The researchers cautioned, though, that they can't be sure whether high-intensity exercise leads to better bone health, or whether people with better bone health tend to exercise more.

## New findings about the solar system intrigue scientists

**O**ur solar system is full of interesting places—maybe not to live or even visit, but locations where life might flourish under the right conditions, or may once have been present. Two recent examples from the Science News website:

• **Life on Titan?** Scientists have discovered that the atmosphere of Saturn's moon Titan contains vinyl cyanide—a molecule that forms membrane-like structures and could support life. Computer simulations suggest the molecule is capable of forming flexible bubbles known as azotosomes, that could serve as an outer shell “protecting” genetic material from biochemical reactions in the moon's frigid methane seas. No one knows whether azotosomes actually exist on Titan, though. A probe would have to check out the seas to detect them.

• **Water on Venus?** With a surface temperature of 460 degrees, Venus is too hot to support water or life as we know it, but scientists speculate it might not always have been so inhospitable. The second planet's slow rotation—116 Earth days for a single Venusian day—might have led to a gradual cloud buildup in its atmosphere some 750 million years ago, bringing surface temperatures down to approximately 15 degrees Celsius—enough for the formation of a shallow ocean. What happened to the oceans, or whether they even existed, isn't clear. Scientists speculate they may have boiled away or been absorbed into the planet's interior.
