## ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

## **From The Office**

---

### **Shut off water valves**

If you are using the water outdoors, please remember to shut off the valve at the house instead of just turn the nozzle on the hose.

#### **Maintenance Staff Assistance**

If you identify a maintenance item around the Community, please ask someone in the office (Jane or a member of the board) to complete a work order for Lam. This allows them to track, prioritize and complete their daily work load. Thank you!

### **Parking**

Whenever you, your guests, or contractors need to park out on the street, please follow Community Rules!

- No parking on the sidewalks. Your maintenance fees pay for all repairs.
- Please use common sense and do not park near or on corners or close to intersections.

We would encourage parking on the same side of the street to avoid traffic having to “zig-zag” to get by. This causes obstructions and creates a dangerous situation for cars, golf carts and bicycles trying to proceed by the vehicles.

### **Soliciting**

Soliciting of any kind is not allowed in Golden Gate. If anyone comes to your door trying to sell anything, please be safe and just say no thank you; close your door and call the police non-emergency number (on page 2 of the Golden Gate Telephone Directory (727) 369-7864. Do not confront the solicitors.

### **Articles for the Newsletter**

Any article submitted to the Golden Gate Newsletter should have the author identified. If you have a computer with an email connection, articles may be emailed to ggmedia@tampabay.rr.com, preferably by the Monday before the third Tuesday of the month. The Board of Directors’ Meeting is the third Tuesday of the month and the agreement with the publisher gives us up to the day after the meeting to deliver copy to be published. If you don’t have a computer you may continue to deliver a double-spaced paper copy, again, preferably by the Monday before the third Tuesday of the month.

### **Light up at Night**

If you are riding a bike or driving a golf car at night you should have lights on so others can see you.

### **Open Door Policy**

The Board of Directors at Golden Gate have always had an “open door policy”. There are a number of ways for you to discuss any Community issue with them either during the summer months or during the peak season. At least one Director is in the office between the hours of 9:00 AM and 11:00 AM that you can request to speak to; you can write a letter or email, or

*...continued on page 6*

there are intake forms to submit issues that will be kept confidential and responded to, and they conduct Director's Workshops on Thursday mornings at 9:30 AM to discuss, plan and schedule work programs on items as they arise. A notice of these workshops is posted on the bulletin board by the Tuesday of the week they are scheduled (if required).

As you know, being on the Board is a volunteer job. Please utilize any way listed above to bring issues to their attention. Please respect that outside of these venues, they are retired citizens just like you and enjoy their "free" time with their spouses in this beautiful Community you all enjoy.

### **WEED PROGRAM**

As most of you are aware, we have a problem with the growth of weeds during the summer months, typically May through September. The weed problem we are concerned about is in the planter boxes and the front of the homes. Even those homes that have mulch or stones in the planter boxes will have weed growth.

The board does send "friendly reminders" to alert residents as stated in rule #16..."Each shareholder is responsible for the neat and orderly appearance of his or her premises at all times. However, the general response to the friendly reminders has been less than satisfactory.

We would like to aid in solving this problem by having our maintenance staff spray weed killer in the planter boxes or in front of the home for any resident that desires to participate. There will be a \$40.00 per year fee to cover the cost of the material for spraying from May through September. If you wish to participate in this program, send a check or pay cash to Jane in the office. If you choose to participate in this program, our maintenance staff will spray, beginning in May and ending in September. However, if you have ornamental plants that could be harmed by the spraying, you will have to make other arrangements, since we will not be responsible for any damages. If you choose not to participate, the weed issue for planters and the front of your home will continue to be your responsibility, and be subject to the terms of rule #16 concerning work done in your absence.

### **SUMMER OFFICE HOURS**

The Office will be closed on Fridays through August 31, 2018. Please plan to conduct any office business you may have from Monday through Thursday during this time period. Don't forget, there is a self-serve copy machine in the hall near the entrance to the Patio for your use. If you have an emergency and need something from the Office on a Friday during this time-frame, you can call the out-of-hours number ((727)-578-2891) and the Director on call will assist you. Thank you and have a GREAT Summer.

## **Something to think about...**

---

**E**veryone gossips about something or someone. It's human nature, it always happens. We don't necessarily mean to be harmful, but there are some bad effects of gossip we all should know. Probably if you think about what you're doing before sharing stories, or spreading gossips, you can realize that it's coming from a place of jealousy, unreliability, or maybe pain in yourselves. So, please consider what you are spreading; is it helpful or hurtful?

**W**hat an amazing turn out for the 4th of July- 120 attendees and it was so much fun! Special Thanks to Jim Stephenson and his crew for being our grillers, Janet Bankhead for donating all the beautiful prizes, and all of you who made this day run smoothly and coordinated- neighbors from the women's, men's, shuffle, nuggets and theatre clubs all helped and lots of hands make easy work. 1st place in our parade was Dallas Rearic and family, they won a \$25 gift cert from Miller's Ale House. We also gave away gift cert from Pete and Shortys and Jotos pizza. We played a few crazy games, had a lot of fun laughing, gave away game prizes & door prizes. With everyone's help all 120 of us had plenty of sides and desserts to eat., it was an amazing

Day! We also had an SOS meeting on July 24 for singles and Happy Hour on July 27. On the 28th we held our ice cream social \$ 2 to make your own sundaes- what a deal!! And so much fun. Keep your fliers on the fridge for August 11

Back to school luncheon- it's free with a donated school item for needy children! Sign up list in hall. What a busy month- whew!!! thanks Pat S and Joyce Y For all your help in planning events.

## The cost of dry cleaning around the world

Have you ever wondered how much dry-cleaning a suit costs around the world? Maybe not, but the online dry cleaning service Zipjet did, and it looked at 100 cities around the world to find the answer.

The most expensive city for dry cleaning a two- or three-piece suit is Oslo, Norway, where the cost is \$52.03 in U.S. dollars. The cheapest is Jakarta, Malaysia, at \$2.20. Chicago ranks 53rd, with a cost of \$12.72.

Russia is the biggest user of dry cleaning services, spending \$3,265,888,189 annually. The United States comes in second, at \$3,029,470,494, followed by Brazil in third place, at \$1,065,702,298. Of 10 countries surveyed, Canada spends the least—\$500,834,651.

If you're intrigued, you can check out more information at the study at <https://www.zipjet.co.uk/2018-global-dry-cleaning-index#USD>.

## Discarded tech adds up

Chances are you've got a few old cell phones sitting around your house that you haven't used in years. A recent survey by Decluttr.com found that Americans have some \$33 billion worth of discarded technology lying around, with the average U.S. home hanging onto \$264 worth of unused tech. That includes:

- Almost 60 percent of U.S. homes with more than two unused cell phones (Apple and Samsung, mostly).

- Thirty percent of people who say they keep their old phones for backup, and 30 percent who don't want to risk losing control of their personal information.
- Other devices, such as cameras (40 percent), PCs (25 percent), consoles (10 percent), and iPods, tablets and more (10 percent).

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Keep your dog safe in hot weather

**D**ogs are often like members of the family, so you will want to treat them with care during hot weather. Here are a few tips to keep your four-legged friends happy and healthy:

- **Never leave your dog—or any animal—in the car during hot or even warm weather.** The interior temperature of your car can easily soar to 120 degrees in just minutes. The only way dogs can cool down is by panting and through the pads of their feet. Many animals die every year because their owners leave them in cars. Even if you leave the windows partially down, the temperatures can soar to dangerously high levels.

- **Don't let your dog ride in the bed of a pickup truck.** Serious eye injuries can occur from debris hitting their eyes at up to 70 miles per hour. The dog could also be thrown into oncoming traffic or could fall underneath the truck and be injured. Serious injury or death can also occur when a driver hits the brakes suddenly, swerves, or is hit by another vehicle.

- **Keep your dog away from fertilizers, plant foods, and insecticides.** They can be fatal if your pet ingests them. Don't let your pet walk or play on a treated lawn.

- **Make sure your pet always wears an ID tag.** Even if your dog has an embedded identification chip, you'll still want to make sure it has a tag so that he can be returned quickly to you if it is found. It's also a good idea to keep a current picture of your pet with you. That way, if it disappears or wanders off, you have a photo to show to people when you ask them if they've seen your dog.

- **Give your dog prescribed heartworm medicine on a regular basis.** It is also a good practice to use only flea and tick medications prescribed by your dog's veterinarian.

- **Make sure your pet has plenty of water and shade outdoors.** You'll also want to make sure your dog isn't walking on hot asphalt when the heat is high, because it can burn its paws.

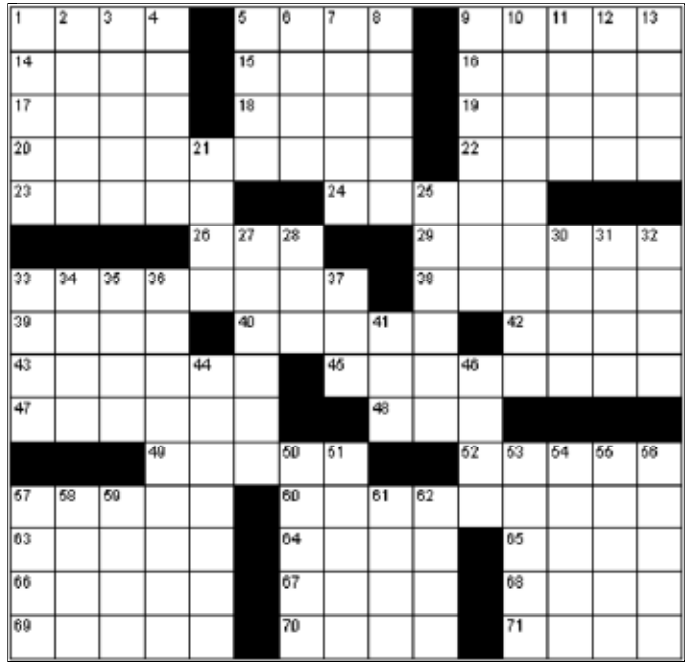

*Good health is not something we can buy. However, it can be an extremely valuable savings account.*

*—Anne Wilson Schaefer*

## New initiative in the hunt for E.T.

---

The search for extraterrestrial life is moving to a new, more ambitious phase, reports an article on the Independent website. Up until now, scientists have been restricted to surveying a relatively small area of the sky, studying stars only a few light-years from Earth. A new project, called Breakthrough Listen, will use new technology at the Parkes telescope in Australia to scan a much wider area of the sky more quickly than before.

The Parkes telescope and others will gather 1,500 hours of data in 2018, then analyze it for any phenomena that appear artificial—while ruling out activity from Earth.

The project is one of several from Breakthrough, one of which includes a plan to send small spacecraft on deep-space missions far from Earth.

## Don't let boredom cramp your creativity

---

You can't be creative if you're bored out of your skull. We all feel jaded and restless from time to time, but if you're suffering from a complete lack of stimulation, try these tricks for snapping out of it:

- **Read something new.** Pick a book by an author you've never read, or one that covers a foreign subject.
- **Talk to people.** Pick someone you don't know very well, and find out all you can about him or her.
- **Explore your surroundings.** Stop ignoring the sights on your way to work, or at work. Pay attention to all you see—look for something different and original.
- **Rearrange your space.** Sometimes shifting things around at home or at work can force you to look at your surroundings, and your life, in a new light.
- **Try a new recipe.** Get out of the rut in your kitchen. Pick a challenging recipe for dinner, or stop making the same old sandwiches for your lunch.

*Happiness lies in the joy of achievement and the thrill of creative effort.*

*—Franklin D. Roosevelt*
