### **HURRICANE SEASON JUNE TO NOVEMBER:**

This very important information was submitted by Diane Piscopo. Diane is the park liason for hurricane preparedness. Call her with any questions, 716-479-9133.

Take a few minutes and stop in our clubhouse. As you enter the front door, to your left there is information on hurricane preparedness: pet registration forms, ID forms for those individuals that may need assistance from emergency personnel, what to take with you when evacuating, and steps to prepare ahead of time **WITH FAMILY.**

We live in mobile homes, therefore we **MUST EVACUATE.** Our clubhouse is not a shelter. Do not plan to go along the routes toward the ocean, but follow the blue and white “evacuate route” signs leading inland. Be aware, the shelter will accommodate you, but they may not have beds/cots , blankets or pillows. A chair or inflatable mat would be recommended.

**BE PREPARED! BE SAFE!**

## I AM A SEENAGER (senior teenager)

I have everything I wanted as a teenager only 50-60 years later.

No school or work.

Allowance every month.

My own pad.

No curfew.

I have my driver's license and my own car.

I have an ID that gets me into bars and allows me to purchase all the booze I want.

No fear of pregnancy.

No acne.

One more thing; Older people often go to another room to get something and stand there wondering what they came for. It is not a memory problem, it is nature's way of making older people do more exercise. So there!!

Have a healthy, happy summer.

## Reduce arthritis pain without surgery

---

**A**rthritis is the leading cause of disability among U.S. adults over 55, in many cases requiring surgery to replace troubled joints. You don't have to resort to joint replacement all at once, though. These simple steps from Dr. Victor Romano, an orthopedist and author of *Finding The Source: Maximizing Your Results—With and Without Orthopaedic Surgery*, can help you deal with arthritis before surgery becomes necessary:

- Wear good shoes with arch supports. Over time, the arches in feet tend to fail. Arch supports can help with the alignment of your feet and improve the alignment of your knees, letting your feet better serve as shock absorbers for the knees.
- Exercise daily. Try at least a 20-minute program that includes stretching, aerobic activity, strength training, and balance.
- Wear a hinged knee brace for better support. You don't have to wear it all the time, but it can help during sports or other strenuous activity.
- Watch your weight. Lower weight decreases the stress on your joints and helps with mobility. Eat nutritious foods and cut your intake of sugar, which can cause inflammation of your arteries and joints.
- Take care of your bones. Calcium, vitamin D, and weight-bearing exercises can reduce arthritis pain and build up your bone density. Should you need replacement surgery, greater bone density will help your artificial joint last longer.

## Staying up late may damage your health

---

**B**enjamin Franklin's advice, "Early to bed and early to rise makes a man healthy, wealthy, and wise," turns out to be true—at least the "healthy" part. A British study of genes and health that analyzed surveys of more than 400,000 people found that night owls have a 10 percent higher risk of death over a 6½-year period than early risers, according to an article on the NBC News website.

The negative impact of burning the midnight oil doesn't depend on how much sleep you actually get—both night owls and early risers reported getting the same amount—but on the fact that it throws the body's natural rhythms off track. Also, the study found that people who stay up late tend to eat fattier foods, drink more alcohol, and use recreational drugs. In addition, staying up late at night has been shown to increase depression and mood disorders, especially among people 50 and older.

The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## Consumers nervous about online data

---

If you're worried about how well businesses are protecting the data they collect from you, you're far from alone. A survey from IBM found that 77 percent of consumers say that an organization's ability to keep their personal data secure is a factor in their buying decisions—and only 20 percent say they “completely trust” businesses to ensure their privacy.

The survey also found that 75 percent of buyers refuse to purchase from organizations they don't trust, regardless of the quality of their products. Another finding: Almost three-fourths of consumers believe that sellers are more concerned about profits than about privacy and data protection.

## Retirement: Golden years or a fading dream?

---

Americans these days are worried about their retirement—and whether they'll even be able to retire.

A Willis Towers Watson survey of approximately 5,000 U.S. workers found that 37 percent expect to keep working to age 70 or longer, up from 30 percent two years ago. Only 26 percent believe they'll be able to retire before they're 65, a drop from 29 percent in 2015.

## Minimum wage: What should it be?

---

Debates about the minimum wage have been heating up for years. To find out what Americans think it should be, CreditLoan surveyed 2,669 people across the country. The results? People in every state said it should be higher than the current federal level of \$7.25 an hour. On average, Americans support a minimum wage of \$11.56 an hour, allowing employees working 40 hours a week 52 weeks a year to earn \$24,044 for the year.

Most Americans, though, don't even know what the minimum wage is. Just 35.5 percent identified the actual amount correctly. The average estimate was \$8.09 an hour.

## Did you know that July is also...

---

**National Blueberry Month.** This yummy fruit is packed with antioxidants and in season during July. They're great in muffins, pancakes, and pies, or on their own as a low-calorie snack. Head to a farmer's market or you-pick, and take some home today.

**National Cell Phone Courtesy Month.** For the next 31 days, exercise common sense when it comes to cell phone use. Keep your phone turned off when you're having dinner, taking a yoga class, or at the theater. If you are in a workplace or public setting, move to a more private location if you need to take a call.

**National Recreation and Parks Month.** There are 417 parks in the National Park System, as well as a multitude of historic landmarks and places, rivers, trails, and heritage areas. Go to [NPS.org](http://NPS.org) and find one for camping, hiking, and exploration.

**Social Wellness Month.** Now is the time to take stock of your quality of life. Develop daily practices that support your health and well-being. Commit to having loving and supportive relationship with family, friends, and colleagues. Make your home a clean, organized, and peaceful environment.

**Everybody Deserves a Massage Week, July 15-21.** The third week of July has been designated to promote the benefits of therapeutic massage and bodywork. Find a licensed professional, and book your next appointment.

**Quilt Odyssey Week (Pennsylvania), July 19-22.** Quilters from across the country will gather to learn techniques from the pros, network, and show off their creations.

**International Plastic Bag Free Day, July 3.** Only 1 percent of the 100 billion plastic bags Americans consume are recycled during the year. The rest add to the pollution of our planet and threaten all sorts of ecosystems. Let today be the day you become part of the solution to ending the waste.

**National Fried Chicken Day, July 6.** We will never agree on which fast-food joint does it right, but one thing is certain: Anyone who loves fried chicken will tell you that "momma" makes the best. If you're lucky, she's in the kitchen right now and the cast iron skillet is on the stove.

**Simplicity Day, July 12.** Celebrated on the birthday of Henry David Thoreau, this day is observed to raise awareness regarding the need for sustainable living. Find ways to live in harmony with your environment and reduce your ecological footprint.

## Fun factoids for a festive Fourth

---

**D**o you know your U.S. history? Here are some Fourth of July facts to ponder and share:

- Three presidents died on July 4: Thomas Jefferson and John Adams in 1826, and James Monroe, in 1831. Calvin Coolidge was the only president born on July 4, in 1872.
- The Massachusetts General Court was the first state legislature to recognize July 4 as a state celebration, in 1781.
- The first recorded use of the name “Independence Day” occurred in 1791.
- The U.S. Congress established Independence Day as an unpaid holiday for federal employees in 1870. They changed it to a federal paid holiday in 1931.
- The Declaration of Independence was approved in a closed session of the Second Continental Congress on July 2, 1776, but most of the delegates didn’t sign it until Aug. 2. Although John Adams expected Americans would celebrate July 2, the date on the publicized copies of the document was July 4, which became the day Americans have commonly observed.

## True colors

---

**M**ost of us imagine that successful people have all the confidence in the world. Often, though, being successful is about having the courage to take your shot even when you doubt your own abilities. Here some highly successful individuals express their inner doubts:

- **Jack Paar, entertainer and early host of The Tonight Show:** “Looking back, my life seems like one long obstacle race, with me as its chief obstacle.”
- **Julie Andrews, Oscar-winning actress:** “Sometimes I’m so sweet even I can’t stand it.”
- **Berkeley Breathed, Bloom County cartoonist:** “I know my limitations. I could never make it as a writer, and I could never make it as a fine artist.”
- **Harlan Ellison, award-winning science-fiction writer:** “I don’t remember anyone who could stand being in my company for more than five hours without running into the street.”
- **Bob Dylan, singer/songwriter:** “I feel like I fall short in just about everything.”

## Formula 12

When Dr. Geezer opened his medical clinic across from one of the area's leading hospitals, he put a sign in his window that read: "I'll cure you for \$500 and pay you \$1,000 if I can't."

Dr. Young passed by the clinic on the way to the hospital. Upon reading the sign, he decided to go in, expose Dr. Geezer as a fraud, and earn a bit of pocket change for himself. "What seems to be the problem?" Dr. Geezer asked upon greeting Dr. Young in the exam room. "I've lost my sense of taste," replied Dr. Young. "Nurse," shouted Dr. Geezer. "Bring formula 12 and put three drops on the patient's tongue." No sooner had the nurse administered the first drop of the mystery potion did Dr. Young begin to spit it out.

"That's gasoline!" Dr. Young screamed. "Remarkable! Your sense of taste has returned," said Dr. Geezer. "That will be \$500."

Dr. Young payed Dr. Geezer, but returned a few days later with a plan to get his money back. "Back so soon? What's bothering you this time?" Dr. Geezer asked.

"This time?" Dr. Young raised the question. "Have I been here before today? I wouldn't know. I'm having trouble with my memory." Memory problems?" Dr. Geezer said as he consulted a little black book.

"Nurse," he shouted, "give patient Young three drops of formula 12 by mouth." "Formula 12! Oh no," Dr. Young shouted. "That's gasoline. I don't want that."

"Seems like your memory is intact," said Dr. Geezer. "That will be \$500." Dr. Young paid his bill and stormed off. A week later he visited the clinic, determined to recoup the money he'd paid out.

"So what seems to be the problem now?" Dr. Geezer asked. "I can't see," replied Dr. Young. "I'm blind, and it's probably from your nurse giving me gasoline. You have to cure me." "Hmm. I don't have a formula for failing eyesight," replied Dr. Geezer.

"Well then, you owe me \$1,000," said Dr. Young. "Pay up and I will be on my way." Dr. Geezer shouted for his nurse to open the safe and bring patient Young the envelope marked: "\$1,000."

"I just have a single bill; I hope that's OK with you?" said Dr. Geezer as the nurse handed Dr. Young the envelope. Dr. Young opened the envelope and found a \$10 bill from inside. "Hey, this is only \$10." "Looks like your blindness has been cured," said Dr. Geezer. "That will be \$500."

The moral of this story: Don't think you can outsmart an old geezer.

## ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.
