Practice Social Distancing!

Guests must be signed in at the office.

The pet section is well defined on the map on the outside wall of the club house between the office and the door into the club house. BEING PREPARED FOR A HURRICANE

Hurricane season begins June 1 and ends November 30, more or less. We in mobile homes are in the area known as ZONE A. This designation means **we must evacuate** from our homes when/if a hurricane is expected to come to our area. Evacuation may be to a friend's or relative's home in a safe zone, going North and or inland or to a designated shelter. If you require assistance with transport during the emergency, arrangements can be clarified through the citizens information center 727-464-4333 **PRIOR TO THE NEED**. Forms will be available to be completed then submitted to appropriate people at the EOC. This number is only available once the hurricane threat is posted. Paper pamphlets are being printed and will be available. Diane Piscopo will alert all when and where to pick them up. Any questions call her at 716-479-9133.

To get updates on any storm it is suggested you sign up to receive emergency notifications by phone, text or email at www.pinellascounty.org/alertpinellas

To find updates on preparedness before, during and after the storm sign-on at www.pinellascounty.org/emergency/.

If you have a pet you can contact www.pinellascounty.org/animalservoces .

Information on general preparedness and live updates during emergencies can be seen from the Emergency Operations Center (EOC) and found on Spectrum 637, WOW! 18 or Frontier 44

Thanks to those who make Harbor Lights a great place to live!

Phone Directories-Dennis and Mary Antoszewski continue to do a fabulous job updating all the information in the directory and KEEPING us updated. They are the face of the community as they are often the first residents the new residents meet. We thank Mary and Dennis for taking the time to ensure our new neighbors feel welcome.

Phone Numbers and Addresses

Hello everyone and welcome to a little bit of Paradise.

My name is Dennis, and I along with a lot of help from my wife Mary, try to keep up a current directory for the residents here at Harbor Lights. Your help can make it a lot easier for us to produce a directory that is as accurate as possible at the time of printing. If you are new to the park or have had a change of address or phone number please, simply fill out the form on this page. You can then drop the form off at our home at 9126 48 Terrace N. or give the form to Mary or myself at one of the social meetings.

By now the 2019/2020 directory has been printed. If you haven't received one, we will have them at the social meetings, or you can drop by and pick one up at our home. If any of your information in it is incorrect and you would like it corrected for the 2020/2021 issue, please use this form as well and we will update our file for the 2020/2021 edition.

Harbor Lights Change of Phone Number and/or Address

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father's Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father's Day gift

Father's Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years' War. The word cravat derives from a combination of the French "Croate" and the Croatians' own name for themselves, "Hrvati."

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie's elasticity, which allowed it to revert more easily to its original shape. The "Langsdorf" became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father's Day

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergencyCare.org](https://www.baycareemergencycare.org)

Coronavirus spurs creative solutions

The COVID-19 pandemic is scary, but if it has any upside, it's in the way the crisis has sparked innovation and creativity in business.

The BBC website reports that the Washington, D.C., public library hosts a virtual book club for readers, and chef Massimo Bottura of Italy has launched an Instagram series to teach basic recipes to homebound cooks. An art teacher in Tennessee is livestreaming classes for children who want to be creative.

Speaking of art, museums such as the Louvre in Paris have been offering virtual tours, and art lovers can view classic sculptures from the Vatican.

Small-business owners are thinking outside the box and taking steps to address the crisis, the U.S. Chamber of Commerce website reports. Cycling apparel company Kitsbow in North Carolina has shifted from making jerseys to manufacturing personal protective equipment (PPE), and it plans to produce 26,000 face shields and face masks. Similarly, Sweaty Bands, a maker of no-slip headbands for activewear, is repurposing materials into facemasks for local hospitals.

On another front, cosmetics maker Garb2Art has found a new market for a hand sanitizer it developed three years ago. Revamping the production process, the company has expanded its staff from five people to 25 and recouped its \$25,000 investment in bottles and alcohol in a single day.

Focus on mental health while in quarantine

Staying indoors for an extended period—days, weeks, or even months—can be hard, especially when you're already stressed about COVID-19. While staying physically healthy, don't neglect your mental health. The Verywell Mind website shares these tips:

- **Stick to (or create) routines.** If you're working at home, start the day at your regular time. Shower and dress, and focus on your job. Eat meals at your usual time.
- **Stay active.** Don't sit on the couch all day. Fitness apps can remind you that it's time to get moving. Search YouTube for exercise and yoga videos. Jog through your home a couple of times.
- **Communicate.** Don't cut yourself off from the rest of the world. Spend time with family or friends who are staying with you. Reach out through social media and Skype and Zoom. Even if you're isolated physically, it doesn't mean you should withdraw entirely.

A few one-liners

Funny or dumb? You decide:

What's the best thing about Switzerland? I don't know, but the flag is a huge plus.

- I submitted 10 puns to a joke-writing competition to see if any of them made the finals. Sadly, no pun in ten did.
- What's the difference between a hippo and a Zippo? One is really heavy, and the other is a little lighter.
- Can a kangaroo jump higher than the Empire State Building? Of course! The Empire State Building can't jump.
- If you have 10 apples in one hand and 14 oranges in the other, what do you have? Really, really big hands.
- I took part in the suntanning Olympics, but I only got bronze.
- What do Alexander the Great and Winnie-the-Pooh have in common? Same middle name.
- Not only is my new thesaurus terrible, it's also terrible.

A miracle?

Sister Mary was a devoutly religious woman. Besides her duties as a nun, she was very active in various hospitals visiting sick patients and taking care of all their needs.

One day she found her car was out of gas in the hospital parking lot, and the only container she could find to put any gas into was a bedpan.

Sister Mary walked two blocks to the closest gas station, filled up the bedpan with gas, and headed back to her car.

As Sister Mary started tipping the gas into the fuel tank, a man walked out of the hospital. He stopped and watched her. Just when she finished pouring in the last drops of gas, he said, "I promise, if that car starts, I'm going to church this Sunday!"
