## Blankets for Migrant Workers:

---

**H**arriet Ha-sidi will again be collecting blankets and comforters to be distributed to the migrant workers in Plant City. Their housing has no heat and with winter coming the nights are very cold. She will start collecting in mid-November, if you would rather donate money she will purchase blankets for you with her tax-exempt certificate so the money will go further. For more information about this worthwhile cause please call Harriet at 398-7012.

## PHONE TREE:

---

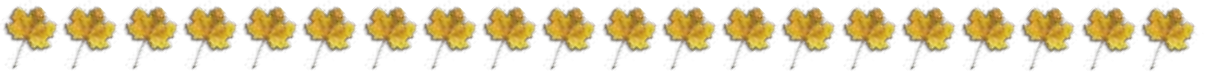

**A** phone tree has been set up to alert park residents of water shutoffs and possibly other emergencies. A few “leaders” have volunteered to make calls so all residents will be contacted by phone.

## WHAT IS A VETERAN?

---

**O**n November 11th we celebrate Veterans’s Day. The following is an excerpt from an essay printed in the Richmond Times-Dispatch.

Some veterans bear visible signs of their service: a missing limb, a jagged scar, a certain look in the eye. Except in parades, the men and women who have kept America safe wear no badge or emblem. He is the cop on the beat, a nurse, a POW who went away one person and came back another – or didn’t come back at all. He is the old guy bagging groceries at the supermarket. He is an ordinary and yet an extraordinary human being – a person who offered some of his life’s most vital years in the service of his country, and who sacrificed his ambitions so others would not have to sacrifice theirs.

Remember: Each time you see someone who has served our country say “thank you”. That’s all people need, and in most cases will mean more than any medals they could have been awarded or were awarded.

Thank you to all our veterans from all of us here at Harbor Lights.

**RED POPPY:** The red poppy program is a fundraising effort sponsored by The American Legion each year to support veterans in need. It is the official memorial flower of the organization since 1920. The poppy reminds us all of fallen heroes while generating millions of dollars each year to support veterans in need.

# Multiply Your Monthly Mania!

**A**s you probably already know; patronizing the advertisers in this newsletter also pays YOU with our Monthly Mania Cash Give-a-Way. **We pay out \$400 every month to residents** who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

## Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.  
*(To qualify each resident can only suggest a business once)*

### What businesses would you like to see advertising?

We have spots available in the following categories:

## HARBOR LIGHTS CHRISTMAS EXTRAVAGANZA:

**S**aturday December 5th - Please donate unwanted jewelry, homemade items and specialty items for our sale. We will also be asking for baked items the day of the sale. More information on this fund-raising event will be given at Social Club Meetings throughout November. The chairperson for this event is Judy Farmer. Please give her your support and assistance as needed.

## BOCCE:

**M**ondays and Fridays 9:00am - All are welcome. No experience needed. Our Bocce is very simple, no set teams, sign in, then play. New players often play better than the seasoned veterans. Lots of laughter, especially when couples are on different teams. Please join us.

## THANKSGIVING DINNER:

---

**T**hanksgiving dinner will be offered on Thanksgiving Day, Nov 26 in the clubhouse. Leo and his wonderful kitchen crew will prepare a traditional menu. Tickets available the first week of November \$10.00pp. BYOB at 4:00pm, dinner at 5:00pm. Bring table-settings for dining between Noon and 1pm (plates, silverware, glasses).

## RECYCLE CONTAINERS:

---

**T**o be used for the following items: Newspapers, tin cans, milk cartons, cardboard, plastic containers, glass jars, plastic bottles, metal lids, soda/beer cans.

Brush/limbs/plants are to be placed in the bins at the dumpster site. Absolutely no food/garbage in recycle container or at the dumpsters.

## SAFETY:

---

**B**e careful of leaving personal items outside your houses. Bicycles are a great “temptation” so be sure they are locked or out of sight. Car doors should be locked when in your driveway or outside the Clubhouse. When visiting your neighbor lock your house. We have all seen unknown vehicles cruising our neighborhoods, perhaps looking for “easy pickings”. Be vigilant and keep our park safe!

Have a wonderful Thanksgiving

## November Is...

---

**Military Family Appreciation Month.** Throughout November, military families serving around the world are honored through a variety of observances and recognized for their commitment and the many contributions they make every day in support of the military and our nation.

**National Epilepsy Awareness Month.** The Epilepsy Foundation estimates that 65 million people around the world, and 2 million in the U.S., have epilepsy—a neurological condition in which disturbances in the electrical activity of the brain cause seizures. National Epilepsy Awareness Month seeks to break down barriers stopping people with epilepsy from reaching their fullest potential.

**National Peanut Butter Lover's Month.** Celebrate your love of peanut butter this month by sharing these facts with your friends: One 12-ounce jar of peanut butter contains about 540 peanuts; one acre of peanuts can produce enough peanut butter for 30,000 sandwiches; and peanuts contribute more than \$4 billion to the U.S. economy every year.

**Native American Heritage Month.** Beginning as a single day of recognition for the contributions the first Americans have made to the establishment and growth of the U.S., Native American Heritage Month was designated in 1990 by President George H. W. Bush.

## Week to Week in November

---

**National Animal Shelter Appreciation Week, Nov. 2-8.** Approximately 3,500 animal shelters across the United States serve the estimated 6-8 million homeless animals in need of refuge each year. Show them some love and support.

**National Hunger & Homelessness Awareness Week, Nov. 14-22.** Held each year the week before Thanksgiving to give Americans a time to show compassion for people experiencing hunger and homelessness.

**Geography Awareness Week, Nov. 15-21.** Spatial thinking through maps is one of the most important skills that students can develop as they learn geography, Earth and environmental sciences, and so much more. Celebrate and explore the power of maps!

**American Education Week, Nov. 16-20.** Take this opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a quality education.

## Have a nice flight (if you can)

---

**F**lying may be the fastest and safest way to travel, but we all have our own preferences and quirks when traveling by air. A survey of more than 1,100 family travelers by ExpertFlyer looked at passenger habits. Their findings included:

- **Airline choice.** United? American? Southwest? Forty-five percent of participants said that airline mile redemption was a factor in choosing which airline to fly on.
- **Storage space.** Space is at a premium on most airplanes. Seventy-five percent admitted to “stealing” overhead bin space beyond their authorized allotment.
- **Food.** In-flight meals aren’t the only option if you’re hungry. More than one-third of passengers said they bring their own food to eat during flight.
- **Complaints.** Flying can be stressful. The top complaint: A bad seat or a seat not near companions (35 percent), followed by delays (25 percent), and general discomfort (24 percent).
- **Worries.** Lost luggage is one thing, but 21 percent of survey participants said that terrorism is their biggest concern when traveling with their families. That was followed by getting lost or separated (19 percent) and crime (19 percent).

## Who’s drinking all the coffee?

---

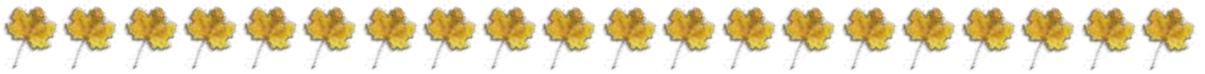

**L**ots of people depend on coffee to get them through the day. According to figures from Gallup, 64 percent of U.S. adults drink at least one cup a day. Some drink more:

- One cup                    26 percent
- Two cups                   19 percent
- Three cups                8 percent
- Four or more            11 percent
- None                        36 percent

Coffee is somewhat more popular with the older generation, with 74 percent of people 55 or older drinking it daily, a habit shared by just 50 percent of the 18-34 crowd. Women drink a little more than men: Sixty-six percent of women report having one or more cups per day, while 62 percent of men say the same. And Caucasians drink more than African-Americans—67 percent to 59 percent.

## Stay healthy when you travel

---

**C**an your hotel room make you sick? Whether you're on vacation or traveling for work, you don't want your accommodations to create health issues. Try these tips to stay healthy wherever you crash:

- Get a smoke-free room. Avoid exposure to leftover smoke and nicotine by requesting a smoke-free floor when you make your reservations, or at least a nonsmoking room.
- Resist the minibar. Decline a minibar key when you check in. You'll be free of temptation to indulge in unhealthy (and expensive) drinks and snacks.
- Ditch the bed cover. Bed covers can be hiding places for bugs and other pests. Store it in a dresser or a corner of your room before going to bed.
- Bring your own disinfectant. Wipe down the phone, TV remote, and other devices with an antibacterial spray or wipe before using them to get rid of any harmful bacteria and germs from previous guests.
- Use fresh cups. Don't drink from reusable glasses and cups. Stick with your own water bottle, or plastic disposable cups wrapped in plastic.

## Don't sabotage your diet during the long afternoon

---

**Y**ou can eat a healthful breakfast and a nutritious lunch, yet still undercut your efforts to stay fit if you slack off in the afternoon. Watch out for these post-lunchtime habits that can add on extra pounds (from the Health Magazine website):

- Heavy snacks. A mid-afternoon snack can turn into a second lunch if you're not careful. Don't overdo it. Limit your snacking to 150 calories or fewer.
- Avoiding the gym. Schedule time for exercise; don't skip it just because you're busy or tired. Burning calories is important to staying in shape.
- The coffee shop. If you need a dose of caffeine, don't overload on extra sugar and cream, and resist the scones and muffins. Have a cup of coffee or tea at work, or ask a friend to pick up something salubrious for you so you don't face the temptation.
- Workplace celebrations. Birthdays, showers, good-bye parties and the like usually feature treats that can pack on the pounds. Share your good wishes, but don't go overboard on the goodies.

## A True Friend

---

A ship was wrecked during a storm at sea, and only two sailors survived. They reached a small, deserted island.

The two sailors were good friends, but they agreed that they should separate to avoid fighting with each other over food and shelter. They split up and lived on opposite sides of the island.

The first sailor prayed to God for food. The next morning he discovered a tree bearing fruit on his side of the island. From a hill, he saw his friend still scrambling to find something to eat. “God must have heard my prayers, but not his,” he thought.

That night he prayed for fresh water, and the next day he found a spring. The other sailor had to ration his own water and wait for rain.

Lonely, the sailor prayed for a companion, and soon after a small dog came swimming up to the beach, the survivor of another shipwreck. But the second sailor was still alone.

And so it went. The first sailor got everything he prayed for, while the second one struggled to survive.

One night the sailor prayed for rescue. And the very next day a ship sailed into sight on his side of the island. He jumped and waved, and soon a boat was sent to shore. The sailor and his dog eagerly jumped in, and the rescuers started rowing back to the ship.

Then a voice came into his head. “What about your friend?” the voice asked.

Believing he was hearing God, the sailor said, “We both prayed, but only my prayers were answered. Why should I do anything for him?”

“You both prayed,” the voice agreed. “But while you prayed only for yourself, your friend asked that your prayers should be answered.”

Realizing the truth, the sailor immediately had the boat turn around to rescue his generous friend.

## Moo! Cows may be smarter than you think

---

**W**hat's the smartest animal you can think of? Dolphins and chimpanzees may spring to mind quickly, but don't neglect one often-overlooked farm animal: the cow.

College students at the University of Sydney (as reported by the Huffington Post) conducted experiments with dairy cows and found that our bovine friends are capable of quickly mastering a maze to find food, and thus may possess better problem-solving skills than previously known.

The cows were tested in a T-shaped maze similar to those used with mice and rats. They learned to follow a sound through the maze to get to their food, with one of them reaching its goals within the first 20 seconds of the test.

The results suggest that cattle farmers could train cows to obey specific sound signals to come in for milking, producing greater efficiency on dairy farms.

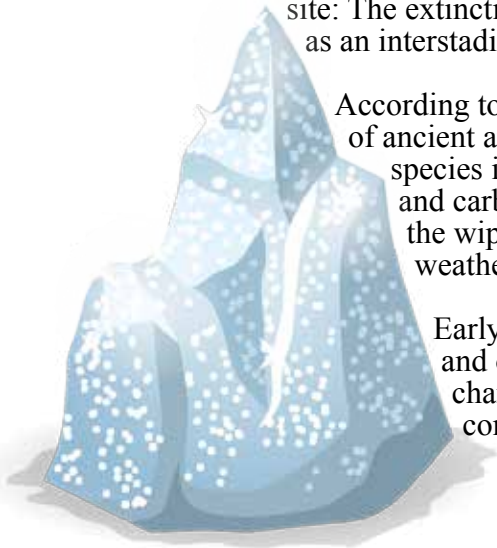

## Global warming, not Ice Age, may have killed mammoths

---

**G**iant woolly mammoths roamed the Earth until about 11,000 years ago, when they abruptly went extinct. For years, scientists theorized that they were killed by the cold temperatures of the last Ice Age. Now some believe the explanation is just the opposite: The extinction event was caused by a sudden warming event known as an interstadial.

According to research published in the journal *Science*, DNA studies of ancient animals point to the sudden extinction of many large species in past ages. As more DNA from fossils became available, and carbon dating methods improved, scientists discovered that the wipeouts didn't correspond to the rise of glaciers and cold weather, but rather to periods of rapid global warming.

Early humans also contributed to the demise of the mammoths and other large beasts, but the evidence suggests that climate change was a major factor in their extinction—raising concerns about the future of our present environment.
