## Happy Valentine's Day!!!

---

**V**al-en-tine's Day: noun - February 14, a day when it is traditional to send a card, often anonymously, to a person one is romantically involved with or attracted to. The day of romance we call Valentine's Day is named for a Christian martyr and dates back to the 5th century, but has origins in the Roman holiday Lupercalla.

## Home Exteriors

---

**W**e all love our community and want to keep it as beautiful as possible. Hillcrest office will be performing its annual 360 Exterior Inspection this month for owners. Everyone will receive a notice. Kindly make sure that you keep your home & yard maintained, not just for February, but throughout the entire year - shrubbery and plants trimmed, flower-beds weed-free and manicured homes power-washed, etc. We also encourage flower gardens to enhance our homes! Please ensure that your home and yard will be maintained if you will be away for a long period of time. Please contact our office if you have questions.

## Prospectus / Rules and Regulations

---

**K**indly refer to your Prospectus regarding vehicles/parking, amount of time underage or visitors can stay, appearance of home and yard, etc. Every homeowner has signed and received a copy of Hillcrest Prospectus and every renter has signed and received a copy of the Hillcrest rules and regulations. Over the past few months, there have been issues with parking in the street or grass, underage or unauthorized visitors staying longer than the allotted time, and homes/yards being neglected. These are all listed in your prospectus/rules and regs. Also, residents have been neglecting the clubhouse & pool amenities. Kindly put the tables, chairs, back to their original places when you leave. Also, if you use the umbrellas, kindly close them back up before you leave. If you cannot find your copy or if you have questions, please contact Ashley at the office.

### Emergency Phone Numbers

If you are a **HOMEOWNER** & experiencing a plumbing or electrical emergency anytime, please contact the following vendors:

**D'Andrea Electric - 727-536-9595**

**Duke Energy - 800-700-2144**

**Jones & Sons Plumbing - 727-799-0287**

**Homeowners** are responsible for contacting these vendors if there is a problem on your property. The vendors will contact the office if it is something Hillcrest is to pay for. They are aware of our prospectus policies. Please only contact the office *after* you have called them to inform us of an exterior issue.

## Hillcrest Residents, Inc.

*Submitted by Pat Jones*

The annual meeting of the homeowners association will be held on Monday, February 5, 2018 at 7:00 p.m. The annual dues will be collected beginning at 6:15 p.m. All homeowners are invited to attend and encouraged to join the association. The cost is \$5.00 to join and the annual dues are \$5.00 per lot. Each lot is entitled to one vote regardless of the number of residents.

## Christmas Dinner

Social hour began at 3:00 p.m. Mingling with friends and wishing all a Merry Christmas time quickly sped toward dinner. Prime Rib was cooked to perfection. Thanks to Roy M., Robert and Marge O'Kane for preparing the excellent feast. Each table provided their own side dishes and a dessert to share with everyone.

After dinner the fun began in earnest with the gift exchange. Gifts were gotten, and "stolen" and retaken. It was rare to get a gift and keep the gift throughout the entire exchange. This provided lots of laughs and several groans. Everyone seemed to enjoy themselves

## Social Club

*Submitted by Pat J.*

The first meeting of the year was held on January 5th. Elections were held and the current Board now consists of Elaine continuing as President and Roger B. Continuing as Treasurer. Pat J. as Secretary, Dick Rankin as 1st Vice Pres., and Marge O'Kane as 2nd Vice President were elected to the stated positions.

Among the items discussed was the YARD SALE and the help that was needed to have a successful event. Several people volunteered so that the items will make it to the clubhouse from the storage area, and enough people to price and set the items and finally help was confirmed to actually run the sale.

The shuffleboard club will once again offer a lunch for sale.

There was an update on the PIG ROAST. Elaine made it know that once the money is actually on its way from the corporate office a date will be set.

January is the month to renew your membership in the Social Club and several volunteers offered to go to homes and see if residents will support the club in 2018. Membership is just \$5.00 per person for the year. Membership entitles you to attend member only events and reduced ticket prices for special dinners and parties. If your street captain misses you please see Roger Barr for your membership.

Finally a committee was selected to co-ordinate the VALENTINE'S DANCE. Andree-Anne, Leona, Sally, Aggie and others will be leading the committee. Judy and Sid Bobb will be celebrating their 50th wedding anniversary. If you are also celebrating 50 years of marriage this year and plan on attending the party, please let a Board member know.

## Shuffleboard Club News

---

All of our regular shuffleboard members have not returned for the winter after the holidays and we're happy to have them back. We also welcome back Joe Murphy, a former member of the team, and we're happy to have him join us.

Clair Sutherland coordinated and chaired the annual Turkey Shoot Fun Shuffle December 15th. Many Hillcrest residents enjoyed shuffling. The turkeys for the winners were provided by Hillcrest Management. We thank the Management and Clair for another successful fun event. Also thanks to all the shuffleboard members who helped at the courts that day.

We continue doing a 50/50 Split Club Raffle at each of our home games to raise some extra funds. Hope everyone continues to support this endeavor.

After two months of our 2017-2018 season, the "A" Team is in 8th place in the Big Ten League and our "B" Team is in 4th place. Keep up the good work teams and have fun!

The ELS Tournament will be February 6th at the Clearwater Shuffleboard Courts. We're hoping to have several residents from our Park play in this event.

The Big Ten Spring meeting is scheduled February 23rd at Cedar Creek with coffee at 8:00 a.m. and the meeting at 8:30 a.m. All members of the Hillcrest shuffle team are invited and encouraged to attend.

## Friendship Club

---

Friendship Club held its first meeting of the new year on Tuesday, January 9 at 1:00 p.m. Election of officers was held with the following results: Pat Wilden at President, Vera Murphy at Vice President, Judy Bobb as Treasurer and Susan Willson as Sunshine Lady. If anyone knows of a resident who should receive a get well or sympathy card, please call Susan at 813-545-0281. The next meeting will be our Valentine's Day meeting on February 13 and hostesses will be Andree Anne, Joan Lapierre and Sis Oickle. Friendship is open to and welcomes all female residents of Hillcrest.

## Interstellar asteroid is a first

---

**A**steroids can be found throughout our solar system, but astronomers have recently discovered one in interstellar space. The Science News website reports that the object, first believed to be a comet, is approaching the solar system at an unusually steep angle. Dubbed A/2017 U1, the asteroid is about 400 meters across and traveling 25.5 kilometers per second on a slingshot path past the sun. Astronomers plan to measure the colors in its reflected light to determine what it's made of and seek clues to its origins.

## Red sky in Asia mystery solved

---

**I**t's a centuries-old mystery: In the year 1770, skies over Asia turned a bright red for nine days. The cause of this unusual phenomenon has never been identified. Now, though, scientists believe they have an answer.

As reported on the Slate website, researchers recently uncovered a collection of 111 contemporaneous documents from that time, and learned that the red sky had lasted longer than previously thought (just two days) and was much larger as well.

Scientists' conclusion: The effect was created by an aurora caused by solar activity, sparking the longest geomagnetic storm in recorded history.

A similar aurora was observed on two nights in 1859 by a massive solar storm known as the "Carrington Flare." Analysis of records of sunspot activity in 1770 suggests that the Asian aurora was caused by sunspot twice as large as those that created the Carrington event.

If such an event happened today, it would likely have catastrophic effects, knocking out satellites crucial to communications and GPS instruments.

## New mineral found on Martian surface

---

**N**ASA has discovered evidence of an ironoxide mineral on the surface of Mars, the Sci-News website reports. The mineral, called hematite, was detected by spectral analysis of photos taken by the space agency's Curiosity rover in an area known as the Vera Rubin Ridge.

Curiosity zeroed in on a rock dubbed "Christmas Cove," and used its dust removal tool, a wire-bristled brush, to uncover an area some 2.5 inches across.

Observations made the rover's Mast Camera (Mastcam) and its Chemistry and Camera (ChemCam) confirmed the presence of the hematite, a mineral that may provide information about ancient environmental conditions on the red planet.

## Can beet juice keep your brain young?

---

**B**eet juice may keep your brain young and fit, according to an article on the Runner's World website. The article cites a study reported in the *Journal of Gerontology: Medical Sciences* that found that a shot of beet juice an hour before exercise can have positive benefits to brains as they get older.

In the study, 26 sedentary men with an average age of 65 participated in six weeks of exercise. Some took daily shots of beet juice; others received a placebo. The participants walked on a treadmill three times a week for six weeks, building up to 50 minutes per session at increased effort. Comparing MRIs from before and after the trial, researchers found that the group that drank beet juice had significantly higher levels of "community consistency" within their brains.

The nitrate in beet juice, which converts to nitrite and then nitric oxide in the blood, has a strong positive affect on responsiveness in blood vessels, which in turn can increase the amount of oxygen reaching the brain and boost aspects of cognitive function.

## Make sure drinking glasses are safe

---

**T**ake a look in your kitchen cabinet at your drinking glasses. Do you have decorative glasses for water, wine, beer, or whatever you drink during the day? They may be hazardous to your health.

The Medline Plus website reports that researchers at the University of Plymouth in the United Kingdom analyzed more than 70 new and used drinking glasses and found that seven out of 10 tested positive for lead or cadmium—both toxic metals.

Lead was found in all colors and goldleaf designs. Cadmium was found in the highest concentrations in red enamel.

Lead in children's bodies can cause growth and developmental difficulties. Cadmium can cause cancer. Studies have also linked it to bone softening and kidney problems.

## Keep deadly chemicals out of your body

---

**T**he list of chemicals that can cause cancer is intimidating, and keeping them out of your food can seem like an impossible task. The Fox News website, though, offers these tips for keeping your food and water free of toxic chemicals:

- Buy a water filter. A good filter can remove many cancer-causing chemicals.
- Eat organic foods. You'll cut your exposure to pesticides and other chemicals and support an industry that doesn't pollute the environment.
- Bring your own mug. Foam cups from most coffee shops contain styrene, which gets pulled out when in contact with hot liquids. Take your own travel mug when you go out for coffee, tea, or other hot beverages.

## Even cats get the blues

---

If the cold weather, lack of sunshine, and short days of February have you feeling out of sorts, imagine the havoc it's playing on the lives of our animal companions. Confined indoors and longing to feel the earth beneath their paws and a gentle breeze ruffling their fur, our pets can get depressed and a bit stir crazy this time of year.

Talk to your vet if you notice changes in your pet's eating, activity, and sleeping habits to rule out the possibility of an illness. Be on the lookout for an increase in destructive behaviors such as chewing and scratching that can be an indication of boredom or anxiety. The same holds true for repetitive behaviors such as excessive meowing or barking.

If your pets are otherwise healthy, a little extra attention may help to alleviate their winter doldrums. Introduce a new toy into the mix or add a few extra minutes of playtime to their daily routine to help them stay stimulated and active. Consider baking up a batch of natural dog biscuits or growing a patch of cat grass to give pets a treat that will show them that you're thinking of their well-being.

## A tireless fighter for a cause

---

Born Feb. 15, 1820, Susan B. Anthony devoted her life to the fight for social justice and reform. She began her activism as a member of the American Anti-Slavery Society in the years leading up to the civil war. In 1866 she founded the American Equal Rights Association with Elizabeth Cady Stanton, and the pair embarked on a mission to secure civil liberties for all citizens regardless of their gender or race. This work would lead Anthony and Stanton to found the National Women's Suffrage Association, where they continued to advocate for women's voting rights.

Anthony died on March 13, 1906, 14 years before her work would be realized. In 1920, the 19th Amendment was added to the U. S. Constitution, giving women the right to vote. In 1979 the U.S. Treasury Department honored Anthony by placing her image on the dollar coin.

## Happy Fat Tuesday

---

This year the revelry of the carnival season will culminate on Tuesday, Feb. 13, in celebrations around the world before the start of Lent.

In the United States, the city of New Orleans is the capital for all things Mardi Gras, which is French for "Fat Tuesday." Although the city has roots deeply centered in French heritage, it was not the first American city to host this event. French-Canadian explorer Pierre Le Moyne d'Iberville is rumored to have held the first Mardi Gras in a location about 60 miles downriver. Years later, settlers along with French soldiers would continue the practice by donning masks and enjoying festivities in the newly established town of Mobile, Alabama.

## Help somebody

---

While he was serving in the Navy during World War II, an unfortunate accident resulted in the death of several of Thomas Cannon's shipmates. Because Cannon's life was spared, he felt a duty and purpose to be in the service of others.

Over 33 years, Cannon gave away over \$150,000. He made donations to people in his hometown of Richmond, Virginia; most of them had been profiled in the local newspaper. He'd often mail \$1,000 checks to the staff of the paper with instructions about who should receive the money. His charity helped support a local group that volunteered in the elementary school, a woman who started a youth center in her low-income neighborhood, and an orphaned teen who was active in his community.

Cannon never owned a fancy house or drove a flashy car. His \$20,000-a-year salary as a postal worker allowed him to provide the necessities for his wife and sons, while his generous spirit inspired him to help others who were not as fortunate.

Though his benevolence garnered him a certain amount of accolades, Cannon made it clear that he didn't want the bureaucracy of a foundation to carry on his work, nor to have his name commemorated in any way once he was no longer living. Cannon suggested the best way to honor his memory would be for others to just "Help somebody."

## Find your own path

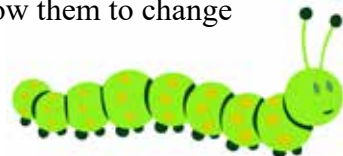

---

French entomologist Henri Fabre once conducted an experiment that illustrates why it's best to distance yourself from the crowd and follow your own path.

Fabre observed the actions of a group of processionary caterpillars that travel in a line head to tail with no clear sense of a destination. Their path is determined by the "leader" ahead of them.

Fabre lined the rim of a flowerpot with an unbroken chain of caterpillars. Inside the pot he placed a plethora of food. Without breaking the chain, the caterpillars began their slow track around the rim of the pot. There was no way to distinguish the leader in this group, and the caterpillars kept moving around the rim of the pot at a steady pace.

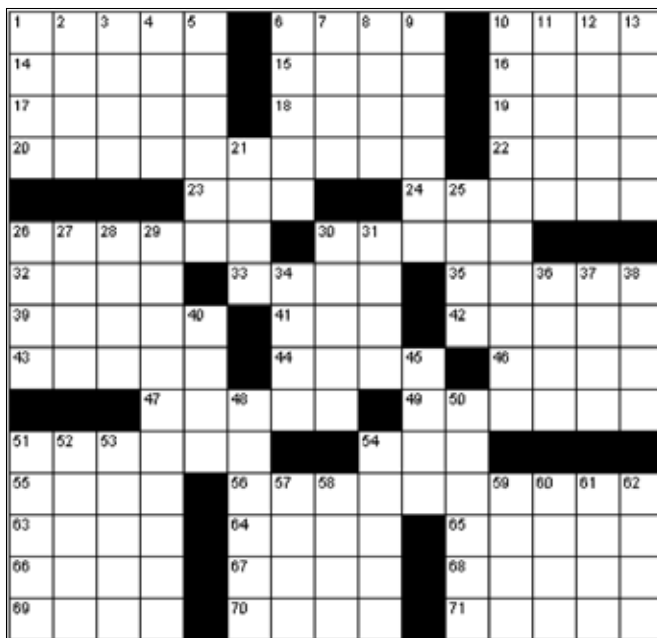

After several days, the caterpillars—who had never stopped their trek—began to die and fall off the rim. All the while, the food they needed lay inches away. This thoughtless mass movement caused them to lose even the most basic instincts to allow them to change their behavior in order to survive.
