## Hillcrest Residents, Inc.

*Submitted by Pat Jones*

---

A meeting of the Board of Directors was held on March 11, 2016 in the clubhouse. All officers were present at the meeting. Under discussion was the purchase of 2 live animal traps for use by the community. There will be a sign out sheet when a resident wishes to use the trap. The trap will be loaned out for a period of three (3) days, with a renewal of 3 days. Also discussed was the Homeowners Association sponsoring a carport sale to be held near the end of June. All residents are encouraged to participate. There will be a nominal charge for advertising expenses. Members of the HOA will have the fee waived, so join today. More details to follow.

If you have not yet joined the homeowners association please see a Board member. This is an organization that works for you, the homeowner.

Founded in 1916.

Caring Ever Since.

## From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.*

## Shelter Needs

If a hurricane evacuation is ordered, you **MUST EVACUATE!** The only way to be comfortable in this situation is to be prepared. You must have certain items pre-packed and ready to take with you to a shelter.

THE PINELLAS COUNTY FIRE DEPARTMENT STRONGLY SUGGESTS THAT YOU BRING THE FOLLOWING ITEMS WITH YOU:

1. Any medicine (2-4 week supply) you require for treatment that is ordered by your doctor.
2. Written orders regarding care if you are a home health care patient
3. Portable oxygen tank
4. Wheelchair, walker, cane, etc.
5. Special dietary foods if non-perishable and a non-electric can opener
6. An air mattress, a cot, sleeping bag, blankets and pillows
7. Flashlight and batteries
8. Portable radio and batteries
9. Extra clothing
10. Lightweight folding chair
11. Personal hygiene items
12. Quiet games, reading material, etc.
13. Important papers and valid identification with current address.

**There will be a minimum of service at the shelter. Food will be provided. Do not bring PETS, alcoholic beverages or weapons. Be prepared for a large number of people in a small space.**

## Manager's Corner - May 2016

### Mother's Day

Mother's Day is a celebration honoring the mother of the family, as well as motherhood, maternal bonds, and the influence of mothers in society. It is celebrated on various days in many parts of the world, most commonly in the months of March or May.

Wishing all of our wonderful women in our community a beautiful Mother's Day!!!

### Memorial Day

Memorial Day, originally called Decoration Day, is a day of remembrance for those who have died in service of the United States of America. Memorial Day was borne out of the Civil War and a desire to honor our dead. It was officially proclaimed on 5 May 1868 by General John Logan, national commander of the Grand Army of the Republic, in his General Order No. 11. "The 30th of May, 1868, is designated for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country during the late rebellion, and whose bodies now lie in almost every city, village and hamlet churchyard in the land," he proclaimed. The date of Decoration Day, as he called it, was chosen because it wasn't the anniversary of any particular battle.

Have a festive and safe Memorial Day Weekend!!! Our office will be closed, Monday, May 30, 2016.

### Manager's Notes

\*If you see any running water, please notify the office as many of our residents have left for the season.

\*Please remember that rent is due on the 1st of each month. We do have a grace period up to the end of our business day on the 5th of each month. It will become delinquent on the 6th of the month. If the 5th lands on a weekend, then you will need to have your check or money order to us by no later than 9:00 a.m. on the following Monday. If it is late, then you will be charged a \$50 fee.

## Exercise: More isn't necessarily better

Losing weight is just a matter of exercising, right? Actually, that may not be the case, according to a study of exercise and weight loss reported on the CNN website.

Researchers looked at 332 adults in the U.S., Jamaica, and Africa, measuring their activity level over a week. The volunteers displayed a variety of exercise levels from sedentary to active. Although those who exercised and were active more burned away more calories than the others, their activity tended to hit a plateau—after a certain level, more exercise didn't produce more weight loss.

Switching exercises helped a little, since using different muscles can make your body use more energy. But in the long run, a combination of exercise and a reduced-calorie diet may be your best bet for losing those unwanted pounds.

## Don't get zapped at work (or home)

Electrical hazards at home and in the workplace injure thousands every year from burns and shocks. Faulty or overloaded wires cause the majority of accidents, so protect your family and your co-workers by following these guidelines:

- Get inspected. If your electrical panel hasn't been inspected for more than 10 years, get a qualified electrician to look it over.
- Unplug heat appliances after use. At home, that includes toasters, hair dryers, and irons, among others. In the office, unplug space heaters or anything else that can cause a fire.
- Use the correct wattage. Putting a 75-watt bulb in a 60-watt light socket is asking for trouble.
- Don't overuse extension cords. They're meant for short-term use, not as way to plug in as many appliances as possible into one outlet.
- Use surge protectors. They'll keep computers and other appliances safe from overloaded circuits.
- Keep appliances away from water. If an appliance that's plugged in falls into water or gets wet, unplug it before you reach for it.
- Don't yank cords. When unplugging an appliance, always grip the head of the cord. Yanking and tugging can damage the cord's wire and insulation, which can lead to an electrical shock or fire.

## Einstein: A genius with a human touch

---

**A**lbert Einstein was a scientific genius, and stories about him are legendary. Three stories illustrate that he was as human as the rest of us:

- When Einstein went to Princeton University in 1953, someone asked what he would need for his office. His reply: “A desk, some pads and a pencil, and a large wastebasket to hold all of my mistakes.”
- A student visited Einstein in his Princeton office one day with a copy of this year’s final exam in his hand. “Professor, all the questions on this year’s test are the same as last year!” “Yes,” Einstein replied, “but this year all the answers are different.”
- After finishing a paper, Einstein and his assistant could find only one paper clip in his office to hold the pages together. Unfortunately, it was bent out of shape and impossible to use. They searched the desk for something to use as a tool to straighten the clip, and found a full box of paper clips in one drawer. Instead of taking one of those clips, Einstein used one as a tool to straighten out the bent clip.

The assistant asked why he didn’t just use one of the fresh clips. Einstein answered, “Once I am set on a goal it becomes difficult to deflect me.”

## Too much of a good thing

---

**A** farmer went to church one Sunday. To his surprise, he and the minister were the only people there.

“This is a little embarrassing,” the minister said. “Since you’re the only one here, would you really like to hear my sermon?”

The farmer said, “Well, I’m not too smart, but if I went to the barn to feed my cattle and only one showed up, I’d still feed him.”

So the minister began his sermon. He spoke passionately for an hour and a half. When he finished, he asked the farmer what he thought.

The farmer answered, “Well, I’m not very smart, but if I went to feed my cattle and only one showed up, I sure wouldn’t feed him all the hay.”

## Did you know that May is also...

---

**ALS Awareness Month.** ALS, also known as Lou Gehrig's disease, is caused by the death of neurons, leading to stiff muscles, twitching, and gradually worsening weakness. No cure is known, but this month is an opportunity to spotlight and support research to fight this deadly disease.

**Better Hearing Month.** Approximately 36 million Americans suffer from some form of hearing loss—and more than half are under 65. Visit an audiologist today to learn how to protect your hearing and ensure that your ears stay healthy throughout your life.

**National Military Appreciation Month.** As designated by Congress, National Military Appreciation Month celebrates the history of our armed forces and recognizes the brave people who have served in every branch of military service. It also allows Americans to educate each generation on the historical impact of our military through community participation.

**National Bike Month.** Sponsored by the League of American Bicyclists and celebrated in communities from coast to coast, National Bike Month is a chance to showcase the many benefits of bicycling and encourage more folks to giving biking a try.

**Children's Mental Health Awareness Week, May 1-7.** A yearly event aimed at raising awareness of the issues and causes integral to the children's mental health field nationwide. Sponsored by the National Federation of Families for Children's Mental Health, this year's theme is "Healthy Families, Resilient Children: Mental Health is a Family Affair."

**National Nurses Week, May 6-12.** One of the nation's largest health care events, National Nurses Week ends on the birthday of Florence Nightingale, the mother of modern nursing, and recognizes the contributions nurses make. It also educates the public about the significant work they perform.

**American Craft Beer Week, May 16-22.** American craft brewers are small, independent, and traditional. The average American lives within 10 miles of a brewery, and the United States now has more beer styles and brands to choose from than any other market in the world. Enjoy a cold one (responsibly) all month long.

**May Day, May 1.** An ancient northern hemisphere spring festival celebrated in many cultures. Dances, singing, and cake are usually part of the activities.

## Caregiving has its rewards

---

**A**s Americans live longer, families are feeling a heavier burden in the caregiving area. The Bureau of Labor Statistics estimates that some 40.5 million Americans are acting as unpaid caregivers for older family members. Most just help one person, but 22 percent are responsible for two people and 7 percent provide help to three or more. Most caregivers are between the ages of 45 and 64 (23 percent), but 17 percent of people older than 65 act as caregivers as well.

The demands may be high, but many Americans find the work worthwhile. Yes, 32 percent describe caregiving as stressful, but 88 percent say helping out an elderly loved one is a rewarding experience.

## Try these year-round common cold remedies

---

**Y**ou can catch a cold any time of the year, no matter what the weather is. Although you can't cure it, you can relieve its symptoms with some simple remedies. Try these:

- Honey. Honey mixed with tea or warm lemon water can relieve coughing and sore throat.
- Zinc. Zinc supplements taken within the first few days of having a cold can shorten your illness and could prevent a cold in the first place.
- Hot liquids. Hot tea or water can loosen up congestion in your chest and sinuses.
- Salt water. Evidence suggests that rinsing your mouth with salty water can clear up nasal congestion and unclog your sinuses.
- Vitamin C. Evidence that vitamin C can help you avoid or shorten colds is mixed, although research does hint that it may be effective for those with a vitamin C deficiency.

We must respect the past, and mistrust the present, if we wish to provide for the safety of the future.
