Manager's Corner - November 2017

HAPPY THANKSGIVING!

Thanksgiving, or **Thanksgiving Day**, is celebrated on the fourth Thursday in November in the United States. It originated as a harvest festival. Thanksgiving has been celebrated nationally on and off since 1789, after a proclamation by George Washington. It has been celebrated as a federal holiday every year since 1863, when, during the American Civil War, President Abraham Lincoln proclaimed a national day of "Thanksgiving and Praise to our beneficent Father who dwelleth in the Heavens," to be celebrated on the last Thursday in November.

The event that Americans commonly call the "First Thanksgiving" was celebrated by the Pilgrims after their first harvest in the New World in 1621. This feast lasted three days, and - as accounted by attendee Edward Winslow - it was attended by 90 Native Americans and 53 Pilgrims. The New England colonists were accustomed to regularly celebrating "thanksgivings" days of prayer thanking God for blessings such as military victory or the end of a drought.

Snowbird Season Has Finally Arrived!!!

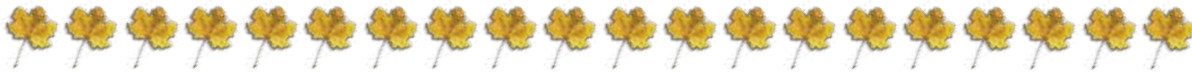

Welcome back to Hillcrest!!! We've missed your smiling faces while you were away! You may have some new neighbors to get to know, as we have welcomed a considerable number of new residents over the summer! Stop in the office to say hi! Let us know if you need the office to change your statement mailing address for the winter.

You may also have noticed that there has been some damage done throughout the community due to Hurricane Irma. Some residents are still in the process of getting their homes (and lives) back together. This will be a slow going process - waiting on insurance companies to do their appraisals & backlogged contractors / vendors scheduling repairs a few months out. Please have patience with those who have damaged homes. offering to help or just giving a kind word will a long way.

Trash

Kindly ensure that **ONLY** bagged, household trash is being thrown into the 3 smaller designated dumpsters throughout the community. The large dumpster is **ONLY** for bulk items and landscaping debris. City of Clearwater - Haz-to-Go made changes as to what can & cannot be thrown away in our dumpsters. **NO** gas cans, paint cans, chemicals, explosive/combustible materials, tv's, or electronics - including monitors, computers, microwaves will be thrown away. If you have these items, you need to take it to the county dump. **DO NOT** leave these items for our maintenance crew to take care of, if you are caught dumping these items anywhere here at Hillcrest, you will be reported to the City of Clearwater and fined. If Hillcrest is fined for these items being on our property, it may affect lot rent for the following year. We all need to make sure we are following the City of Clearwater's rules and regulations.

Homeowners Association

Submitted by Pat Jones

February 2018 at the annual meeting, the membership will be voting for four (4) new directors. If you would like to run for one of these positions see a current board member. You must own your home and be a member in good standing of the homeowners association.

Bingo

A new team is needed to continue weekly bingo games. If you want to take on this commitment please see Pat at 1009.

Social Club

The season has begun. Friday November 3rd is the first meeting of the winter season. Meeting starts at Coffee Saturdays will be on the 4th and the 18th. Bring your cup and a \$buck. Enjoy fellowship and find out what each of the clubs has planned.

The first potluck will be moved from Thursday to Saturday so we may celebrate Veterans Day. A menu for this pot luck is in the planning stages and I'll be the first to admit that the recipes are from a military web site.

Thanksgiving will be celebrated on the 23rd.

December has many activities planned as well. The membership drive will be in January so now is the time to join in on the fun, and become a supporting member of the Hillcrest Social Club.

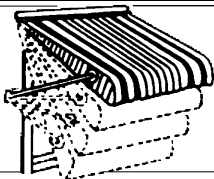

Friendship Club

The Friendship Club kicks off their season on November 14th at 1:00 p.m. All ladies of the park are welcome to participate. Come and join us, and hear what is being planned.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

One minute a day may lead to stronger bones

Keeping your bones in good shape is vital to your health as you grow older, especially for women. Research reported on the Medical News Today website suggests that women may be able to keep their bones strong by running just one minute a day.

Examining data from more than 2,500 women, researchers found that women who participated in high-intensity, weight-bearing physical activity like running 60-120 seconds a day had 4 percent better bone health than women who took part in less than a minute of physical activity. Women who performed more than two minutes of exercise had 6 percent better bone health.

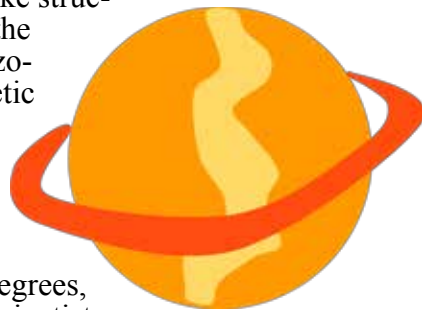

The researchers cautioned, though, that they can't be sure whether high-intensity exercise leads to better bone health, or whether people with better bone health tend to exercise more.

New findings about the solar system intrigue scientists

Our solar system is full of interesting places—maybe not to live or even visit, but locations where life might flourish under the right conditions, or may once have been present. Two recent examples from the Science News website:

• **Life on Titan?** Scientists have discovered that the atmosphere of Saturn's moon Titan contains vinyl cyanide—a molecule that forms membrane-like structures and could support life. Computer simulations suggest the molecule is capable of forming flexible bubbles known as azotosomes, that could serve as an outer shell “protecting” genetic material from biochemical reactions in the moon's frigid methane seas. No one knows whether azotosomes actually exist on Titan, though. A probe would have to check out the seas to detect them.

• **Water on Venus?** With a surface temperature of 460 degrees, Venus is too hot to support water or life as we know it, but scientists speculate it might not always have been so inhospitable. The second planet's slow rotation—116 Earth days for a single Venusian day—might have led to a gradual cloud buildup in its atmosphere some 750 million years ago, bringing surface temperatures down to approximately 15 degrees Celsius—enough for the formation of a shallow ocean. What happened to the oceans, or whether they even existed, isn't clear. Scientists speculate they may have boiled away or been absorbed into the planet's interior.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

If you are what you eat . . .

This information isn't for the squeamish, but you might want to know it anyway. According to an article on the Huffington Post website, insects are so ubiquitous that the FDA allows a certain amount of bugs and insect fragments in the food we eat. Insect control organization Terro released data on just how much you might be eating in a year:

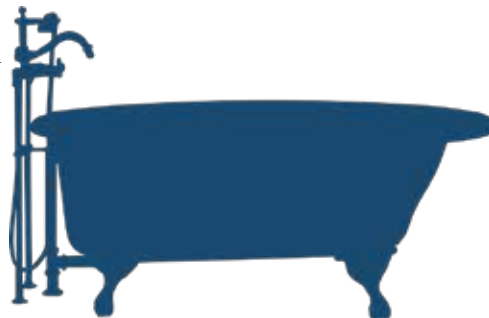

• Coffee beans	136,080 (fragments)
• Wheat flour	91,650 (fragments)
• Macaroni/noodle products	7,031 (fragments)
• Chocolate	5,988 (fragments)
• Broccoli (frozen)	1,660
• Peanut butter	408 (fragments)
• Mushrooms	254
• Berries (canned or frozen)	84
• Brussel sprouts (frozen)	54

Relax with a nice warm bath

What's more relaxing than a long hot bath? Jacuzzi Luxury Bath commissioned a survey to explore Americans' bathing habits, and found that 38 percent of us take baths at least once a week. Frequent bathers take an average of 3.3 baths weekly for an average of 28 minutes. Among other results:

- **Timing.** The most popular times for taking a bath are weekend evenings and Monday mornings.
- **Demographics.** Bathing breaks down 50-50 between men and women. Younger people are more likely to be frequent bathers: 48 percent of people 25-44 said they bathe on a regular basis.
- **Benefits.** Women tend to take baths because it helps them relax, while men feel baths lead to better mental acuity. Bathers 18-44 said baths make them feel more alert.
- **Exercise.** Baths are popular for relieving soreness and fatigue caused by exercise. Forty-three percent of runner or joggers take a bath to recover after their workout, along with 34 percent who take exercise classes and 33 percent of weightlifters, followed by basketball players, bikers, and swimmers.

Driverless cars coming to a street near you?

Driverless cars can't wait for self-driving cars, according to a survey by Bosch Mobility Solutions. Out of 1,000 U.S.-based new car buyers 18 years or older, 52 percent said they expect to own a self-driving vehicle within the next 10 years. Only 14 percent said they'd never buy a self-driving car, and 14 percent were undecided.

Although 72 percent of survey participants signaled worries about lack of control in a vehicle they don't drive themselves, 61 percent said they believe self-driving cars could lead to a decrease in traffic accidents, and 55 percent highlighted more free time and less stress as a benefit to driverless cars.

Why kids stay home longer

It's not just a stereotype: More and more young Americans are living with their parents, the U.S. Census Bureau reports. According to a recent study, one in three Americans age 18-34 were living in their parents' home in 2015—some 24 million people. In 1975, the figure was closer to one in five.

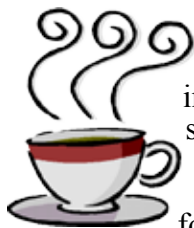

One reason: Young people are delaying marriage longer than their older counterparts did. Eighty percent of Americans were married by age 30 in 1975, but nowadays that 80 percent figure isn't reached until age 45.

Younger Americans are also dealing with high student loan debt, which makes staying at home a convenient way for them to pay bills and save to rent an apartment or buy a house.

Coffee + nap = more energy

Want to take a nap that will leave you refreshed and ready to go again? Try drinking a cup of coffee first.

It sounds counterintuitive, but that's the advice from the Health.com website. The reason why it works: The caffeine in a cup of coffee takes about 30 minutes to kick in. After a 30-minute nap, you'll wake up just as the caffeine takes effect.

Research backs the idea up. In 1997 the journal *Psychophysiology* reported that sleepy adults who drank 200 mg of caffeine (twice the amount in 8 ounces of brewed coffee) and then took a short nap performed better on a simulated driving test than people who got only the caffeine.

Keep your naps short—15-30 minutes—and take them at least six hours before your regular bedtime so the caffeine doesn't keep you up at night. If you're sensitive to caffeine, try green tea instead.

Factors for avoiding dementia

Physicians estimate that cases of Alzheimer's disease and dementia could reach 141 million people by 2050, but a new study reported in *The Lancet* says that one-third of such cases could be prevented through better lifestyle management, including:

- Getting an education (staying in school until over age 15)
- Reducing high blood pressure, obesity, and diabetes
- Avoiding or treating hearing loss in mid-life
- Not smoking
- Physical exercise
- Reducing depression and social isolation later in life.

Take good care of your bicycle helmet

Riding a bike is good exercise, but you must take care of your helmet if you want to protect your head in case of an accident. Consumer Reports offers this advice:

- Find the right fit. Your helmet should be snug enough to fit your head but not uncomfortably tight.

- Store it appropriately. Keep it somewhere cool and dry in your house or garage. Don't leave it in your car—the heat could degrade the foam or compromise the helmet's structure.

- Keep it clean. Use soap and water, not harsh detergents like ammonia or bleach, which can also damage a helmet's integrity.

- Watch for dents. Even a small dent can mean your helmet will offer less protection in a crash.

- Replace after an impact. Even if the damage seems minimal, get a new helmet after any crash.

The hardest arithmetic to master is that which enables us to count our blessings.

—Eric Hoffer

Did you know that November is also...

Family Stories Month. Celebrate the histories and experiences that make families unique. Gather your clan together and grow the bonds of kinship this month by sharing tales across the generations.

Movember. Grow a moustache or take on a “Move” challenge to raise awareness and funds for men’s health issues. Visit <https://movember.com> to learn more.

National Aviation History Month. Recognizing man’s quest to conquer the skies and the aircrafts that have been developed along the way. Find an exhibit at a museum in your area.

Inspirational Role Model Month. Honor those who inspire you to do your very best and lead by example. Use #InspirationalRoleModelsMonth on social media when you do.

American Education Week, Nov. 13-17. The spotlight is on the accomplishments and requirements of public schools and the many dedicated people who devote their lives to teaching.

International Fraud Awareness Week, Nov. 12-18. Keeping the public aware of the latest scams that make us vulnerable to crime. Get informed.

National Farm City Week, Nov. 17-23. Ending on Thanksgiving Day, this week allows us to pay homage to farmers in locations across the country for their contributions to our communities and economy. Bring the farm to your table this week.

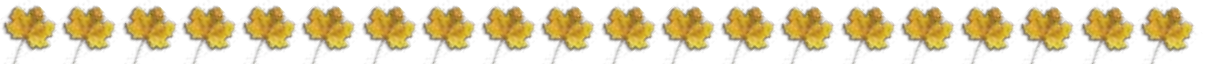

Daylight Savings Time, Nov. 5. Get an extra hour of sleep or partying when you dial back the clock in the wee hours of the morning on this first Sunday in November.

Color The World Orange, Nov. 6. The first Monday in November helps to raise awareness for those diagnosed with Complex Regional Pain Syndrome/Reflex Sympathetic Dystrophy (CRPS/RSD). Wear your favorite orange scarf or shirt to show your support. Look for orange decorations and lights on landmarks and buildings around town.

Take A Hike Day, Nov. 17. Head to the nearest state park or nature preserve and follow the path to wherever it may lead.

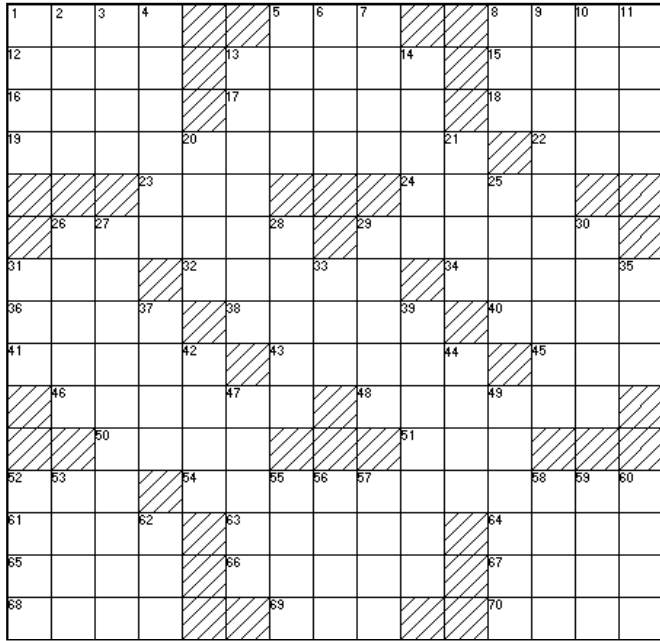

Thanksgiving, Nov. 23. Whatever you eat, this day is all about gratitude, togetherness and sharing.
