Managers Corner

Thanks to Janet Gruhala, and anyone that helped to do the Labor Day cook out. Delayed, due to the work in the clubhouse. Very much appreciated!

We want to welcome back all our residents. I hope you had a great summer. By now you should have received your rent increase letters for homeowners. If you have any questions, don't hesitate to ask.

You should have received a letter from central accounting department along with a sheet of mailing labels. Beginning January 1st, 2015, all rent payments will be sent to Tampa. Please, give your payments time to get to them. Allow at least two days from here, Longer, if you are still out of the community, Because of these changes, I strongly suggest you go on direct debit. It will make things easier for you. You can get direct debit forms in the office. You will still receive the bill each month, so you'll know how much is being taken.

I hope everyone has had a chance to see the Clubhouse. We have a fresh new paint job and it really looks nice. We have several things that I want to do yet; that will be over time. If you have reasonable suggestions, please feel free to let me know. We are happy to hear them.

Once again I need to stress; the pool is for our residents, You can ask anyone there If they are visitors or new to the community. BUT! Be nice about it. Visitors or new residents do not need to be treated as criminals. You wouldn't want to be. Please remember to close the umbrellas when you leave the pool. They are very expensive to replace and as you have seen wind can and does damage them. Help us to keep Hillcrest a desired community!

We want to welcome all our new residents to the community, You are always welcome to join the activities here, And make use of the amenities.

*Thank You
Debbie*

Biggest bird ever lived long ago

The largest known bird to ever soar the skies lived about 28 million years ago in North America, according to paleontologists (and the Sci-News website). Pelagornis sandersi had a wingspan of close to 21 feet, more than twice the span of the largest living bird, the royal albatross. With such massive wings, it could have flown great distances over the ocean in search of prey. The pelagornis belongs to a category of ancient birds called Pelagornithidae, which once ruled the skies but went extinct about 3 million years ago.
