From The President

Kathy Bornick

Happy 4th of July!

Hurricane season is upon us. Make a hurricane plan now. Holiday Shores in an “A” evacuation area. All residents are required to leave Holiday Shores whenever a government evacuation order is issued.

Staying behind to protect property is very foolish. Protecting your life is far more important. Holiday Shores can be replaced – **YOU CANNOT BE REPLACED!**

Please follow the directions of your local Sheriff’s department. Do not put them in danger trying to save your life, because you used some excuse not to leave the Park. Please plan ahead.

From The Office

Pat Merl

Shirley Johnson Kinyon

We enjoyed an emotional Memorial Day service. We began with lowering and raising the flag. We then proceeded into clubhouse with Monty Slaybaugh leading us in the pledge of allegiance and prayer for our veterans. Ruth Kredovski led us in prayer and read a special veterans poem. Lucy Zunica read A Veteran Died Today. Dolores Firkins delighted us singing America the Beautiful. Jack Jones played Willie Nelson's version of (The Ragged Old Flag) on telephone. He, also, played Taps. Veterans were introduced and honored for their service.

Diana Mangsen gave a talk enlightening us on Veteran's and spouses benefits.

Our Veterans gathered for a picture. Thanks to all who participated!

We served 21 residents at our Ice Cream Social. Lucy and I would like to thank Mary Graham, Kellee Petty; Ann Barboza and Monty Slaybaugh for helping us. It was a perfect hot day for refreshing ice cream.

Watch A-frames for coming events.

Consumers nervous about online data

If you're worried about how well businesses are protecting the data they collect from you, you're far from alone. A survey from IBM found that 77 percent of consumers say that an organization's ability to keep their personal data secure is a factor in their buying decisions—and only 20 percent say they “completely trust” businesses to ensure their privacy.

The survey also found that 75 percent of buyers refuse to purchase from organizations they don't trust, regardless of the quality of their products. Another finding: Almost three-fourths of consumers believe that sellers are more concerned about profits than about privacy and data protection.

Retirement: Golden years or a fading dream?

Americans these days are worried about their retirement—and whether they'll even be able to retire.

A Willis Towers Watson survey of approximately 5,000 U.S. workers found that 37 percent expect to keep working to age 70 or longer, up from 30 percent two years ago. Only 26 percent believe they'll be able to retire before they're 65, a drop from 29 percent in 2015.

Minimum wage: What should it be?

Debates about the minimum wage have been heating up for years. To find out what Americans think it should be, CreditLoan surveyed 2,669 people across the country. The results? People in every state said it should be higher than the current federal level of \$7.25 an hour. On average, Americans support a minimum wage of \$11.56 an hour, allowing employees working 40 hours a week 52 weeks a year to earn \$24,044 for the year.

Most Americans, though, don't even know what the minimum wage is. Just 35.5 percent identified the actual amount correctly. The average estimate was \$8.09 an hour.

ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

Reduce arthritis pain without surgery

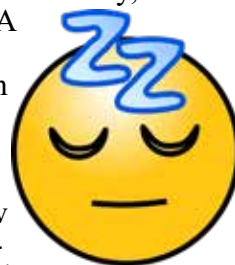

Arthritis is the leading cause of disability among U.S. adults over 55, in many cases requiring surgery to replace troubled joints. You don't have to resort to joint replacement all at once, though. These simple steps from Dr. Victor Romano, an orthopedist and author of *Finding The Source: Maximizing Your Results—With and Without Orthopaedic Surgery*, can help you deal with arthritis before surgery becomes necessary:

- Wear good shoes with arch supports. Over time, the arches in feet tend to fail. Arch supports can help with the alignment of your feet and improve the alignment of your knees, letting your feet better serve as shock absorbers for the knees.
- Exercise daily. Try at least a 20-minute program that includes stretching, aerobic activity, strength training, and balance.
- Wear a hinged knee brace for better support. You don't have to wear it all the time, but it can help during sports or other strenuous activity.
- Watch your weight. Lower weight decreases the stress on your joints and helps with mobility. Eat nutritious foods and cut your intake of sugar, which can cause inflammation of your arteries and joints.
- Take care of your bones. Calcium, vitamin D, and weight-bearing exercises can reduce arthritis pain and build up your bone density. Should you need replacement surgery, greater bone density will help your artificial joint last longer.

Staying up late may damage your health

Benjamin Franklin's advice, "Early to bed and early to rise makes a man healthy, wealthy, and wise," turns out to be true—at least the "healthy" part. A British study of genes and health that analyzed surveys of more than 400,000 people found that night owls have a 10 percent higher risk of death over a 6½-year period than early risers, according to an article on the NBC News website.

The negative impact of burning the midnight oil doesn't depend on how much sleep you actually get—both night owls and early risers reported getting the same amount—but on the fact that it throws the body's natural rhythms off track. Also, the study found that people who stay up late tend to eat fattier foods, drink more alcohol, and use recreational drugs. In addition, staying up late at night has been shown to increase depression and mood disorders, especially among people 50 and older.
