We would like to thank Tom Smith and his wife Jan for the phenomenal job they did on the Park Picnic and also for his past dedication to Holiday Shores. Tom will stay involved in other activities in the park.

Diane Wall will fill in as Social Director and Neighborhood Watch. I am sure she will do a great job.

## Holiday Shores Activities Association

*Maria Rapoza*

Once again Patchington did a fabulous job providing a variety of outfits, purses, jewelry, etc for our own models. Our models, who did an outstanding job were: Eva Domen, Patti Dempsey, Dolores Dwelis, Ruth Soles, Diane Wall, Ruth Kredovski, Jean Cole, Linda Dunn and Rose Maiolino. Our decorating committee and clean up committee thank you very much for a job very well done and organized. Terry Devaney did the beautiful roses that were admired by everyone. Thank you Terry.

Our Escorts were Jim Keady, Tom Moffatt and Dave Nichols. They looked very sheik in their attire as well. A special thank you to Jim Keady for setting up the tables and taking them down.

On Thursday May 11th we are having a Ladies Luncheon at Alfano's Italian Restaurant. All ladies are invited. This is a tribute to all Mothers for Mother's Day. Come and celebrate this day with us.

All information will be on the bulletin board in the clubhouse. There will not be another Activity Meeting until September. Thank you to everyone that supported the Activities Committee. Your help and cooperation is what makes it all happen.

## Golf: Holiday Chippers

Mark Stevens, Priscilla Donegan and Shirley Johnson

---

**O**n a sunny Saturday in March, the Holiday Chippers finished the playoffs from February as the weather didn't cooperate at that time.

For the ladies: Linda Dunn and Peggy Wallace decided to split the winnings for first and second. Andrea Stearns came in third.

For the men: Jack Wallace was first, and the results from a six way playoff: Roy Stearns was second and Jurgen Hellmich was third.

We had 25 golfers showing off their putting skills in March, and a number of residents and guests enjoying this event.

The winners for the men: First with 17 putts was Jurgen Hellmich. There was a playoff between Rollie Audi and Dave Crosman with 18 putts each. Dave was second and Rollie came in third.

For the ladies: Julie Pion and Jan Harrison had 18 putts. The results of the playoff - Julie was first and Jan second. Andrea Stearns was third with 19 putts.

We had a winner this month for the mystery hole and that was Rollie Audi. Dave Harrison won the hole-in-one-contest.

Oscar Kinyon is \$65.00 richer as he was the lucky winner of the 50/50 draw.

The cost for golfing is \$1.00. However, there is food, done by chef Bill Wall, and drinks for you to purchase. For a reasonable donation, we also have beer. Don't forget there is also a 50/50 drawing.

For those of you who might be heading back north, we want to wish you safe travels.

See you on the putting green.

## Theater

David Middleton

---

**O**n April 11th, 2017, The Way-Off Broadway Theatre Group held the last meeting for this season. It was decided at that time to hold off the election of officers for the 2017-2018 Season until the next meeting in the fall. The current officers are David Middleton, President; Merrell Morrissey, Vice President; Anna Martorana, Secretary; and David Helms, Treasurer.

The group present at the meeting reviewed our past season and read a script for presentation next year.

We also discussed the “big show” for next March. Again the group asked David Middleton to direct and the dates for the show will be: Monday, Tuesday and Wednesday, March 5, 6 and 7, 2018. Show details will be announced next fall.

Theater activities are suspended for the summer and will start again with our first regular meeting on Tuesday, November 7, 2017. Theatre Group officers encourage you to come join us; we’re always looking for new talent on stage and off!

## Shuffleboard News

## Bobs Fish Fry

Nancy Plowright

---

**W**hat a Success! Thanks to Lorna and George for setting up and organizing the Fish Fry. Unfortunately, they had to go home with the passing of George's Dad. Gary and Denise helped to finish what they had started. We can't possibly name all the people that helped to make it such a success - so many really stepped up to the plate and you all know who you are. Thank you all so much for making Bob's Memorial Fish Fry a success.

## Eating more fish may help prevent Alzheimer's

---

**A**lzheimer's, a disease that afflicts some 5.1 million Americans, is a type of dementia that affects a person's memory, thinking, and behavior. Although at this point no cure exists, you can take measures to reduce your chances of suffering from this debilitating condition.

New evidence suggests that eating more fish—as long as it's not fried—may help to protect your brain from the shrinkage and decline associated with Alzheimer's. Researchers from the University of Pittsburgh Medical Center tracked the diets of 260 people with normal cognitive function for more than 10 years. Using magnetic resonance imaging (MRI), they measured the brain volume and function of each participant at the beginning of the study, and again at the end. The results: The 163 subjects who ate fish on a weekly basis (the majority consuming it one to four times a week) had a larger orbital frontal cortex and hippocampus (two areas of the brain that are known to shrink in Alzheimer's patients) and better memory function than those who ate less fish.

The researchers determined that the risk for Alzheimer's and mild cognitive impairment was lowered fivefold within the five years following the brain scans. So start eating more fish today.

## Follow this 'Golden Rule' to reduce cancer risk

---

**W**ant to cut your risk of developing cancer? Check the color of your food—particularly your toast and potatoes. Scientists in the United Kingdom say that cooking those two items too long can increase levels of a naturally occurring chemical called acrylamide, which has been linked to cancer in rats.

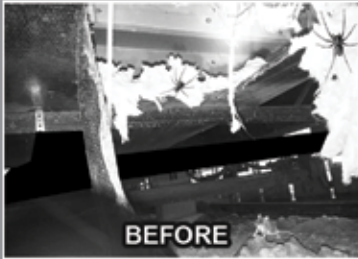

Acrylamide is formed when starchy foods like potatoes and root vegetables are cooked at over 120 degrees. To reduce it in your foods, follow these guidelines:

- **Cook until golden.** Whether you're making toast, roasting potatoes, or baking vegetables, cook until the food is gold-colored, not brown.
- **Check the instructions.** Follow instructions for baking or frying packaged vegetables like fries or parsnips.
- **Keep raw potatoes fresh.** Don't put them in the refrigerator if you're going to roast or fry them. Colder temperatures can increase acrylamide levels.

# Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **[MortonPlantValveTrial.org](http://MortonPlantValveTrial.org)**.

## Leading by example

---

**B**ill Gates, co-founder of Microsoft, has his own private jet now, but he didn't always. On the Business Insider website, former senior vice president Brad Silverberg recalls that in the 1990s, all Microsoft employees were required to travel by commercial airline—in coach, despite the fact that by that time Microsoft was a thriving organization. On one flight from Seattle to New York, Silverberg flew with Gates and some other members of the Windows team:

“And there was Bill, sitting in coach, in a middle seat. It didn't matter to him; he spent the whole flight reading. He wasn't as universally recognized then so it wasn't such an issue for him to fly commercial. It made a big impression on me, a new Microsoft employee, seeing Bill lead by example.”

## Different priorities

---

**D**uring a Little League game, one of the batters hit a fly ball to right field that the right fielder made no attempt to catch. After the inning was over, the coach pulled his right fielder aside and asked him why he didn't even try to catch the ball.

“If I had caught that ball,” replied the boy, “I would have killed my new friend.” And with that, he opened up his glove to show the coach a caterpillar he had found in the field.

Remember this story to remind yourself that everyone's priorities are different.

## Rules apply to everyone

---

**D**uring the Civil War, Ulysses S. Grant, commander of the Union forces, had to reprimand a guard who had deserted his post. “Orders must be strictly and promptly obeyed always,” Grant told the young soldier.

A week later, the same soldier was told to guard a steamboat loaded with ammunition. His assignment: to make sure that nobody with a lighted pipe or cigar came near the boat. On the guard's first day at his new post, General Grant started walking toward the boat, puffing away on one of his famous cigars.

“Halt!” called the guard. “I have been taught to obey orders strictly and promptly, and my orders are to allow no one to approach this boat with a lighted cigar.”

With a smile at hearing his own words repeated back to him, Grant threw the cigar in the river.

## Getting into Heaven

---

A woman died and found herself at the Pearly Gates. St. Peter approached her with a smile. “To enter, you need only pass a simple spelling test. Can you spell the word ‘love’?”

“L-O-V-E,” the woman replied, and St. Peter stepped aside and allowed her to enter Heaven.

Several years later, St. Peter found her on a cloud and said, “I have a big meeting today with the Boss, and I can’t watch the gates. Would you mind taking my spot?”

The woman agreed. The morning passed uneventfully, and then she looked up and saw her husband approaching. “It’s so nice to see you!” she exclaimed. “How have you been?”

“Just great,” her husband replied. “I married the beautiful young nurse who took care of you while you were sick, and we had three more children. I won the lottery. We lived in a huge mansion. We had matching BMWs. My wife and I were taking our yacht on a second honeymoon cruise when I fell overboard and drowned.” He looked around. “So, how do I get into Heaven?”

“You just have to spell one word.

He smiled. “Great! What word?”

She stared at him. “Kyrgyzstan.”

## Feeling the heat

---

A man in Dublin went in for a serious operation. The surgery took some time and the man was returned to his room to recover. As he came out of the anesthetic he looked around his room and saw that all the shades had been drawn, even though it was early afternoon.

When the surgeon walked into the room to check on his patient, the man asked why all the blinds were pulled down.

“The house across the street is on fire,” the surgeon told him. “I was afraid that if you saw the flames when you woke up you might have concluded that the operation was not a success.”

## Safeguard your identity with these security tips

The Federal Trade Commission says that millions of Americans become victims of identity theft each year. You don't have to add to this year's total. Here's some expert advice, compiled from various websites, on protecting your identity:

### *Online*

- **Explore the websites you shop.** Reliable merchants will provide their address (not a post office box!) and phone number. Do some research before giving your credit card to a seller you know nothing about.
- **Look for secure transactions.** The URL's prefix should change from http to https, or shttp, to indicate that sales are encrypted or otherwise secure from hacking.
- **Print out records.** When you make a purchase, save and print a copy of the transaction (and any other correspondence) so you can back up your claims in case of any dispute.

### *At home*

- **Mail with care.** Don't leave outgoing credit card payments or tax documents in your residential mailbox for the letter carrier to pick up. Take them to a Postal Service mailbox or post office to ensure their safety.
- **Shred after reading.** You know this, but it bears repeating: When you discard credit card bills or anything bearing your personal information, rip it up or shred it so garbage divers can't salvage it to use against you.
- **Keep track of your credit cards.** Don't keep more charge cards that you can monitor for fraudulent activity. Pay attention to expiration dates; if you don't get a replacement on time, contact your bank immediately in case it's been stolen.

### *Everywhere*

- **Memorize essential data.** You don't want a lost wallet or stolen briefcase to compromise everyone's identity. Commit Social Security numbers, ATM passwords, and other important data to memory so you don't need to carry them with you and risk losing them.
