Holiday Shores Activities Association

Marie Rapoza

On Saturday, October 1, the Activities Association along with 27 residents attended October's meeting. The support and interest shown by the residents is deeply appreciated by the officers. Without your encouragement and help, the Activities Association could not be successful.

Thanks to David Helms for setting up the coffee/donuts for the October meeting and also for all the extras and behind-the-scenes help that he does for Activities. Thank you to Peggy Beane and Marge Musser for the coffee/donuts setup for November.

Remember everyone needs to volunteer whether it is coffee/donuts setup, an event, or just being in attendance (meeting or activity, etc.). we, as a park, want to make our Activities Association a big success.

On Thursday, October 20, several residents enjoyed a luncheon at Bown Boxer. The food was delicious and everyone shared in friendship and fun. Once again, thanks to Lucy for all her effort and preparation.

On Thursday, October 27, Deputy Sean O'Brien from the Pinellas Police Department spoke to the residents on the subject – "Avoiding Scams". His speech was factual and informative. Take heed!! Be careful and listen to his warnings. Special thanks to Deputy O'Brien and to Bob Dunn for coordinating this activity.

On Sunday, Thursday, October 30, the Halloween Spooktacular Party/Dance was held with music provided by Bill Poast and Mary Sanford. Many "eerie" and "fun-filled" activities took place. Those in attendance enjoyed our many surprises. A special thanks to David Middleton for his expertise in designing the tickets and flyers for each of our events. Thanks to our ticket seller – Dolly Lake and the decorating committee.

November Activities are being formulated and will be reviewed at the November meeting, Saturday, November 5 at 9AM – Social and 9:30AM – Meeting. Check the lobby, bulletin board, and

A-Frames for all pertinent information. Don't forget to volunteer!!!

Hope to see you on November 5th! Don't forget to wear your name tag!

Golf: Holiday Chippers

Priscilla, Shirley and Mark

As many of our Snowbirds are returning for the season, we would like to invite everyone to give golf a try. Watch the boards in front of the clubhouse for day and time of the next time the Holiday Chippers will be showing off their skills.

We hope many of you will participate in this event and we welcome anyone new or old to join in the fun. There is equipment for you to use.

We note only putt for nine holes, there is a hole-in-one contest, a 50/50 drawing, hot dogs and drinks to purchase. For a reasonable donation we have beer.

Looking forward to seeing everyone on the putting green. Please watch the marquee or sandwich boards for day and time.

Lo Dykens

We are off to a good start with rehearsals on Tuesdays at 10:am. The group is working on some nice familiar Christmas songs. Come join us! You don't need a solo voice just enjoy singing the lovely Christmas music.

Any alto voices out there?, but can use **ANY** voices, All are welcome!

Theater

David Middleton

The Way Off-Broadway Theatre Group met on Tuesday October 11th to begin making plans for our show in March. Because the Snowbirds aren't back, we had a small, but enthusiastic turnout. Our next meeting will be Tuesday, November 8 at 2:00 pm in the Clubhouse and we will be viewing the production Star Chix presented by the St. Petersburg City Theatre. This is a version of the show we will be staging in March. The Way Off Broadway Theatre Group welcomes everyone to come "play" with us; we're always looking for new talent both on stage and off! We will be planning our March show for next season and any help and suggestions will be welcome. So, put on your thinking caps, let the creative juices flow and let's get theatrical! We'll see you on Tuesday, November 8 at 2:00 pm!

Shuffleboard News

Priscilla Donegan

By the time you are reading this report, hopefully, shuffleboard has begun. Please watch the marquee as to the starting dates. There is also a flag that is displayed letting everyone know there is a shuffling that day.

We would like to welcome everyone back and invite anyone who would like to participate in this event to give it a try. There is equipment for you and anyone of the shufflers will be happy to help you.

We shuffle on Monday, Wednesday, and Friday at 1:00 pm. Looking forward to seeing everyone on the courts. Dues will be due at the beginning of the season and are payable to Tom Smith.

See you on the courts.

A troubling trend: Americans overdoing antibiotics

Antibiotics are a boon to doctors and their patients, but they pose dangers if they're overused. That makes this news especially concerning: A Texas study reported on the UPI website found that about one in 20 adults have stockpiled supplies of antibiotics in their homes and use them without a physician's advice.

The study of 400 adults in the Houston area found that 14 percent of adults have a stash of antibiotic medications in their home, and 5 percent have used them without a doctor's guidance in the past year. The medications come from a variety of sources: 40 percent came from a store or pharmacy, 24 percent were purchased outside the United States, 20 percent came from family or friends, and 12 percent were left over from past prescriptions.

In 4 percent of cases, the drugs obtained without a prescription were intended for use on animals, not humans.

Millennials worry about debt

Millennials aren't the carefree kids you might think they are. A FICO survey found that they're concerned about debt—with good reason. According to FICO's online survey of approximately 1,000 Americans over 17, 32 percent of millennials owe \$20,000 or more in student loans, and 45 percent owe at least \$7,000 on car loans.

In all, 37 percent of millennials ages 25-34 say they're concerned about their level of debt, and 33 percent would like assistance in managing their debt. For example, 65 percent would like to receive an email alert when their student loan payments are overdue by less than 90 days, and 35 percent want to be notified by app when their mortgage payments are less than 90 days late (but they'd prefer a phone call if their payments are more than 90 days overdue).

These tiny robots may save your life

The newest medical robots look and move like bacteria, and they can deliver medications to specific locations within the human body and perform intricate surgeries like clearing clogged arteries.

According to the Science Daily website, a team of scientists is working to develop a selection of biological robots that are soft, flexible, and move through bodies under the control of an electromagnetic field. Once they reach their destination, they're heated to change shape, mimicking—for example—the bacterium that causes African trypanosomiasis, or sleeping sickness. Although still in development, these microrobots could revolutionize the way patients are treated in the not-so-distant future.

Get more creativity with a clear focus

Creativity and innovation aren't always accidental. A consistent focus will produce better results, so you don't have to wait for lightning to strike. Try these techniques to spur your imagination as you work:

- **Start your day with a purpose.** Instead of rushing out the door without a plan, spend a few minutes in the morning thinking about what you want to accomplish that day. Do this before checking your cell phone or email. You'll be less likely to get distracted by other demands.
- **Shake up your routine.** Get out of your comfort zone so you aren't always surrounded by what's familiar. Get up earlier than normal, take a new route to work, do your tasks in a different order, try something new and exciting—anything to shake your mind free of its preconceptions and look at your work in a different light.
- **Be mindful.** Don't go on autopilot. Pay attention to everything around you—the people you work with, the tasks you work on, the environment you work in, and so forth. The more aware you are of what's going on, the more likely you'll see a new connection or find an idea where you least expect it.

Don't be afraid to ask questions

Alyssa Mastromonaco was deputy chief of staff in the Obama White House until 2014. She told a radio station an important lesson she learned early on about the importance of asking questions:

During an Oval Office meeting on the economic crisis, she was close to panic, worried that the president would ask her a question about issues she knew nothing about, such as quantitative easing. She began quickly writing down key words and phrases to look up later.

Economic adviser Larry Summers noticed and tapped her on the shoulder. "Come to my office later," he said.

Worried that Summers was mad at her, Mastromonaco went to his office after the meeting. Summers asked about her list.

When she told him what she'd written down and why, Summers said, "I'll tell you anything you need to know." He proceeded to give her a quick lesson on economics. She left the office feeling relieved—and better informed than before. Nowadays she knows that admitting you don't know something is better informed than pretending you do—and she never thinks asking for information is stupid.

A lesson in determination

British runner Derek Redmond was one of the favorites for a gold medal in the 400-meter spring at the 1992 Olympics in Barcelona. But halfway through the race, Redmond—in the lead—collapsed on the track with a hamstring injury.

Medical staff rushed to help him, but Redmond waved them away. He somehow got to his feet and started staggering down the track. With thousands watching, and officials unsure of what to do, Redmond's father ran out to him.

“You don't have to do this, son,” he said.

“Yes, I do,” Redmond replied.

His father helped Redmond down the track, tears streaming down both their faces, waving away anyone who tried to stop them.

The crowd roared when Redmond finally crossed the finish line. The feat is considered by many to be the defining moment of the Barcelona Olympics.

Keep learning at any age

As you and your family members age, you may find you have more difficulty remembering things. Try to help you stay on top of the knowledge game and keep you learning as you age:

- Visualize. Mentally rehearse an event, conversation or activity before it actually happens. This visualization helps eliminate the stress you may feel over the unknown. Plus, when you're more relaxed, you're better able to learn.
- Take a break and exercise. If you're trying to remember information you're reading, take frequent breaks. Don't just sit around, though. Engage in some kind of activity to keep your mind alert and your blood flowing.
- Focus on concentrating. Distractions are the bane of any learning attempt. If you're attending a class or lecture, sit near the instructor and maintain eye contact with him or her. Try not to fidget; simply relax into the session and let your focused attention do the job.
- Say it out loud. Read aloud the material you're trying to learn and repeat out loud the facts you want to retain. This way, both your mind and your ears are taking in information.
- Tame frustration. If you grow frustrated over material you're trying to learn, remind yourself that getting emotional will only hamper your ability to retain information. If you have to, step back and take a long break.
