From The President

Kathy Bornick

What a wonderful place we are lucky enough to live in. Holiday Shores is one of the nicest parks in Pinellas County. Property values continue to increase. Many improvements to the park are in progress and some have been completed. Pat, David, and Harvey continue to be a huge asset to this park. We have three employees who are outstanding and we cannot thank them enough for all they do.

From The Office

Pat Merl

It's hard to believe that we are already well into the fall season and the end of the year will be here before we know it.

It was a busy and productive, summer, due to an ambitious list of projects that were planned and completed. The palms have been trimmed, the fence around the maintenance building has been painted - the painting of the building is next, new entrance signage has been installed at both 104 and 106 avenue entrances, in addition to replacing numerous signs that have faded throughout the park, the Clubhouse roof has been power-washed and now glistens in the Florida sunlight, a new awning has been installed – replacing the one lost during Hurricane Irma, the Office coach has had new windows installed and been re-sided, leaving just a few more finishing touches where the roof meets the siding,

After several months of diligent searching, a qualified vendor for the four drainage inlets, that are in desperate need repair, and the boat ramp, was finally found – we are now waiting for them to provide us with an official start date. The same goes for the resurfacing and repair of the shuffleboard courts – after trying to secure a firm start and completion date from the vendor, since this past April, the vendor has been unable to commit to accommodating us prior to the season, instead the project has been post-posed until next spring. The cleaning of the Creek is also going on the schedule, so we still have additional significant improvements in the pipeline.

All in all, the Park continues to be properly maintained and improved, further ensuring its reputation for being an extremely desirable place in which to live and making all of us extremely proud!!

Neighborhood Watch

Tom Vanzant

We would like to thank all the shareholders in the park for listening to our advice and locking all valuables up. As of the 15th of September, we have not had any reported problems in our park since August 1st.

We keep a close eye on what crimes are happening in the neighborhoods around our park. This gives us an idea of what we need to watch out for. You can view crime reports around our neighborhood anytime and even receive reports sent to your email by going to <http://egis.pinellascounty.org/apps/CrimeViewer/>. Click on crimes near you, then type in your address. You can select a distance that you would like to watch, the types of crimes you would like to monitor, plus how often you wish to receive alerts.

We are planning to have Deputy Sean O'Brien from the Crime Prevention & Community Awareness Unit speak with us regarding crime prevention. We will post the date once we have it. It most likely will be at a Board meeting.

Snowbirds will start returning to the park from up North. The population will double, if not more. Please pay attention to the 15mph speed limit when you are driving a car, scooter, golf cart, etc... Many shareholders are out enjoying nature by walking, riding bikes and being escorted by their fur babies. Our park is also known to have ducks and wader birds walking around on the streets. Let's keep it safe for everybody.

We are excited to announce that we have new members. New members are Bill Konopaske and Pinky Verden. We are glad to announce that Walter Douglass has rejoined. We always welcome new members. If you would like to join Neighborhood Watch, please let one of our members know or call Tom Vanzant at **609-980-2063**. You do not have to be a full time shareholder. We welcome snowbirds too!

Sharing and Caring

Dolly Lake

PLEASE call me if you know of someone who is ill, in the Hospital, having surgery, or has passed away, etc. Very often, people think someone else has called me, therefore I am not informed. So please give me a call!!
Thanks for your help.

We would like to extend our deepest sympathies to the families of William (Bill) Conard and Arthur Reigelsperger who passed away recently.

Dorothy Lambert is in Rehab at Seminole Rehabilitation which is affiliated with Freedom Square.

Holiday Shores Activities Association

Shirley Johnson

Our first activity meeting for autumn was held September 1st. We had 18 residents attending. Ken Abkemeier won our \$10 name tag drawing with Monty winning \$20 for 50/50.

Our hide the rock contest kicked off today, also. Dolores Firkins painted rocks to hide throughout the park and Dave Sperry has hid them. Come to our meetings to find out more details

We have a luncheon planned for Rumbas on September 20th.

We will be drawing a name from suggestion box for favorite restaurants. Please, drop your favorite in box and we will draw one at our meeting each month.

We have had some interest in a craft fair and classes to make and take crafts. I will be posting a sign-up sheet on bulletin board.

Halloween dance will be October 31st with Julie Pion, Judy Garneau, David Helms and David Middleton hosting. "Right Mix" will be our entertainment. Festivities begin with doors opening at 6:30pm

Hope all had a good summer and let's get together and have some FUN!

Music Lessons

Jack Jones

Starting Friday, October 5th and every Friday thereafter at noon, Jack Jones is willing to give music lessons to anyone interested. The music lessons with center around basic music theory using the keyboard. Of course, any instrument is welcome. So bring your instruments and join the fun of friendship and music.

Did you know that October is also...

National Apple Month. Because apples are high in fiber and contain no sodium, cholesterol, or fat, they make a great snack. With more than 2,500 varieties grown in North America, it won't be difficult to find one you can enjoy chopped into your morning oatmeal, baked into a pie, or cored and sliced any time of the day when you want a delicious treat.

International Augmentative and Alternative Communication (AAC) Awareness Month. AAC is a set of strategies, tools, and devices used by people to overcome communication challenges. People who rely on AAC might use sign language, text, pictures, symbols, speech-generating devices or a combination of these for their basic communication. This month let's increase our awareness of the possibilities that could develop when everyone has the ability communicate effectively.

National Work and Family Month. In 2003 the U.S. government designated October as a time to promote sensible, flexible, and healthy work environments, as well as the benefits of work/life balance. Don't wait for your employer to create an initiative or perk to combat the daily grind. Take a day or more of PTO to decompress from your busy life and reconnect with your family.

Positive Attitude Month. Researchers believe people who embrace a positive outlook have less stress, an increased sense of well-being, better coping skills, and longer life spans. Purge the negativity from your life: Meditate, pray, practice positive affirmations, and surround yourself with only happy people. Do whatever you must, but always look on the bright side.

Fire Prevention Week, Oct. 7-13. This year's motto is "Look. Listen. Learn. Be aware. Fire can happen anywhere." Look for and eliminate potential fire hazards in your home. Listen for the sound of smoke alarms. Learn two ways of exiting every room in the event of an emergency. Visit the National Fire Protection Association website at <https://www.nfpa.org/Public-Education/Campaigns/Fire-Prevention-Week> to access more information.

Bone and Joint Action Week, Oct. 12-20. It's estimated that more than half of the U.S. population over 18 is dealing with some sort of musculoskeletal issue. This can include arthritis, osteoporosis, back pain, injuries or other conditions causing pain, disability, and a diminished quality of life. There is hope. Visit the website for the U.S. Bone and Joint Initiative at <https://www.usbj.org/> to find out about research, prevention, and initiatives targeting bone and joint issues

National Taco Day, Oct. 4. Have one for breakfast, lunch, dinner, or any time of the day. We celebrate the taco on this day just to give you one more reason to enjoy them.

Favorite places to eat, 2018 edition

What's your favorite place to eat? The American Customer Satisfaction Index's Restaurant Report 2018 ranked consumer preferences based on such factors as food quality, food order accuracy, courtesy of servers, and food variety. The top full-service restaurants in the United States are:

- Texas Roadhouse
- Olive Garden
- TGI Friday's
- Ruby Tuesday
- Cracker Barrel
- Outback Steakhouse
- Applebee's
- Denny's
- Longhorn Steakhouse
- Red Lobster
- Chili's

Trends in U.S. dining: Quick decisions and lots of delivery

Diners in the United States are pretty spur-of-the-moment when it comes to deciding where to go out to eat, according to a survey cited on the Fast Casual website. Eighty-five percent make their dinner decision on the day of the meal.

Delivery is a popular option among all age groups, from Baby Boomers to Generation Z (born 1995–2010 or so). Fifty-one percent in the survey said they'd gotten food delivered in the past three months, with millennials doing the most ordering—77 percent of the age group.

What are people ordering?

- Burgers (28 percent)
- Wings (27 percent)
- Mexican (21 percent)
- Barbecue (14 percent)
- Desserts (11 percent)

Anyone who considers arithmetical methods of producing random digits is, of course, in the state of sin. For, as has been pointed out several times, there is no such thing as a random number—there are only methods to produce random numbers, and a strict arithmetic procedure of course is not such a method.

Thinking of a fast? Try these approaches

Many people practice intermittent fasting—going without food for a limited period of time. Benefits include fat loss, greater longevity, and better overall health. The Medical News Today website offers these strategies for fasting:

- **Twelve hours.** Some researchers say that fasting for 10–16 hours can cause your body to start burning fat and turning it into energy. The easiest way to do a 12-hour fast is to start at night. Fasting from 7 p.m. to 7 a.m., for example, means you won't spend all day reminding yourself that you're not eating, so you avoid the temptation to give in when hunger pangs start to rise.

- **Two-day fast.** You don't have to go completely without food, but under this plan, men should eat only 600 calories a day and women should consume 500. Separate the days—don't go two days in a row. Instead, plan at least one non-fasting day between your efforts. Studies suggest that this can help reduce weight and also improve insulin levels.

- **Every other day.** Again, limit yourself to 500–600 calories per day on your fast, but eat as much as you want on non-fast days. One study found that this is effective for weight loss and heart health. It's a little extreme, though, and may not be suitable or sustainable for long periods of time.

- **Twenty-four hours.** Once a week, abstain from eating for a full 24 hours—maybe from one breakfast to the next. You can drink coffee, tea, or other calorie-free beverages during your fast. Return to your normal routine afterward. Be aware, though, that this fast can cause fatigue, headaches, and/or irritability.

- **Skip a meal.** This type of fast is good for beginners. Instead of fasting for long periods of time, simply skip breakfast, lunch, or dinner. Just remember to eat nutritious and healthful foods during your other meals.

It's important to stay hydrated during your fast, with lots of calorie-free drinks. Try not to obsess about food—plan distractions, like going to the movies or catching up on chores. Finally, avoid strenuous activity when you fast. Rest and relaxation will help you maintain your motivation.

Nanotubes in your clothes may power your phone

Someday you may not have to remember to plug your smartphone in to recharge it. Scientists are working on clothes that will charge your phone for you, according to the Science Daily website. The fabric contains carbon nanotubes, replacing polyester and other artificial fibers. At present the nanotubes are too expensive to mass produce, but researchers are looking at military applications that may allow soldiers' equipment to recharge—lights, communication gear, and night-vision capabilities.
